Please set forth your interest in the subject matter contained in the requested material:

The contractor that oversees the project is stating that we (the framer/ Subcontractor) left the job and our duties undone but in fact we left with the intention of returning due to incomplete foundation. He is also highly inflated the cost of the tasks that needed to be done in our scope of work so we would like a copy of the plans to show the court what was completed and what was left so that they can see that this dollar amount listed is unreasonable.

Due to a scheduling issue the date was brought forward and though the time frame for these documents are seven business days it would be greatly appreciated if it could be provided sooner, I have chosen 'email' below but whatever method is easiest and quickest would be fine. Please feel free to call me if needed (732-963-7345) and please note that your time is greatly appreciated and please except my most sincere apologies for the short notice!
