Dear Mr Fish:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I am requesting an opportunity to obtain copies via e-mail or CD of the following documents.

1. New Jersey State Plan Field Operations Manual as approved by Fed OSHA.
2. All data as it relates to type of complaint. (i.e. # of fall hazard, traffic, walkways, housekeeping, etc).
 - a. If a form letter exists that is adapted to each of the most common complaints, then we would also like a copy of those. An example of this would be, "complainant alleges lack of housekeeping creates a health hazard" form is to be sent with employer's information to employer. This request includes all available form letters of this type.
 - b. If a form letter is available that is adapted to each complaint to be sent to the complainant then this would also be requested.
 - c. If a form letter doesn't exist but a list of required documents for inspection that is requested each type for a type of injury or complaint this would be requested.
3. If inspectors have some type check off list, job aid, or other item that is often or always used for the inspection of different types of facilities, this is also requested.

We are a non-profit news/research agency and are requesting a fee waiver associated with this FOIA request. In an effort to save postage and printing, we are asking for all correspondence and material to be sent to this email account.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, we fully understand and please contact us with a reasonable timeline.

If you deny any or all of this request or need more information, please cite each specific exemption or question that you feel justifies the refusal to release the information.

Thank you for considering my request.

Christian Smith
