2/8/2019 0:00	Andrew Ford	1. The police department's internal affairs index from 2010 to the date of this request. This document is required by New Jersey Attorney General guidelines on internal affairs, which state: "All internal affairs complaints shall be recorded in the index file. Entries should record each case's basic information, including the subject officer, allegations, complainant, date received, investigator assigned, disposition and disposition date for each complaint. A unique case number assigned to each internal affairs complaint will point to the complete investigation file's location and will simplify case tracking." Please note that OPRA mandates "If the custodian of a government record asserts that part of a particular record is exempt from public access pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.) as amended and supplemented, the custodian shall delete or excise from a copy of the record that portion which the custodian asserts is exempt from access and shall promptly permit access to the remainder of the record." If you claim any portion of the above public records are exempt from disclosure under the law, please provide a Vaughn index identifying which records exist, which portion or portions you claim are exempt and the legal provisions you contend apply, and release the remainder of such records, redacting only the portion or portions you claim are exempt.

5/23/2019 0:00	Andrew Ford	1. Vehicular pursuit annual summary reports submitted to the county prosecutor's office since 2009. For background, the New Jersey Attorney General's Police Vehicular Pursuit Policy states: "All law enforcement agencies shall prepare an annual agency Vehicular Pursuit Summary Report for submission to the county prosecutor. The annual report shall be submitted on the Police Vehicular Summary Report Form and shall contain the following information: 1. Total number of pursuits. 2. Number of pursuits resulting in accident, injury, death and arrest. 3. The number and type of vehicles involved in accidents (police, violator, third party). 4. A description of individuals injured or killed (police, violator, third party). 5. The number of violators involved and arrested in pursuit incidents, including passengers. 6. The number of pursuits in which an authorized tire deflation device was used." If you claim any portion of the above public records are exempt from disclosure under the law, please provide a Vaughn index identifying which records exist, which portion or portions you claim are exempt and the legal provisions you contend apply, and release the remainder of such records, redacting only the portion or portions you claim are exempt.

		Please email me a list of the bidders and their contact info. from the last tax lien cert. sale your county held. This was likely in 2018.
		Helpful info: Most Florida counties have either sent me spreadsheets with all names, addresses, phone and email, or they've directed me to their website and talked me through running a report to get that information. Indiana sends all in spreadsheets, no reports on their websites. Illinois has forms to fill out on each of their counties' websites - a freedom of information request form. New Jersey registers all bidders on the city level (567 townships) and the most populated ones have simply sent me the spreadsheets in a matter of minutes, like FL. Kentucky, where I reside, registers all bidders in one list at the state level instead of on the county level.

7/3/2019 0:00	Jacob Faham	Dash camera and/or body cams as well as audio for Patrolman Andrew J Meyer ID #363, vehicle #3323, as well as for Sergeant Milck Badge #307. The incident occurred on Thursday, 6/27/19 at 12:00 PM where Ptl. Andrew Meyer followed our vehicle through the intersection of Clifton Avenue and Rt. 88 after the light turned red for him and rear ended our car as we slowed down due to traffic ahead. The officer apologized for the incident and admitted verbally that it was his fault and made no mention of any wrong doing on our part. The sergeant came down to make a report and was clearly told what happened. Both the officer involved and the sergeant apologized for the accident and said that their insurance would take care of everything. No summonses were issued at the time, nor was anything mentioned about them. 2 days later we received 2 tickets in the mail for failure to observe traffic signal and obstructing traffic. The police report also came in stating that the officer intended to 'turn on his lights' to make a traffic violation stop but 'didn't have a chance' to do it before our vehicle stopped and caused him to hit us. No mention of the officer running the red light himself was mentioned in the report either as was explicitly told to him when asking us to state what happened. We want all of the available footage and sound track to support our case. Ticket numbers are 1514-A-278778 and 1514-A-278779.

12/18/2019 0:00	Andrew Ford	The following request for records is made pursuant to N.J.S.A. 47:1A-1 et. seq. "OPRA" and the common law on behalf of the USA Today Network and the Asbury Park Press, a daily newspaper of general circulation. Please confirm receipt of this request. Please include "Policy OPRA" and the name of your agency in the subject line of all email correspondence. Please ask any questions related to this request by email. 1. A full copy of police department policies and procedures, sometimes called standard operating procedures. 2. Police department policy and procedure, sometimes called standard operating procedures, for internal affairs investigations and officer discipline. 3. Police department policy and procedure, sometimes called standard operating procedures, for extra-duty and off-duty work, and overtime. 4. Police department policy and procedure, sometimes called standard operating procedures, for union activities. 5. Police department policy and procedure, sometimes called standard operating procedures, related to whistleblowers. The request is properly constrained to readily identifiable records. This request requires neither analysis nor the exercise of judgment in identifying responsive records (See Burke v. Brandes, 429 N.J. Super. 169 (App. Div. 2012)). A custodian is obligated to search their files to find identifiable government records (See Donato v. Township of Union, GRC Complaint No. 2005-182 (February 2007)). We ask that you release records as each becomes available for public disclosure. Please do not temporarily withhold one record that has been approved for public disclosure because you require additional time to review others. We ask that these records be provided electronically and sent by e-mail (aford3@gannettnj.com) or through a cloud-based file storage system such as DropBox. An upload link can be provided. We respectfully request that any fees be waived since the records will be used for newsgathering purposes and ultimately released to the public in some form to shed light on the operations of government. If the agency expects to require payment for copies, record location or other elements of the request, please provide a fee estimate before proceeding so that I may weigh the cost and consider my options. If you claim any portion of the above public records are exempt from disclosure under the law, please provide a Vaughn index identifying which records exist, which portion or portions you claim are exempt and the legal provisions you contend apply, and release the remainder of such records, redacting only the portion or portions you claim are exempt.

2/7/2020 0:00	Ephraim Kugelman	I'm requesting the dash cam footage from the car being driven by officer with the ID of 380 on Jan 26, 2020 at around 19:34. The reason why I'm requesting the footage is because I strongly believe the cop pulled me over in error. I was Pulled over at the intersection of Main St and Madison Ave and was driving a white Toyota Sienna plate E49JB1.
2/7/2020 0:00	Eric Yablonsky	Therefore I'm requesting the dash cam footage from a minute prior to me being pulled over (i.e. right before I entered the intersection) and until the time the cop approached my car, additionally if its possible to get the footage from the Camera located at that intersection of the time that I went through I would greatly appreciate it. The building structure plans for 1957 Rutgers University Blvd. Block. 1609 Lot. 23 from 1998 - 1999
2/7/2020 0:00	Chana Skaly	I am requesting records of all environmental issues raised by the DEP for Block 534, Lots 7.01-7.14 (1368 River Ave, Lakewood NJ).
2/7/2020 0:00	Brian Betley	Thank you. I am an attorney representing defendants in a law suit filed by Eder R. Bazan-Hernandez. According to Lakewood Township police report, 18-031439, an accident occurred on May 25, 2018 on Prospect Avenue near Massachusetts Avenue involving Eder Bazan-Hernandez and our client, Aryehleib Zentman. The police report was completed by J. Soriano, Badge #352. We have evidence that Bazan-Hernandez sat in the back of the police cruiser following the accident. Accordingly, we are requesting a CD/DVD/USB copy of officer Soriano's body camera footage and police cruiser footage from the time he arrived at the scene of the accident until he left. The cruiser footage requested should be facing outward and the footage from inside the cruiser.

		Construction records for 1400 Pine Street, Lakewood PROPERTY RECORD CARD AND PROPERTY HISTORY In particular, date of construction of the building, date of drilling of the well, Dates of any plumbing permits for this facility indicating plumbing installation or modifications I am the Licensed Operator of Record for the Non-Transient Non Community Water System at this facility. I am trying to research ages of plumbing components and the well for drinking water compliance. Hoping the construction department can provide some information, new owners don't seem to have much of this information and they need it for NJDEP compliance for their drinking water system. They are aware that I am making this inquiry on their behalf. I've never submitted an OPRA request before, I hope this is allowable, but i'm not well versed in this process. 		Any map that shows, in detail, the boundaries of my property located at 450 Monticello Lane, Lakewood, NJ. The Lot is 15 and the Block is 533.04. I know that a property survey was done on May 17, 2005, and I'm hoping that the Township has a copy of this. I have a copy, but it has been reduced in size and many of the numbers are difficult to read. I'd be grateful for a copy of this, or a plat, or any other map that gives the exact property boundaries that you may have. Thanks very much.
4/28/2020 0:00	Daniel Levin	I'm actually not sure if a map such as I'm requesting falls under common law, but if so, my interest is that: I'm the owner and would like to make an improvement to my property, and don't want to encroach on my neighbor's property.

5/4/2020 9:53	Lauren Eidman	Hi, I'm contacting you today to inquire if your municipality has any new (within the last 4 months) or upcoming ordinances that could possibly be for water/sewer line extensions, curbing or sidewalk repairs, dam repairs, plotting fees, etc.. We are looking for anything that would result in the homeowner eventually being billed a special assessment. Additionally can you please tell me if you've passed any ordinances related to Clean Energy/Renewable Energy/Solar renewable Energy Certificates? Could you please reply to this to either confirm that you do not have anything or please provide the ordinance number and adoption date of anything new you may have. Thank you, Lauren

5/11/2020 0:00	Melissa Taylor	I would like to make a request for a copy of electronic records containing all residential and commercial building and sub/trade (mechanical, electrical, plumbing, HVAC, etc.) permits applied for in Lakewood Township from January 1, 2016 to present. An example of the information I am seeking would include, but is not limited to: permit number, issue date, location, permit type, status and a description of the work done as well as contractor details and valuations. Back in December 2018, your jurisdiction helped to provide me with a PDF Permit Activity Report file containing this permit information. I would appreciate receiving an update for this same type of document with the same fields of descriptive data if it is available. If it is not available, we can accept any format as long as it contains the permit information—excluding that which is scanned or printed. If there are any fees associated with this request for electronic information, please send me a detailed invoice before providing any records. Please let me know if you have any questions, or if there is someone else I can contact for this information. I thank you in advance for your help and look forward to hearing back at your earliest convenience.

6/10/2020 0:00	Diana Hartman	I am requesting information about the maximum occupancy limit for 520 New Egypt Road. Lakewood NJ. The Block number is 251, and the lot number is 16.01. It is a synagogue known as Congregation Lutzk. I need to know this information so that I can determine how many people are allowed there since Governor Murphy is easing restrictions for churches and synagogues, and only a certain percentage of the maximum occupancy will be allowed inside religious buildings to worship. The synagogue has already been hosting many of their congregants for several weeks now. At first it was small groups of about 10 people, but since Sunday I have seen at least 30 people or more go into the synagogue ---particularly between the hours of 9 a.m to 9:30 a.m. while I am outside. Of course, none of them are wearing face masks. They park along the side of the synagogue as well as in their rear parking lot that cannot be seen from New Egypt Road. I guess they are doing this to hide from being seen by the police. Before the coronavirus situation occurred, they usually parked on both sides of New Egypt Road, and always blocked my mailbox, and garbage and recycle bins.
6/10/2020 0:00	Deborah Podolsky	I thank you in advance if you can provide me with this information so that I know what I will be dealing with once the restrictions are eased for religious buildings.

		Hello. My name is David Mazeika, Associate Professor in the Criminology Department at The College of New Jersey. I am requesting a response under the Open Public Records Act (OPRA) N.J.S.A. 47:1A-1 et. seq. "OPRA" and the common law for a copy of: (1) the most recent resume of your municipality's chief of police, (2) the most recent employment application of the chief of police, and (3) the policy on the hiring / selection of the chief of police. I understand given current events that this request may take additional time and that OPRA timelines may need to be relaxed significantly. My apologies if you received this in duplicate. If there is a more appropriate person to contact I would greatly appreciate their information. If you have any questions, please do not hesitate to contact me directly. Thank you in advance, David M. 7/10/2020 0:00	chaaarvy@aim.com	thank you 20 MV A between Hannah Burton and Zalman Rokowsky. The reason for the follow up is that the OPRA responses to my first request included 2 items of interest: (a) a 911 telephone recording immediately reporting the accident independently initiated by witnesses Tzvi Bald; and (b) a recording at the scene of Zelman Rokowsky when Officer Ortiz confirmed that his report would include the witness statement of Bald. But the report did not include any reference to Bald; and only after a Complaint was filed did Ortiz include reference to Bald in a supplemental report. There is also no amendment to Ortiz' conclusion that Rokowsky drove through the stop sign without stopping, despite the witness statement. As such, the supplemental OPRA request is as follows: (1) Please provide any documents, memos, books, tangible objects, papers, photographs, recordings, electronic recordings, electronic communications, list of physical evidence, or any other records in the Township's possession that indicate if any party involved in the MV A drove through the intersection without stopping. (2)Please provide a copy of the Complaint filed against Ortiz by Zelman Rokowsky regarding Ortiz' failure to include the witness statement of Tzvi Bald in the initial report, plus any and all documents, memos, books, tangible objects, papers, recordings, electronic recordings, electronic communications, list of physical evidence, or any other records that relate to the investigation, review and outcome of such Complaint. (3)Please provide a copy of the personnel file of Ortiz, including but not limited to any other complaints filed against Ortiz, plus any and all documents, memos, books, tangible objects, papers, photographs, recordings, electronic recordings, electronic communications, list of physical evidence, or any other records that relate to the investigation, review and outcome of such other complaint(s).

8/4/2020 0:00	Michael Lazar	Hello, I am requesting the most up to date information pertaining to the following types of obligations held in accounts managed by The City. Records may include any and all: - Records concerning credits, overages, or refunds that are due and owing by the city - Typically these may be tax related in nature - Called, matured, and/or currently redeemable bonds issued by the city which may include but is not limited to refunds due back to the depositor pertaining to sheriff bonds, construction bonds, or public works related bonds - Any financial spreadsheet, ledger, or other record of the active cash and cash-convertible sureties and escrow accounts maintained by the City for financial instruments posted or deposited with the City by companies to ensure completion of private-sector residential or commercial construction projects. - Please note that I am only requesting records that have not been refunded to the payee. Do not include any items that would not be able to be recovered or paid out. - Amounts on deposit with the City that are held in trust for recipients whose whereabouts are unknown including instances where payments were attempted but undeliverable. These amounts may pertain to eminent domain, matured government bonds, tax refunds, tax overpayments, real estate foreclosures, restitution payments, proceeds from public sales of lost property, unsuccessful electronic funds transfers, funds held in escrow, or any other securities - Outstanding and refundable credit balances. - Unclaimed, uncashed, undeliverable, staled-dated, voided, overdue and/or outstanding payments or checks/warrants issued by the city - Any responsive documentation from requests submitted by Asset Management Consultants of Virginia, Inc. (AMC). If some of this request is exempt from release, please release the remainder of the record which is allowed. Please provide all requested records that are greater than \$500, are claimable (The obligation to the payee has not been voided by law), The funds have not been turned over to the abandoned property office, and the funds are not in the process of being issued or reissued. Also for any outstanding checks, please only provide those that the payee still has the right to claim and have been outstanding for a period of over 3 months. For each property, please provide issue dates, payee names, addresses, and dollar amounts due. If possible, an excel document would be the desired format to receive data for all available years. If the requested records could not be found or do not exist in your possession, please provide the contact information for the public body from which they may be requested and forward this request to them (For example, if another department issues checks on your behalf.) Also, if other departments may hold this information, please be sure to circulate to ensure complete responses. We would appreciate your prompt attention to this matter and, if possible, request your response within 15 business days of receipt of this letter. We will reimburse for any reasonable costs associated with the provision of these documents. Please notify us should costs exceed \$50. Thank you for your assistance with this matter. If you have any questions concerning the above or need further clarification, please contact me at (404) 264-8545 or Michael.Lazar@MarketSphere.com Sincerely, Michael

8/19/2020 0:00	Andrew Ford	The following request for records is made pursuant to N.J.S.A. 47:1A-1 et. seq. "OPRA" and the common law on behalf of the USA Today Network and the Asbury Park Press, a daily newspaper of general circulation. Please confirm receipt of this request. Please include "Email OPRA" and the name of your agency in the subject line of all email correspondence. 1) Emails sent this year by your town's police department email accounts, including forwarded emails and email threads, which contain the phrase 'http://bit.ly/NJ_copsProPublica' 2) Emails sent this year by your town's police department email accounts, including forwarded emails and email threads, which contain the phrase 'Andrew Ford' Please note that the records in this request are clearly identified and constrained to a specific time period. This request requires neither analysis nor the exercise of judgment in identifying responsive records (See Burke v. Brandes, 429 N.J. Super. 169 (App. Div. 2012)). A custodian is obligated to search their files to find identifiable government records (See Donato v. Township of Union, GRC Complaint No. 2005-182 (February 2007)). The New Jersey Supreme Court ruled in Paff v. Galloway that emails are subject to public access through OPRA. We ask that you release records as each becomes available for public disclosure. Please do not temporarily withhold one record that has been approved for public disclosure because you require additional time to review others. We ask that these records be provided electronically and sent by e-mail (AndrewFordOPRA@gmail.com) or through a cloud-based file storage system such as DropBox. An upload link can be provided. We respectfully request that any fees be waived since the records will be used for newsgathering purposes and ultimately released to the public in some form to shed light on the operations of government. If the agency expects to require payment for copies, record location or other elements of the request, please provide a fee estimate before proceeding so that I may weigh the cost and consider my options. If you claim any portion of the above public records are exempt from disclosure under the law, please provide a Vaughn index identifying which records exist, which portion or portions you claim are exempt and the legal provisions you contend apply, and release the remainder of such records, redacting only the portion or portions you claim are exempt.

"OPRA" and the common law on behalf of the USA Today Network and the Asbury Park Press, a daily newspaper of general circulation. Please confirm receipt of this request. Please include "Hearing OPRA" and the name of your agency in the subject line of all email correspondence. 1. Transcripts and audio recordings of the public disciplinary hearings for police officers held in 2015, 2016, 2017, 2018, and 2019. Please note that the hearing was held in public, thus records of the event do not qualify as confidential personnel records under OPRA. Please note that this request seeks those records under the common law. The fact that the hearing took place in public opens the door to public access to records documenting the hearing. The public's interest in reviewing a publicly held and taxpayer-funded event that addressed police functions with great significance for public safety outweighs any party's interest in obscuring what took place in that public hearing. 2. Written decisions by hearing officers at the conclusion of public disciplinary hearings for police officers held in 2015, 2016, 2017, 2018, and 2019. We ask that you release records as each becomes available for public disclosure. Please do not temporarily withhold one record that has been approved for public disclosure because you require additional time to review others. We ask that these records be provided electronically and sent by e-mail (aford3@gannettnj.com) or through a cloud-based file storage system such as DropBox. An upload link can be provided. We respectfully request that any fees be waived since the records will be used for newsgathering purposes and ultimately released to the public in some form to shed light on the operations of government. If the agency expects to require payment for copies, record location or other elements of the request, please provide a fee estimate before proceeding so that I may weigh the cost and consider my options. If you claim any portion of the above public records are exempt from disclosure under the law, please provide a Vaughn index identifying which records exist, which portion or portions you claim are exempt and the legal provisions you contend apply, and release the remainder of such records, redacting only the portion or portions you claim are exempt.

		An ordinance passed by the township committee on April 6, 2017 sold 20 4th Street to the Lakewood Development Corporation for \$1. On or about February 22, 2018 the Lakewood Development Corporation then sold the same property to Bais Rivka Rochel Inc. for \$1 conditioned on Bais Rivka Rochel Inc. constructing a new 7,800 square foot Community Center at John Patrick Park. That agreement required completion of the new Community Center within 1 year of issuance of CAFRA permit. It further required that if construction of the new community center is not commenced within one year, the property would revert back to the Lakewood Development Corporation unless the time requirement was waived by the Lakewood Development Corporation.
		I would like three specific documents: 1. A copy of the CAFRA permit application submitted by the Lakewood Development Corporation 2.. A copy of the CAFRA permit if already issued 3. A copy of the Lakewood Development Corporation's formal granting of a waiver of the time requirements imposed within the agreement. I'll presume that this took place during a meeting in either February or March of 2019 but it is impossible for me to know.

12/16/2020 0:00	Alexander Napoliello	The following request is made under OPRA and the Common Law right of access: Date Range: 1/1/2019 to 12/31/2019 An accounting of the annual gross pay of sworn officers employed by the municipal police department, broken into categories of regular base pay, overtime, outside jobs and any other compensation. Please provide this information broken down by employee name. Examples of outside jobs include, but are not limited to, traffic details or municipal court security. For your convenience and to expedite this request in a manner to reduce your costs, please provide documents in a machine-readable format such as Microsoft Excel or a .CSV file. If I can be of any assistance, do not hesitate to contact me. I know filling these requests is an often tedious job. I've provided a good faith effort to design this OPRA and common law right of access to records for the clear purpose stated above. I mention this and ask you to extend the same courtesy to me and provide me with responsive records I may have not specifically asked for.

1/13/2021 0:00	Andrew Ford	The following request for records is made pursuant to N.J.S.A. 47:1A-1 et. seq. "OPRA" and the common law on behalf of the USA Today Network and the Asbury Park Press, a daily newspaper of general circulation. Please confirm receipt of this request. Please include "Retirement OPRA" and the name of your agency in the subject line of all email correspondence. 1.Records documenting retirement payments for police officers compensated more than \$100,000 for unused sick and vacation days in 2018, 2019 and 2020. Please include correspondence, resolutions, settlements, and payroll records. We ask that you release records as each becomes available for public disclosure. Please do not temporarily withhold one record that has been approved for public disclosure because you require additional time to review others. We ask that these records be provided electronically and sent by e-mail (aford3@gannettnj.com) or through a cloud-based file storage system such as DropBox. An upload link can be provided. We respectfully request that any fees be waived since the records will be used for newsgathering purposes and ultimately released to the public in some form to shed light on the operations of government. If the agency expects to require payment for copies, record location or other elements of the request, please provide a fee estimate before proceeding so that I may weigh the cost and consider my options. If you claim any portion of the above public records are exempt from disclosure under the law, please provide a Vaughn index identifying which records exist, which portion or portions you claim are exempt and the legal provisions you contend apply, and release the remainder of such records, redacting only the portion or portions you claim are exempt. Thanks for your time and consideration. If you have any questions, please ask them through email only. Sincerely, Andrew Ford USA Today Network – New Jersey @AndrewFordNews

1/13/2021 0:00	Mabel Gao	I am writing to request a record of all responses to calls for service (dispatch responses) from the Lakewood police department for the years 2005 to the present, or as many years as are available. Specifically, I am requesting the following information: Data Observation (Rows): Call for service responses Time Frame: 1/1/2005-Present Data Fields: Dispatch Call ID number, Dispatch code, Call Description, Priority Level of Call, Call Disposition, whether a crime incident report was written (and Crime Incident ID if relevant), Address (with Street, City, Zip), Geographic Coordinates, Police Division, Police Beat, Time of Call, Time of Dispatch, Date of Call I am requesting these records in digital format as csv or excel files transferred via email or some other internet platform transfer, rather than as DVD discs. These records have been released to the public for more recent years through the Lakewood open records portal for your city and police department. Please let me know if there is any way that I can help to clarify or complete the request. I understand that completing this request may require payment to cover administrative or operational costs.

1/14/2021 0:00	Brian McBride	To the Records Custodian: I reside in Washington Township Gloucester County. I submit herein this request for records pursuant to the Open Public Records Act and Common Law Right of Access. I am aware no official form is required. To aid the custodian in the search for responsive records, reports on file with the New Jersey Election Law Enforcement Commission show your public entity has or had a business relationship with Remington and Vernick Engineers (RVE). These records show that your public entity has done or is doing more than \$17,500 worth of business with RVE. Owing to the investigation of RVE by the FBI for pay to play allegations in Ocean County and Washington Township's abuse of use of criminal process to intimidate citizens away from filing OPRA requests concerning RVE, I investigated political donations to Washington Township politicians by RVE and contracts then given to RVE by Washington Township. I found RVE had donated to incumbent politicians in Washington Township seeking reelection and while RVE was under contract to Washington Township. Based on the foregoing, myself and a group of Washington Township residents decided to do our own audit of RVE's invoices to municipalities and other public entities in New Jersey. The intent is to file an evidence based complaint to the Election Law Enforcement Commission and/or Attorney General and/or U.S. Department of Justice, as may be appropriate. Accordingly, I respectfully request, under the Open Public Records Act and/or Common Law Right of Access, the following records: Contracts between your entity and RVE 2013-present Invoices for services provided by RVE, including the name of the RVE employee(s) providing the services 2013-present. Invoices are subject to the immediate access provisions under the Act. Should records responsive be in storage and/or access is limited due to storage or filing issues, an extension of time will be granted to obtain the invoices from storage. I will also grant an extension should the custodian deem it easier to ask RVE to produce to you electronic copies of invoices responsive to this request. A roster of elected officials who have served the entity 2013-present Responsive records may be delivered to my email address.

This covers most of the ASTM requirements for Phase I Environmental Site Assessments. We don't always have the necessary info to narrow this range (until AFTER viewing the building dept/assessor records gain from this request). If this needs to be altered, rather than denying the request, please contact me, and I will see what can be done.

6/16/2021 0:00	John Weller	For property address 77 Williams Street, Lakewood, NJ 08701 (Block 420.01, Lot 20): 1) Copies of any Fire Department response records for fire or environmental hazard at the property (especially any involving underground--USTs--or above ground--ASTs--storage tanks). 2) Copies of Building Department records (all permits and certificates of occupancy) especially any involving the regulation, testing, removal, or remediation of USTs and ASTs. 3) Copies of current and historical Assessor property record cards. 4) Copies of any notices of violation, or other municipal Health Department documents indicating past/current environmental issues at the property. ***Electronic copies (files) via email are preferred if at all possible. If (and only if) a date range must be specified, we typically request records back to 01/01/1900 to present day--or as far back as records are kept if they do not go to 1900. If this would create an undue burden, then only as far back as records may be searched without creating an undue burden. This covers most of the NJDEP/ASTM/EPA standards for phase I environmental site assessments. We don't always have the necessary info to narrow the date range until AFTER we receive the Assessor and Building Department responses being requested. If this needs to be altered, instead of denying the request on these grounds, please contact me by phone or email, and I will see what can be done to accommodate your office's concerns/needs here.

6/29/2021 0:00	David Losson	We write to request documentation of any and all areas within your municipality currently declared an "area in need of redevelopment" or "redevelopment area" (prior to Sept. 6, 2013) or a "condemnation redevelopment area" (after Sept. 6, 2013) pursuant to New Jersey's Local Redevelopment and Housing Law, 40A:12A-1 et seq. Documentation is limited to maps, parcel lists of properties within the areas, the ordinances adopting the determinations approved by the municipality, and any ordinances modifying the original declaration. Electronic copies of the data are preferred. Because the Institute for Justice is a non-profit public interest law firm and research institute that disseminates information to help inform the public's understanding of government activity, I request that these documents be provided free of charge. If you elect to charge a fee, please notify us prior to filling this request and provide a rough estimate of the cost. This request is not for commercial purposes. As provided by the open records law, I will expect your response within seven (7) business days. If you choose to deny this request, please provide a written explanation for the denial, including a reference to the specific statutory exemption(s) upon which you rely. Thank you for your assistance.

8/3/2021 0:00	Barbara E Cohen	I, Barbara Cohen am the owner of the ouse at 115 South Lake Drive. My mother Sylvia Cohen and my father Louis Cohen were the prior owners. At the time they purchased the house, it had an above ground fuel oil storage tank which I can attest to. The above ground storage tank was removed adn replaced by gas. I am in need of documentation that there was an above ground storage tank./RN/RNI was informed that I may be able to obtain documentation from the municipal office that the above ground fuel oil tank existed on the property. Please see below./RN/RNThe house is now heated with gas, however as evidence by abandoned fuel oil lines in the crawlspace and utility room, at one time it was heated by fuel oil. A fuel oil storage tank was located on the property, however no evidence of its existence, whether buried or above ground, or its removal was observed. New Jersey State law requires that abandoned buried fuel tanks be decommissioned (either removal or properly cleaned and filled) in accordance with State requirements. It the tank was decommissioned, the owner's attorney should provide documentaiton of proper decommission to your attorney. If proper documentation cannot be provided, you should be able to obtain it from the local municipal office.

An example of the information I am seeking would include, but is not limited to: permit number, issue date, location, permit type, status and a description of the work done as well as contractor details and valuations. Back in May 2020, your jurisdiction helped to provide my colleague Amber Corlis with a Excel (.xls) report containing this permit information. I would appreciate receiving an update for this same type of document with the same fields of descriptive data, if possible. Please see an attached sample of what was provided by staff previously as a reference. I thank you in advance for your help and look forward to hearing back at your earliest convenience.

		Hi, I'd like to get all information regarding 15 blossom drive, Lakewood NJ 08701. I am in contract to purchase this house and the builder gave me a notice on June 14 that there will be a final C/O in 45 days. However it is already over 100 days and I'm still waiting. We got a temporary C/O and I'm waiting for a final C/O. I was told the engineering report didn't come in yet. I'd like to see if and when is was filed as well as when the final plumbing inspection and paperwork was sent in.

10/29/2021 0:00	Lorrie Reynolds	I am looking for the Township rates on Towing and storage of a motor vehicle. I read Ord. 2011-23, however, no rates were listed. I am a investigator with Plymouth Rock Assurance. We have received Tow and storage bill form Perfect Collision who is located in Brooklyn NY. However, they apparently scan police scanners and have tow trucks show up a MV accidents. They have the vehicles tow to a lot located at 2139 US9 Toms River NJ. In this case I am investigating a MV accident in which Mosheys did the tow, however, the bill received is from Perfect Collision 718-337-2000. The document provided has no invoice, lic# or address. They are charging 255.00 for tow, 250.00 Admin fee, 79.99 a day for storage, 275.00 Yard fee, Tow out 100.00 plus some additional charges. We feel these charges exceed the ordinance. Can you please send the appropriate rates for Lakewood.
