06/13/2024	2024-307		81 S Van Brunt St ST	Ladder 2 was requested to respond to Englewood Fire HQ for a stand by during a 2 alarm fire. Ladder 2 stood by with Palisades Park and Ridgefield Engine Companies. Units responded to an inside odor of burning a 20 W Hudson Ave, the Walgreens. Members investigated and determined the incident to be unfounded.	HQ - Station HQ	MutualAid
06/13/2024	2024-308		48 Berwyn PL	The Fire Department was dispatched to an inside odor of something burning. Units arrived on scene and found the homeowner standing outside saying he smelled and saw smoke coming from the kitchen island. Units went inside to investigate and found smoke coming from near the island. Units attempted to secure an outlet in the island but still found smoke in the area with an odor of electrical burning. A fan was set up at the front door to vent the odor. The island outlet was isolated at the breaker and showed no signs of fire. A Sawzall was used to cut a hole in the island cabinet to check underneath with permission from the homeowner. The odor was noticed again by units and the fridge in the kitchen was removed from the wall and smoke and fire was found coming from the electrical wires from the compressor. The fridge was unplugged, and a water can was used to douse the flame. No signs of extension were found near the fridge. The water line was secured, and the homeowner advised to not plug in the fridge and to have it replaced.	03 - Station 03	Alert
06/14/2024	2024-309		62 Surrey LN	Fire department dispatched to 62 Surrey Ln for activated alarms. On arrival, homeowner met FD units outside and stated alarm set off due to preheating the oven. No need for ventilation. No hazards found. FD cleared scene.	HQ - Station HQ	Prospect
06/14/2024	2024-310		131 Hudson AVE	The Bergenfield Fire Department was requested to send a ladder truck to Tenaflly to stand by at their fire headquarters. 740 and Ladder 1 responded. After standing by for about 10 minutes, Ladder 1 was sent to the scene. Initially, the crew stood by as a FAST team and deployed ground ladders. The crew was then sent to work on the second floor opening up walls and ceilings in the bedrooms. Once that was completed, the crew was deployed to the A/B corner to open up the soffit to check for extension. Once that task was completed, the crew was released.	01 - Station 01	MutualAid

This report is limited to 500 pages. Incidents with more than one narrative will appear on multiple pages. Only REVIEWED incidents included.

Incident Date	Incident #	Dispatch Run Number	Address	Narrative	Station	Zone
06/15/2024	2024-311		95 Thames	THE FIRE DEPARTMENT WAS DISPATCHED TO AN ACTIVATED CO ALARM. UNITS ARRIVED ON SCENE TO FIND THE RESIDENTS AT THE DOOR SAYING THE ALARM SOUNDED AND SHUT OFF AFTER 30 SECONDS. THE HOUSE WAS CHECKED AND THE NEGATIVE READING OF GAS OR CO. Tow truck company responded in to remove vehicle. FD used absorbent to contain oil leak. FD cleared scene.	HQ - Station HQ	Co2
06/18/2024	2024-313		30 Columbia AVE	Fire department dispatched to 30 Columbia Ave for activated alarms. On arrival, units checked the property throughout and found no hazards. Business manager stated employees were running machinery inside one of the warehouses. Alarm would not reset. NTC issued. FP to follow up. FD cleared scene.	HQ - Station HQ	Co2
06/18/2024	2024-314		50 S First ST	The Bergenfield Fire Department was dispatched to the rear of 50 S First Street for smoke coming from a dumpster. Upon arrival a small fire was found in the dumpster. The booster line was deployed and used for extinguishment. The contents were flooded and overhauled. Once the fire was extinguished units cleared the scene.	01 - Station 01	Co2
06/18/2024	2024-315		118 Dudley DR	End of life detector as per crew supervisor G. Polandick	03 - Station 03	Prospect
06/19/2024	2024-316		180 Main ST	upon arrival, NG measurements were taken with no results in the area of Jago and Main. Resident met with FD on the street to ask if we could also check the 2nd floor of 180 E. Main street. No readings were recorded inside the residence. PSEG released FD.	02 - Station 02	Co2
06/19/2024	2024-317		97 New Bridge RD	Upon arrival, an average smoke condition could be observed coming out of the laundromat facility. The smoldering fire was contained to 1 dryer. Smoke was thick, smoldering content was removed, fire was put out using a water can. Building was subsequently ventilated thoroughly. Culprit was identified as kitchen grease imbibed rags washed improperly that ignited once put in the dryer. Fire operations were terminated.	02 - Station 02	Prospect
06/20/2024	2024-318		1 N Washington AVE	Upon arrival, location of the alarm was determined and investigated. A ceiling detector inside the far bathroom in the adjacent boiler/server room was found to be malfunctioning. It was taken off, dusted and reset. The alarm panel was subsequently reset and held. Obvious water damage on the ceiling tiles may be the source of this trouble.	02 - Station 02	Co2
06/21/2024	2024-319		88 Vivyen ST	BFD WAS DISPATCHED TO 88 N VIVYEN ST FOR A SMOKE CONDITION IN THE HOME. 740 ARRIVED ON THE SCENE AND FOUND SMOKE SHOWING FROM THE GARAGE THEN TRANSMITTED THE WORKING FIRE. ENGINE 1 ARRIVED ON THE SCENE AND LAYED 2 3" SUPPLY LINES FROM THE HYDRANT TO THE SCENE THEN STRETCHED ONE 1.75 HANDLINE TO THE FRONT OF THE HOUSE. THE CREW FROM ENGINE 3 FORCED ENTRY INTO THE GARAGE AND THEN THE FIRE WAS EXTINGUISHED BY THE CREW OF ENGINE 1. THE GARAGE WAS OVERHAULED AND CHECKED FOR FIRE EXTENSION. SOME EXTENTION WAS FOUND AND WAS EXTINGUISHED.	03 - Station 03	Alert
06/21/2024	2024-320		178 Howard DR	Upon arrival on scene, an investigation took place of 178E as well as the basement below. The flood affected the entire apartment with its basement (2 to 3" of water in the basement). this adversely triggered 2 detectors that were removed temporarily while clean up took place. The superintendent was informed that the detectors had to be mounted back in their docks as soon as the flooding had stopped.	02 - Station 02	Prospect

This report is limited to 500 pages. Incidents with more than one narrative will appear on multiple pages. Only REVIEWED incidents included.

Incident Date	Incident #	Dispatch Run Number	Address	Narrative	Station	Zone
06/21/2024	2024-321		63 Terrace ST	The Bergenfield Fire Department was dispatched to an activated fire alarm at 63 Terrace St. Upon arrival it was determined the cause of the activation was high heat in the attic setting off the heat detector. The alarm was removed, and the resident was advised of the situation. The resident was also advised to replace the detector because it was 20 years old.	01 - Station 01	Prospect
06/22/2024	2024-322		15 W Main ST	Alarm set off due to Malfunction	02 - Station 02	Alert
06/23/2024	2024-323		90 New Bridge	PROSPECT FIRE COMPANY WAS DISPATCHED TO 90 NEW BRIDGE RD FOR AN ACTIVATED FIRE ALARM. E1 ARRIVED AND FOUND NO ALARM RINGING. THE MANAGER WAS ON THE SCENE AND HE STATED THAT HE SILENCED THE ALARM. THE ACTIVATED HEAD WAS NEVER FOUND AND THE SYSTEM DID NOT RESET.
