Subject: RE: OPRA #271

Definition of Residential structures. Residential structures means houses, apartments, or other structures intended for human habitation, including institutional structures where persons reside, which are accessible to children under seven years of age, such as day care centers, intermediate and extended care facilities, and certain community facilities.

Sue, with regards to Residential Structures without a current city certificate of occupancy. We process CCO's based on a seller's responsibility/new home owner to come in and apply for one prior to their closing ("transfer of ownership"). We are not held accountable for anyone who does not apply nor do we have knowledge of any sales that take place that would allow us to determine who does not have one.

Vacant Property List to follow.
