@0031 Responded to 233 Paulison Ave. On arrival Battalion-1 established command and conducted an investigation. Found a small rubbish fire that extended to the exterior front side of a detached garage. Engine-1 stretched a 1 1/2" line and extinguished all fire. Ladder-1 performed overhaul of the siding and interior wall of the garage. After extinguishment firework boxes and wrappers could be seen in the materials that were on fire. The owner Mr. Satish Rana, was on the scene and lives in the house. He stated that they were lighting fireworks earlier in the evening and when they cleaned up they put the discharged firework boxes in a plastic trash can next to the garage. It was apparent that the smoldering fireworks boxes were the cause for the materials in the can to ignite and extend to the garage. The power to the garage was shut off at the basement breaker. Passaic Police were on the scene to make a damage report. No further fire department action needed. Command terminated 0055.
