Requested Information: Page or pages of documents (audit reports, financial statements, actuarial report or other document) or other that show the ?funded ratio? for the Public Employees Retirement System and the Police & Fire Retirement System, separately for state employees and employees of other employers, for comparison to the ?Target Funded Ratio? as established by P.L. 2011, Chapter 78 (NJSA C43:3C-16), for the following years: FY2012, FY2013, FY2014, FY2015 and FY2016. This ratio is required to be calculated by P.L. 2011, Chapter 78, and so must exist somewhere in some document. I don?t need the whole document (e.g., an entire actuarial report), but rather just the page or pages that have the data showing the calculation of the ratio. I have reviewed the documents on file among the publications at <http://www.nj.gov/treasury/pensions/> and none of them seem to show this "funded ratio" for the two pension funds. Providing the documents to me via email is the acceptable and preferred method.

Requested Information: Copies of ALL leases and records of leases (except for Lease Nos. 3964 and 3915 which are specifically excluded from this request), amendments to leases, and attached schedules, for parking in the City of Trenton where the State of New Jersey is the lessee or the sub-lessee.

Although we are asking for all such leases, we are specifically including in this request any lease between the State of New Jersey and the Mercer County Improvement Authority (or the County of Mercer) for the premises located at 577 South Broad Street, Trenton, NJ. A previous OPRA request for this lease was met with the response that no such lease was found. However, we are aware that the State is leasing the property from the Mercer County Improvement Authority (or the County of Mercer) since we own the property and lease it to the MCIA and the State subleases the property from the MCIA or the County. Therefore, we repeat our request.

If the initial term of any lease being requested has expired and the State still pays rent pursuant to a month to month tenancy, please produce the lease for the initial term leading to the month to month tenancy and any record of any such lease.

REQUESTED INFORMATION:

You helped one of my colleagues with a FOIA request last year and was wondering if you could help me as well. I would like to submit an Open Records request for the following information pertaining to RFP # 17DPP00144 / T2679 for Pharmacy Benefit Manager:

- Contracts
- Scoring and Evaluation
- Proposals and Responses
- Presentations

I would like to request these documents for all vendors. If there are any fees for searching or copying the records, please let me know and I will send you the applicable funds immediately. I would also appreciate an approximate time frame for fulfillment of the request.

If my request is too broad or does not reasonably describe the records, please contact me via email or phone so that I may clarify my request. If for any reason any portion of my request is denied, please inform me of the reasons for the denial in writing. If this is not the correct department for my request, I would appreciate if you could point me in the right direction.

REQUESTED INFORMATION:

I am requesting a copy of all "records" made, received, maintained, or kept by the Division of Taxation (the "Division") related to the "tax issue" described next.

The "tax issue." If a corporate partner is not unitary with a partnership, the partner must use the "separate accounting apportionment" method under N.J.A.C. 18:7-7.6(g)1 to compute its Corporation Business Tax. Under that method, a corporate partner must "add[] together" the following "two amounts":

- The corporate partner's income apportioned to New Jersey, exclusive of its distributive share of partnership income and without regard to the partnership's apportionment factors; and
- The corporate partner's distributive share of the partnership's income that is separately apportioned to New Jersey by reference only to the partnership's apportionment factors.

The "tax issue" is how this calculation works if one of the "two amounts" that must be "added together" is a negative amount (that is, a loss). In other words, is the negative number "added together" with the positive number to compute the partner's tax—or is the partner's tax computed in some other fashion?

"Records" covered by this request. This request covers all relevant "records" as that term is defined by N.J.S.A. § 47:1A-1.1. Without limiting the scope of this request, I expect that the Division's response will include any record that discusses or addresses the "issue" described above. For instance, the Division should provide the following kinds of records:

- Any formal or informal guidance or ruling produced by the Division (including but not limited to the Regulatory Services Branch), including any request for such guidance or ruling;
- Any documents addressing the construction of and working mechanics of Schedule-O to incorporate the Division's policy.
- Any correspondence between or among Division officials or employees and officials or employees of other state offices (including officials and employees from other executive branch agencies or the legislature);
- Any communication from Audit Branch leadership to auditors or audit supervisors;
- Any policy statements, legal or policy memorandum, audit manuals, training materials, or determinations;
- Any draft regulations and comments to proposed or adopted regulations;
- Any legal briefs filed in any New Jersey court; or

•Any legal memoranda.

I am not seeking the disclosure of any confidential information; therefore, in complying with this request, the Division may redact taxpayer names and other identifying characteristics to preserve taxpayer confidentiality.

Medicaid Managed Care Programs

I just would like to inquire on the status and if a contract has been awarded already for the RFP for Health Benefits Coordinator (HBC) Medicaid Managed Care Programs (16-X-24130). The RFP was released December 11, 2015 and due March 1, 2016. If it has been awarded, may I know the awarded vendor name and the contract number? If not yet awarded, may I know its current status?

I appreciate any information you can provide.

REQUESTED INFORMATION:

I am writing to request a copy of the contract between the State of New Jersey / NJ State Parole Board and the GEO Group. It appears from what's available online (http://www.state.nj.us/treasury/purchase/noa/contracts/t2890_14-x-22830.shtml) that there are multiple contracts. I am interested in the contract regarding the Bo Robinson Community Assessment and Treatment Center in Trenton. Specifically, I am looking for information as to the contractual obligations of the GEO Group as to provision of treatment for addiction, and procedures or protocols for handling of inmates.

RE: 18DPP00166 Document Request

1. Innovative Emergency Management, Inc.'s (?IEM?) unit prices. There is a presumption under the N.J.A.C. and N.J.S.A. 47:1A-1 et seq. (?OPRA?) that prices and financial information are not exempt from disclosure. IEM's prices submitted in the course of a public solicitation are not proprietary nor is it the Department's role to classify pricing information as proprietary. Without IEM's unit prices, APTIM cannot adequately evaluate the propriety of IEM's proposal such as whether certain applicant pools were underbid resulting in an unbalanced or front-loaded proposal by emphasizing pools that will pay out first.

2 Selection Committee Member Certifications required by N.J.A.C. 17:12-2.7. N.J.S.A. 52:34-10.3(c) allows the department to withhold the names of the evaluation committee members until after the award – we are not asking you to release the names, just the certifications signed by the committee members.

?Name of entity holdings the shares

?Portfolio code

?Name of share

?Withholding tax on the dividend

?Net value of the dividend

?Currency of the dividend

?Number of shares held for the dividend

?Payment date of dividend

If you can please provide the data in an Excel sheet that would be greatly appreciated.

To account for any securities-lending, the reports should exclude any securities that were on loan at the time of dividend declaration date, and only include the dividends and interest for which the fund was the beneficial owner at the time of the payment.

As part of this information, I am requesting a current reclaim report which will identify which recoveries, if any, have been done.

I am requesting this information from Jan 1, 2013 through Oct 1, 2017.

2. A copy of the custodial service contract you have with your custodian firm.

REQUESTED INFORMATION:

I am requesting a copy of all letter rulings (formal or informal records created or produced by Regulatory Services) concerning dock sales for corporation business tax purposes. Specifically, I am requesting a copy of:

?The Division?s response to a question regarding ?dock sales??mentioned on pages 11 and 12 of the Division?s Winter 2004 New Jersey State Tax News (attached as Tab A);

?All subsequent Division guidance?after the Division?s response in the Winter 2004 New Jersey State Tax News?on dock sales. So, any subsequent guidance citing N.J.A.C. 18:7?8.8.

This request is also limited in scope to the Corporation Business Tax Act and its corresponding regulations. (N.J.S.A. 54:10A?1 et seq.).

?Without limiting the scope of this request, I expect that the Division?s response will include any record that cites, discusses, or addresses the above-mentioned statute or regulations. For instance, the Division should provide the following kinds of records:

business tax in New Jersey under N.J.S.A. 54:10-3(e). In addition, other statutes may contain tax exemption provisions specifically applicable to nonprofit housing organizations as well. (e.g., N.J.S.A. 55:16-1 et seq., N.J.S.A. 40A:20-19).

Residential homeowners' associations are normally exempt from corporation business tax under N.J.S.A. 54:10A-3(e). Generally, a condominium association is exempt as long as the units are being used for residential purposes. On the other hand, the exemption does not apply to an association of unit owners if the units are used for business purposes and not for residential purposes.

In order to be considered exempt from corporation business tax, it is recommended that a nonprofit corporation obtain an exemption opinion from the Regulatory Services Branch of the Division of Taxation. In making the request, the applicant organization must submit:

1. An affidavit, signed by an officer of the corporation, indicating that the corporation is:
 - a. A nonprofit corporation that is not operated to make a profit, without regard as to whether there is profit or loss for a particular year;
 - b. Organized without capital stock;
 - c. Incorporated under the provisions of Titles 15, 15A, 16, or 17 of the Revised Statutes of New Jersey or under a special charter or under any similar general or special law of this or any other state; and

- d. Not conducted for the pecuniary profit or benefit of any private shareholder or individual;
2. A copy of the organization's Certificate of Incorporation; and
3. A copy of the organization's bylaws.

Exemption opinion requests may be directed to:

NEW JERSEY DIVISION OF TAXATION
REGULATORY SERVICES BRANCH
PO Box 269
TRENTON, NEW JERSEY 08695-0269

Unless the entity's operations or activities cause it to be considered a profit-making corporation, no further corporation business tax returns or Federal returns are required to be filed with the Division of Taxation. The Division of Taxation does not require the filing of a copy of Federal Form 990. Questions regarding the exemption letter process may be directed to 609-292-5994.

A nonprofit organization properly exempted from filing corporation business tax returns may have other filing requirements with other agencies of the State of New Jersey including, for example, the following:

1. Responsibilities under the Charitable Registration and Investigation Act, N.J.S.A. 45:17A-18 et seq. and N.J.A.C. 13:48; or
2. Responsibility to file Annual Reports, N.J.S.A. 15A:4-5.

Receipts Fraction: Dock Sales Outside New Jersey — The Division responded to a question regarding "dock sales" outside New Jersey. Specifically, this inquiry related to the effect on New Jersey apportionment where the buyer, either directly or via a common carrier that the buyer engaged, picks up inventory from the seller at a site outside New Jersey and then transports the goods into New Jersey. This is the inverse

of the New Jersey dock sale rule where goods are shipped to a non-New Jersey customer and possession is transferred in New Jersey resulting in receipts allocable to New Jersey. N.J.A.C. 18:7-8.8(a)1ii.

The Division stated that if a purchaser took direct receipt of the property outside New Jersey in its own vehicles or through a common carrier agent that it had engaged, such sale would be considered a non-New Jersey sale. Thus, the position of the Division is that the inverse of the fact pattern referenced in the rule cited above results in a non-New Jersey sale.

Trade Show Nexus — The nature and frequency of a foreign corporation's activities in this State are determining factors in assessing whether a corporation is "doing business" in New Jersey under N.J.A.C. 18:7-1.9(b). The number of employees in New Jersey is another determining factor.

A state's jurisdiction to impose a tax based on net income is subject to Federal statutory limitations of Pub. L. 86-272, 15 U.S.C. §§361-384(1959), which restricts the power of the states to tax net income derived from sources within the state from interstate commerce if the "only business activity within such state by or on behalf of such person" is the solicitation of orders for sales of tangible personal property where the orders are sent outside of the state for approval or rejection and are filled by shipment or delivery from a point outside of the state.

While the solicitation of business is not enough to establish nexus for New Jersey corporation business tax purposes under Pub. L. 86-272, the

corporation may still be subject to a tax on its gross profits or gross receipts earned in New Jersey based on New Jersey's Alternative Minimum Assessment ("AMA"). Corporations are not liable for the AMA if they have New Jersey gross receipts of less than \$2.36 million or New Jersey gross profits of less than \$1.18 million. If not liable for the AMA, the taxpayer must file a return and pay the minimum tax. If liable for AMA, either the alternative minimum tax or the minimum tax of \$500 (\$2,000 for members of affiliated or controlled groups) must be paid, whichever is greater.

The presence of employees at trade shows in New Jersey for the purpose of soliciting or generating business establishes physical presence within the State and creates nexus and triggers tax obligations. If the trade show activities are limited solely to: (1) speech or conduct that explicitly or implicitly invites an order; and (2) activities that neither explicitly nor implicitly invite an order but that are entirely ancillary to requests for an order, and involve maintaining a display at a single location for less than two weeks during the tax year, a foreign corporation will not be subject to corporation business tax based on or measured by income. N.J.A.C. 18:7-1.9(d) and 18:7-1.9(d)3v; N.J.A.C. 18:7-1.9(d)2ix.

Gross Income Tax

Military Stipend — A taxpayer recently inquired about the gross income tax consequence of a military stipend paid by an employer to an employee.

The IRS has ruled in Rev. Rul. 69-136 that payments made by employers to former employees who are actively serving in either the Armed Forces of the United States or the

National Guard are not subject to FICA, FUTA, and income tax withholding as they are not wages for services performed.

More specifically, Federal law provides that payments made by an employer to employees temporarily serving in a State National Guard that are equal to the difference between their normal wages and the amounts received from the state for their services are wages for the purpose of withholding. But where the employment relationship was terminated when the employee enlisted or was called for active military service with the U.S. government or State National Guard, the wage differential payments made by the employer are not wages subject to withholding.

Therefore, if the payments made to employees by the employer for serving in a military combat zone are not considered wages for services performed during employment with the company and they are not subject to Federal income tax withholding, they are not subject to New Jersey gross income tax withholding.

Motor Fuels Tax

Racing Gasoline — Gasoline is defined by the regulations included in the Administrative Code at N.J.A.C. 18:18-1.1: "'Gasoline' means any liquid or gaseous substance commonly or commercially known or sold as gasoline regardless of its classification or use." Therefore, under the New Jersey Motor Fuels Tax Act, racing gasoline would be subject to the motor fuels tax. However, there is a provision that allows the taxpayer to apply for a refund when the fuel is used for a specific purpose as set

REQUESTED INFORMATION:

This is a request for information pursuant to the Open Public Records Act ("OPRA"), N.J.S.A. 47:1A-10 et seq .. and the common law right of citizens of the state to obtain access to public documents. South Jersey Publishing Co. v. N.J. Expressway Auth., 124 N.J. 478, 487-89 (1991). This letter complies with the statutory requirements for a written OPRA request and I am not required to fill out an official form. Renna v. Cnty. of Union, 407 N.J. Super. 230 (App. Div. 2009).

The State of New Jersey, Department of Treasury, Division of Purchase and Property ("DPP") issued a Request for Quotations (the "RFQ" -copy attached at Tab 1) for Waterway Debris Removal Services (Revised January 15, 2015). CrowderGulf, LLC submitted an "RFQ -Pricing Proposal, Waterway Debris Removal and Management Services" on the January 18, 2013 due date. The RFQ contains the following relevant Definitions (Section 2.0, pages 6-7):

Contract - This RFQ, any addendum to this RFQ, including Questions and Answers, and the bidder's proposal submitted in response to this RFQ, as accepted by the State.

Task Order - Order sent from State to Contractor to activate resources to begin a specific waterway debris removal and/or dredging project.

Transaction - The payment or remuneration to the contractor for services rendered or products provided to the State pursuant to the terms of the contract, including but not limited to the following: purchase orders, invoices, hourly rates, firm fixed price, or commission payments.

The RFQ also defines the "Central Region" (Section 1.1, page 2), and my inquiry is limited to the work performed under the Contract in that Region.

The RFQ indicates that the Procurement Bureau would be accepting questions pertaining to the RFQ, electronically, through Jonathan Wallace (jonathan.wallace@treas.state.nj.us). (Section 1.3, page6) The Questions were apparently due on January 14, 2013; and the Answers were to be posted on January 15, 2013 (the "Q&A" - copy attached at Tab 2). During this timeframe, the following Question was asked (see attached): "Is this a prevailing wage contract? If so, please provide the wage rates." DPP gave the following Answer: No, this is not a prevailing wage contract. "

The government records I am seeking are:

- 1.Any and all public documents that reflect the source and/or identity of the above-described: Question, Questioner, Answer, Answerer, and any other person or entity who was involved in and/or assisted in determining the Answer regarding Prevailing Wages on the subject Contract or project.
- 2.Any and all emails, correspondence, or other records of communications, meetings, or telephone

calls, pertaining to the above-described RFQ, between anyone at DPP (including, but not limited to, Jonathan Wallace) and anyone at L&WD (including, but not limited to, Director of Wage and Hour Compliance, Robert Gaines), or any other state agency, department, or division that may have been involved in the Question and Answer process for the subject RFQ/Proposal.

3 The specific materials (or other information) reviewed, considered, and/or evaluated by the involved parties, in connection with the determination of the Answer regarding Prevailing Wages on the subject Contract or project.

4. Any and all "Task Orders" issued and all "Transactions" (as described above and defined in the Contract) submitted and/or paid, in connection with work performed under the Contract in the "Central Region".

5 Any and all lists (or other records) reflecting the names of any and all subcontractors involved in the work performed under the Contract in the "Central Region".

Kindly respond in the manner and within the time prescribed by law. If you determine that any portion of the requested materials are exempt from release, please specify the portion which you believe to be exempt and provide me with copies of the remaining, non-exempt portions. Also, if any or part of this request is denied, please send me a letter describing the material and listing the specific exemption(s) on which you rely.

If the cost of copies for this request does not exceed \$200, proceed without further approval and send me an invoice with the records. Otherwise, please advise me of the costs before filling the request so that we can discuss arrangements.

Thank you for your prompt attention. If you have questions please contact me without delay.

REQUESTED INFORMATION:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I am requesting an opportunity to inspect or obtain copies of public records that relate to invoices, proposals and certified payrolls reports from all five (5) successful bidders/vendors in connection with awarded contract(s) under RFP 15-X-23512 Communications Wiring Service.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100.00. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of prevailing wage law compliance.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.
