Re: Open Public Records Act/Common Law Request

Dear Mr. Nadler:

The Ridgefield Public Schools ("District") records custodian received your Open Public Records Act ("OPRA") and common law request ("Request") on April 30, 2026. On May 11, 2026, the District obtained an extension of the response deadline until June 1, 2026. As such, the District is timely responding to your Request in accordance with New Jersey law.

Your Request seeks the following:

Copy of Andrew Borek any emails [sic], cellphone calls records and text message from Andrew Borek to any [B]oard of Education member between March 26.2026 an April 23.2026.

Please be advised that your Request is legally deficient pursuant to N.J.S.A. 47:1A-5(g) (providing that a records custodian shall not be required to search for responsive communications if the request fails to identify the specific accounts, a specific subject matter, and a reasonable time period for the search). Here, you failed to provide a specific subject matter for the communications that you are purportedly seeking. As such, the District is not legally obligated to search and/or produce any potentially responsive records based upon the parameters of your Request.

To the extent that you are seeking these communications pursuant to the common law right of access, your Request is similarly deficient for the reason stated above.

Your Request is now deemed answered and closed.

Very truly yours,

Kelvin Hiciano, MBA, MPA
Business Administrator/Board Secretary
