Dear Records Officer,

This is a joint request from Trace Media Inc. and NBC10 to your Police Department for certain information pertaining to stolen and seized firearms, information that we understand to be public under public records laws.

We request the following:

Part 1) The below listed information for each firearm reported stolen to your agency from January 1, 2012, to August 1, 2017:

- Serial Number
- Year
- Date
- Incident No
- Report Type
- Property Type – Description
- Property Gun Description
- Property Description
- Property Model
- Property Gun Caliber
- Property Count
- Any other columns available

Part 2) The below listed information for each firearm seized by your agency from January 1, 2012, to August 1, 2017:

- Serial Number
- Occur From Date
- Property Description
- Property Brand
- Property Model
- Property Gun Description
- Property Gun Caliber
- Incode Description
- Incode
- Any other columns available
- Crime Category Code

Part 3) Any and all available data dictionaries and/or code sheets so that we can ascertain the meaning of column headings, codes, abbreviations, and other information contained in the CDW BI.

TRACE MEDIA, INC.
P.O. Box 4184,
New York, NY 10163

thetrace.org

As members of the news media, Trace Media and NBC10 will be making information obtained from this request available to the general public and are not requesting the records for commercial purposes.

The serial number is the most important piece of descriptive information for a firearm.

Serial numbers are assigned to specific firearms, not specific individuals, so any argument that releasing a serial number could identify, let alone endanger, a witness is without merit. Furthermore, because serial numbers serve as the identification markings for firearms, not people, any argument that gun owners have a right to privacy regarding the serial numbers of their weapons is equally flawed.

Firearm serial numbers by themselves cannot be used to identify an individual or a witness. The U.S. federal government does not have a comprehensive firearm registry, and in even in states where registries do exist, the information contained therein is not open to the general public. Moreover, while serial numbers are designed to aid in the identification of specific firearms, their distinctiveness is not absolute. Under federal regulations, serial numbers may be duplicated by different manufacturers. For example, if Manufacturer A produces a handgun with serial number 12345, Manufacturer B can also produce a handgun with serial number 12345 and still be in compliance with the law.

The release of serial numbers would also not hinder a law enforcement investigation. To argue such would be akin to saying that serial numbers somehow open a window into a police investigative file, which they do not. Besides, serial numbers often appear in publicly accessible court documents, albeit without the centralization key for newsgathering and analysis.

This request is part of a national project exploring the use of stolen guns in crime, an issue of paramount import to the citizens of your community and the brave police officers who protect and serve them.

So far, more than 200 public law enforcement agencies around the country have released serial number information to us in response to public records requests for this project.

We hope that your agency takes our arguments into consideration when reviewing our records request.

We ask that the requested records be provided in a .xlsx, .xls, .csv, .txt, or another spreadsheet-compatible format. We also ask that you email the records to Jim.ODonnell@NBCUNI.com

TRACE MEDIA, INC.
P.O. Box 4134,
New York, NY 10163

thetrace.org

When releasing the records, please be mindful that .xlsx and .xls file extensions may delete leading zeros from serial numbers – turning, for example, a serial number that is actually 012345 into 12345. This could skew our analysis. To ensure that this does not happen, please take care to download and import the serial number column in a “Text” number format.

If there are fees associated with this request, we would appreciate if you informed us of the estimated charges in advance.

If you have any questions or concerns, please do not hesitate to contact

REQUEST FOR RECORDS UNDER THE COMMON LAW

If, in addition to requesting records under OPRA, you are also requesting the government records under the common law, please check the box below.

A public record under the common law is one required by law to be kept, or necessary to be kept in the discharge of a duty imposed by law, or directed by law to serve as a memorial and evidence of something written, said, or done, or a written memorial made by a public officer authorized to perform that function, or a writing filed in a public office. The elements essential to constitute a public record are that it be a written memorial, that it be made by a public officer, and that the officer be authorized by law to make it.

☐ Yes, I am also requesting the documents under common law.

If the information requested is a "public record" under common law and the requestor has a legally recognized interest in the subject matter contained in the material, then the material must be disclosed if the individual's right of access outweighs the State's interest in preventing disclosure.

Please set forth your interest in the subject matter contained in the requested material:

Note that any challenge to a denial of a request for records under the common law cannot be made to the Government Records Council, as the Government Records Council only has jurisdiction to adjudicate challenges to denials of OPRA requests. A challenge to the denial of access under the common law can be made by filing an action in Superior Court.

DEPOSITS

The custodian may require a deposit against costs for reproducing documents sought through an anonymous request whenever the custodian anticipates that the documents requested will cost in excess of \$5 to reproduce.

Where a special service charge is warranted under OPRA, that amount will be communicated to you as required under the statute. You have the opportunity to review and object to the charge prior to it being incurred. If, however, you approve of the fact and amount of the special service charge, you may be required to pay a deposit or pay in full prior to reproduction of the documents.

Rather, "the very language expressed in the privacy clause reveals its substantive nature; it does not offer reasons why OPRA was adopted, as preambles typically do; instead, it focuses on the law's implementation." "Specifically, it imposes an obligation on public agencies to protect against disclosure of personal information which would run contrary to reasonable privacy interests."

REQUEST FOR RECORDS UNDER THE COMMON LAW

If, in addition to requesting records under OPRA, you are also requesting the government records under the common law, please check the box below.

A public record under the common law is one required by law to be kept, or necessary to be kept in the discharge of a duty imposed by law, or directed by law to serve as a memorial and evidence of something written, said, or done, or a written memorial made by a public officer authorized to perform that function, or a writing filed in a public office. The elements essential to constitute a public record are that it be a written memorial, that it be made by a public officer, and that the officer be authorized by law to make it.

☐ Yes, I am also requesting the documents under common law.

If the information requested is a "public record" under common law and the requestor has a legally recognized interest in the subject matter contained in the material, then the material must be disclosed if the individual's right of access outweighs the State's interest in preventing disclosure.

Please set forth your interest in the subject matter contained in the requested material:

Note that any challenge to a denial of a request for records under the common law cannot be made to the Government Records Council, as the Government Records Council only has jurisdiction to adjudicate challenges to denials of OPRA requests. A challenge to the denial of access under the common law can be made by filing an action in Superior Court.

1. All government records are subject to public access under the Open Public Records Act ("OPRA"), unless specifically exempt.
2. A request for access to a government record under OPRA must be in writing, hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the appropriate custodian. N.J.S.A. 47:1A-5.g. The seven (7) business day response time does not commence until the records custodian receives the request form. If you submit the request form to any other officer or employee of the **Borough of Longport**, that officer or employee must either forward the request to the appropriate custodian, or direct you to the appropriate custodian. N.J.S.A. 47:1A-5.h.
3. Requestors may submit requests anonymously. If you elect not to provide a name, address, or telephone number, or other means of contact, the custodian is not required to respond until you reappear before the custodian seeking a response to the original request.
4. The fees for duplication of a government record in printed form are listed on the front of this form. We will notify you of any special service charges or other additional charges authorized by State law or regulation before processing your request. Payment shall be made by cash, check or money order payable to the **Borough of Longport**.
5. *You may be charged a 50% or other deposit when a request for copies exceeds \$25.* The **Longport** custodian will contact you and advise you of any deposit requirements. You agree to pay the balance due upon delivery of the records. Anonymous requests in excess of \$5.00 require a deposit of 100% of estimated fees.
6. Under OPRA, a custodian must deny access to a person who has been convicted of an indictable offense in New Jersey, any other state, or the United States, and who is seeking government records containing personal information pertaining to the person's victim or the victim's family. This includes anonymous requests for said information.
7. By law, the **Borough of Longport** must notify you that it grants or denies a request for access to government records within seven (7) business days after the agency custodian of records receives the request. If the record requested is not currently available or is in storage, the custodian will advise you within seven (7) business days after receipt of the request when the record can be made available and the estimated cost for reproduction.
8. You may be denied access to a government record if your request would substantially disrupt agency operations and the custodian is unable to reach a reasonable solution with you.
9. If the **Borough of Longport** is unable to comply with your request for access to a government record, the custodian will indicate the reasons for denial on the request form or other written correspondence and send you a signed and dated copy.
10. Except as otherwise provided by law or by agreement with the requester, if the agency custodian of records fails to respond to you within seven (7) business days of receiving a request, the failure to respond is a deemed denial of your request.
11. If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the **Borough of Longport** to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council ("GRC") by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at 866-850-0511, by mail at PO Box 819, Trenton, NJ, 08625, by e-mail at grc@dca.state.nj.us, or at their web site at www.state.nj.us/grc. The Council can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.
12. Information provided on this form may be subject to disclosure under the Open Public Records Act.

Dear Custodian,

Please consider this a formal OPRA request for the unredacted Use of Force reports for incidents occurring for the calendar years 2012, 2013, 2014, 2015 and 2016. We have received some from your prosecutor's office but the records appear incomplete. Redactions should be made for juvenile names and HIPAA.

We are entitled to these unredacted reports under N.J.S.A. 47:1A3(b) as a result of the state Supreme Court ruling on July 11, 2017, in the case North Jersey Media Group v. Lyndhurst.

The court wrote in its opinion, "The law calls for disclosure of 'the identity of the investigating and arresting personnel' and adds that the exception on which defendants rely 'shall be narrowly construed.'"

Under that ruling, the court also ruled that "OPRA's criminal investigatory records exception does not apply to records that are 'required by law to be made, maintained or kept on file.' N.J.S.A. 47:1A-1.1. As a result, the exemption does not cover Use of Force Reports, which the Attorney General requires officers to prepare after the use of deadly force."

Therefore, this request cannot be denied under the exemption of an "ongoing investigation" since they are required under the Attorney General's Use of Force Policy, which has "the force of law for police entities." (NJMG v. Lyndhurst)

If your agency chooses to deny, citing safety concerns, please provide a statement for each incident stating why officer or officers' names "will jeopardize the safety of any person . . . or any investigation in progress" or "would be harmful to a bona fide law enforcement purpose or the public safety." (NJMG v. Lyndhurst)

Please email scanned digital copies of the unredacted original Use Of Force forms as PDFs. If the file is too large, we will accept a CD with the requested documents mailed to the address above.

Under penalty of N.J.S.A. 2C:283, I certify that I have not been convicted of any indictable offense under the laws of New Jersey, or any other state, or in the United States.

Please note, this request clearly notes New Jersey's Open Public Record Act, therefore does not need to be on local OPRA forms.

We reserve the right to appeal your decision to withhold any information.

I look forward to your reply via email. We request all correspondence referencing this OPRA be via email.

Thank you for your assistance.

If, in addition to requesting records under OAPA, you are also requesting the government records under the common law, please check the box below.

The elements essential to constitute a public record are that it be a written memorial, that it be made by a public officer, and that the officer be authorized by law to make it.

☒ Yes, I am also requesting the documents under common law.

If the information requested is a "public record" under common law and the requestor has a legally recognized interest in the subject matter contained in the material, then the material must be disclosed if the individual's right of access outweighs the State's interest in preventing disclosure.

Please set forth your interest in the subject matter contained in the requested material.
