DEPARTMENT=State, DIVISION=All, FROM 8/1/2017 To 11/20/2017, STATUS=All

Under the Open Public Records Act, I am writing to request electronic copies of all correspondence, including reports, emails, letters, denials and responses, between the NJ Division of Elections and the Presidential Advisory Commission on Election Integrity since January 1, 2017. Please include all voter roll data provided to the commission and all responses to questions posed by the commission in its June 2017 letter to the department, including information on evidence of voter fraud or registration fraud and convictions for election-related crimes since the November 2000 federal election. I agree to pay any reasonable duplication fees for the processing of this request in an amount not to exceed \$20. If the cost will be more than this amount, please contact me as soon as possible to discuss the fee. If there are portions of a record(s) which must be redacted, please identify the record that has been redacted and the legal basis for your contention that the redacted portion(s) is exempt from disclosure under OPRA. If a record(s), in its entirety, is exempt from disclosure under OPRA, kindly notify me, in writing, of the exemption under OPRA upon which you are relying. I reserve the right to appeal any decision to withhold any information and/or to dispute fees charged. Because such information must be made readily available, I anticipate receiving it as soon as possible but, in no event, later than the seven (7) business days required by law. If you cannot make the requested documents available to me within that statutory timeframe, kindly let me know, in writing, when I can expect the documents and the reason for the delay. You may contact me at [REDACTED]. Kindly confirm document delivery, as large email attachments may complicate online delivery. Thank you for your prompt attention to this matter.

Requested Information

I am requesting the following information: #1 REGISTERED VOTER LIST Files containing all registered voters in the following counties: Atlantic County Bergen County Burlington County Camden County Cape May County Cumberland County Essex County Gloucester County Hudson County Hunterdon County Mercer County Middlesex County Monmouth County Morris County Ocean County Passaic County Salem County Somerset County Sussex County Union County Warren County The fields in the result should include the voter's name, address, date of birth, sex, ethnicity, phone number (any/all numbers provided), party affiliation, municipality, ward/district, precinct, state voter ID number and all other information provided by the voter upon registration. We understand that not all requested data will be available. #2 VOTER HISTORY FILE A file containing voter history of all voters for all elections for the following years: 2008 2009 2010 2011 2012 2013 2014 2015 2016 This should include all general elections, primary elections and all other elections taking place in those years including but not limited to special, runoff or municipal nonpartisan races. If a separate file is necessary for voter history please include the state voter ID numbers. FILES: The files are typically named AlphaVoterListState and VoterHistoryDiskReport. I'm providing this information if it is helpful in identifying the appropriate files and formats to provide. SIZE - We understand that this is a request for a potentially very large data set, and we are very flexible on how the result files are provided. Our preference is that they are split out by county, but other partitions (e.g. by year, by names, etc.) that make the request easier to fulfill are acceptable. FORMAT/MEDIUM - In the past, we have always received the files in a pipe (|) delimited txt file, which is our preferred format. We can also accept CSV or XLS files. We realize that the records may exceed the size that you are able to transmit through email, and we have created a site where they can easily and securely be uploaded to us from any web browser at the following address: <http://upload.handraiser.com/> If neither approach is possible, we will happily visit any site or system you provide to download the files or we will accept a USB drive or CD/DVD. FEE - If applicable, please provide the fee for this request and the best way to remit payment and we will comply. PURPOSE - We are a private election technology company that uses this data to analyze trends in voter history. NOTE - We have previously requested this data and received it uploaded to upload.handraiser.com. We would like to have the data uploaded to this location again.

Requested Information				
Under the Open Public Records Act, I am writing to request electronic copies of all correspondence, including reports, emails, letters, denials and responses, to the U.S. Department of Justice's Civil Rights Division since June 1, 2017. Please include all responses to questions posed by the division in its June, 2017, letter to New Jersey, which sought information regarding the state's procedures for compliance with the statewide voter registration list maintenance provisions of the National Voter Registration Act. I agree to pay any reasonable duplication fees for the processing of this request in an amount not to exceed \$20. If the cost will be more than this amount, please contact me as soon as possible to discuss the fee. If there are portions of a record(s) which must be redacted, please identify the record that has been redacted and the legal basis for your contention that the redacted portion(s) is exempt from disclosure under OPRA. If a record(s), in its entirety, is exempt from disclosure under OPRA, kindly notify me, in writing, of the exemption under OPRA upon which you are relying. I reserve the right to appeal any decision to withhold any information and/or to dispute fees charged. Because such information must be made readily available, I anticipate receiving it as soon as possible but, in no event, later than the seven (7) business days required by law. If you cannot make the requested documents available to me within that statutory timeframe, kindly let me know, in writing, when I can expect the documents and the reason for the delay. You may contact me at [REDACTED]. Kindly confirm document delivery, as large email attachments may complicate online delivery. Thank you for your prompt attention to this matter.

I would like to obtain by copy my Judgement of Conviction (JOC) for which I plead guilty in January 2014. The case was held in both Morris County for the plea and Warren County for the indictment and sentencing. My judge from Warren County was Ann Bartlett. The plea was for a 3rd degree conspiracy to distribute CDS, 3rd degree conspiracy to commit prescription fraud, and 4th degree conspiracy to distribute marijuana. I need to give a copy of my JOC to the NJ Board of Professional Engineers and Land Surveyors for further review of my application to be an Engineer-in-Training. Please contact me as soon as possible to confirm that I can get a copy of this record to submit for them. There is a 30 day requirement to respond to their request for this information. To whom it may concern, I am a Lecturer in Economics at the University of Melbourne. With my coauthors, we would like to access the following data for our academic research: The location of all polling stations in your state for the 2008, 2012 and 2016 presidential elections. For each polling station, we would like to have its address, and the series of precincts that are covered by the polling station. Example: a polling station X that covers precincts A, B, C, D means that people in precincts A, B, C, and D (and only people in these precincts) have to vote in polling station X. Coverage the whole state. Three presidential elections: 2008, 2012, 2016. Data on vote (dem./rep./turnover) at the polling station level (and per way to cast vote (paper ballot, post, touch-screen voting etc.)). Data type: three excel spreadsheets (one for 2008, one for 2012, one for 2016). Polling stations name/code, address of the polling station, precincts associated to the polling station, dem. vote in the polling station, rep. vote in the polling station, turnout in the polling station (the three last variables ventilated per way to cast vote) Fee waiver: main use is for academic research. I have sought for these data online on the state website, but I did not find them. Feel free to contact me back to discuss this request. Thank you for your time and consideration.

Requested Information

Pursuant to Open Public Records Act ("OPRA"), I hereby request the following records: 1. Copies of any and all correspondence, including emails, to and from any and all federal agencies, including but not limited to the FBI and Department of Homeland Security, between April 1 2016 and July 12 2017, regarding the November 2016 election and election security. I prefer all information to be scanned and emailed rather than copied and mailed to save time and expense. However, if CD-ROM or paper copies are the only option, that is fine. Below is a statement from FBI Director Comey's testimony on March 20, 2017 that mentions one example of correspondence I am requesting. COMEY: Well, among other things, we alerted people who had been victims of intrusions to permit them to tighten their systems to see if they couldn't kick the Russian actors out. We also, as a government, supplied information to all the states so they could equip themselves to make sure there was no successful effort to affect the vote and there was none, as we said earlier. https://www.washingtonpost.com/news/post-politics/wp/2017/03/20/full-transcript-fbi-director-james-comey-testifies-on-russian-interference-in-2016-election/?utm_term=.84837084a6b9 In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with The Wall Street Journal and this request is made as part of news gathering and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. For example, former Secretary of State Jeh Johnson testified on June 21, 2017, that it is in the public interest to know about the cybersecurity of election systems and hacking attempts by various actors including the Russian government: "We recognized we had an overriding responsibility to inform the public that a powerful foreign state actor had covertly intervened in our democracy," Johnson said. <http://www.pbs.org/newshour/rundown/read-jeh-johnsons-prepared-testimony-russia/> However, if a fee waiver is not granted, please do not void my request as I still want to receive copies of the records. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I can be reached at [REDACTED] If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Please contact me by telephone at [REDACTED] or email at [REDACTED] if you have any questions or wish to reach me, instead of mail, in the interests of speed. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 7 business days, as the statute requires. Sincerely, Alexa Corse Reporter, The Wall Street Journal 1025 Connecticut Ave NW. Suite 800 Washington, D.C., 20036 [REDACTED]
