Narrative			
On 1/13/19 at approximately 2253 hours I was dispatched to the area of Rt. 130 northbound and Royal Ave. for a possible intoxicated driver. Police dispatch advised that the caller called 911 and advised that a white vehicle was all over the roadway. While en route, two additional calls came into 911 in reference to the vehicle. The caller was able to provide a NJ registration of D15EPW. The vehicle came back to a 2002 white Chevrolet Malibu from Ewing, NJ. While on Rt. 130 SB approaching Terrace Ave. I observed a white vehicle traveling on Rt. 130 NB and there were several cars behind it with their "four ways" activated. As the vehicle passed I observed that it was the Chevrolet Malibu in question. I activated my overhead lights at Rt. 130 and Maple Ave.. The vehicle turned onto Maple Ave. and continued on Maple Ave.. The vehicle began to pull over into a parking spot however he realize he

was not going to be able to park it and stopped in the roadway with the rear of the vehicle sticking out into the lane of travel.

I approached the vehicle on the drivers side and began speaking to the driver, later identified as William Craft 3rd, through an open drivers window. Upon reaching the open window, I immediately detected the odor of an alcoholic beverage emanating from the vehicles interior. The vehicle was occupied by only Craft. Upon reaching the window Craft blurted out "I'm just trying to get home." I asked where he was trying to go to and he said "Ewing". Craft believed that he was on I 95 in Pennsylvania and was unable to get home. I asked Craft where he was coming from and he stated Gloucester City, NJ. I asked why he thought he was in Pennsylvania and he stated "Cause I went over a bridge." While conversing with Craft, I observed that his eyes were bloodshot and watery and that his eyelids were droopy. As Craft spoke, I detected a strong odor of an alcoholic beverage emanating from his breath. I also noticed his speech was slow and slurred. I had Craft exit the vehicle for the purpose of conducting some field sobriety tests and he complied. I asked Craft if he had any physical ailments or any medical issues and he stated no. I had Craft remove his glasses for the purpose of conducting the HGN test.

I directed Craft to a portion of a nearby sidewalk that was level, well lit and free of debris. While walking towards the area Craft had an extremely hard time standing on his own power. Several times myself and assisting officers had to grab Craft so that he did not fall and injure himself. I then explained and demonstrated each test to Craft. After receiving confirmation from him that he understood each test, I had him perform the test. I performed HGN on Craft and observed six out of six clues. During the instructional phase of the walk and turn test, Craft was unable to stand as instructed and he lost his balance. Craft began saying how this is a trick and that it is not possible to do even though I was standing in the beginning start position. Craft attempted to go back into the starting position several times however he could not. Craft gave up and stated "You got me." I terminated the walk and turn test at this point. During the one leg stand test Craft attempted to raise his right leg however he almost immediately put it back down. Craft was nearly falling down during the test so I terminated the test for his safety. Craft was advised that he was under arrest and advised of his rights. I placed him into handcuffs and searched him. Prior to placing Craft into the rear of the unit, the rear compartment was searched. Craft was seatbelted and transported to police headquarters.

Assisting units spoke with one of the 911 callers, later identified as Frank Reynaga, and advised Reynaga stated the vehicle was traveling on Rt. 130 NB and at Royal Ave. (in front of Metro self storage) and "Spun out" (the car went into a spin). Craft corrected the vehicle and began traveling on Rt. 130 NB again. At Rt. 130 and Drexel Ave. the vehicle again spun out and this time into part of the SB lanes. Once again Craft corrected the vehicle and attempted to take off at a high rate of speed spinning tires. Police arrived on location at the next intersection (Rt. 130 and Terrace Ave.).

Once at headquarters, I secured my duty weapon, taser, portable radio and all electronic devices. Prior to giving Craft the breath test (Alcotest), I continually observed him for twenty uninterrupted minutes. During this time, he did not belch, vomit or place anything in his mouth. Craft was read the motor vehicle standard statement form and he agreed to provide breath samples. Craft was then given the breath test (Alcotest 7110 MKIII-C) which yielded a result of .21% BAC. During the breath test, the mouthpiece was changed after each breath Craft provided. Craft was photographed for identification purposes. Craft was issued traffic summonses and given a copy of the alcohol influence report.

Craft was read the motor vehicle standard statement form and he agreed to provide breath samples. Craft was then given the breath test (Alcotest 7110 MKIII-C) which yielded a result of .21% BAC. During the breath test, the mouthpiece was changed after each breath Craft provided. Craft was photographed for identification purposes. Craft was issued traffic summonses and given a copy of the alcohol influence report.

Narrative			
I responded to 7999 Route 130 (Ivy Stone) to speak to the complainant in reference to someone who assaulted her today. Upon arrival, I spoke with caller [REDACTED] who stated that earlier this evening, a male who also resides at Ivy Stone punched her in the arm three times. [REDACTED] stated the male has been harassing her for the last week and keeps calling her a "Cunt" in front of her friends. [REDACTED] stated the males name is Mike and he lives in the assisted living area of the complex. I was able to speak with the other individual (Michael Szoctak) who stated that [REDACTED] rear ended his walker with her walker. Michael advised he pushed [REDACTED] away from him after the collision, Michael stated he did not punch her. [REDACTED] and Michael were advised to separate go there separate ways. Michael and [REDACTED] were provided with case numbers and advised of the complaint procedure. Ivy Stone staff was advised of the incident.

Narrative			
Responded to 6562 Walnut Ave. for a report of a disturbance between a mother and her son that was on location. Upon arrival contact was made with [REDACTED] who advised that she was afraid her son Robert Cochran was going to hurt her. Officers spoke with Robert in his bedroom and he stated everything was fine and that he was just watching television. A warrant check on Robert was negative at this time. [REDACTED] decided to leave the residence for the evening to avoid future problems. There was no problem on location.
