Requested Information: Good Afternoon, I am doing a research project on behalf of the Beer Wholesalers Association of New Jersey, and would like to know how I can obtain the following information:

- 1) How many Limited Brewers and Restricted Brewers are reporting for excise tax purposes;
- 2) Is it possible to obtain a breakdown of how much an individual brewer is reporting in excise tax or, alternatively, how much they report they are producing; I am not requesting their actual returns, but the amounts of malt beverage production they are reporting;
- 3) Is it possible to obtain a listing of all brewers that are reporting to NJ Division of taxation for Excise Tax purposes?

I looked for an OPRA request form specific to Taxation, but couldn't find one. Thank you in advance for any response.

Requested Information: I am requesting a copy of all letter rulings (formal or informal records created or produced by Regulatory Services) concerning ?manufacturing? and ?processing? of consumer and industrial products under the Sales and Use Tax Act.

Note: Our last request (W123461) was denied as overbroad on August 10, 2017. Our last request concerned ? manufacturing,? ?processing,? ?refining,? and ?assembling.? This request is narrowly tailored because it only concerns manufacturing of tangible personal property?consumer products and industrial products. The list of terms below is intended to help Regulatory Services

If you feel that this request is still too broad, please call or email me and we can further narrow the request by email.

The relevant statutory and regulatory provisions are: N.J.S.A. ? 54:32B-8.13 and N.J.A.C. ? 18:24?4.2. This request is limited in time from January 1, 2012 through the current date. This request is also limited in scope to the N.J.S.A. 54:32B et seq. and its corresponding regulations.

For purposes of this request, we're also narrowing the scope to these relevant terms:

? ?Equipment used ?directly and primarily in the production of tangible personal property by manufacturing, processing, assembling or refining?;

o ?Manufacturing or processing? means: the performance of an operation or series of operations, the object of which is to place items of tangible personal property in a form, composition, or character different from that in which they were acquired. The change in form, composition, or character must be a substantial change, and it must result in a transformation of property into a different or substantially more usable product.

o ?Machinery, apparatus, or equipment? means: any complex, mechanical, electrical, or electronic device, mechanism, or instrument that is adapted to the accomplishment of a production process, and which is designed to be used, and is used, in manufacturing, converting, processing, fabricating, assembling, or refining tangible personal property for sale

o ?Part? means: an item used as a replacement for any portion of a machine and which is attached or affixed to the machine of which it is a part permanently or during periods of use. A part cannot accomplish the work for which it was designed independent of the machine of which it is intended to be a component.

o ?Supplies? mean: means items of tangible personal property used in the maintenance of a building, work area, or machinery, apparatus, or equipment, and may include items of tangible personal property consumed or used in production whose use is incidental to such production. Supplies include, but are not limited to:

-  Lubricants;
-  Cleaning materials;
-  Boiler compounds; and
-  Light bulbs.

- o ?Tool? means: a hand-held and manually operated work instrument which is simple in design and used in the performance of simple work functions.

- ? ?Manufacturing facility?.

The Division should provide the following kinds of records:

- ? Any letter ruling or other relevant correspondence between any taxpayer and the Division, or between or among Division officials or employees and officials or employees of other state offices (including officials and employees from other executive branch agencies or the legislature);

- ? Any policy statements, legal or policy memorandum, audit manuals, or determinations;

- ? Any draft regulations and comments to proposed or adopted regulations;

- ? Legal Memoranda;

- ? Technical Advice Memoranda;

- ? Technical Memoranda;

- ? Field Service Advice Memoranda;

I am not seeking the disclosure of any confidential information; therefore, in complying with this request, the Division may redact taxpayer names and other identifying characteristics to preserve taxpayer confidentiality.

Requested Information: I am an attorney representing Parsons Infrastructure and Environment Group, Inc. ("Parsons"). I submit this request for access to government records on behalf of Parsons. I am requesting the following government records:

Copies of all bidder protest submissions and/or bidder reply submissions with regard to the Division of Purchase and Property's Request for Proposal 16-X-24049: Enhanced Motor Vehicle Inspection/Maintenance System (the "RFP"). The Division's Notice of Intent to Award for that RFP was issued on August 18, 2017, and the protest deadline was September 11, 2017. I am not seeking a copy of the bid protest submitted by Parsons on September 11, 2017.

Lastly, I am also seeking the aforementioned records under the common law right of access. Parsons has a significant interest in these public records as the incumbent contractor, bidder and protestor with regard to the RFP.

Without limiting the scope of this request, I expect that the Division?s response will include any record that cites, discusses, or addresses the above-mentioned statute or regulations. For instance, the Division should provide the following kinds of records:

- ? Any letter ruling or other relevant correspondence between any taxpayer and the Division, or between or among Division officials or employees and officials or employees of other state offices (including officials and employees from other executive branch agencies or the legislature);

Requested Information: I am making the following request to the Department of the Treasury, Division of Revenue and Enterprise Services (DORES). Specifically, I am requesting all documents from the last fiscal period (July 2017-September 2017) concerning out-of-state travel records and receipts from the Division of Taxation's auditors. That is, we understand that the Division's auditors travel to businesses to conduct audits. We're requesting the travel records and receipts of those auditors that travel to conduct audits.

We expect the response from the DORES to include: plane ticket receipts; hotel receipts; breakfast, lunch, and dinner receipts; rental car receipts; and similar receipts.

This request is limited in scope in the following ways. First, any response to this request should only include records concerning Division auditors that travel out-of-state. Therefore, we do not expect in-state (New Jersey) travel records and receipts. Further, this request is limited to any travel records and receipts from auditors for the Department of the Treasury's last fiscal quarter (July 2017-September 2017).

Please contact me if you have any questions.

Requested Information: I would like to submit a FOIA request for unclaimed property data, specifically, a list of all unclaimed property that is \$1000 or more that includes owner or entity name, address, and amount owed. More specifically, a list that is in an electronic digital format, with .xlsx being the preferred file format. I realize that there is an existing database in place online on the state's website, but I find it a bit outdated and clunky.

I would like to see this figure broken down by county, in the total dollar amount for each for the entire year. I would prefer to receive this in a spreadsheet sent via email.

If that is not available, I would list a list of sales to each vendor, as well as the vendor's location.
