Subject: OPRA

Hi,

As you may know, Lakewood is poised to vote on a Master Plan that will quadruple density in parts of town on October 3rd. In September, the Lakewood Planning Board held 4 public hearings discussing the Master plan. As you can see in the below NJ MLUL ordinance, they are required to notice the Ocean County Planning Board regarding the meetings.

It is in the interests of Ocean County to provide legal input at the critical October 3rd meeting regarding the problems with this plan.

OPRA REQUEST: Please send me proof via email that notice was given to your offices regarding the Lakewood Master Plan hearings along with a copy if the draft Master Plan.

Thank you!

40:55D-13. Notice concerning master plan.

the planning board shall give: (1) Public notice of a hearing on adoption, revision or amendment of the master plan; such notice shall be given by publication in the official newspaper of the municipality, if there be one, or in a newspaper of general circulation in the municipality at least 10 days prior to the date of the hearing;

(2) Notice by personal service or certified mail to the clerk of an adjoining municipality of all hearings on adoption, revision or amendment of a master plan involving property situated within 200 feet of such adjoining municipality at least 10 days prior to the date of any such hearing;

(3) Notice by personal service or certified mail to the county planning board of (a) all hearings on the adoption, revision or amendment of the municipal master plan at least 10 days prior to the date of the hearing; such notice shall include a copy of any such proposed master plan, or any revision or amendment thereto; and (b) the adoption, revision or amendment of the master plan not more than 30 days after the date of such adoption, revision or amendment; such notice shall include a copy of the master plan or revision or amendment thereto.

Hello,

Attached please find an OPRA form.

I am trying to find the location of a well on my property. Our pump doesn't function and we think we may need to do repair to the well, or dig a new one.
However, we don't know its exact location. This is for the purposes of a sprinkler system.

Please advise of any fee required.
