**Re: OPRA Request- Ordinance 2016-25
Residents for Responsible Development – Borough of Red
Bank**

Dear Ms. Borghi:

Thank you for your email of February 23, 2017. Would you please advise me how many permits have in fact been sold to Red Bank students or their parents concerning the White Street lot. Please advise how many permits have in fact been sold to either students going to Red Bank Catholic or to anyone else.

I also would like to know whether these spaces are specifically set aside or can they in fact be occupied by a shopper either during the day or in the evening hours. In other words are they permanently restricted to permit holders only.

Please also advise the cost of the individual permit being sold.

Very truly yours,

R.S. GASIOROWSKI
