Gopal smacks Murphy on Lakewood school funding

*'It is unacceptable for any school district to be singled out for special treatment,'
Monmouth Dem Senator says*

By David Wildstein, March 20 2019 6:39 pm

State Sen. Vin Gopal (D-Long Branch) today blasted Gov. Phil Murphy for offering an additional \$15 million in school funding to Lakewood while cutting state dollars going to schools in his Monmouth County district.

"It is unacceptable for any school district to be singled out for special treatment," said Gopal. "The administration's apparent proposal to divert \$15 million in additional state funding to Lakewood's School District is unfair to the hundreds of municipalities across our State that are working hard to meet their commitments under the new school funding formula."

Lakewood school funding has become a political hot potato in recent years as candidates position themselves to win the endorsement of the Vaad, a council of rabbis and local business leaders with an ability to swing votes.

Gopal said that Eatontown, Freeholder Regional and Ocean Township are set to lose state funds following declines in enrollment.

"I would like to ask the administration to explain how these proposed funding increases for Lakewood were calculated, and work with the Legislature to ensure that our school funding system remains fair and equitable to all New Jersey school districts," Gopal said.

The majority of the 84 school districts in Monmouth and Ocean counties are bracing for a reduction in school funding next year, according to numbers released last week by the state Department of Education.

Good news, we should continue to apply annually as part of our infrastructure plan and work with our legislators to make certain we receive our fair share.

Subject: A life-saving bill becomes law

Friend,

In Monmouth County, we are all too familiar with the toll the opioid abuse epidemic has taken residents and families from all backgrounds. That's why Assemblyman Houghtaling and I have proposed a number of measures to tackle this crisis on several fronts, from destigmatizing drug addiction to promoting responsible regulation of opioid painkillers.

But we have just taken a huge step forward in the fight against opioid and heroin addiction. Last week, the Governor signed into law our bill to make the life-saving drug naloxone also called Narcan - available without a prescription at pharmacies across New Jersey.

If a patient is overdosing, seconds and minutes can mean the difference between life and death. **Quicker, more ready access to this life-saving antidote will save lives**, and put those suffering from addiction on the road to recovery.

This is just one part of a multi-part effort to fight opioid abuse, but a very encouraging step for and something I am proud to be a part of.

Sincerely,

Assemblywoman Joann Downey
