Hope this e-mail finds you safe.

I am reaching out to see what your PPE needs are for your local first aid squad and/or police department. I am praising private funds to get donations for squads and departments in Monmouth County along with our nurses at our hospitals so our first responders and healthcare workers covered.

Planning a big order of N95 masks and other supplies.

In an ideal world - can you tell me where you are supplies-wise and what you could use?

Thank you

Senator Vin Gopal
Majority Conference Leader
