The state has designated the area around Shabakunk Creek as wetlands, and I am purchasing a house in Lawrence Twp that butts up to that area. I would really like to put in an in-ground pool. None of the houses on the Lawrence twp side of the creek have pools but I am writing you because several homes in Hopewell twp do have pools. If you know what the wetlands buffer is for that parcel, I would really appreciate knowing it. Otherwise, here are the addresses of homes that have pools along that creek: 80, 86 and 92 Chicory Lane, 15 and 17 Hedgecroft Dr., and 34 Navesink. I am hoping you can pull the pool permits for these homes to find out two things: first, is there any info about the wetlands, including information about a buffer required by the state? And second, is there a wetlands expert mentioned in the paperwork that I can consult in pursuing putting in a pool in Lawrence? Perhaps this person already has a lot of knowledge about that wetlands area. I am happy to come by to inspect these documents. I can be contacted at the above phone number or email address. Thanks so much for helping me solve this wetlands mystery!
