506 OCEAN PARK AVE	09/14/2020	Can we please do something about this abandoned property. My neighbors have at times mowed the grass and done the bare minimum but this property needs to be condemned and seized if the current owners are not able to or unwilling to maintain the property to bare minimum standards, or if they are for some reason unwilling to sell. There are animals living in the house structure. The tall grass is likely home to mice and ticks. If anyone from the neighborhood contracts lymes disease, the town will ultimately be held responsible as you have allowed this situation to persist.	In Progress

1217 OCEAN AVE	12/16/2019	Ocean Beach Apartments, 1217 Ocean Ave., is of great concern. They are now infested with bed bugs, pitch dark at night, house people who exceed the maximum allowed in a unit and, the type of people I see going and coming are not the type of citizens....some of which I seriously doubt are citizens...that Bradley Beach should feel comfortable having in the community. I am not sure what can be done about this...but I have lived here for more than 20 years and have seen this neighboring property go down the tubes. Not sure if the 'property manager' has any experience. I know he does not perform any background checks on the tenants he allows to rent the apartments. Before it gets any uglier, please see if something can be done to clean this place out and clean the place up!	Closed

211 OCEAN AVE	03/16/2020	my name is Ed Vonsover, from 114 Evergreen. the property on Ocean Ave and 3rd Ave, has been an eye sore for years. Demolition started over a month ago with no process visible. the start was nothing but an eye wash. note that with spring approaching, the sire is an UNSAFE site. children walk the sidewalk all the time, and this past weekend siding and plywood was falling down due to the strong wind. what is the town doing to provide a safe and attractive environment for its citizens ? this has been going on for too long - note my letter to you a year ago where the whole roof was held by a stick of wood. this is an urgent matter and i hope you can address this situation quickly. thank you, Ed	Closed
