Re: OPRA Request

To whom it may concern:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I am requesting an opportunity to obtain copies of the following public records:

- The most current record or accounting of outstanding township issued checks that have not yet been cashed or turned over to the State as unclaimed property to include payee name, issued date, check number, and amount. If possible, please limit this to check issued 6 or more months from today's date above \$899.
- The most current statement or report available containing information on residential and commercial construction Escrow Accounts, Cash Performance/Maintenance Bonds and any other construction or development-related Cash Securities that would be refundable to the depositor upon project completion and acceptance by the township.

Some common examples of the cash securities we typically see include (but are not limited to) deposits for Land Development, Sewer Taps, Right-of-Way, Landscaping, Sidewalk, Curb & Gutter, Winter Handling, Signage, Street Cut/Opening, Grading, Erosion & Sediment Control, Subdivision, Storm Water Management, Building, Paving, Street Lights, Driveway, Temporary Trailer, Conservation, Certificate of Occupancy and Inspection escrows. Responsive departments *normally* include Building and Development, Engineering, Planning & Zoning, Public Works, Transportation and in some cases, the Finance Department.

It is requested that the information provided in response to escrow portion of this request contain a minimum of the following specific details when available:

|                     |                                           |
|---------------------|-------------------------------------------|
| ○ Name of depositor | ○ Date of Deposit                         |
| ○ Current Balance   | ○ Project Address [or Block & Lot number] |

Should there be a cost associated with the fulfillment of this records request that exceeds \$25.00, kindly notify me via telephone or email with the estimated cost, prior to incurring any charges.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with

information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for your time and consideration of my request.
