Exhibit B

SITE PLAN REVIEW CHECKLIST

SITE PLAN DETAILS - Information to be indicated on Site Plan. All applications for site plan approval shall be prepared by a professional engineer, land surveyor or architect and shall be drawn to a scale of not less than one inch equals 50 feet.

All site plans shall comply with the requirements hereinafter set forth and shall contain the following information and data where applicable.

- X a. Date of site plan. All revisions shall be noted and dated.
- X b. Layout of proposed building of structures including existing and proposed elevation plan; The elevation of buildings and structures shall be indicated on the site plan in feet and number of stories. The improved lot coverage as defined in the zoning ordinance and its computations shall also be provided.
- X c. Key map showing the location of the tract with reference to surrounding areas and existing street intersections.
- X d. Title of development, North arrow, scale, block and lot number, name and address of record owner, name and address, license number and seal of person preparing the site plan. If the owner is a corporation, the name and address of the president and secretary shall be submitted with the application.
- X e. Location, dimensions and details of signs.
- X f. Lot line dimensions shall be in feet and decimals of a foot of all bearings shall be given to the nearest ten seconds.
- X g. The names of all owners of record and all adjacent property, and the block and parcel number of the property, within 200 feet of the nearest property line. Evidence of notification of all adjoining property owners as provided by law shall be submitted at the public hearing. Land use of all parcels abutting the subject property shall be noted on the site plan .
- X h. Zone boundaries shall be shown on the site plan as they affect the parcel. Adjacent zone districts within 200 feet shall also be indicated. Such features may be shown on a separate map or key on the detail map itself.
- X i. Boundaries of the property, required building or setback lines and lines of existing streets, lots, reservations, easements and areas dedicated to public use, including grants, restrictions and rights-of-way.
- X j. A map or copy of any covenants, deed restrictions or exceptions that are in effect or are intended to cover all or any of the tract.
- X k. All distances as measured along the right-of-way lines of existing streets abutting the property to the nearest intersection with any other public street. .

- X l. Location of existing buildings on the site which shall remain and all other structures, such as walls, fences, culverts, bridges, roadways, etc., with spot elevations of such structures. Structures to be removed shall be indicated by dashed lines.
- X m. Location and elevation of all storm drainage structures and utility lines, whether publicly or privately owned, with pipe sizes, grades and direction of flow, and if any existing utility lines are underground, the estimated location of said already underground utility lines shall be shown.
- X n. Existing contours with intervals of two feet where slopes are less than 10% and five feet where slopes are 10% or greater referred to United States Coast and Geodetic datum or other reference system as may be required by the Borough Engineer and to be indicated by a dashed line. Where any changes in contours are proposed, finished grades should be shown as solid lines or as may be required as a separate proposed grade plan.
- X o. Location of existing rock outcrops; high points, watercourses, depressions, ponds, marches, wooded areas and other significant existing features, including previous flood elevations of watercourses, and, where available, ponds and marsh areas, as may be determined by survey.
- X p. A survey prepared, signed and sealed by a licensed surveyor of the State of New Jersey shall accompany the site plan and shall show the boundaries of the parcel and the limits of all proposed streets, recreation areas and other property to be dedicated to public use. The site plan may be accompanied by such other exhibits of an architectural nature submitted by the applicant as may be required by the municipal agency.
- X q. All proposed easements and public and community areas. All proposed streets with profiles indicating grading and cross sections showing width of roadway, location and width of sidewalk and location and size of utility lines according to the standards and specifications of the Township.
- X r. The proposed use or uses of land and buildings and proposed location of buildings, including proposed grades. Such features may be indicated on a separate drawing. Floor space of all buildings and estimated number of employees, housing units or other capacity measurements where required shall also be indicated.
- X s. All means of vehicular ingress and egress and to and from the site onto public or private streets showing the size and location of driveways and curb cuts, including the possible organizations of traffic channels, acceleration and decelerating lanes, additional width and other traffic controls which may be required. Improvements such as roads, curbs, sidewalks and other design detail shall be indicated, including dimensions of parking stalls, access aisles, curb radii, direction of traffic flow and other conditions as may be required in the Zoning Ordinance.
- X t. The location and design of any off-street parking areas or loading areas, showing sizes and locations of bays, aisles and barriers.
- X u. The location of all proposed waterlines, valves and hydrants and all sewer lines or alternative means of water supply or sewage disposal and treatment in conformance with the applicable standards of the Township and appropriate utility companies, where applicable.
- X v. The proposed location, direction of illumination, power and time of proposed outdoor lighting in conformance with applicable standards of the Township, including type of standards to be employed, radius of light and intensity of footcandles.

- X w. The proposed screening and landscaping and a planting plan in conformance with the applicable standards of the Township indicating natural vegetation to remain and areas to be planted and type of vegetation to be utilized.
- X x. The proposed storm water drainage system as to conform to designs based on New Jersey Department of Environmental Protection or Residential Site Improvement Standards. All site plans shall be accompanied by a plan sketch showing all existing drainage within 500 feet of any boundary and all areas such as paved areas, grassed areas, wooded areas and any other surface areas contributing to the calculations and should show methods used in the determination.
- X y. The site plan should be prepared by a licensed engineer or architect for general location. For topographical and boundary survey information, the site plan shall be signed and sealed by a licensed land surveyor. For all elements of design, which shall include drainage, pavements, curbing, walkways, embankments, horizontal and vertical geometries utilities and all pertinent structures, drawings shall be signed and sealed by a licensed professional engineer.
- X z. After approval, a mylar or linen shall be submitted for signature and title, and all information appearing thereon shall be in black India ink. Additional prints as required shall also be submitted after approval.

LEGENDS OF SITE PLAN

PROPERTY OWNER

Re: 6233 Kennedy Blvd., LLC
P/A: 6221 Meadowview Avenue
Block: 25 Lot: 205

Dear Sir or Madam:

Please be advised that this office represents 6233 Kennedy Blvd., LLC in a Subdivision, Site Plan and Variance application regarding the above referenced property.

On **DATE**, a public hearing will be held at 7:00 p.m. by the North Bergen Zoning Board of Adjustment at Town Hall located at 4233 Kennedy Boulevard, North Bergen. Applicant seeks preliminary and final site plan approval, as well as major subdivision approval and variances for use (d-1), for the three family home, height (d-6) for the two family home, as well as Bulk (c) variances for: lot depth, max building coverage, max lot coverage, front yard, side yard, rear yard, lot area, parking, min, landscape area and building height as set forth on the attached zoning analysis sheets, as well as any variances required by the Board.

The application, plans and other related documents are available for public inspection at the office of the Clerk of the Township of North Bergen Board of Adjustment, Municipal Building, 4233 Kennedy Boulevard, North Bergen, NJ 07047, during normal business hours between 10:00 a.m. and 3:00 p.m.

Sincerely,

J. Alvaro Alonso
