Subject: BYOB Issue
Date: Tuesday, June 2, 2020 9:33:00 AM

Sen. Gopal

I write with regard to an issue that is sure to come to the forefront in the days ahead as restaurants move toward outdoor dining reopening.

As you are aware, in addition to packaged goods, recent changes now allow for licensees to sell mixed drinks to go. The idea being that people can order cocktails for pick up or delivery and enjoy them at their own home. With restaurants now about to open with outdoor seating, BYOB establishments are sure to have patrons who resume dining arriving with beer and wine to enjoy with their meal. Current BYOB regulations permit patrons to bring their own beer and wine but do not permit hard liquor. What should our businesses do when patrons arrive at a BYOB with mixed drinks to enjoy with their meal?

Vin,

See the below. If this is true, it will force us to close municipal parks as well because they will be overwhelmed. We don't have the manpower to enforce closing our parks. This will also force, people onto the sidewalks and actually in the streets as they try to keep their distance while getting some fresh air. I'm concerned about an increase in pedestrian/car accidents adding more pressure to our EMS....

It is anticipated that the Governor will at 2 pm today issue an Executive Order to close **ALL STATE AND COUNTY PARKS** effective this evening. This will put increased pressure on your local parks if they're still open to the public. The EO will leave the closing option as a local decision. Ray Codey, Madison

Good Morning Traci,

We will be resurfacing Route 79 beginning next week, as early as next Tuesday, October 20.

Please see the attached paving notice addressed to the mayor's office. We will be resurfacing between mileposts from 0 to 1.43 and from 2.4 to 4.2. We anticipate using an alternating traffic pattern between 8:00 PM and 6:00 AM each night. This project should take no longer than 12 working nights to complete (our working nights are Monday night through Friday night).

Our project is only interim resurfacing. A full Route 79 resurfacing project from our Construction Management division is currently scheduled for approximately 2022. We know the crosswalks in the borough of Freehold are stamped in brick. Would you like us to stamp the resurfaced crosswalks with brick stamps? If so, could you provide us with the stamps used by previous paving contractors? We would like to ensure that all parties are happy with the end product.

Thank you,

Nicholas Beyer

Hiya Vin –

I've asked quite a bit of you over the last few weeks, and you have helped a great deal. I've kept tabs on Grace and she was very happy to get a phone call from you. I truly appreciate that. I continue to want to do what I can to help you – you need only let me know if you need me.

You have asked for some information about my company, Green Peak Imaging Solutions. Most of what I do is detailed on our website, www.greenpeakimaging.com. We are an office equipment sales, leasing and service company that has a consistent track record of stellar customer service

and the agility to adapt to a customer's needs quickly and efficiently. Quite simply, we save our customers money and provide them with a predictable solution to deal with what is sometimes an unpredictable problem. This makes local and state government organization finance folks very happy, indeed.

If you know of any company or municipality that has or needs printers, copiers, scanners, faxes, digital senders, or toner/supplies for any of those items, please let me know who I can get in touch with to offer a real opportunity for savings.

You have my gratitude for anything that you can do, but I do not want you to make this a priority. Just let me know if you hear it come up.

Do you need toner at your headquarters? I once stopped in Eric and Joann's office but didn't follow up. One of my customers is in the same building as they are in Tinton Falls.

See you soon,

Denny

Good morning, all.

The woman who is in need of a hot meal on Easter is:

[REDACTED]
[REDACTED]
Freehold, NJ 07728
[REDACTED]

Her regular food needs are covered regularly by Caregiver Volunteers, but she never gets hot meals, so when that program is going, if she could be added that would be great—and she's 96, not 94! God bless her.

If anyone plans on calling her on the phone, please mention that you were referred by Francesca from Caregivers to engender trust. She's (rightfully) distrustful of strangers who call.

Thank you all for your quick and generous responses to this.

I pray for you in gratitude this Holy Thursday.

Sincerely,

Jen.

Good Afternoon,

Along with Assemblyman Houghtaling and Assemblywoman Downey, we are putting together a working group for economic recovery in the 11th Legislative District to make sure as the economy reopens, we are doing it in a coordinated fashion and wherever there are holes, making sure we plug them. This may involve specific regulations and laws for certain industries to help catch them up to where they were prior to the pandemic.

It will be a zoom meeting every few weeks with a few subcommittees we are organizing for different sectors of the economy.

We would be honored if you would consider participating on Council. This invitation is only for you as we are at capacity for the members on the committee.

Please let me know.

Thank you

Vin,

As you may be aware, the borough is in the process of acquiring a building here in Freehold for use as a new borough hall. The premises are currently occupied by the county probation department and apparently contain property belonging to the state in the form of office equipment, desks, chairs, filing systems, computer racks, etc.

The suggestion has been made that the borough seek to acquire these assets preferably by donation from the state.

Are you aware of any state program or policy to achieve this goal and can you connect me with who I should be speaking with?

Thanks,

Steve

Importance: High

Hon. Mayor and Council,

I am providing this information as background to a matter that I'd like to include on the next council agenda.

Onora Health is a senior care residential facility I Ocean Township. They are seeking to expand their services and offer assisted residential services to disabled veterans.

They are seeking funds from the CARES Act to reposition an existing facility to serve disabled Monmouth County veterans.

Apparently there exists a high rate of COVID-19 infections at the nearest residential facility in Menlo Park and they are unable to service new residents.

The principal of the firm is well known to me as a qualified and sincerely concerned individual who will get this job done.

We are being asked to endorse this project and request that the county provide \$300,000 of available CARES Act money to rehab 3 units. In exchange, these units will off preferential access to qualified Freehold Borough Veterans as available and as the need arises.

I think this is an excellent opportunity to assist in fulfilling an important need at essentially no risk to the borough. The opportunity is fleeting as they only have 15 units available.

Please advise me by return email if you can support this initiative and if you have any questions or comments. If indicated, I will have a resolution of support prepared for consideration at the next meeting.

Subject: FW: Veterans Housing

Steve, some background for our call this morning.

Steve,

I wanted to forward the background for our call Thank you, Chris

Subject: Veterans Housing

I am reaching out regarding the creation of a consortium to fund a Monmouth County supportive housing resource for veterans. I was able to confirm with the County, that a request for participation for Cares Act funding for your municipal participation would not require any municipal expenditure prior to funding allocation. At this time, the County would require a resolution requesting the funding for this purpose, with a commitment to advertise availability to Veterans in your community.

Please see below for the eligibility criteria for Veterans to be housed under the program.

Veterans seeking admission must have been a member of the Army, Navy, Air Force, Marines, or Coast Guard. The discharge from the period of active federal service on which the admission is based must have been under conditions other than dishonorable. The Veteran seeking admission must have service-connected disabilities.

The first priority for admission shall be given to Veterans who have no adequate means of support. Within this group, priority shall be based on the severity of supportive care required and the ability to acquire and afford care or residency in the community.

The Veteran must have documentation from a physician that he/she needs supportive care and services.

The Veteran's health condition must be such that ONORA has the resources to care for him or her. The final decision for admission is determined by a healthcare team comprised of the Executive Director, Physician, Director of Nursing, Social Worker and other professionals as needed.

Veterans must require the aid of another person for personal functions such as bathing, feeding, dressing, toileting, or adjusting prosthetic devices; or, need assistance due to mental or physical incapacity; or, have limited eyesight.

The mission of Onora is to restore each Veteran to his or her highest level of well-being. It is also to prevent declines in health and to provide comfort at the end of life.

By securing Cares Act funding we can provide a supportive housing resource not available in the county. We will accept Veterans housing and board stipends in order to have this be truly affordable to the Veteran Community.

I have attached the full outline and proposal for your consideration for 2 or 3 bed preferences in this facility (100,000/bed). If need be, I am happy to give you a tour at any time. This facility has a CO and will be available within 60 days of receipt of funding. It is located on West Park ave. in Ocean Township.

This property has two residential health care licensed buildings, our intent will be to eventually have both occupied by veterans. We have been housing seniors and individuals with needs. We are very proud to announce that we had zero COVID cases at this facility.

The model we are providing allows for Veterans to have a safe and stable homelike facility during a critical time.

Thank you for your time and consideration. Chris

Hi Vin,

Following up on our conversation regrading the freehold borough equality initiative. I finally got home form the hospital this morning around 2 AM.

Attached please find a proposed script if you are able to get Sen. Booker to record something. Obviously, He can edit as he sees fit.

The community conversation is scheduled for Thursday, 2/18 at 7PM.
Thanks for agreeing to speak. I'll send more details and the agenda

later today.

Steve Gallo is inviting you to a scheduled OfficeSuite meeting.

Enclosed please find Director Wojtenko's Memorandum prohibiting respondents from entering into Medical Monitoring Orders when a petitioner is receiving an Accidental Disability Pension ("ADP").

It has been the practice to enter into Medical Monitoring Orders when petitioner is receiving an ADP

which eliminates the employer from making partial total or total disability payments. Based on the

the strict reading of the statute, it was Pensions, not the employer, who was entitled to the offset

unlike Ordinary Disability Pensions where the employer took the offset. However, this method

was both encourage and endorsed by the Division of Workers' Compensation.

This will result in significant increased costs to municipalities who can no longer enter into Medical Monitoring

Orders. The directive takes immediate effect. The judges are no longer permitted to adjourn these matters

pending an ADP decision since the employer no longer has the option of entering into this type of arrangement.

We welcome the opportunity to discuss how to deal with this new reality at your convenience.

Hi, Steve!

I hear through DCA that Freehold has some questions about NPP. I told them I would handle it. Let me know some times that are good for touching base. In the meanwhile, here's a website for a crash course in the NPP program and outcomes:

Good morning, all.

The woman who is in need of a hot meal on Easter is:

Eveylyn Weingard

234 Tulip Ln.

Freehold, NJ 07728

732-780-5318

Her regular food needs are covered regularly by Caregiver Volunteers, but she never gets hot meals, so when that program is going, if she could be added that would be great—and she's 96, not 94! God bless her.

If anyone plans on calling her on the phone, please mention that you were referred by Francesca from Caregivers to engender trust. She's (rightfully) distrustful of strangers who call.

Thank you all for your quick and generous responses to this.

I pray for you in gratitude this Holy Thursday.

Sincerely,

Jen.

Good morning, all.

The woman who is in need of a hot meal on Easter is:

Eveylyn Weingard

234 Tulip Ln.

Freehold, NJ 07728

732-780-5318

Her regular food needs are covered regularly by Caregiver Volunteers, but she never gets hot meals, so when that program is going, if she could be added that would be great—and she's 96, not 94! God bless her.

If anyone plans on calling her on the phone, please mention that you were referred by Francesca from Caregivers to engender trust. She's (rightfully) distrustful of strangers who call.

Thank you all for your quick and generous responses to this.

I pray for you in gratitude this Holy Thursday.

Sincerely,

Jen.

Good morning, all.

The woman who is in need of a hot meal on Easter is:

Eveylyn Weingard

234 Tulip Ln.

Freehold, NJ 07728

732-780-5318

Her regular food needs are covered regularly by Caregiver Volunteers, but she never gets hot meals, so when that program is going, if she could be added that would be great—and she's 96, not 94! God bless her.

If anyone plans on calling her on the phone, please mention that you were referred by Francesca from Caregivers to engender trust. She's (rightfully) distrustful of strangers who call.

Thank you all for your quick and generous responses to this.

I pray for you in gratitude this Holy Thursday.

Sincerely,

Jen.
