CERTIFICATION IN LIEU OF OATH

1. OWNER SECTION (to be completed if the applicant is the owner in fee)

Mark the following applicable boxes:

A. () I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purposes other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

B. () I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(f)(1):

C. () I further certify that I will perform or supervise the following work:
C.1. () Building
C.2. () Fire Protection
I further certify that I will perform the following work:
C.3. () Electrical
C.4. () Plumbing
D. () I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Date

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals, including such certification as the construction official may require, have been given or will be given prior to permit issuance.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

(X) Check if contractor.

Is hereby granted permission to perform the following work:

[X] BUILDING [] PLUMBING [] LEAD HAZARD ABATEMENT
[] ELECTRICAL [] FIRE PROTECTION [] DEMOLITION
[] ELEVATOR DEVICES [] ASBESTOS ABATEMENT [] MECHANICAL

DESCRIPTION OF WORK:

Install new Asphalt roof shingles

NOTE: If construction does not commence within one (1) year of date of issuance, or if construction ceases for a period of six (6) months, this permit is void.

Estimated Cost of Work for Selected Subcode(s) \$9,205

Construction Official
Date 11-7-19

REQUIRED INSPECTIONS

Construction work must be inspected in accordance with the State Uniform Construction Code Regulation N.J.A.C. 5:23-2.18. This agency will carry out such periodic inspections during the progress of work as are necessary to insure that work installed conforms to the requirements of the Uniform Construction Code. The owner or other responsible person in charge of work must notify this agency when work is ready for any required inspections specified below. Requests for inspections must be made at least 24 hours prior to the time the inspection is desired. Inspections will be performed within three business days of the time for which they are requested. The work must not proceed in a manner which will preclude the inspection until it has been made and approval given.

☐ Required inspections for all subcodes for one and two family dwellings are the following:

1. The bottom of footing trenches before placement of footings, except that in the case of pile foundations, inspections shall be made in accordance with the requirements of the building subcode.

2. Foundations and all walls up to grade level prior to back filling.

3. Utility services, including septic.

4. All structural framing, connections, wall and roof sheathing and insulation; electrical rough wiring, panel and service installation; rough plumbing. The framing inspection shall take place after the rough electrical and plumbing inspections and after the installation of the heating, ventilation and/or air conditioning duct system. The insulation inspection shall be performed after all other subcode rough inspections and prior to the installation of any interior finish material.

☐ Additional required inspections for all subcodes of construction, for other than one- and two-family dwellings, are fire suppression systems, heat producing devices and Barrier Free subcode accessibility, if applicable.

☐ Required special inspections. The applicant by accepting the permit will be deemed to have consented to these requirements:

☐ A final inspection is required for each applicable subcode area before a final Certificate of Occupancy or Approval may be issued. The final inspections include the installation of all interior and exterior finish materials, sealing of exterior joints, mechanical system and any other required equipment; electrical wiring, devices and fixtures; plumbing pipes, trim and fixtures; tests required by any provisions of the adopted subcodes; Barrier Free accessibility, if applicable; and verification of compliance with NJAC 5.23-3.5, "Posting Structures".

☐ A complete copy of released plans must be kept on the job site.

CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)
I hereby certify that I am the owner in fee of the property listed on Page 1.
Mark the following applicable boxes.

A. () I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EM-PLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

B. () I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1 will personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the prop-erty listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

C. () I further certify that I will perform or supervise the following work:
C.1. () Building C.2. () Fire Protection

I further certify that I will perform the following work:
C.3. () Electrical C.4. () Plumbing

D. () I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.
I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.
I understand that if any of the above statements are willfully false, I am subject to punishment.

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)
I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.
I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.
I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.
I understand that if any of the above statements are willfully false, I am subject to punishment.

RELIABLE, HIGH-EFFICIENCY COMPONENTS.

Leading the way in comfort and energy efficiency.

For the second consecutive year, the Environmental Protection Agency (EPA) and the Department of Energy have selected Lennox as an ENERGY STAR® Manufacturer of the Year for Lennox' ongoing commitment to producing innovative, energy-efficient products. Lennox is the only heating, ventilation, and air conditioning manufacturer ever to be chosen for the annual EPA award.

Note: Due to Lennox' ongoing commitment to quality, all specifications, ratings and dimensions are subject to change without notice. Warranties noted apply to residential applications only and are limited. Please see actual warranty for details.

Many Lennox home comfort systems meet ENERGY STAR® requirements when used with appropriate components. Ask your dealer for details.

Lennox is proud of the fact that these products have earned the Good Housekeeping Seal.

Certification applies only when used with proper components as listed with AHRI.

The Lennox HP26...save energy dollars with higher efficiency.

Since the HP26 is our highest efficiency heat pump, it can dramatically lower your monthly comfort bills. The HP26 is so efficient, you can expect a payback on your investment in as few as three years after installation. No other single-speed heat pump offers you the chance to make this kind of energy investment.

Why Lennox?

Since 1895, Lennox has never stopped refining and improving home comfort equipment. With an unparalleled dedication to research and development, we continue to find ways to make heating and cooling products more durable, reliable and energy efficient. And in the process, we've given the home comfort industry a new definition of quality.

Efficiency

With performance ratings of at least 13 SEER* and 8.7 HSPF,** the HP26

heat pump has one of the highest cooling and heating efficiencies of any single-speed unit on the market. Which

means it's the best value in its class.

SEER is the ratio used to describe the amount of cooling you get for your

energy dollar; HSPF, the amount of heating. And while the current national energy standard requires that all heat pumps reach at least 10 SEER and 6.8 HSPF, the HP26 has the technology today to exceed the standards of tomorrow.

Significantly more efficient than heat pumps installed just 5 years ago, you only have to open your electric bill to see the real difference. Of course, this high-efficiency unit costs a little more. But in just three years, your utility savings could more than make up the price. And you'll continue to enjoy low electric bills for years to come. In addition, you'll find the HP26 exceeds most utility rebate requirements.

*SEER (seasonal energy efficiency ratio) is the ratio of the amount of cooling generated per unit of energy.

**HSPF (heating seasonal performance factor) is the ratio of the amount of heating generated per unit of energy.

***Compare savings in a typical three-bedroom house, in a city with 1200 cooling hours; 3-ton system; 13 SEER and 10 SEER vs. 7 SEER ratings of typical units installed up to 15 years ago; 8.25 cents per kWh electricity. Savings vary depending on weather, local rates and lifestyle.

†Rating for Region IV only. Region V HSPF is 7.45.

Technology

Advanced technology and a simple design make the HP26 heat pump the perfect blend of performance and efficiency.

More efficient than piston-driven compressors, its quiet Scroll compressor provides warmer discharge air temperatures during the winter, and increases efficiency as it lowers indoor humidity during the summer. Plus, it's engineered with fewer moving parts, which means it's as trouble-free and maintenance-free as any compressor you can buy.

For maximum comfort with a minimum of noise, the HP26 uses vertical air discharge and an insulated compressor compartment to reduce sound levels to as low as 7.4 bels. And that's a benefit you and your neighbors will love.

"Dave Lennox"
