Requested Information

On 1/19/15 there was a MVA with a fatality on route 78 in Lebanon, NJ The driver of the salt truck Anthony Festa was involved in a similar MVA with myself just 10 days prior. I am currently speaking with my insurance company and the NJSP regarding the investigation and Mr. Festa's failure to safely operate a commercial/government vehicle which appears to be the cause of both accidents. Excerpt from NJ.com to provide additional case info. I do not have a case number at this time. James Kim, of Douglaston, N.Y., was driving eastbound through Lebanon just before 7:30 a.m., when his Toyota Avalon hit the salt truck, spinning the car and ejecting the front seat passenger, according to Sgt. First Class Gregory Williams. I am kindly requesting all dash cam and body cam/mic footage and audio for the fatal accident on 1/19/15, and also the final police report. This information will be used for the purpose of rectifying my accident on 1/9/15, and will also allow me to speak with the NJ DOT regarding their drivers/sub-contracted drivers operating in an unsafe manner. Thank you for your assistance.

State Police report for George Gilch DOB [REDACTED] of [REDACTED] Based on a book "Everyman In Vietnam" Mr. Gilch was supposed to be under "house arrest" at [REDACTED] during the Glassboro Summit June 23-25 1967 for threats to kill President Johnson because his son James X Gilch was killed in Vietnam 07/21/1966. The book states that a trooper was assigned to stand watch over the Gilch house for several days. Mr. Gilch had the Gilch's Service Towing contract with the NJ turnpike and operated a business on the Black Horse Pike in Runnemede, NJ and then out of his house up to the time of the sale of the business around 1974. Author has based this on stories but has not supplied evidence to prove this assertion. Mr. Gilch is my father and if this is untrue I would like to clear his name from this accusation. I am requesting any and all documents concerning any investigation, surveillance, or report of request from any agency to the State Police for this assignment and the Trooper's name that was assigned.

DEPARTMENT=66, DIVISION=SP, FROM 8/1/2017 To 11/20/2017, STATUS=All

On July 27, 2017, at or about the time between 12:00pm and 1:00pm, I, Karol Ruiz, was driving from Madison to Morristown on Madison Ave. in a green Honda Accord with the bumper sticker: "No Human Being Is Illegal." As I slowed down toward a traffic light, a car sped up toward me, swerved into my car, yelling "immigrants suck" and displaying the "Heil Hitler" hand gesture, and then cut me off. The driver's actions caused me to veer off toward the curb, endangering my life and property, while his words and hand gesture terrified me. The driver then sped off onto 287 South and cut off other drivers. While the incident occurred on Madison Ave. in Morristown, NJ, the other driver and I were on route 287 South near marker 33 by the time I called 911, so I was transferred to the NJ State Police. I also took a picture of the car's license plate and tweeted it to the NJ State Police Account: @NJSP. Here is a link to the tweet: https://twitter.com/KR_KnowUrRights/status/890654727402209280 The license plate is: [REDACTED]. Would you please provide a record of my call to 911 and of the conversation with the NJ State Police Officer? Hi there ? I am requesting police reports on behalf of NBC News. We are looking for any and all police reports filed by/against/involving Blue Apron Inc. from 2016 AND 2017. The facility we're interested in specifically is located in Jersey City, NJ and are looking for anything filed against employees (due to assault or similar charges). We're happy to comb through the reports so really the only criteria we're looking for would be involving Blue Apron Inc in Jersey City. Please call me at [REDACTED] if you have any questions! We appreciate the help. We do not necessarily have a maximum authorized cost, as I assume there might be a lot of paperwork associated - so we know it may add up. Thanks Maura Barrett

To whom it may concern, This is Rujun Wang, the research assistant of the Crime Prevention Research Center (CPRC). We are interested in the NCIC data on guns stolen in your state by year for as many years as it is available. Would you please help to point me in the right direction via email and/or telephone how I might get these data? To clarify, we aren't interested in knowing anyone's name, and it won't be possible for us to infer anyone's identity. We are just interested in knowing the number of guns stolen in your state by year. If possible, we would also appreciate knowing the guns stolen from non-FFLs that were obtained through larceny, burglary, and robbery. I am also happy to provide you with more information and/or answer any questions you may have about me and/or CPRC. Thank you for your time and look forward to your reply. Page: 52 of 66

DEPARTMENT=66, DIVISION=SP, FROM 8/1/2017 To 11/20/2017, STATUS=All

I am in receipt of the NJSP partial denial of the undersigned's OPRA request marked W121651 ("Requested"), by correspondence dated July 14, 2017, which is attached hereto as Exhibit A. I object to the NJSP's refusal to provide Arrest Reports and Arrest Warrants in response to the Requests dated June 6, 2017.

The request seeks arrest reports in at least two enumerated paragraphs. (1) "Any... arrest reports"; (8) "All relevant police reports". The NJSP denied the request for Arrest Reports as exempt as a "Criminal Investigatory Record." However, arrest reports (also known as uniform arrest reports) are not criminal investigatory records and should have been produced. *Morgano v. Essex County Prosecutor's Office*, GRC Complaint No. 2007-156 (Interim Order dated February 27, 2008); see also NJSA 47:1A-3 (b). Further, the NJSP's production of the criminal complaint-summons in response to Request (2) does not fulfil the very specific request for Arrest reports, which is a different document subject to disclosure under OPRA. *Ibid*.

The requests seeks Arrest Warrants in at least two enumerated paragraphs. See (9) "All documentation related to the issuance of any court order..." (7) "All... documents... regarding the individual listed above". Arrest warrants are required to be made by law and are not exempt as a criminal investigatory record. NJ Court Rule 3:2-3(a); *Seabrooks v. County of Essex*, GRC Complaint No. 2012-230 (Interim Order dated June 25, 2013)

Accordingly, the stated reasons for the refusal to produce the Arrest Report and Arrest Warrant are simply inapplicable and appear to be an attempt to thwart the production of records in response to a proper OPRA request. There war no valid reject these requests.

Requested Information

To Whom It May Concern,Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I am requesting an opportunity to obtain copies of public records related to the investigation of Ronald Porambo in relation to the April 10, 1983 murder of Sidney Davis in Irvington, NJ. I am requesting materials and documents including, but not limited to, evidence reports, crime scene analysis, witness statements, medical examiner's records used in the court proceedings, as well as any other supplementary information related to County Case #: 83006844. I understand investigatory materials can be held under exemption as per the NJ Open Records Act, however Porambo was charged, convicted and is deceased in New Jersey State Prison in 2006. The case, having been closed for 34 years, is clearly no longer part of an active investigation and many of these documents will have been made public during the court proceedings. In addition, as part of a closed case file, the investigatory materials requested would meet the guidelines of files "required by law to be made, maintained or kept on file" that are not exempt from disclosure. Previous to his criminal activities, Porambo was a journalist who authored a seminal account of the Newark riots. I am a journalist currently writing a piece about the legacy of Porambo and his work and am requesting the files as part of the project. In this instance as well, common right law would lean heavily on the side of disclosure over confidentiality (Shuttleworth v. City of Camden, 258 N.J.Super. 573, 595 (App. Div. 1992)). If there are any fees for searching or copying these records, please inform me of the cost as soon as possible. However, I would like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the author of the sole piece of investigative reportage on the Newark riots. The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies. Thank you for considering my request. Sincerely, Greg Donahue [REDACTED]
