Re: Block 7807 Lot 9

Please be advised that ☒I/we Rhamy Emara, owner of Block 7807 Lot 9 understand that the well which will be used in the future for non-domestic needs (i.e. irrigation) will be maintained in a condition so as not to present a public hazard or hazard to subsurface waters.

Further, ☒I/we acknowledge all responsibility for compliance with applicable State regulations (i.e. abandonment) and all liability for accidents or other adverse situations as a result of the continued presence of the well.

Finally, should ☒I/we choose to sell/transfer ownership of the property, ☒I/we will be required to inform the purchaser and have them contact the Health Department.

Subject: blk 7807 lot 9 irrigation well waiver
Attachments: Form B - Wells.doc

Hi Monika:

We understand a plumbing permit was issued in 2014 for water connection for 44 Sweetmans. You have advised you have not sealed the well with a Licensed Well Driller to date.

Please sign the attached irrigation well waiver to keep it and return it so I can issue the CCO.

Thank you,

Dana L. Scotto
