**Re: Review and Approval: Revised Plans dated
Block 10, Lot 5.02, Washington Township**

Gentlemen:

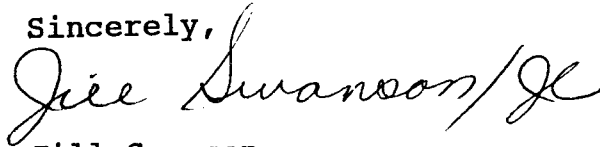

Your application for an individual subsurface sewage disposal system has been approved with the following conditions:

1. A copy of this letter should be forwarded to your construction contractor and sewage disposal system installer prior to installation of the system.
2. The house and septic system shall be located and staked by a licensed surveyor/professional engineer prior to installation to assure proper placement and elevations as presented on the approved plans.
3. The design engineer shall be notified at the start of construction. Field measurements must be made for the required as-built design.
4. Select filler material shall be stockpiled on site prior to system construction to facilitate examination by the design engineer and Health Department.
5. Certification of the select fill and certification of compaction of the select fill shall be provided by the engineer. Perc tests conducted in the select fill shall be witnessed by the Health Department.
6. Health Department inspections must be requested a minimum of 48 hours in advance. Inspections may be arranged by contacting Washington Township at 259-7082 - Ext. 138 on Wednesdays between 9:00 A.M and 11:00 A.M.
7. Subsurface sewage disposal systems or parts thereof shall not be covered until inspected by the administrative authority. Any part of the disposal system which is covered without permission shall be uncovered upon order of the Health Department.

8. Upon completion of the system, the design engineer will be required to submit a signed and sealed "Letter of Certification" stating that the system was installed according to the proposed plan design and in accordance with all rules and regulations as set forth in N.J.A.C. Chapter 9A.

Please do not hesitate to contact me if you have any further questions in regard to the above.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jill Swanson" followed by a stylized flourish or initial.
