APPENDIX A
AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disability

D

The contractor and the Cranford Board of Education (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. S121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers

provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

EXHIBIT B (Cont)

- (4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
- (5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
- (6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
 - (i) The contractor or subcontractor shall interview the referred minority or women worker.
 - (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.
 - (iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.
 - (iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.
- (7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

NJSDA TOTAL AMOUNT OF UNCOMPLETED CONTRACTS

I certify that the Firm's total amount of uncompleted construction work (defined as the total contract value of unbilled work - including public and private) as of the bid due date is \$ 23,651,726.99

A firm may **exclude** from "uncompleted construction work" the following:

- "Non-at-Risk" construction management services (also known as "fee only" construction management services) where the firm is acting strictly as an agent for the owner.
- On any project where the firm was awarded a single prime contract which encompasses work to be performed by a subcontractor in a principal trade defined as plumbing and gas fitting; steam and hot water heating and ventilation; electrical; or structural steel and ornamental iron work, the firm may calculate the value of the awarded contract by deducting eighty-five percent (85%) of the actual subcontract price of the work to be performed by principal trade(s) from the actual price of the contract awarded to it. The firm will have the burden of proving that the work is encompassed by the principal trades and the value of the amount of work performed by those principal trades.

I further certify that the amount of this bid proposal, including the amount listed above does not exceed my New Jersey Schools Development Authority, Aggregate Rating limit.

DELRIC CONSTRUCTION CO., INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

Note 1 - Summary of Significant Accounting Policies -

Nature of Operations - The Company is a general contractor for commercial building and rehabilitation for public and private contracts in New Jersey and New York.

Accounts Receivable - The Company carries its accounts receivable at cost. The accounts receivable are with public agencies or a general contractor on a public contract with no allowance for credit losses. On a periodic basis, the Company evaluates its accounts receivable and, if necessary, establishes an allowance for credit losses. At June 30, the Company had no allowance for credit losses in 2024 and 2023. At June 30, the Company had an account receivable from the Internal Revenue Service for the Employee Retention Tax Credit (ERTC) of \$1,029,343 in 2024 and \$1,029,345 in 2023.

Property and Equipment - Property and equipment are carried at cost. Depreciation is computed using the straight line and accelerated methods based on the estimated useful lives of the assets. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense, as incurred. For the six months ended June 30, depreciation expense was \$129,686 in 2024 and \$99,294 in 2023.

Revenue Recognition - The Company recognizes construction contract revenue (FASB ASC 606) over time for financial reporting purposes. Progress towards the completion of contracts is determined by the percentage of cost incurred to date to estimated total costs for each contract because management considers total cost to be the best available measure of progress on contracts. Changes in job performance, job conditions, and estimated profitability, including those arising from contract penalty and bonus provisions, and final contract settlements may result in revisions to costs and income and are recognized in the period in which the revisions are determined. Because of uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change significantly within the near term. Management included change orders in the contract amount on the DSNY – SI 3 Garage job, since they are probable. As of the report date, there were change orders of \$11,882,186 that were approved and registered, and \$3,711,101 that were approved and are pending registration.

Contract Assets and Liabilities - Billing practices on construction contracts are governed by the contract terms for each project; construction contracts typically call for periodic billings based upon estimated progress towards completion. Construction contracts may also base billings on costs incurred, achievement of milestones or pre-agreed schedules related to the passage of time. Billings on construction contracts do not typically correlate with revenue recognized using the cost-to-cost input method of recognition over time. This lack of correlation results in contract assets and liabilities.

Contract Assets - Revenues earned in excess of billings on uncompleted contracts - Contract assets are revenues earned in excess of billings on uncompleted contracts, representing revenues recognized in excess of amounts billed on incomplete construction contracts. Revenues earned in excess of billings on uncompleted contracts are considered contract assets only when the right to payment is not unconditional. Once the Company has an unconditional right to consideration under a contract, the amount of consideration unconditionally due is reclassified to accounts receivable.

DELRIC CONSTRUCTION CO., INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

Note 1 - (continued)

Contract Liabilities - Billings in excess of revenues earned on uncompleted contracts - Contract liabilities are billings in excess of revenues earned on uncompleted contracts. This represents billings in excess of revenues recognized on incomplete construction contracts.

Contract Liabilities - Allowance for anticipated losses on contracts - Contract cost liabilities are accrued estimated losses on uncompleted contracts which represent the accrued provision for estimated losses on contracts as of the report date.

The beginning of the period contract balances, as of January 1, 2024 and 2023 were as follows:

	<u>1-1-24</u>	<u>1-1-23</u>
Accounts receivable	\$ 7,791,740	\$ 6,675,666
Retainage receivable	\$ 6,844,336	\$ 4,837,865
Revenues earned in excess of billings on uncompleted contracts	\$ 2,996,535	\$ 3,396,682
Billings in excess of revenues earned on uncompleted contracts	\$ 4,599,849	\$ 3,001,669
Allowance for anticipated losses on contracts	\$ 3,479,360	\$ 2,618,200

Advertising - All advertising costs are expensed in the period they are incurred. For the six months ended June 30, advertising expense was \$2,400 in 2024 and \$3,190 in 2023.

Income Taxes - The Company has elected to be taxed under the provisions of Sub-Chapter S of the Internal Revenue Code. Under those provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual federal and state income taxes on the Company's taxable income. The Company is subject to the rules of Code Section 460. This requires the Company to account for contracts on a percentage-of-completion method for tax purposes. The Company has elected to be taxed as an S-Corporation for the New York State and New Jersey State Income Tax. For the years ended December 31, 2024 and 2023, the Company elected to be taxed under the New Jersey Business Alternative Income Tax. This elective entity level tax establishes a pass-through business alternative income tax and allows a refundable gross income tax credit for the stockholder of the corporation earning income in that taxable year. For the six months ended June 30, the New Jersey business alternative income tax was none in 2024 and none in 2023. For the years ended December 31, 2024 and 2023, the Company elected to be taxed under the New York Pass-Through Entity Tax. This elective entity level tax establishes a pass-through entity tax and allows a refundable gross income tax credit for the stockholder of the corporation earning income in that taxable year. For the six months ended June 30, the New York pass-through entity tax was none in 2024 and none in 2023.

DELRIC CONSTRUCTION CO., INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

Note 1 - (continued)

The Company evaluates its uncertain tax positions and accordingly, a loss contingency is recognized when it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimate and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax position or for all uncertain tax positions in the aggregate could differ from the amount recognized. As of June 30, 2024, the Company recognized no liability on uncertain tax positions.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness. Appropriate adjustments, if any, to the estimates used are made prospectively based upon such periodic evaluation. It is reasonably possible that changes may occur in the near term that would affect management's estimates with respect to the percentage of completion method, allowance for credit losses and accrued expenses. Revisions in estimated contract profits are made in the year in which circumstances requiring the revision become known.

Concentrations of Credit Risk - The Company maintains its cash balances at several financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At June 30, 2024, the Company's uninsured cash balances totaled \$2,157,441.

Fair Value - The Company has a number of financial instruments, none of which are held for trading purposes. The Company estimates that the fair value of all financial instruments at June 30, 2024, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The estimated fair value amounts have been determined by the Company using available market information and appropriate valuation methodologies. Marketable equity securities are valued at quoted prices in active markets for identical assets (Level I). Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

Note 2 - Investments - For the six months ended June 30, 2023, the Company incurred investment expenses of \$1,650 which is reflected in investment income on the statement of income, comprehensive income and stockholder's equity. Cost and fair value of the investments at June 30, 2023 are as follows:

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

- Note 6 - Line of Credit - The Company has an \$8,400,000 unsecured revolving line of credit with Columbia Bank, under which \$1,400,000 was outstanding as of June 30, 2024 and none was outstanding as of June 30, 2023. The line of credit is due to expire November 2024. The rate is at the bank's prime rate.
- Note 7 - Defined Contribution Profit Sharing Plan - The Company sponsors a defined contribution profit sharing plan covering all eligible non-union employees. Contributions determined by management are up to 25% of each covered employee's salary. For the six months ended June 30, the Company had no expense for contributions in 2024 and 2023.
- Note 8 - Operating Leases - The Company leases office and yard space with related parties. The Company elected Accounting Standards Update (ASU) 2023-01 retrospectively to account for a common control leasing arrangement using the written terms and conditions without having to determine if those terms and conditions are legally enforceable. The Company is no longer required to record the related party leases on the balance sheet. The amendments also require leasehold improvements associated with leases between entities under common control to be amortized over the useful life of the improvements until the lessee ceases to control the use of the underlying asset through a lease, at which time the remaining value of the leasehold improvements would be accounted for as a transfer between entities under common control. The unamortized balance of leasehold improvements at June 30, 2024 was \$11,717 with a useful life of 20 years ending in 2030.

The lease expense was \$62,253 for the six months ended June 30, 2024. Future minimum rental payments under the leases at June 30, 2024 are as follows:

<u>Year ended June 30,</u>	<u>Amount</u>
2025	\$ 88,260
2026	88,260
2027	44,130
	<u>\$ 220,650</u>

In addition, the Company incurs common area maintenance charges of approximately \$3,000 per month.

- Note 9 - Backlog - The following schedule shows a reconciliation of backlog representing signed contracts in existence at June 30, 2024 and 2023:

Balance - end of period	<u>\$ 52,733,562</u>	<u>\$ 86,016,880</u>

Between July 1, 2024 and October 2, 2024, the Company entered into no additional construction contracts.

DELRIC CONSTRUCTION CO., INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

- Note 10 - Cash flow information - The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents. Cash paid for interest and income taxes for the six months June 30, 2024 and 2023 was as follows:

	<u>2024</u>	<u>2023</u>
Interest	\$ 7,939	\$ 11,821
Income taxes	\$ 14,600	\$ 627,665

- Note 11 - Transactions with related parties - For the six months ended June 30, the Company incurred rent expense of \$47,253 in 2024 and \$47,273 in 2023 to Della Cerra and Ricciardi, L.L.C. The stockholder of the Company is a 51% owner and managing member of Della Cerra and Ricciardi, L.L.C. For the six months ended June 30, the Company incurred rent expense of \$15,000 in 2024 and \$15,000 in 2023 to 865 Belmont Storage, L.L.C. The member of 865 Belmont Storage, L.L.C. is the stockholder of the Company.
- Note 12 - Leasing Arrangement under ASU 2018-17 - The Company has adopted ASU 2018-17 which does not require consolidation with Della Cerra and Ricciardi, L.L.C or 865 Belmont Storage, L.L.C.
- Note 13 - Litigation - In September 2016, the steel subcontractor on the Staten Island Court House contract filed suit against the Company for \$423,579 plus a request for equitable adjustment for \$1,000,000, which was later revised to \$3,162,974. In June 2023, a Referee report and recommendation was issued with a judgment amount of \$2,125,631 including interest. In November 2023, the plaintiff and Company settled for \$1,400,000.
- Note 14 - Multi-employer Pension plans - The Company's labor force is covered by collective bargaining agreements and contributes to various multi-employer pension plans on behalf of its union employees. Contributions to these various plans for the six months ended June 30, 2024 were \$1,324,593. Under the Employee Retirement Income Security Act of 1974, a contributor to a multi-employer plan is liable, upon termination or withdrawal from a plan, for its proportionate share of a plan's unfunded vested liability. The Company currently has no intention of withdrawing from any of the multi-employer pension plans in which it participates. The Financial Accounting Standards Board issued an amendment to the Accounting Standards Codification Section 715-80, increasing the disclosures required by the Company participating in multi-employer plans that offer pension benefits, including the funding status on each plan. The Company has not provided these disclosures.
- Note 15 - Contingency - For the six months ended June 30, 2024, the Company reported a net loss of \$3,534,708 due to losses on the IS 93 and PS 96 contracts, reducing the stockholder's equity to \$2,376,233. In June 2024, the New York School Construction Authority added supplemental staffing to advance the project on PS 96. Management included \$1,150,000 in cost to complete on PS 96 for the supplemental staffing. As of the report date, there has been no amount or documentation of the credit for the additional labor from the New York School Construction Authority. Any amount over the \$1,150,000 would increase the loss on PS 96. Management is expecting to file claims on PS 96, IS 93 and on DSNY - SI 3 Garage.
- Note 16 - Subsequent Events - The Company has evaluated subsequent events through October 2, 2024, which is the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure in the financial statements were identified by management.

NJSDA TOTAL AMOUNT OF UNCOMPLETED CONTRACTS

I certify that the Firm's total amount of uncompleted construction work (defined as the total contract value of unbilled work - including public and private) as of the bid due date is \$1,500,000

A firm may exclude from "uncompleted construction work" the following:

- "Non-at-Risk" construction management services (also known as "fee only" construction management services) where the firm is acting strictly as an agent for the owner.
- On any project where the firm was awarded a single prime contract which encompasses work to be performed by a subcontractor in a principal trade defined as plumbing and gas fitting; steam and hot water heating and ventilation; electrical; or structural steel and ornamental iron work, the firm may calculate the value of the awarded contract by deducting eighty-five percent (85%) of the actual subcontract price of the work to be performed by principal trade(s) from the actual price of the contract awarded to it. The firm will have the burden of proving that the work is encompassed by the principal trades and the value of the amount of work performed by those principal trades.

I further certify that the amount of this bid proposal, including the amount listed above does not exceed my New Jersey Schools Development Authority, Aggregate Rating limit.

NJSDA TOTAL AMOUNT OF UNCOMPLETED CONTRACTS

I certify that the Firm's total amount of uncompleted construction work (defined as the total contract value of unbilled work - including public and private) as of the bid due date is \$ 7,817,848.00

A firm may **exclude** from "uncompleted construction work" the following:

- "Non-at-Risk" construction management services (also known as "fee only" construction management services) where the firm is acting strictly as an agent for the owner.
- On any project where the firm was awarded a single prime contract which encompasses work to be performed by a subcontractor in a principal trade defined as plumbing and gas fitting; steam and hot water heating and ventilation; electrical; or structural steel and ornamental iron work, the firm may calculate the value of the awarded contract by deducting eighty-five percent (85%) of the actual subcontract price of the work to be performed by principal trade(s) from the actual price of the contract awarded to it. The firm will have the burden of proving that the work is encompassed by the principal trades and the value of the amount of work performed by those principal trades.

I further certify that the amount of this bid proposal, including the amount listed above does not exceed my New Jersey Schools Development Authority, Aggregate Rating limit.

Respectfully submitted,

NJSDA TOTAL AMOUNT OF UNCOMPLETED CONTRACTS

I certify that the Firm's total amount of uncompleted construction work (defined as the total contract value of unbilled work - including public and private) as of the bid due date is \$ 1,800,000.00

A firm may exclude from "uncompleted construction work" the following:

- "Non-at-Risk" construction management services (also known as "fee only" construction management services) where the firm is acting strictly as an agent for the owner.
- On any project where the firm was awarded a single prime contract which encompasses work to be performed by a subcontractor in a principal trade defined as plumbing and gas fitting; steam and hot water heating and ventilation; electrical; or structural steel and ornamental iron work, the firm may calculate the value of the awarded contract by deducting eighty-five percent (85%) of the actual subcontract price of the work to be performed by principal trade(s) from the actual price of the contract awarded to it. The firm will have the burden of proving that the work is encompassed by the principal trades and the value of the amount of work performed by those principal trades.

I further certify that the amount of this bid proposal, including the amount listed above does not exceed my New Jersey Schools Development Authority, Aggregate Rating limit.
