Hi Jessica,

You've got the right person. I will ask one of the maintenance guys to come to your apt. for the model number so I can order new shelves for you.

Best regards,

Subject: Maintenance

Hello, please forgive me for constantly forgetting, but if you're not the person I should be referring to for maintenance please let me know and forward this message to them. I wanted to know if I can have new shelves installed in my refrigerator. These are on their last lives and have been here since I've lived here!
