Subject: Summit HA Weaver Glenwood Roofing (LAN # 2969.06)

Good morning Jacqueline,

I understand you will be selecting a shingle color soon.

While you are looking at shingle color, if you could also select the pipe vent flashing finish, I would appreciate it very much.

Frank submitted the following:

Mill Finish, black, brown, and gray.

81716

81894

81893

81895

If you'd like to look more closely, you can see it on following link:
