V.

SUMMONS IN A CIVIL CASE

CITY OF ENGLEWOOD, ET AL.,
Defendant

CASE
NUMBER: 2:20-CV-00480-SDW-LDW

TO: (Name and address of Defendant):

Mayor Michael Wildes
Mayor's Office
2-10 North Van Brunt Street
Englewood NJ 07631

A lawsuit has been filed against you.

Within 21 days after service of this summons on you (not counting the day you received it) — or 60 days if you are the United States or a United States Agency, or an office or employee of the United States described in Fed. R. Civ. P. 12 (a)(2) or (3) — you must serve on the plaintiff an answer to the attached complaint or a motion under rule 12 of the Federal Rules of Civil Procedure. The answer or motion must be served on the plaintiff or plaintiff's attorney, whose name and address are:

Ifeoma Ezekwo & C. Ezekwo
400 Tenaflly Road #100, 2
Tenaflly NJ 07670

If you fail to respond, judgment by default will be entered against you for the relief demanded in the complaint. You also must file your answer or motion with the court.

COUNTY OF BERGEN)

I, DR. IFEOMA EZEKWO declare that I am of full age and in full knowledge of the facts herein.

I am the plaintiff in this case. The other plaintiff is my son, Dr. Chukwuemeka Ezekwo.

1 NATURE OF THE ACTION

1. This is an action for relief from multiple horrendous and persistent violations of the multiple civil rights of plaintiffs by the Defendants on multiple non ending occasions.
2. Plaintiffs allege that Defendants City of Englewood and their named officials and multiple others whose true names are unknown (collectively, Defendants) unlawfully violated the multiple civil rights and amendments of Plaintiffs on multiple unending and unrelenting occasions and unlawfully discriminated against them on the basis of their litigation status with the city, sex, national origin and retaliated against them.

3. Plaintiffs further allege that Defendants policies, practices, and decisions, all arising from discriminatory and retaliatory animus and further policies which they established and enforced had a disparate negative impact on the Plaintiffs and impacted their day to day operations often causing them to live in abject fear and trepidation for their lives.
4. Plaintiffs further allege that Defendants denied them any relief despite multiple written and verbal complaints but rather devised even more sinister and diverse ways to harass, violate and abuse them and threaten to gang rape them.
5. There was not one single response to any of the complaints plaintiffs lodged with Defendants.
6. Defendant group two, Suez Water company of New Jersey, who plaintiffs name as number two defendant is the company the provides water supply for the city of Englewood residents. Defendant Suez went in collusion with city of Englewood via its employees to terrorize the Plaintiffs at their residence as shown in the body of the complaint, banging on doors, windows, breaking pipes and clanging metals and vandalising plaintiffs property residence and then subsequently engaged in a never ending campaign of fake fraudulent, hyper inflated bills and meter readings that have no relationship to actual water usage and also doing the same for another property plaintiffs own and then formed the vicious cycle of hyper inflating bills to the tunes of thousands of dollars, disconnecting water and extorting plaintiffs and Plaintiffs reporting Suez to BPU. Despite that report, Suez has persisted in shutting down plaintiffs' water even though bills are clearly paid out of retaliatory animus.
7. Plaintiffs are informed and believe and hereby allege that at all times relevant herein, each of the two sets of Defendants Does 1-10 were responsible in some manner for the occurrences and injuries alleged in this complaint. Their names and capacities are currently unknown to Plaintiffs. Plaintiffs will amend this complaint to show such true names and ranks and capacities when the same has been ascertained.

8. Plaintiffs seek injunctive relief and declaratory relief, compensatory damages, punitive damages, liquidated damages, reasonable attorneys' fees and costs as remedies for Defendants violation of their rights. Furthermore, Plaintiffs are requesting this court to make the appropriate referral for criminal prosecution for any and all actions defendants perpetrated against plaintiffs that are covered under criminal code.

11. JURISDICTION AND VENUE

9. This court has jurisdiction on Plaintiffs federal law claims as this case involves questions of federal law.
10. This court has jurisdiction over the claims under United States Constitution and shares all operative facts in this federal law claim. Resolving Plaintiffs claims in this court serves the interest of judicial economy, convenience, consistency and fairness to the parties.
11. Venue is also proper as both Plaintiffs and Defendants are in the local area and Defendants maintain facilities and business activities in the district and all or most of the events giving rise to this action occurred in this District.

11.1. EXHAUSTION OF ADMINISTRATIVE REMEDIES

12. Plaintiffs have timely filed complaints to Defendants city of Englewood and executives and BPU and Plaintiffs have the rights to sue.
13. Plaintiffs have filed this action timely and in exhaustion of all administrative remedies and further racketing up of threats and attacks on the part of Defendants and actively and provocatively conspiring together and lying in a concerted effort to imprison plaintiffs falsely and without any legal claim and due process.
14. Defendants had and have continued to exhibit the most pathological, diabolic and psychopathic hate and mal intent and obsession to inflict harm on Plaintiffs and then all conspiring together and creating causes to achieve their devilish and corrupt aims without due process. Defendants are the most malignant and criminally psychopathic and hate filled characters Plaintiffs have ever encountered and are so obsessed in carrying out corrupt hate crimes against Plaintiffs. Addressing the

Defendants obsession to inflict bodily and financial harm in court and exposing and explaining fully their actions to this court have become the rightful remedy.

FACTUAL ALLEGATIONS

15. At all times material to this action, Plaintiffs have maintained a residence and another property in the city.
16. At all times during this action, Defendant city of Englewood and its related officials embroiled in this action perform their official duties in the city of Englewood and are aware of Plaintiffs' existence through an ongoing litigation as well as their well orchestrated conspiratorial clandestine and not so clandestine activities against the Plaintiffs.
17. At all times during this action, Defendant Suez water company is the supplier of basic element water to the residents and businesses in the city of Englewood and was subsequently co-opted by the city of Englewood to begin a campaign of harassment, terrorization of plaintiffs, vandalism of Plaintiff's pipes and property and then enacted a continuous, unrelenting cycle of computer manipulated hyper inflated bills that has nothing to do with actual water usage, shutting of water supply when bills were properly paid and case in dispute with BPU and pasting notices on Plaintiffs doors meant to demean and shame Plaintiffs without reason. These actions and their abuse of process has continued to date, the last time they shut out water in freezing weather despite bills being paid and case unresolved in BPU being January 6, 2020.
18. Plaintiffs allege that on January 15th 2018, a Monday on Martin Luther King's Day holiday, plaintiffs were resting quietly in their residence contemplating on the inspiring life of him who the holiday was named after. Suddenly, and disrupting, the plaintiffs quietude was grossly and rudely interrupted by fire truck sirens and a fleet of Englewood police cars and emergency vehicles suddenly swooning upon the Plaintiffs residence with police cars blocking the two ends of the street and blocking the plaintiffs driveway so that if plaintiffs wanted to leave with their car they are blocked in. Two Englewood fire trucks were packed in front of Plaintiffs residence to

mark the scene. Numerous police cars marked and unmarked flooded and blocked the whole street and police officers in ready to kill mood were milling around banging on Plaintiffs' doors and windows without ever saying who they were and why they were there. One of the fire fighters went into the back gate and into the back garden of the house, looking around and then went back outside to the street. Plaintiffs could not understand what the whole Englewood law enforcement and fire department were doing at the residence because the plaintiffs did not have any emergency, plaintiffs did not have any fire issue and most importantly, plaintiffs never called 911 as plaintiffs have nothing to call about.

19. It therefore immediately became clear to the Plaintiffs that this was an elaborate hoax carefully planned by the whole city of Englewood law enforcement, fire department and primary responders in order to storm into their home, kill or maim plaintiffs and plant evidence or do any other imaginable horrendous harm to them and even arrest them and then create lies to cover it up. For plaintiffs have just hired a new lawyer on their city litigation and refused settlement terms and to say that the city and their lawyers were livid will be a gross understatement. However, to create an elaborate hoax by the whole city of Englewood and criminally claim emergency where there is none and plot to deliberately hurt Plaintiffs in their own home was extremely scary to the Plaintiffs whose very existence was being threatened by the city of Englewood.
20. Plaintiffs sheltered in place, never opening their door or speaking, making sure all their windows and doors were locked and they were not in any "accidental line of fire" and were carefully monitoring what was transpiring outside the residence with some digital documenting as well as visually assessing any level of escalation to decide next steps. This lasted for about two hours and the details of this are fully documented in EXHIBIT 1.
21. That same day, and at about 11 pm, at night, at the behest of the city of Englewood, Suez water employees again descended on the Plaintiffs residence, with a van that looked like emergency vehicle with all lights on top and again banging on doors and

windows in the pitch darkness, clanging metals, breaking water pipes and pump pipes and terrorizing the Plaintiffs. Again, plaintiffs sheltered in place, because Plaintiffs though not knowing who these were at the time knew it was related to and a continuation of City of Englewood episode earlier in the day. Plaintiffs noted all the broken pipes and acts of vandalism of these Suez Employees

22. During this time city of Englewood continued its campaign of harassment of the plaintiffs with its officials, about the broken pipes with Suez and harassing plaintiffs and the water insurance fixed pipes and then Suez subsequently started its campaign of hyper inflated bills and its employees harassing plaintiffs and shutting off water capriciously and hence BPU complaint.
23. City of Englewood continued its harassment of the plaintiffs by the city of Englewood employees, literally coming almost every day to bang on plaintiffs doors and windows. This culminated on the evening of January 23rd 2018 when one of the city of Englewood employees attempted to rape plaintiff at her residence as she just pulled into her driveway and she narrowly escaped and banged the gate on the assailant. EXHIBIT 1.
24. Again on February 14th 2018, a bunch of city of Englewood employees packed into an SUV, came to Plaintiffs residence, and started insisting that Plaintiffs gardener who was repairing the pipes that Suez broke and redirecting it back into the garden, that he must open plaintiffs' door so they can gang rape plaintiff and her son.
25. The gardener told these crazed Englewood employees that he has no keys and he is not sure of our whereabouts as he was just working outside. He then warned plaintiffs about the city of Englewood employees' intended sexual assault and the fact that they were still outside the house packed waiting so that they will grab and rape plaintiffs if they came out.
26. Plaintiffs had to stay indoors despite planned Valentine Day activity and Gardner also did not allow the Plaintiffs husband to come back to the house until these crazed Englewood employees left. However, they never fully left for when plaintiffs came out to go to dinner, these city employees attempted to block plaintiffs

driveway and because plaintiff is trained in defensive driving, plaintiff went against area of traffic turn indicator and evaded them. EXHIBIT 1

27. The harassment of plaintiffs by the Englewood city employees became a persistent occurrence in plaintiffs existence, forcing plaintiffs to totally change their way of life and live in constant abject fear and trepidity over their lives and safety; for the very people who are supposed to provide safety for plaintiffs are the very ones terrorizing plaintiffs in their own home.
28. Again, in July 2018, plaintiffs complained to the city of Englewood and plaintiffs' counsel about these incidents for as Englewood was on the surface trying to engage with Plaintiffs counsel their employees were continuously harassing plaintiffs in more ways than one and attempting to rape them.
29. In September 2018, when complaint was with city of Englewood via plaintiffs' counsel, all of a sudden plaintiffs' shrubs which were very healthy withered and turned orange as if it was sprayed with killing chemical aka Agent Orange. Eric Dolphy and employee of city of Englewood and a suspect by plaintiffs decided to cite plaintiffs and plaintiffs knew and fully suspected that he had something to do with it and stories were going around about how they poison the shrubs and trees of those that have any issues with them and then begin to cite and harass them. Also the healthy big tree in front of the plaintiffs' residence also died. Plaintiff removed the entirety of all the shrubs in her garden front and laid it to lawn, that way the corrupt Englewood city employees will not have anything to spray their evil chemicals on. The poisoned tree is entangled with PSEG electric wires so will require PSEG to handle the removal and to date PSEG has not responded to remove their wires and entangled tree as required by law and electrical safety. EXHIBIT 2
30. Defendants severally and collectively have continued to harass the plaintiffs to date.

31. In early 2019, the Bergen county Sheriffs' office in collusion with city of Englewood police started visiting and posting for sale sign on Plaintiffs rental property and talking to tenants and their children exhibiting paedophilic like behaviour and telling them plaintiffs do not own the property. Signs were posted and signed by Emily Lyons and when plaintiffs called the sheriff's office and complained to Captain Griffith about the outrageous behaviour and asked that members of the sheriff's office must cease going to the property to harass tenants and underage children. Instead of Captain Griffith resolving the issue, he instead immediately send people from the sheriff's office to immediately start banging on Plaintiff's door and windows and caging the street around plaintiff's house as in " we know where you live" intimidation stance. They did this for several days and plaintiffs sounding alarms at them in response and one of them so mad they stripped off the rubber on plaintiff's car wiper blade in anger and left. Subsequently they started tracking plaintiff's uber rides and plaintiff quit that. Plaintiffs insisted they cannot harass their tenants nor go to their property and post signs. They went underground though surreptitiously still trying to hurt plaintiffs.

32. In November 2019 when plaintiff was attempting to get city inspection for apartment for rental occupancy, plaintiff was told there was a warrant for her arrest by Englewood Municipal court Judge Aishaah Rasul. Plaintiff was never informed about any of this by the city and even though Plaintiff submitted applications for inspection in September with her mailing address, plaintiff was never informed that there was any issue at all. However as Tyree Balmer was bleating at Plaintiff, " I want to see you in jail" It is obvious he used abuse of process to submit false evidence to the municipal court Judge Rasul who colluded corruptly with him without further verifying their false evidence and issued the warrant of five thousand dollars. Judge Rasul then corruptly skipped town and left Englewood municipal court and failed to review the correct evidence that clearly shows plaintiff is innocent and cancel her wrong order immediately. Plaintiff is then being given the run-around by the municipal court who have postponed the case twice now, December 2019 and again

January 2020 and the city refusing to do the apartment inspection in order to continue to deprive Plaintiff of financial revenue and without due process. EXHIBIT 3

33. While plaintiffs have tried here to give the court a glimpse of what their life has contended with under the unbearable actions of the defendants, the reality is much worse as defendants has caused the plaintiffs irreparable harm.

V. CLAIMS FOR RELIEF

34. Plaintiffs incorporate by reference as if fully set forth herein the allegations contained in paragraphs 1 through 33 above as well as the violations of plaintiffs' rights noted on the title of the complaint.
35. Less and no violation alternatives existed for Defendants to achieve their business and existential purposes.
36. As direct, legal and proximate results of Defendants violations of plaintiffs, plaintiffs have sustained and will continue to sustain, economic and emotional injuries, resulting in damages in amount exceeding seven hundred million dollars and amount to be proven at trial.
37. Defendants' unlawful actions were intentional, wilful, malicious and done with reckless disregard to plaintiffs' right to be free from violation of their civil rights and to live in quiet peaceful existence in their home.

PRAYER FOR RELIEF

38. WHEREFORE, Plaintiffs pray for relief as follows:
39. For declaration that Defendants actions, policies and practices as alleged herein are unlawful.
40. Immediate cease and desist on all violating actions against plaintiffs by Defendants.
41. Immediate arrest and criminal prosecution of involved members of the defendants' party.
42. For immediate order for city to inspect apartments and stop depriving plaintiffs of their financial source of livelihood.
43. For compensatory damages for plaintiff's emotional pain and suffering in an amount to be proven at trial

- 44. For punitive damages in an amount to be proven at trial.
- 45. For liquidated damages
- 46. Damages of at least seven hundred million dollars
- 47. For an order enjoining defendants from engaging in the unlawful acts complained of herein.
- 48. For reasonable attorneys fees and costs
- 49. And such other and further relief as this court deems proper.

I declare that the foregoing is true and correct

Dated January 13th 2020.

**Re: # SCE 2019 003017 MOTION TO DISMISS FALSE COMPLAINT FILED BY TYREE BALMER
ENGLEWOOD CITY BUILDING DEPARTMENT CODE INSPECTOR AGAINST DEFENDANT AND
ALLOW PAID AND SCHEDULED APARTMENT INSPECTIONS FOR DEFENDANT TO PROCEED
AND FOR REMOVAL OF UNJUST WARRANT AND BAIL AND REFUND OF BAIL.**

Dear Honorable Judge Rasul;

1. I, Ifeoma Ezekwo being of age say that I am the defendant in the above captioned matter. I do hereby file this motion to dismiss this false and fabricated case for the following reasons:
2. Defendant was served the summons/violation notice for the first time in the municipal court by the Englewood city prosecutor Mr. Gerald Oratio on December 11, 2019.
3. During the same time that the Prosecutor was serving the summons he also showed the defendant an envelope of a registered letter that was addressed to the defendant and was written on by whichever mail person that claimed to have delivered the mail that he gave the mail to the defendant and defendant refused to take the mail and refused it. The note implied there was a physical interaction with the defendant and defendant physically present refused the mail. This was the only envelope and the only attempted delivery on this mail according to the evidence the prosecutor showed the defendant.
4. However the evidence of attempted mail delivery to defendant that the prosecutor Mr. Oratio showed the defendant was falsified by whichever mailperson that Mr. Tyree Balmer must have contracted with to fake this false delivery for him in order for Balmer to then use the false evidence to lie to the court and Judge Rasul in order to obtain bench warrant order from Judge Rasul under false and fabricated premises.

5. The fact is that the very date May 30th 2019 that Mr. Balmer and his "friendly mailman" were falsifying this fake delivery, the mailman could not have seen the defendant nor anyone at all at the house to deliver any mail to in person as Defendant travelled outside the country and was not physically present in USA on that date. In fact nobody was at that house on that date and so the mailman who wrote that was blatantly lying and fabricating with Mr. Balmer in order for Mr. Balmer in his hate to obtain a falsified bench warrant from Judge Rasul and for Judge Rasul to then base her bench warrant on one delivery without seeking for more evidence and proof but instead issued a warrant that is based on lies and uncorroborated evidence and lies. For Mr. Balmer has threatened the defendant, saying, "I want to see you in jail".
6. Moreover the defendant has a mailing address which receives all her mail and the city has this address and never attempted to deliver any mail to this address throughout the time they were claiming to Judge Rasul defendant did not respond in court thereby in essence providing false evidence to Judge Rasul who issued the warrant without verifying Mr. Tyree Balmer's lying and fabrications of evidence with his friendly mailman. (see attached)
7. Based on this false evidence that Mr. Tyree Balmer intentionally and deliberately provided to the court and fully knowing that it is false, and again knowing the correct address to serve any summons to defendant which defendant clearly wrote on the application for rental occupancy inspection which Mr. Balmer had during this period, and Mr. Balmer clearly acting out of hate and malice, it behooves the court to hold Mr. Balmer accountable for providing the court with false evidence and prosecute Mr. Balmer to the full extent of the law.
8. Digressing from the falsified evidence that Mr. Balmer willfully and intentionally provided to the court in order to physically hurt and imprison the defendant, Mr. Balmer went further by refusing to do any apartment inspection for defendant's tenants claiming that there was an outstanding water violation which again Mr. Balmer is lying about as there is not outstanding unresolved water violation. In fact there was no water violation at all in the first place except for the one Mr. Balmer fabricated in order to carry out his hate crimes against defendant. In fact Mr. Balmer was so hell bent on his lies and fabrication against defendant that he is claiming there is still a water violation meaning there is no water in the said building since May 21 2019.

So Mr. Balmer is lying to the court again as there has been water in the building all this time so Mr. Balmer's statements here again is false. For a city of Englewood employee like Mr. Balmer to be so hell bent on lying in order to bring a false prosecution against defendant is a travesty and outrage and should be cause for Mr. Balmer to be prosecuted immediately by the city of Englewood.

Such falsification and fabrication and such a waste of the court's time and tax payer dollars to prosecute a false case Mr. Balmer brought cannot be allowed in Englewood and all city of Englewood employees must be vetted and retrained to avoid such atrocities against the citizenry.

9. Based on the notice of violation that the defendant was given on December 11th 2019 by the prosecutor Mr. Oratio, it showed that Mr. Balmer claims that he inspected the premises on May 21st 2019; the section that says "Abate By" was left unfilled by Mr. Balmer. Also as it is usual and customary with city inspections, there is no record of reinspection by Mr. Balmer to then document if the so called violation was abated and when it was abated. This in itself is a transgression of the law by Mr. Balmer who is supposed to follow the law in all his dealings and ascertain that such violation if issued must be followed up to make sure it is abated and by when. Mr. Balmer never did that because in fact there was no ongoing violation to warrant Mr. Balmer's subsequent actions and drama he has creating and continuing to create based on fabricated lies and continuous deceptive machinations against the defendant.
10. What happened here as far as the defendant can recollect, is that Defendant travelled on Saturday May 18th 2019. Defendant pays the water bills for both her residence and the building which is the subject of this litigation towards the end of each month. In fact the defendant carried the bills with her as her travel was emergency due to family bereavement. Defendant remembers sitting at Dubai airport and making the payments for both her residence and subject property via western union speed pay which Suez water company uses with her credit card and confirmation numbers given to her for both payments. So defendants knows without a shadow of a doubt that the bills were actually paid early and there was no reason whatsoever for Suez to discontinue water supply to the subject building. In fact Suez did not disconnect the water in the defendant's private residence. Defendant got the text which was delayed from a tenant because defendant was airborne and thus cannot get texts. When defendant got the text, defendant tried to reach tenant but time difference made it difficult. Defendant sent a text to tenant to contact BPU NJ immediately because Suez water company was not supposed to disconnect any water. Moreover, there is an ongoing litigation between the defendant and Suez Water Company and active complaint with BPU NJ on Suez because Suez was sending fraudulent hyper inflated bills to the defendant for the subject property so Suez was not supposed to disconnect the water. Defendant called BPU NJ via international call to lodge the immediate complaint against Suez and to force Suez to restore the water they cut off illegally. The person defendant spoke to at BPU told defendant that they have already been in touch with Suez and told Suez that they must turn back the water to the building immediately which Suez did. In fact the BPU NJ further told defendant that there shall not be any city citation because Suez restored water within 24 hours of their contact with Suez. According to the tenant's version of events they told defendant that Suez employees extorted a whooping two thousand six hundred dollars from them which they paid and Suez restored water service. Defendant fully refunded the tenants on her return and is in current litigation with Suez on this and other matters of Suez's illegality before the Administrative Law Court in Newark NJ. Also what the tenants said was that Englewood police was at the building during this debacle and was encouraging them not to pay defendant rent but to use the money and move. Defendant complained to both Suez and BPU about this debacle on her return and Suez is supposed to return the money they extorted, however the case is still under active litigation with Defendant and Defendant cannot comment further on an active case with Suez

11. So based on the above record of events, there was in fact no citable event according to BPU NJ. Also should the City of Englewood, Mr. Balmer have inspected the water drama which Suez was belligerently causing, Mr. Balmer would also have known that this matter was also resolved within 24 hours according to BPU NJ. However there is no record of what Mr. Balmer did afterwards except threatening defendant in November "I want to see you in jail" and then fabricating records to attempt to achieve the same and extorting \$500.00 bail from defendant's family to satisfy the bench warrant he fraudulently obtained.
12. Also based on the above facts, there is no reason for the city of Englewood to refuse to inspect and issue certificates of rental occupancy to defendant which defendant paid for and tenants are waiting for to move into their apartments as defendant's sees this only as retaliatory animus and abuse of power and pettiness to deprive defendant of revenue out of wickedness and ill wishes of Mr. Balmer.
13. IN CONCLUSION: Based on all the facts enumerated above, it must be obvious to the court now that there should be no legal case here against defendant on this matter, in this court and at this time. That this matter was fully resolved within 24 hours of its occurrence and defendant was not responsible for the deliberate retaliatory action of Suez and Mr. Balmer against Defendant. That the court must also know that Mr. Balmer's actions and hate crimes and retaliatory animus and vendetta are based partially on the active litigation defendant has against the city of Englewood and its three police officers, namely Thornton White, Michael Christiansen and Christopher Quirk who attempted to murder defendant's son in his hospital room in Englewood hospital on May 5, 2013 and their subsequent perjury of facts of the events and again of the city of Englewood and its law enforcement storming of defendant's residence on January 15th, 2018 and terrorizing the defendant and family for two hours without any reason whatsoever. Then Englewood sending Suez employees to defendant's residence at 11 pm that same January 15th 2018 night to continue terrorizing the defendant's and banging doors, windows, breaking pipes and other acts of vandalism against the defendant, matter which is in court now against Suez in continuing litigation. Then as well the attempted rape of defendant by city employee at her residence on January 23rd 2018 and also poisoning of all her shrubs and front tree that caused her to remove all the shrubs from her property and waiting for PSEG to remove the tree Englewood poisoned because it is entangled with PSEG wires and must be removed by them. And to date these and all sorts of clandestine harassment of defendant has not stopped but now added to by Tyree Balmer's false case. (See attached).
14. Defendant pleads this court to dismiss this frivolous case in its entirety and return the \$500.00 bail money they extorted from defendant's family back to defendant's family and allow the paid apartment inspection for rental occupancy.

Respectfully submitted;

Ifeoma Ezekwo, MD.

Defendant.

REQUEST FOR INVESTIGATION REPORT AND DEMAND FOR ACCOUNTABILITY FOR JANUARY 15, 2018 INCIDENT OF
ENGLEWOOD FIRST RESPONDERS TO DR. EZEKWO'S RESIDENCE AT [REDACTED] AND
CONTINUAL THREAT AND HARRASMENT OF DR. EZEKWO AND SON AT THE RESIDENCE BY ENGLEWOOD CITY OFFICIALS;
IDENTITY OF ENGLEWOOD CITY WORKER ATTEMPTED RAPIST; THE 24/7 SURVELLANCE OF PRIVATE RESIDENCE AND ROLE OF
ENGLEWOOD POLICE DETECTIVES AND CHRISTOPHER QUIRK IN LIFE THREATENING EVENTS AT DR. EZEKWO'S RESIDENCE.

Dear Sirs;

This serves to get the city of Englewood address and give Dr. Ezekwo an investigation report and be transparent and accountable for the reasons for the storming her home without any reason or any called emergency on January 15, 2018(Martin Luther King's Day 2018) and the subsequent continual harassment by city of Englewood officials by any and all means possible.

This includes but is not limited to attempted rape of Dr. Ezekwo by Englewood City Official as well as threats by Englewood city official that "they must have" and must take her son and demanding his whereabouts and intimidating her gardener on the matter.

This also serves to find out why Christopher Quirk who attempted to murder of Dr. Chukwuemeka Ezekwo in his hospital room on May 5, 2013 and subsequent perjury writer with other nineteen counts of criminal activity all caught on video is now congratulated by the city of Englewood and promoted to Detective in the same Englewood Police Department and then Quirk is now armed with all the governmental tools of detective work in order to continue to track and harass and surveil and track his victims(Dr. Ezekwo and her son Dr. Ezekwo's) every move and either himself or his detective friends on his behalf.

Enumerated below are the various actions by the city of Englewood officials which we are sure that city of Englewood is aware of from logs and similar record keeping and which Dr. Ezekwo is demanding that copies are given to her and for her to know what the city of Englewood is doing about the criminal and surreptitious and falsely represented activities carried on against Dr. Ezekwo and her son. Dr. Ezekwo is also demanding the details of the city's investigation into this atrocities and their version of events if any.

Dr. Ezekwo's residence was stormed by Englewood first responders; fire fighters, Englewood police, uniformed and none uniformed police officers, detectives, marked and unmarked police cars as well cars of look outs armed and ready to kill and maim on January 15 2018 (Martin Luther King's Holiday) when Dr. Ezekwo never called 911 for any emergency and did not have any emergency. They were banging on the door without ever saying why they were there and were milling around and wandering the lawn while the street was flooded with their enforcement cars and engine 2 Englewood fire truck.

We want the city of Englewood to first fully investigate or provide us with a copy of their investigation for validity of the incident of January 15th 2018(Martin Luther King's day) at our home in Englewood and the elaborately planned rouse orchestrated by some sick minds and all their first responder departments in order to brutalize, sodomize, put upon, kill and maim us in our own home and why they dispersed when digital documentation of them was started and why the officer who remained for another hour blocked our driveway to trap us in our own home and the elaborate and huge drama they caused by blocking the whole street with engine 2 Englewood fire truck and fire fighters; marked and unmarked police cars; uniformed and non uniformed officers; and detectives all armed and ready to kill.

Why they stayed on Dr. Ezekwo's property for 2 whole hours when there was absolutely no emergency, no fire, nothing and Dr. Ezekwo never called them. Why they were terrorizing and causing Drs Ezekwos to fear for their lives for 2 hours and thereafter because of their craziness and mal intent. And most importantly, they never said why they were storming the residence. Finally after Drs Ezekwos digital documentation of their rouse, the remaining officer(s) spend some 20/30 minutes talking to the neighbor in what most likely is a bid to ask him to tell a confabulated story for them exactly as Quirk did in the hospital in May 5 2013 when he forced all the nurses to falsify their notes to collaborate his false

perjury version of events. So here again, our digital documents contradict their story. So for the whole of city's first responders to gang up and waste city's financial resources and time to create a false emergency in order to storm Dr. Ezekwo's house under an elaborate rouse because of ongoing law suit with new counsel is actually the lowest of the low and a travesty.

City accountability requires that such actions be fully condemned and the perpetrators punished. The sequence of events of this rouse was that

1. At about 1:30pm a red car was packed in front of the said residence and there a loud banging on the door and ringing of the door bell and the red car drove off with no response. 2. As soon as the red car left, soon thereafter, an engine 2 Englewood fire truck arrived at the residence with three fire fighters, again banging on our front door and one fire fighter in the back garden looking around and then the fleet of marked and unmarked police cars littered the street and the original red car came around again talking to the officers. They were all milling around and looking around ringing without ever saying why they were there. And Dr. Ezekwo never called them and did not have any emergency. This activity was very reminiscent of May 4 2013 action of Englewood police before they premeditatively went to Englewood hospital that night May 5 2013 early morning to attempt to murder Dr Ezekwo's son in his hospital room in Englewood hospital and thoroughly brutalized him with the three Englewood police officers ,namely Christopher Quirk, Thornton White and Michael Christiansen). After milling around for a while and Drs Ezekwos were monitoring their every move, the air became very tense and like they were going to storm the door and house. Drs. Ezekwos then started taking digital documentation of them, when they realized this, they communicated to each other, the fire truck left about 2:40 pm; Police cars left about 2:45 pm as well as two officers talking in front of the house and 2 other unmarked cars packed facing the house. The final police car that was blocking the residence driveway left about 3: 15 to 3: 30pm

In addition to storming Dr. Ezekwo's home during the day on January 15th 2018, at about 11pm in pitch darkness a vehicle that looked like an ambulance with its light flashing again parked in front of Dr. Ezekwo's house again. There was intense banging on the front door and then loud clanging and metal pipes that were ear deafening loud metal on metal destructive sounds outside on the pipes. And again there was a loud banging on our door and the people there again banging metal on metal. With earlier incident of the day of the elaborate rouse of Englewood first responders, Drs Ezekwos sheltered in place, realizing this must be another continuation of city workers activity or ones they were orchestrating. After banging stopped these perpetrators left. It was later on when Drs Ezekwos were talking to the Suez Water Company and insurance representative that we learnt that it was Englewood city officials that told them to send the Suez workers that were banging and vandalizing the pipes that night. We have digital documentation of the outside pipes they vandalized that night as well broken physical ones.

Subsequent to this event, The Suez Company wrote and mailed about a leak on pipe connecting our water to mains in the street, which we assume as a consequence of that night's banging and vandalism. On contacting the Suez Company and insurance company as well as BPU oversight, Dr. Ezekwo had to

make the complaints and arrange for plumbers through the insurance company who redirected a wall pipe and redirected the water as well as have contact the city in case they need permit to dig the street and the yard.

The city said no such permit was subsequently needed after all the back and forth with insurer and Suez that went into February and the final resolution with BPU oversight with Suez and insurance still to be concluded. The city construction officer Deptuch waged his own form of harassment and filing a false report against us even though we have digital documentation to the contrary as it was the vandals who damaged the sump pump outside pipe that was laid into drain and again the plumber and the gardener had to resolve it. However Deptuch's citation was factually untrue as what he described was untrue and even the gardener challenged him and told him he was not factual.

However, none of these facts, though coincidental has anything to do with the reason the first responders stormed Dr. Ezekwo's residence on January 15th 2018 as these events occurred thereafter with the vandalism worsening it all.

Dr. Ezekwo want the city of Englewood to fully investigate why Walter Deptuch of city of Englewood was terrorizing us by banging on our door literally every day after the January 15th incident without stating why and then filing a false report which I have digital documentation to refute. It is important to note that the insurance plumbers were contacting the city about permit to do the work so Deptuch knew it was being handled. Most importantly why on February 14th 2018, afternoon him and/or other with our neighbor found it necessary to start shouting and intimidating our gardener who was redirecting the drain pipe in the garden that was vandalized and trying to force him to say that he was hearing "explosions" in our home and there was ice on drive way, both of which he refuted to their face, and told them there was no explosion and there was no ice on the drive because he takes care of our house because we travel a lot and he cleans all the snow and they cannot intimidate him, they then apologized.

But not before asking our gardener where Dr Ezekwo was and where Dr. Ezekwo's son was, "they want to have her" and he insisted on the gardener telling them where Dr Ezekwo's son was and he said he did not know. He (city official) then threatened that they must find my son and "must have him and take him away". These statements seriously traumatized and concerned Drs Ezekwos' gardener about their safety and life that he put them on "lock down" and told them they cannot leave the house until the city worker who parked in front watching his every move to intimidate him left.

For over three hours, this city worker was sitting in the car in front "waiting" to take Dr. Ezekwo's son and the gardener refused to let Drs Ezekwos out of the house for safety and also refused for Dr. Ezekwo's husband to come in for his safety so he was stuck in star bucks and with valentine day dinner reservation and other shopping planned all messed up. The gardener finally allowed Drs Ezekwos to leave the house after the threatening city worker left and even then, another one tried to block the driveway exit but Dr. Ezekwo maneuvered the opposite direction because of defensive driving skills.

Dr. Ezekwo wants the city of Englewood to fully investigate the city worker who is black, thin and gaunt wearing a form fitted red and white jacket that on January 23rd 2018 evening in darkness as Dr Ezekwo drove into her driveway up to the front of the garage and side gate where this city worker was prowling like an animal, crouching like a tiger and smelling of sex was attempting to try to grab and rape Dr. Ezekwo while she slammed the side gate on his face and briskly walked to open the kitchen door to safety in a very hair rising moment. She had to use a "body Guard" to go back out and finish what she must finish that evening and had to change her lifestyle completely to account for this city worker rapist.

The city of Englewood must investigate why they have Dr. Ezekwo's residence on 24 hour surveillance and if and what Detective Quirk has to do with our every move being monitored. We demand that the city take action and provide answers and redress of these events immediately. The city of Englewood cannot claim they are unaware of trend of events here when they are harassing and threatening our lives and well being with their workers and cause to live in fear and dread while Christopher Quirk is walking around as armed and dangerous to us as a detective in Englewood and we are being terrorized by city officials.

That the city of Englewood must cease and desist from their unrelenting persistent harassment of Dr. Ezekwo and son and family by any and all means possible.

Looking forward to hearing from you and your guarantee that Dr. Ezekwo and family must be left alone and allowed to exist peaceably in their private residence, without continuous harassment by city of Englewood and its officials and that all the officials involved in these elaborate rouses and mal actions is brought immediately to justice.

Respectfully submitted;

Dr. Ifeoma Ezekwo, M.D.

Englewood Housing Property Maintenance

DEMAND FOR IMMEDIATE FORCED RESIGNATION OF ERIC DOLPHY AND IMMEDIATE FIRING OF ERIC DOLPHY FROM ENGLEWOOD HOUSING DEPARTMENT AND IMMEDIATE PROSECUTION OF ERIC DOLPHY FOR PERJURY AND FALSE REPORTING AS WELL AS CONDONING ACTS OF VANDALISM AND CRIMINAL MISCHIEF WITHOUT MAKING THE REQUIRED INVESTIGATION AND REPORT AS REQUIRED BY LAW AT DR. EZEKWO'S RESIDENCE.

ADDITIONAL DEMAND FOR CEASE AND DESIST AND BANNING ERIC DOLPHY FROM BEING ANYWHERE NEAR DR. EZEKWO'S RESIDENCE SINCE HE IS ON DR. EZEKWO'S LIST OF POSSIBLE SUSPECTS FOR ATTEMPTED RAPE OF DR. EZEKWO AT HER RESIDENCE ON JANUARY 23RD 2018 (SEE ATTACHED) NO HEARING IS REQUESTED AND NO VIOLATION EXISTS AS THERE ARE NOW NO ORNAMENTAL PLANTS AT EZEKWO'S RESIDENCE BECAUSE ALL WERE REMOVED AND LAWN LAID TO GRASS BECAUSE OF THE DANGER POSED BY CITY WORKERS CONDONEMENT AND OR COLLUSION WITH VANDALS SPRAYING DANGEROUS CHEMICALS AT PLANTS AT THE SAID RESIDENCE TO CREATE CAUSE FOR ERIC DOLPHY/OTHER CITY WORKERS TO VISIT SAID RESIDENCE WITH OTHER ULTERIOR MOTIVES OF INFLECTING PHYSICAL DANGER VIA CHEMICALS AS WELL AS PHYSICAL AND EMOTIONAL HARM VIA ATTEMPTED RAPE AND SODOMY.

Dear Sirs,

On August 31st 2018, Dr. Ezekwo received a notice from Mr. Eric Dolphy "remove dead tree in the front yard". When Dr. Ezekwo checked the two trees in the front yard, they were both well and healthy and well and had no problems and thus "did not constitute a hazard to persons in the vicinity thereof". Dr. Ezekwo continued to inspect the front yard and to her horror, she saw that one of the ornamental evergreen plants, a shrub was chemically sprayed with "something" and has turned completely orange brown. And around this said chemically damaged plant were stacked dry branches that did not belong to the tree in the front yard meaning that whoever sprayed the plant with chemicals at night also must have left those branches as well. This affected plant was just inches from the house wall and was not in the way at all and thus "did not constitute any hazard to persons thereof". So unless someone decides to lie on the plant, even then there are no thorns. So Dr. Ezekwo categorically hereby states that Mr. Eric Dolphy report contains deliberate false statements meant to mislead and create a situation which does not exist. Mr. Eric Dolphy's "calling an ornamental plant shrub beside the wall of the house "a dead tree in the front yard" is such a hyperbolic draconian exaggeration that the word perjury is an

understatement of Mr. Eric Dolphy's intent to deceive and mislead. So here we have an intentional accomplice who caused the chemical damage to the plant and then most probably tapped Eric Dolphy to stop by and hence the false report aimed at harassing and is reason for potential rapists to be wandering a private residence under the color of "fake inspection". Yet Mr. Dolphy does absolutely nothing to address or investigate the cause of obvious chemical defoliation of a previously healthy plant.

Dr. Ezekwo then requested her gardener who was due to do the regular lawn maintenance to look at the plant. The gardener confirmed that the said plant was very healthy when he was there two weeks prior to do lawn maintenance. The gardener stated categorically that the plant must have been sprayed with a chemical to kill the leaves and plant and the perpetrator then informed the city workers and create problems with them and me or all in cohort then create a citation to hassle.

Since it was quite obvious that this was a deliberate act of criminal mischief on behalf of the perpetrator and that Eric Dolphy was on his own "harassment and falsification mission" this crazy shenanigan had to be reported and stopped and with the required audacity and courage Mr. Eric Dolphy will be forced to stay away from Dr. Ezekwo's residence for obvious reasons already stated above.

Since it is a matter of time before one will find out how many more plants this vandal sprayed or will spray, all the ornamental plants, on the front and sides of Dr. Ezekwo's residence were immediately removed and the whole lawn laid only to grass and the plants disposed to be taken with garbage on garbage collection by the gardener. The Englewood garbage collection truck picked up all the disposed plants including the subject plant on Tuesday September 4, 2018.

This must put an end to this one more saga of Dr. Ezekwo with the continual unrelenting saga with city of Englewood all caused by the pending law suit Dr. Ezekwo and Dr. Ezekwo her son have against city of Englewood, when three criminally minded Englewood police officers namely Christopher Quirk, Thornton White and Michael Christiansen pre-meditatively attempted to murder Dr. Ezekwo's son in his hospital room in Englewood hospital on May 5 2013 by brutalizing him as shown in the attached summary and then Christopher Quirk perjured himself by writing a false report and forcing the hospital nurses to lie with him but did not realize that a video was recording all their action in real time, thus exposing his crimes and 19 counts of criminal behavior. Since the city of Englewood congratulated his criminality by making him a detective and the arming him with all the tools of government detective to continue to harass his victims, the predictable has continued to happen. Here is the summary.

The background for all these Englewood city harassments and now by now Mr. Eric Dolphy is as follows: There is the most horrific and graphic details ever watched on the video of the most gruesome, inhumane, premeditated attempted murder and unprovoked gross and brutal physical assault to Dr. Ezekwo's son, himself Dr. Chukwuemeka Ezekwo by Englewood police officers Christopher Quirk, Thornton White, and Michael Christiansen that left him with brain concussion, head lacerations, broken nose, broken ribs, dislocated wrists and multiple other body injuries as well pepper spray directly into his eyes and left alone bleeding inside his hospital room 23 in Englewood hospital. Plus the stroke suffered by mother, Dr. Ezekwo who they throw on the floor and falsely

accused on May 5 2013. And then the false reports and perjury and 19 counts of other criminal actions by Christopher Quirk and his accomplices and the subsequent massive cover up by the city of Englewood and the persistent harassment of Drs Ezekwo by all ranks and file of Englewood city officials.

On top of all the above, Englewood police then published a false story about the plaintiffs with full name and picture in the Bergen record newspaper and online and have refused to remove the false story and apologize to this day. And finally to congratulate Mr. Christopher Quirk on his crime spree, city of Englewood made him a detective, and armed him with all the tools of government and detective work so he can continue to harass, survey, monitor and intimidate his victims to this day through various activities some hidden and some blatantly obvious.

In January 2018, on Martin Luther King's holiday, the whole of city of Englewood first responders, including fire fighters, police officers, detectives, uniformed and non-uniformed police and detectives and look outs and a fleet of marked and unmarked police cars stormed Dr. Ezekwo's residence under a hoax emergency, even though Dr. Ezekwo did not call 911 and did not have any emergency. They continue to stay for two hours until digital documentation caused them to finally disperse, only for them to again send the water company employees to come at 11 pm of the same day damage pipes and terrorize Drs. Ezekwo's at their residence. Copy of the report is attached here.

So now we have to deal with Dolphy and his case of chemically killed shrub, and what next.

So in summary Dr. Ezekwo demands immediate cessation of all forms of harassment and for the city of Englewood, through their attorneys to focus on the law suit and justice deserved in the face of their various atrocities and cease and desist from further criminal activities by Englewood officials.

For Eric Dolphy, this must include dismissal as disciplinary action will be inappropriate under the present circumstances. So Eric Dolphy must be immediately criminally prosecuted and fired or made to resign. In the interim he must be barred from ever setting foot at Dr. Ezekwo's residence as the cloud over his character now is very dark and intense, diabolic and sinister indeed.

For the rest of the city of Englewood officials a permanent cease and desist is urgently required and must be upheld by the city governance.

Dear Sirs;

Delivery of biohazard contaminated letter from Walter Deputch to Dr. Ezekwo's residence by city of Englewood Employees. Criminal damage and murder of tree in Dr. Ezekwo's residence and Terrorization of Dr. Ezekwo and her family in the dark storm evening of Friday December 21st 2018 coupled with delivery of the letter biohazard by city of Englewood employees. Indefinite postponement of tree removal until further criminal investigation of criminal actions of Englewood city employees and safety inspection by PSEG to assure safe tree removal. Banning of Englewood city employees from invading Dr. Ezekwo's residence, poisoning her trees and shrubs and delivering biohazard letters to her residence and other generalized harassment.

On the total darkness of the evening of Friday December 21st 2018, in the midst of the rain storm, howling winds and pounding rain and alarms going off my smart phone warning of danger of flash floods, along came a loud ear piercing banging on my front door and windows that persisted prompting me to wonder what type of criminal mind will be wandering around in the horrific weather trying to break into my house or gain access into my residence. As the menacing loud door and window banging continued, I observed three unmarked suv type vehicles, one in front of my house, another in front of my neighbor to the right with its rear abutting into my driveway into my driveway in such a way that if I needed to drive off I would be blocked and boxed in. Yet another white suv type vehicle was situated across the street diagonally across from my house with its high beam lights brightly beaming towards my house and seems to be in communication with two cars beside my property. All three cars appeared to be in communication with each other, while the door banger exited towards them and entered. After sitting awhile, the car in front of my neighbor slowly started to move ever so slowly, and then the car parked in front of my house with the door banger, ever so slowly started moving towards Knickerbocker road with car in front on my neighbor. The white suv that was packed across the street in communication with them then started moving in the opposite direction towards Manor road and both cars slowed in the middle of the road communicated with each other and drove away. All the while, we were sheltered in place, carefully observing every move of the said actors of that stormy night.

The very next day which was Saturday, when I was driving out for shopping, I noticed the manila envelope stuck in the fence near my back gate marked city of Englewood. It therefore became immediately obvious that the previous night's criminally minded actors in three separate SUV cars on my property were actually city of Englewood employees who were at it again to attempt to storm into my home catch me unawares in order for them to rape, sodomize, brutalize, kill, traumatize, create false evidence and harass me and my family during Christmas holidays as they now do before any holiday (see attached). It was they that left the manila envelope after their theatrical threatening antics.

When I looked at the manila envelope they stuck on my fence, it was very dirty indeed, smeared with brownish material and did not look like an envelope that should come from city of Englewood office, but it did because it was the city of Englewood workers that left it there the night before.

In fact this envelope was so circumspect and smeared with suspicious substance that it had to be handled as a biohazard with me as a physician utilizing all universal precautions in its handling. The envelope thus opened with those precautions, copies done and originals disposed as per universal precaution protocol. In the front and back of the said envelope are two notices with different notices, worded the same but dated 11/30/2018 and 12/20/2018 and yet the contents did not show any proof of mailing or delivery of their 11/30/2018 notice.

The fact that the city of Englewood workers have again resorted to lies, even in the report as before and that they are now delivering biohazard smeared envelope by themselves to my home knowing that they cannot mail such in the post office and obtain proof of mailing, is just another even darker and criminal aspect of their continued antics. So while I am asking clearly that city of Englewood fully investigate these matters in its entirety, in the interim the city, must in the interest of justice and formal prevention of criminal mischief on the part of its employees, must order and insist that its employees must mail all notices to me in the post office with proof of delivery notice so they can have proof of delivery to base their decisions. The city must also ban and deter its employees from coming to terrorize me in my residence at anytime and in severe ghoulish weather with a letter can easily have been mailed especially over a mischief they caused with their accomplices by poisoning a previously healthy tree and carefully monitoring it die as exemplified by their pictures over time. The city must be reminded of attempted rape of Dr. Ezekwo by one of the city employees and thus must bar city employees from invading my residence especially in total darkness and horrific weather. In fact if the city finds itself incapable of investigating these types of criminal mischief of its employees, then it is time to call the New Jersey state attorney general and inspector general to look into these despicable behaviors and criminal acts.

Finally, with regards to the tree in front of my residence which it is beyond obvious that the city employees with or without their accomplices as I explained in my related letter of September 5, 2018 (attached) poisoned the tree and have themselves monitored it to see it die since they fully know the timeline for their actions to take full effect. The city has now decided post haste that they wanted the tree which was "murdered" to be removed from the property and have asked me to remove it since it is my property even though they themselves have created the hazard. I will be asking you for indefinite extension which is my right in the matter thus preserving my right to allow PSEG my utility company to

assure safety to the electrical wires that carry electricity to my residence before I proceed and on advice of counsel and coverage.

This letter serves to inform you that the said tree was criminally damaged by employees of the City of Englewood and/or its accomplices, notably Eric Dolphy and/ or his accomplices. Eric Dolphy being also a suspect of the attempted rape of Dr. Ezekwo on January 23rd, 2018. Please note that I have a legal case against the City of Englewood due to their aggressive criminal behavior and their damage of my tree is part of this behavior.

I have contacted PSEG as the tree's branches are close to wires that are a serious hazard. PSEG must first safely remove the branches from the tree and then appropriate measures can be taken to cut the tree post haste or PSEG must accomplish that to assure safety. Please know that I cannot proceed with the tree removal until PSEG has finished its assessment of the inherent dangers and rendered things safe to enable the removal of the murdered tree. It is therefore expedient that I hereby request indefinite time extension from hence to accomplish this should there be any delay with PSEG or other related actors.

The City of Englewood must also cover the costs overall of me removing the tree from my property as it was criminally damaged along with their continual harassment of me and my family. The said bill must therefore be submitted to appropriate office in the city of Englewood for reimbursement with my counsel informed of the same after I accomplish the tree removal safely.

The background for all these Englewood city harassments and now "tree murder" is as follows: There is the most horrific and graphic details ever watched on the video of the most gruesome, inhumane, premeditated attempted murder and unprovoked gross and brutal physical assault to Dr. Ezekwo's son, himself Dr. Chukwuemeka Ezekwo by Englewood police officers Christopher Quirk, Thornton White, and Michael Christiansen that left him with brain concussion, head lacerations, broken nose, broken ribs, dislocated wrists and multiple other body injuries as well pepper spray directly into his eyes and left alone bleeding inside his hospital room 23 in Englewood hospital. Plus the stroke suffered by mother, Dr. Ezekwo who they threw on the floor and falsely accused on May 5 2013. And then the false reports and perjury and 19 counts of other criminal actions by Christopher Quirk and his accomplices and the subsequent massive cover up by the city of Englewood and the persistent harassment of Drs Ezekwos by all ranks and file of Englewood city officials.

On top of all the above, Englewood police then published a false story about the plaintiffs with full name and picture in the Bergen record newspaper and online and have refused to remove the false story and apologize to this day. And finally to congratulate Mr. Christopher Quirk on his crime spree, city of Englewood made him a detective, and armed him with all the tools of government and detective work so he can continue to harass, survey, monitor and intimidate his victims to this day through various activities some hidden and some blatantly obvious.

Respectfully submitted;

Dr. Ifeoma Ezekwo, M.D.
