Good morning Ms. Pereira,

Please consider this a request under the Open Public Records Act.

I am seeking a copy of the email or emails sent to the members of the Board of Education, dated sometime between June 1 and June 16, about an advertisement for the superintendent's position, and replies to that email.

This email was referenced during the Board of Education meeting on Wednesday evening.

Thank you.

Hi Karen,

Just to clarify, are you referring to the email Ms. Palmiere referenced at the June 16, 2020 Board of Ed meeting? If so, Ms. Palmiere attended the June 9th committee meetings virtually. All other Board members who attended live received hard copies on June 9 of the ads that ran previously for the Superintendent position. Given that Ms. Palmiere was virtual, we were asked to email them to her the next day. Is that what you are referring to? If so, we can provide you with the email that was sent, but there was no response to it! Thanks.

Bill

TOMS RIVER REGIONAL SCHOOLS

SUPERINTENDENT

The Toms River Regional Board of Education seeks a hands on, energetic, experienced leader with excellent communication skills and the ability to hit the ground running to lead our Toms River Regional Schools Community of Beachwood, Pine Beach, South Toms River, and Toms River through difficult financial issues while simultaneously driving a new era of student achievement and continuing the strong traditions of the district.

The successful candidate will need the skills to be an advocate for our community, respecting, building on, and creatively utilizing strengths of district staff, resources and community partners while leading efforts for continuous improvement in student achievement.

The next Superintendent must have the following experience and skills:

- School administration and teaching experience
- NJ CSA certification
- Demonstrated ability to lead our schools and advance our programs from day one
- Excellent communication skills
- Master's degree
- Experience and knowledge of school finance, budget management, and curriculum development
- An ability to recruit, develop, and retain high quality staff

It is strongly preferred that the next Superintendent have Superintendent, Assistant Superintendent and/or central office experience. The successful candidate will steer a high-achieving district of approximately 15,000 students, 2,500 faculty and staff members, 19 schools (including Early Learning Center), and manage a \$252 million budget. Successful candidates must have a record of strong collaborative educational leadership and experience with capital project management.

Toms River is an Equal Opportunity Employer and welcomes talented leaders with a wealth of knowledge and understanding of our proudly, diverse and uniquely tight knit community. Candidates must have or be eligible for New Jersey Certification.

In order to apply, please submit a resume, a copy of your chief school administrator certification from the New Jersey Department of Education and at least three (3) references by November 10, 2020. Initial interviews will be held November 16th, and 17th, 2020 and callbacks will be scheduled for November 23rd, 2020. Expected start date is on or about January 2, 2021.

Are you referring to "other" costs to counsel? You are asking whether these costs are to the same attorney and/or firm or several different firms?

Dear Information Please,

The Toms River Regional School District ("District") received your Open Public Records Act (OPRA) request dated June 23, 2021. The official Custodian of Records received your OPRA request on June 23, 2021. As such, the seven (7) business day deadline to your request is July 2, 2021. This response to your request is being provided to you on the 2nd business day after the custodian's receipt of said request.

In response to your OPRA request, in which you requested the following:

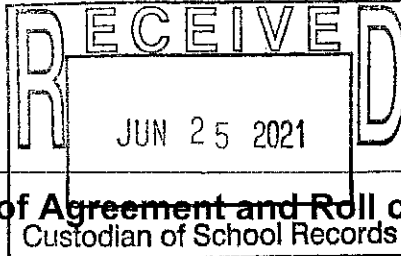

Applications received for the open superintendent position.

Your request is denied as you have requested applications and/or resumes during an ongoing search. No public agency shall disclose the resumes, applications for employment or other information concerning job applicants while a recruitment search is ongoing. The resumes of successful candidates shall be disclosed once the successful candidate is hired. The resumes of unsuccessful candidates may be disclosed after the search has been concluded and the position has been filled, but only where the unsuccessful candidate has consented to such disclosure. State of New Jersey Executive Order #26 Issued James E. McGreevey.

If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the Toms River School District to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council (GRC) by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at 866.850.0511, by mail at P.O. Box 819, Trenton, New Jersey 08625, by email at grc@dca.state.nj.us, or at their website at www.state.nj.us/grc. The GRC can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.

Sincerely,

Sheri Pereira

Good morning Information Please,

Please be advised that no rationale was given or provided by Mrs. Palmiere on her abstentions on the Memorandums of Agreements, as such there is nothing to clarify. Although it is the duty of every member who has an opinion on a question to express it by vote, a member can abstain, since they cannot be compelled to vote. Memorandum of Agreement
Between the
Toms River Education Association ("Association")
And
Toms River Board of Education ("Board")
For the Successor Contract to the Current Contract
Between the Association and the Board
For the Period of July 1, 2021 through June 30, 2025

This Memorandum of Agreement is made on this 16th day of June 2021, between the Board and the Association.

WHEREAS, the parties have been engaged in a good faith negotiation and in an effort to arrive at a successor agreement to a contract which expired on June 30, 2021,

WHEREAS, the parties have arrived at a Memorandum of Agreement which each will present to their representative constituents, along with their recommendations for acceptance and ratification,

NOW, THEREFORE, in consideration of mutual covenants contained herein, the parties stipulate to the following:

1. The provisions of this Memorandum are subject to and contingent upon ratification by their parties represented by the signatories herein to the contract and to the execution of a more formal contract.
2. The Contract shall cover the period of July 1, 2021 to June 30, 2025.
3. All portions of the most recent contract and not modified by the terms of this Memorandum shall continue to be of full force and effect and be carried forward and be incorporated into the July 1, 2021 to the June 30, 2025 Contract.
4. A duplicate of the Memorandum has been furnished to and been received by the representatives of the parties herein.
5. Unless otherwise noted, all dates involving the duration in the Contract shall be confirmed to the duration of July 1, 2021 to June 30, 2025.
6. All items agreed to by and between the parties during negotiations shall be incorporated into the July 1, 2021 to June 30, 2025 Contract.
7. All parties acknowledge these terms and conditions are subject to ratification.
8. All parties agree to recommend for ratification the terms and conditions contained herein to their respective constituents.
9. All parties agree to refrain from sharing information regarding this agreement with the press or the community-at-large until after ratification by both parties.
10. All other proposals are hereby withdrawn by both parties.

11. All terms and conditions not contained herein shall remain status quo.

Good morning R. Quimby,

The Toms River Regional Schools District received your Open Public Records Act (OPRA) request on June 25, 2021. I, Sheri Pereira, the official Records Custodian, received your OPRA request on June 25, 2021. As such, the seven (7) business day deadline to respond to your request is July 7, 2021, due to the District being closed on Monday, July 5, 2021 in observance of the Fourth of July holiday. This response to your request is being provided to you on the 4th business day after the custodian's receipt of said request.

Records requested:

A record of completed NJSBA state mandated training sessions for each of the following board members from the start of their term as board members until present.

*Lisa Contessa
Kevin Kidney
Ashley Palmieri*

Please find attached mandated training for the Toms River Regional Schools Board of Education members, specifically requested for Lisa Contessa, Ashley Palmiere and Kevin Kidney.

As per the New Jersey School Board Association, all board members are in compliance and have taken their required training courses to date, with some board members taking multiple seminars during the course of the year. Please be advised that all board members, as per the New Jersey School Board Association have up until December 31, 2021 to complete any of their required training courses.

Thank you,
Sheri

Mr. Kenny,

Please let Mr. Nardini know that I join him on the bus trip. In addition, I will also work with him to get the word out about the devastating impact these cuts will have on both students and taxes.

I'm also curious to know whether or not this bus trip is being coordinated with other towns experiencing similar cuts? Perhaps we can make a larger footprint if we coordinate our efforts and I am willing to help with that as well.

I would also like to correct the record. Although I was not a vocal critic of it, I did not support the referendum. But, as I said before you have my full support in the fight for fair funding.

Most Sincerely,

Dan Rodrick

Subject: Referendum
Attachment:

Dear Council Member,

As President of the Toms River Board of Education I am asking for your position on the upcoming referendum. By now I'm sure you are very familiar with the referendum to be voted on January 22nd. We have hosted 19-advertised school initiative meetings and 3-advertised regional Q&A meetings to stress the importance of the necessary repairs slated to our aging buildings. With our school system's loss of community building grant money, loss of tax rateables from Superstorm Sandy, and now, the State taking away almost \$80 million over the next six years from our school funding, we need help.

The Toms River Regional School District is currently running on one of the most streamlined budgets in the state. According to the State of New Jersey we are functioning at \$31 million BELOW adequacy. As you are aware, our administrative costs are 2nd lowest in the state and our cost per pupil is 3rd lowest in the state.

Our first and foremost concern are our children and teachers. They deserve to have a healthier and more secure environment to learn and to teach in. After reviewing the Power Point demonstrations that we provided at all 22 referendum information meetings, you can see this is a true concern. Every dollar of this referendum is dedicated to the imperative building repairs as documented on the TR Schools website at <http://www.trschools.com/community/referendum>.

Secondly, we must remember that in the past people moved to Toms River for our exceptional school district. Without a thriving school district we lose our property values. Currently we have people leaving Toms River for a variety of reasons, and as leaders in this town, we have an obligation to give them a reason to stay. The core of our district is intact, however our building infrastructure is crumbling. It is our duty to our taxpayers to keep their home investment safe.

Our Superintendent, Business Administrator, Board Vice President and myself are going to be on Bob Levy's Topic A with Jeremy Grunin this Sunday from 8:30-9:30 AM on 92.7 WOBN. We will also be on a Facebook Live with Karen Wall from the Toms River Patch this Thursday (with an expected reach of 29,000 viewers), as well as various other media sites to bring awareness of the referendum and the urgency.

We have been asked where the council stands on this issue. Today I am respectfully asking for your public assistance in bringing awareness to this referendum in the best interest of Toms River. I am asking each of you for an acknowledgement of this letter as well as your feelings on preserving our district and saving our schools thus our property values in our great town. Thursday, when asked if we have the full support of the town Council, we would like to be prepared with an accurate response from each of you.

I appreciate your time and hope you have a good understanding of what is at stake here. Please feel free to contact me with any questions.

Respectfully, Joe Nardini
President, Toms River Board of Education

Good afternoon Ms. Wall,

The Toms River Regional Schools District received your Open Public Records Act (OPRA) request on July 2, 2021. I, Sheri Pereira, the official Records Custodian, received your OPRA request on July 2, 2021. As such, the seven (7) business day deadline to respond to your request is July 14, 2021, due to the District being closed on Monday, July 5, 2021 in observance of the Fourth of July holiday. This response to your request is being provided to you on the 1st business day after the custodian's receipt of said request.

Records requested as per your exact request:

I am seeking copies of emails sent to Toms River Board of Education -- and reply all replies -- that address the superintendent search. I am seeking emails dated from June 1, 2021 through today, July 2, 2021, inclusive.

Please be advised that many of the emails are repeated. Please see attached emails with attached redaction key.

Thank you,
Sheri

Dear Mrs. Morrison,

I appreciate your opinion and certainly your passion. I apologize for the delayed response but I was advised by Mr. Nardini a while back that when someone addresses an email to the entire board it is often the President who replies on our behalf. Seeing that hasn't been done to date, here is my response to your questions.

First of all let me say that I know you care a great deal about this district, the many teachers and staff members and all of the students. AND I am aware of all of the work you do with regards to feeding families with food donations and all the tireless hours you dedicate to this cause alongside Mr. Ricotta. I commend you for all of this and I assure you, your opinion matters.

In spite of the allegations being made about me, that I have political motivation for voting a particular way that you happen to disagree with, I would argue that is not the case.

I voted the way I voted for the next Superintendent of schools for 3 reasons.

1. I too have many conversations with teachers, guidance counselors, union representatives,

internal candidates are qualified to run this district. They like them both very much but do not think at this time they are the most qualified. And, they do NOT want to be exposed for obvious reasons so I will protect their confidence.

2. I've combed through both the staff survey and the stakeholder survey results many many times. I attend the meetings and I see the 10- 50 people that come and I listen to the.... for the most part the same 5 to 10 people that call in as well.

With regards to the survey. There are 92,000 residents in Toms River and 1,647 replied. That's less than 2%. There are 2,090 staff members and 510 have replied. That's 24.5%. Neither demonstrates a majority let alone an "overwhelming majority".

Both surveys are multiple choice questions with room for comment. Not one question asked if they would like to see someone "home grown" or "currently working in the district" as opposed to an "outside" candidate as our next superintendent. Not one question. I read through all of the comments, multiple times. This is what I found:

5 people stated they would like to see someone home grown from within the district.

2 people stated it should be someone from Ocean County.

1 person suggested Mr. Fastnacht

2 people said do not hire from within there is too much corruption in Toms River.

The majority of comments were unhappy with the current administration and the lack of communication, inconsistent directives, inconsistencies with curriculum, they want a more caring and compassionate environment and they don't feel appreciated or respected.

This tells me the majority wants change.

3. Unfortunately for both of our internal candidates they each come with the stigma of the previous Superintendent under which they served. I had many questions about what happened, who know what, when and how we got into the financial mess that was left under the Ritacco administration. I didn't get satisfactory answers.

I had questions as to decisions that were made and how they were "pushed" down, morale issues and problems that have yet to be solved, etc. under the Healy Administration and those too were not answered satisfactorily in my opinion.

All of the candidates were faced with specific and current problems from within our district and they were asked to provide solutions.

Mr. Altobello lives in Brick. He has family members that work in the district and some that attend our schools. He currently works in a district very similar in size, demographics, and with the same

And that is why I voted the way I did. Not because I dislike teachers, or children and certainly I have nothing against Mr. Ricotta or Mr. Citta. They are great men, that work hard and have the love and respect of those they work with. '

But as you know we are in CRISIS. The majority does not want to go back to what got us here in the first place or maintain the status quo with no hope in sight. We need more than love and good friends to help us out of the financial crisis that we are in.

AND that is also the reason I couldn't support raises across the board. We are cutting teachers, cutting sports and programs, cutting curriculum. I would love to give EVERYONE raises but I am told time and time again WE DO NOT HAVE THE MONEY.

I believe in what I'm doing, I'm in this for the right reasons and I'm not settling for a candidate that I do not support.

But that is my opinion as you have yours and those that are advocating heavily for Mr. Citta also have thiers.

It will be my recommendation that we move to hire the NJSBA to conduct a new search immediately. The process we just went through was flawed and biased and if it is handled similarly we will only end up in the exact same position we are in. I hope this answers your questions.

Thank you again for your time and dedication.

I sent an email to the entire board and to the Interim Superintendent on June 21st.

Some board members responded others have not.

This email is specifically directed to Mrs. Contessa, Mrs. Palmiere and Mr. Kidney as those were the board members that made Mr. Altobello's name public and specifically stated he was the most qualified candidate for the position of superintendent of schools.

If the statement is made, on record, that a particular candidate is the best candidate for the position, then please provide the evidence to support the statement.

In the education world, proper etiquette is to provide a response within 24 hours.

I attended Wednesday's board meeting and am disappointed that we have yet to appoint a superintendent.

I am requesting Mr. Altobello's qualifications as to what makes him the best qualified candidate for the position of Superintendent within the Toms River Regional School District. Three individual board members stated he was the best qualified candidate.

As per LinkedIn, Mr. Altobello was a teacher in the Brick Township School District and was promoted to Assistant Principal from 2006-2008 at Lake Riviera Middle School. He made a lateral move before receiving tenure and became Vice Principal at Bolger Middle School, Keansburg School District from 2008-2011. He left before receiving tenure. He became Principal of Navesink Middle School, Middletown School District from 2011-2019. He left a tenured position to become the Director of Secondary Education within the Hamilton School District. Again, Mr. Altobello would leave another district before receiving tenure. While I can respect an individual wanting to further their career, hopping from district to district doesn't scream ambition, it screams a red flag.

Mr. Altobello has been employed in four school districts in the past 15 years, receiving tenure once in administrative positions.

"To earn tenure, a new principal, assistant principal, or vice principal must be rated either effective or highly effective in two annual summative evaluations within the first three years of employment, with the first effective rating on or after completion of the second year."

Mr. Altobello's longest stint was in the Middletown School District. Currently he is being sued in a discrimination lawsuit by a former employee; "Plaintiff alleges that defendants unlawfully discriminated against him in violation of the ADA and the NJLAD when they failed to reasonably accommodate his disability and instead terminated his employment on account of his disability." "Principle Altobello noted in the evaluation: "Mr. Pezza is currently out on a medical leave of absence", Id., something that should never have been a factor in an employee's performance evaluation under the FMLA but it is set forth in ANDREW L. PEZZA's June 2017 performance evaluation " Please see attached legal complaint

Moving from district to district, a pending lawsuit against a disabled employee seems like the "best qualified candidate" to remove from the superintendent search.

When Mr. Healy was superintendent, the narrative was we needed a homegrown, Toms River person. It created a divide within the community. In every decision, the narrative would re-emerge. We don't need the division again. Our community was surveyed and we spoke loud and clear.

There is something to be said for an individual that has been employed in the same school district for years.

In 1987, my 6th grade Walnut Street Elementary School teacher was, first year teacher, Ms. LaBarca now Mrs. McMahon, Citta Elementary School. She has been an employee for 34 years! We praise individuals that have been with school districts for a lifetime, we don't push them aside or think any less of them. We welcome longevity.

Mrs. McMahon is deeply rooted in our school district. It's her home. Her dedication is commendable. Her longevity shows stability, consistency, loyalty and dedication. Mrs. McMahon is a staple in our school community. She's a veteran. She's seasoned. She's a person that others look to for advice, for knowledge, for direction. She has persevered through ever changing administration and legislation.

Through all of the challenges and the adversity within our school district, long lasting employees are a testament to the school district and to the community.

Our school district is in need of an individual that is deeply rooted into our community. An individual that has shown stability, consistency, loyalty and dedication. An individual that is a staple in our community; a veteran, a seasoned individual. We need an individual that others look to for advice, for knowledge, for direction.

Since January 1st, it's safe to say that Interim Superintendent Mr. Gialanella has consulted with Mr. J. Ricotta for advice, for knowledge and for direction. Mr. Ricotta has been employed in the school district since 1991. He was a middle school music teacher for ten years. He was assistant principal for four years, principal for twelve years and now assistant superintendent for 3 years. Mr. Ricotta has been with our school district for 30 years in various leadership positions. What an accomplishment!

Comparing the two individuals for the superintendent search, how can Mr. Altobello be the best qualified candidate with less experience, never having a hand in the everyday operations of a school district and has never been an assistant superintendent?

The superintendent search shouldn't be about personal agendas or political agendas. It's always

community.

Thank you for your time.

First of all let me say that I know you care a great deal about this district, the many teachers and staff members and all of the students. AND I am aware of all of the work you do with regards to feeding families with food donations and all the tireless hours you dedicate to this cause alongside Mr. Ricotta. I commend you for all of this and I assure you, your opinion matters.

In spite of the allegations being made about me, that I have political motivation for voting a particular way that you happen to disagree with, I would argue that is not the case.

I voted the way I voted for the next Superintendent of schools for 3 reasons.

1. I too have many conversations with teachers, guidance counselors, union representatives, coaches, stakeholders and the like urging me to stand firm as they do not believe either of the two internal candidates are qualified to run this district. They like them both very much but do not think at this time they are the most qualified. And, they do NOT want to be exposed for obvious reasons so I will protect their confidence.

2. I've combed through both the staff survey and the stakeholder survey results many many times. I attend the meetings and I see the 10- 50 people that come and I listen to the.... for the

With regards to the survey. There are 92,000 residents in Toms River and 1,647 replied. That's less than 2%. There are 2,090 staff members and 510 have replied. That's 24.5%. Neither demonstrates a majority let alone an "overwhelming majority".

Both surveys are multiple choice questions with room for comment. Not one question asked if they would like to see someone "home grown" or "currently working in the district" as opposed to an "outside" candidate as our next superintendent. Not one question. I read through all of the comments, multiple times. This is what I found:

5 people stated they would like to see someone home grown from within the district.

2 people stated it should be someone from Ocean County.

1 person suggested Mr. Fastnacht

2 people said do not hire from within there is too much corruption in Toms River.

The majority of comments were unhappy with the current administration and the lack of communication, inconsistent directives, inconsistencies with curriculum, they want a more caring and compassionate environment and they don't feel appreciated or respected.

This tells me the majority wants change.

3. Unfortunately for both of our internal candidates they each come with the stigma of the previous Superintendent under which they served. I had many questions about what happened, who know what, when and how we got into the financial mess that was left under the Ritacco administration. I didn't get satisfactory answers.

I had questions as to decisions that were made and how they were "pushed" down, morale issues and problems that have yet to be solved, etc. under the Healy Administration and those too were not answered satisfactorily in my opinion.

All of the candidates were faced with specific and current problems from within our district and they were asked to provide solutions.

Mr. Altobello lives in Brick. He has family members that work in the district and some that attend our schools. He currently works in a district very similar in size, demographics, and with the same financial problems as Toms River. He offered solid solutions that I believe could work here.

And that is why I voted the way I did. Not because I dislike teachers, or children and certainly I have nothing against Mr. Ricotta or Mr. Citta. They are great men, that work hard and have the love and respect of those they work with.

But as you know we are in CRISIS. The majority does not want to go back to what got us here in

friends to help us out of the financial crisis that we are in.

AND that is also the reason I couldn't support raises across the board. We are cutting teachers, cutting sports and programs, cutting curriculum. I would love to give EVERYONE raises but I am told time and time again WE DO NOT HAVE THE MONEY.

I believe in what I'm doing, I'm in this for the right reasons and I'm not settling for a candidate that I do not support.

But that is my opinion as you have yours and those that are advocating heavily for Mr. Citta also have theirs.

It will be my recommendation that we move to hire the NJSBA to conduct a new search immediately. The process we just went through was flawed and biased and if it is handled similarly we will only end up in the exact same position we are in. I hope this answers your questions.

Thank you again for your time and dedication.

I attended Wednesday's board meeting and am disappointed that we have yet to appoint a superintendent.

I am requesting Mr. Altobello's qualifications as to what makes him the best qualified candidate for the position of Superintendent within the Toms River Regional School District. Three individual board members stated he was the best qualified candidate.

As per LinkedIn, Mr. Altobello was a teacher in the Brick Township School District and was promoted to Assistant Principal from 2006-2008 at Lake Riviera Middle School. He made a lateral move before receiving tenure and became Vice Principal at Bolger Middle School, Keansburg School District from 2008-2011. He left before receiving tenure. He became Principal of Navesink Middle School, Middletown School District from 2011-2019. He left a tenured position to become the Director of Secondary Education within the Hamilton School District. Again, Mr. Altobello would leave another district before receiving tenure. While I can respect an individual wanting to further their career, hopping from district to district doesn't scream ambition, it screams a red flag.

Mr. Altobello has been employed in four school districts in the past 15 years, receiving tenure once in administrative positions.

"To earn tenure, a new principal, assistant principal, or vice principal must be rated either effective or highly effective in two annual summative evaluations within the first three years of employment, with the first effective rating on or after completion of the second year."

Mr. Altobello's longest stint was in the Middletown School District. Currently he is being sued in a discrimination lawsuit by a former employee; "Plaintiff alleges that defendants unlawfully discriminated against him in violation of the ADA and the NJLAD when they failed to reasonably accommodate his disability and instead terminated his employment on account of his disability." "Principle Altobello noted in the evaluation: "Mr. Pezza is currently out on a medical leave of absence", id., something that should never have been a factor in an employee's performance evaluation under the FMLA but it is set forth in ANDREW L. PEZZA's June 2017 performance evaluation." Please see attached legal complaint.

Moving from district to district, a pending lawsuit against a disabled employee seems like the "best qualified candidate" to remove from the superintendent search.

When Mr. Healy was superintendent, the narrative was we needed a homegrown, Toms River person. It created a divide within the community. In every decision, the narrative would re-emerge. We don't need the division again. Our community was surveyed and we spoke loud and clear.

There is something to be said for an individual that has been employed in the same school district for years.

In 1987, my 6th grade Walnut Street Elementary School teacher was, first year teacher, Ms. LaBarca now Mrs. McMahon, Citta Elementary School. She has been an employee for 34 years! We praise individuals that have been with school districts for a lifetime, we don't push them aside or think any less of them. We welcome longevity.

Mrs. McMahon is deeply rooted in our school district. It's her home. Her dedication is commendable. Her longevity shows stability, consistency, loyalty and dedication. Mrs. McMahon is a staple in our school community. She's a veteran. She's seasoned. She's a person that others look to for advice, for knowledge, for direction. She has persevered through ever changing administration and legislation.

Through all of the challenges and the adversity within our school district, long lasting employees are a testament to the school district and to the community.

Our school district is in need of an individual that is deeply rooted into our community. An individual that has shown stability, consistency, loyalty and dedication. An individual that is a staple in our community; a veteran, a seasoned individual. We need an individual that others look to for advice, for knowledge, for direction.

Since January 1st, it's safe to say that Interim Superintendent Mr. Gialanella has consulted with Mr. J. Ricotta for advice, for knowledge and for direction. Mr. Ricotta has been employed in the school district since 1991. He was a middle school music teacher for ten years. He was assistant principal for four years, principal for twelve years and now assistant superintendent for 3 years. Mr. Ricotta has been with our school district for 30 years in various leadership positions. What an accomplishment!

Comparing the two individuals for the superintendent search, how can Mr. Altobello be the best qualified candidate with less experience, never having a hand in the everyday operations of a school district and has never been an assistant superintendent?

The superintendent search shouldn't be about personal agendas or political agendas. It's always supposed to be about what's in the best interest of our students, our staff and our school community.

Thank you for your time.

Dear Toms River Board of Education member,

You were elected by the taxpayers of your community to a non-partisan school board. As an elected representative, it is your responsibility to represent the interest of the CHILDREN in the Toms River School District as well as the TAXPAYERS in each of its sending districts. You were NOT elected as a political favor to someone with the hopes of perhaps receiving a position or a kickback in exchange for a favorable vote.

The district has gone through a lot over the past several years and still has a lot to do with regards to state funding and a full-time return to school in September after weathering the current Covid-19 pandemic. In doing so, we need to appoint a leader who is familiar with OUR DISTRICT as well as the COMMUNITIES IT SERVES.

The Toms River Board of Education polled the STAKEHOLDERS of the community. They polled the staff, parents of current students, as well as the taxpayers of each community. Many of these people attended meetings and let it be know, to you, that the next superintendent should be "HOMEGROWN," someone familiar with the working of the district and community. We the STAKEHOLDERS, STAFF and PARENTS stated that this would be good for all involved especially the staff and perhaps once again make TOMS RIVER SCHOOLS the shining star that it once was.

We need to put aside our personal agendas and give the people what they asked for, or you will lose all their trust, TRUST THAT YOU WORKED SO HARD TO BUILD. DO NOT LET POLITICS INTERFERE IN WHAT YOU WERE ELECTED TO DO. Put the CHILDREN and STAFF of TOMS RIVER FIRST!

Sincerely,
Lisa Simone

I am writing to once again address my concerns about the superintendent search. After watching the last BOE meeting, I was floored by the way certain members displayed an enormous lack of respect for our educators and administrators. When staff witness how longevity, commitment and dedication to our children are ignored and bypassed for another candidate, out of district, with a questionable work history, what do you think that does for morale? And when morale is low, the quality of educators' performance decreases. This is directly affecting our student's and needs to be resolved.

Not only is this outside candidate named in an active lawsuit with the district he was employed with before his current job, but he has been employed by 4 districts in the past 14 years. His inability to stay at a job for any significant amount of time is a huge warning sign and the lack of consistency should be troubling to any hiring committee. I am sure he has redeeming qualities, but with those negative points, I don't see how he would rate ahead of Mr. Ricotta, who has proved himself worthy of the position. Toms River Regional deserves a superintendent who has already demonstrated, not only their skills and aptitude, but their passion and love for our district. We have too much to lose taking a chance on a candidate that does not already come with a proven positive track record serving our district.

Thank you for your extensive time and attention to this pressing matter.

Good Morning,

I'm writing to you, the Tom's River Board of Education, to urge you to not consider the interim Thomas Gianella for the permanent position. I would love to see a superintendent who is pro-student and has courage. The masking policy is harmful to students, and particularly young children. The average coronavirus particle is about .12 microns in diameter, which cloth masks provide virtually no filtration for.

My second grade daughter frequently complains she feels like she is in a prison. She feels this way because there are ineffective dividers, ineffective masks, absurd rules at play times, and the lack of air conditioning in her classroom. The superintendent helps set the culture of a school system. It's clear this individual is not up for the task. Please do not consider him.

Thanks,

Warren Crosby

Dear Toms River School District,

This is a request for public records made under OPRA and the common law right of access. I am not required to fill out an official form. Please acknowledge receipt of this message.

Records requested:

I am requesting text logs from Wednesday, June 16, 2021 between the hours of 6pm and 12:00am from board members Mrs. Lisa Contessa and Mrs. Ashley Palmieri. Mr. Nardini asked all members to put their cell phones on airplane mode and to put them in the box. Neither complied. Both Board of Education members were on their cell phones during the entire general board of education meeting; when they spoke they either read from their cell phones or wrote a narrative on a legal pad from the cell phone to speak on public record. If cell phones are being used during public meetings then cell phone text and call logs are part of the public record.

I am also requesting Mr. Kevin Kidney's text and cell phone log for the entire duration of the general board of education meeting that took place on Wednesday, June 16th.

Yours faithfully,

R. Quimby

To: "R. Quimby" <opra+request-24154-f9b7af2d@requests.opramachine.com>

Good morning R. Quimby,

The Toms River Regional Schools District received your Open Public Records Act (OPRA) request on June 22, 2021. The official Records Custodian, Sheri Pereira, received your OPRA request on June 22, 2021. As such, the seven (7) business day deadline to respond to your request is July 1, 2021. This response to your request is being provided to you on the 6th business day after the custodian's receipt of said request.

Your OPRA request sought access to the following:

I am requesting text logs from Wednesday, June 16, 2021 between the hours of 6pm and 12:00am from board members Mrs. Lisa Contessa and Mrs. Ashley Palmieri. Mr. Nardini asked all members to put their cell phones on airplane mode and to put them in the box. Neither complied. Both Board of Education members were on their cell phones during the entire general board of education meeting; when they spoke they either read from their cell phones or wrote a narrative on a legal pad from the cell phone to speak on public record. If cell phones are being used during public meetings then cell phone text and call logs are part of the public record.

I am also requesting Mr. Kevin Kidney's text and cell phone log for the entire duration of the general board of education meeting that took place on Wednesday, June 16th.

Your request requires additional time beyond the seven (7) business days to fulfill. OPRA allows custodians to seek extensions of time pursuant to N.J.S.A. 47:1A-5.i. Specifically, OPRA states that, "The requestor shall be advised by the custodian when the record can be made available. If the record is not made available by that time, access shall be deemed denied."

Your request requires an extension of time until July 13, 2021.

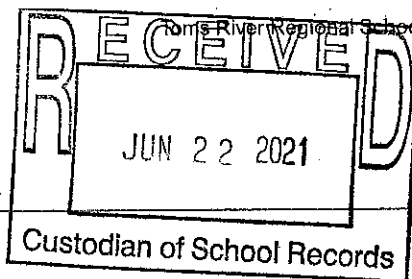

If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the Toms River Regional Schools District to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council (GRC) by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at 866-850-0511, by mail at P.O. Box 819, Trenton, NJ, 08625, by e-mail at grc@dca.state.nj.us, or at their website at www.state.nj.us/grc. The GRC can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.

Thank you,
Sheri

Good afternoon R. Quimby,

The Toms River Regional Schools District requested an extension of time until July 13, 2021 to respond to your following Open Public Records Act (OPRA) request. Please be advised that this response is being provided to you on Thursday, July 8, 2021.

Request:

I am requesting text logs from Wednesday, June 16, 2021 between the hours of 6pm and 12:00am from board members Mrs. Lisa Contessa and Mrs. Ashley Palmieri. Mr. Nardini asked all members to put their cell phones on airplane mode and to put them in the box. Neither complied. If cell phones are being used during public meetings then cell phone text and call logs are part of the public record.

I am also requesting Mr. Kevin Kidney's text and cell phone log for the entire duration of the general board of education meeting that took place on Wednesday, June 16th.

Please find attached text communications provided by Mr. Kidney.

Ms. Contessa affirmed that she did not use her personal cell phone or any other electronic device to discuss any public matter or any matter related to the Toms River Regional Schools BOE during the TRBOE meeting on June 16, 2021.

Ms. Palmiere affirmed that though she did use her private cell phone during the BOE meeting, it was for private matters having nothing to do with the meeting.

Thank you,
Sheri

Dear Toms River School District,

This is a request for public records made under OPRA and the common law right of access. I am not required to fill out an official form. Please acknowledge receipt of this message.

Records requested:

Text communications from BOE members Contessa, Palmeiri and Kidney on June, 16th 2021 from 6:00pm to 12:00am, the duration of the general board meeting after all members were directed to refrain from cell phone use.

Yours faithfully,

d doty

Good morning d doty,

The Toms River Regional Schools District received your Open Public Records Act (OPRA) request on June 22, 2021. The official Records Custodian, Sheri Pereira, received your OPRA request on June 22, 2021. As such, the seven (7) business day deadline to respond to your request is July 1, 2021. This response to your request is being provided to you on the 6th business day after the custodian's receipt of said request.

Your OPRA request sought access to the following:

Text communications from BOE members Contessa, Palmieri and Kidney on June 16th 2021 from 6:00pm to 12:00am, the duration of the general board meeting after all members were directed to refrain from cell phone use.

Your request requires additional time beyond the seven (7) business days to fulfill. OPRA allows custodians to seek extensions of time pursuant to N.J.S.A. 47:1A-5.i. Specifically, OPRA states that, "The requestor shall be advised by the custodian when the record can be made available. If the record is not made available by that time, access shall be deemed denied."

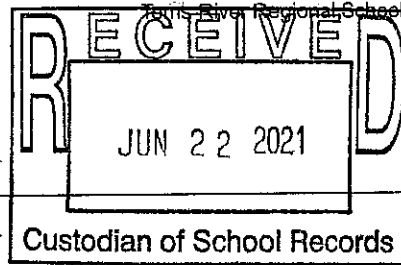

Your request requires an extension of time until July 13, 2021.

If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the Toms River Regional Schools District to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council (GRC) by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at 866-850-0511, by mail at P.O. Box 819, Trenton, NJ, 08625, by e-mail at grc@dca.state.nj.us, or at their website at www.state.nj.us/grc. The GRC can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.

Good morning --

I am submitting a follow-up OPRA request for emails regarding the superintendent search.

I am seeking emails addressed to **any** of the following members of the Toms River Regional Board of Education, about the superintendent search, dated from June 10 to July 3.

The members:

Joseph Nardini
 Anna Polozzo
 Lisa Contessa
 Ashley Palmiere
 Kevin Kidney
 Kathy Eagan
 Michele Williams
 Jennifer Howe
 Alex Mizenko

You do not need to send emails that were responsive to my previous OPRA request from last week, and I do not need auto-replies that were sent.

Thank you for your assistance. It is much appreciated.

Good morning Ms. Wall,

Pursuant to our telephone conversation from this morning, please be advised that our systems are still down. Therefore, I cannot do any type of search at this time. Once the systems are up and running, I can conduct the search. Receipt of this OPRA request may have to be tomorrow if the system is down all day and is restored tomorrow.

Thank you,

Toms River School Board Members,

As I sit and replay videos from recent board meetings regarding the superintendent search, I have so many mixed feelings.

Without knowing the truth behind everything that is going on, it is clear that POLITICS for some inconceivable reason, is playing a part in the decision of who should run MY CHILDREN'S EDUCATION. To those that are lobbying for selfish reasons, SHAME ON YOU. To those that are attempting to do the right thing, THANK YOU.

We've suffered a long year with hybrid/virtual, quarantines etc. This district needs to appoint a Superintendent now, so that they would have time to prepare for the fall school year. School board meetings have become unproductive circus shows. It's embarrassing. A few of yo

Please choose the MOST QUALIFIED superintendent candidate that can help this district thrive and further our children's education.

Lastly, I've only sent a few emails over the years, and I want to thank the few board members who actually take the time out of their own busy lives to reply. You know who you are, and you are appreciated.

Mr. Nardini has asked me to respond to your email since he is conflicted on the Superintendent search. The board held votes on this topic during our special meeting June 30th. The motion to hire NJSBA to conduct the Superintendent search failed and the motion to advertise passed. I believe our next action meeting is scheduled for July 21st unless something changes. You are more than welcome to readdress these issues at that meeting. In the meantime the scheduling of the advertisements will proceed as directed by the vote of the board. I expect to have all the pricing and proofs from Megan soon. At which time we will straw poll for approval of the expense. I feel compelled to remind the board that any failure to move forward as directed by the vote of the Board at this junction will further delay the new superintendent search process.

There has been much discussion from members of the public about the teaching of some controversial topics during recent Board of Education meetings. Teachers in the Toms River Regional School district along with every public school teacher in New Jersey are required to teach to the New Jersey Student Learning Standards for their grade level and content area. NJSLS are evolving all the time. The district supplies Board approved curriculum updated annually in July or August along with guidance and professional development to staff about how to address the standards relevant to their subject area in a developmentally appropriate way. The teachers are then tasked with conveying the information in an engaging way. The new jersey student learning standards are published on the state's website here: <https://www.nj.gov/education/cccs/> our current curriculum documents are published on our district website here: <https://www.trschools.com/Curriculum/>. Mr. Nardini asked the administrative team to discuss some of the more controversial items that have been questioned at meetings with the entire board at a meeting in the near future just yesterday. The board will vote on the 2021-2022 curriculum changes in a regularly scheduled public meeting this summer.

Thank you,

I think it would be reasonable to at least explore this option before we spend \$4,500-\$5,000 on a newspaper ad that we agreed last night no one reads.

In the spirit of transparency I voted yes last night to an ethics investigation, and if it moves forward that's fine, but I think the money would be far better spent on the Superintendent search. If we continue to point fingers and investigate one another we are only showing the public what they already believe which is that we are divided and therefore dysfunctional as a board. Regardless of how we feel towards one another, we need to work together and we could then focus our efforts on curriculum and mask mandates which the public has stated they are far more interested in.

Mrs. Contessa,

Thank you for your response.

However, it's the same narrative you read from at last night's meeting. While I can respect that someone took the time to create that narrative, I am pretty confident that statement wasn't prepared solely by you.

In regards to the survey, the survey wasn't sent to 92,000 residents. The survey was sent to the parents of the school district through district email, posted on the district website and mentioned online through The Patch and, I believe, the Asbury Park Press. The statistics you cite are incorrect.

In regards to Mr. Altobello, he is being sued by a former employee from the Middletown School District and is currently being sued in the Hamilton Township School District by a student. While he may be a wonderful person, our district doesn't need another liability.

Sports programs have not been cut. Coaches have.

Not that I support the cutting of anything. I'm well aware of our financial crisis. In one meeting, you said you don't support the 2% tax levy increase which is mandated for public education and then a meeting or two later, you stated that "we're going to have to raise taxes." Which side of the fence do you sit on? You know the real reason why S2 is decimating our district. Trenton has stated that Toms River Township does not pay their local fair share. Townships that don't tax to the threshold are the same townships being decimated by S2. It's not a coincidence. Our community is well aware but who wants to be the bad guy and raise taxes to the threshold? S2 is nothing more than punishment. Unfortunately our children are the ones suffering at the hands of those not doing the right thing. It's the elephant in the room no one wants to speak about.

I do not believe you are acting in the best interest of the children. For you, it's about politics. For you it's about listening to those that easily influence you. My narrative has nothing to do with who the two superintendent candidates were. My issue is the political agenda behind the

superintendent search. Please don't insult my intelligence or the intelligence of the community. You, Mrs. Palmiere and Mr. Kidney have shown your cards at every meeting. It's easy to answer questions when you have an electronic device at your fingertips. In one meeting you asked how many school districts were impacted by S2. No disrespect Mrs. Contessa, but weren't you the BOE candidate that went to Trenton to learn more about S2? Anyone in the fight against S2 knows it's roughly 198 school districts. You asked some questions about S2 that you should've known. Either you're not paying attention or the person who wrote those questions didn't know the answer. I'll assume the latter.

Mrs. Contessa please remember that you and your team held a fundraiser where I was present. I did not attend it but was there by default as it was downtown where I am every weekend.

Please remember I was standing in the street as you and Mrs. Palmiere collected money and distributed raffle tickets to patrons as they attended your school board campaign fundraiser. Mr. Gilmore, Mr. Mailot and Former Mayor Kelaher were some of your guests.

That evening, Ms. Geri Ambrosio came to you visibly angry in my presence. She had just hung up with Mr. Rodrick. He wasn't going to attend the fundraiser. He stated he would throw all of his support to 7,8,9 because he was angry with you and Mrs. Palmiere.

As I stood there, you sat at the check-in table bent over and said "he was supposed to do all the dirty work." That evening you were having major back/neck issues and I even referred you to a friend of mine that is a physical therapist that was also downtown. I believe the two of you even spoke that night.

Ms. Ambrosio and I exchanged some unkind words when I said children and families were off limits. She told me I didn't understand politics. Information was supposed to come out to destroy one person's campaign which in turn would destroy that person's family all at the hands of your campaign committee.

Mrs. Contessa I asked you several times throughout your campaign if Mr. Rodrick was running it. Every time you answered, you lied. I supported your run for school board because I believed you. You said Mr. Rodrick had nothing to do with your campaign. You lied to a friend, a parent, a tax payer, a stakeholder and an advocate of our school district. You spoke to me about how I was hurting your campaign because I publicly supported Rachel Remelgado who was also running for a seat on the Board of Education. I supported her candidacy because she was an active participant. She attended rallies, spoke up at board meetings, spoke at budget hearings, called Trenton and advocated for our school district publicly and privately.

You and I attended the Trenton rally. You seemed like you understood our funding crisis. You seemed like you wanted to truly advocate for our students in Trenton. Yet, you didn't even testify at this year's budget hearings. Your presence on the board is a true disappointment. I had high hopes for the great work I thought you were going to do. Instead it has turned into a three ring

political circus.

When Mr. Londregan entered the race, I was told that Mr. Rodrick handpicked him to run on your ticket. I contacted you and again, you lied.

When I met Mr. Londregan he was having dinner with you and Mrs. Palmiere downtown. Mr. Londregan had his own dog in the race, Mr. J. Kempker. Mr. Kempker applied for the superintendent position but didn't have the administrative experience to move up into the process.

A robo call went out from your campaign to some residents of Toms River. The robo call mentioned our then superintendent. This was well before Mr. Healy announced his retirement. When I saw you and Mrs. Palmiere downtown, I questioned both of you about the robo call. Both of you told me there was no robo call and I must be mistaken. We had a lengthy conversation about it. A day after or maybe a few days after the conversation, Mrs. Palmiere came to me about the robo call and said "oh yeah we forgot about that robo call. That was ours." How does one forget about a robo call? You forget when you have someone else do the "dirty work" for you.

Mrs. Contessa, please note that Mrs. Palmiere and I had a lengthy conversation about the superintendent search. She called me to talk. We spoke for over an hour. She told me about some of the candidates. One candidate made everyone feel so uncomfortable as he called out board members and knew things about their personal life. Another candidate was a woman, she was good but her commute was long. Dr. Parlapinides interviewed, he was ok. Mr. Citta didn't interview well. He came unprepared despite having about 20-25 letters of recommendation from prominent people in town.

Mrs. Palmiere stated that you could be swayed in any direction. If someone spoke to you, you would follow their thought process. If someone else came to you, you would flounder and follow their thought process. But don't worry Mrs. Palmiere stated that she can get you to do what she wants you to do. Thank goodness you have a such a great friend to guide you.

We had another conversation about the academy program at Toms River High School South. Mr. Citta offered your son placement without having to follow the protocol that other district children have to follow. You had to think about it because that meant he would leave his friends and play sports at a different high school.

You called me and asked if you made the right decision in not moving Mr. Citta to the next round.

While you sit in front of our communities and play the victim and the innocent role simultaneously, I know differently. I've witnessed it. I've been privy to it. I was present for it.

At the last board meeting you and I exchanged words. Not a moment that I am proud of but a moment of pure frustration. A moment of trying to stop the political insanity. You sat at that board meeting and lied to the community. Behind me sat Geri Ambrosio's sister who had been chirping

in my ear all night long. That woman has never attended a single in person board meeting since I've been attending. (From the time I began attending board meetings, actually you attended one board meeting prior to running.) Ms. Ambrosio's sister, Lisa, and I exchanged some words as she came to your defense, she told me she was there to support her two friends; Lisa Contessa and Jen Howe and knew nothing about any political agenda.

I am not connected politically to anyone. I have no skin in this game. I'm not a liar or a storyteller. When someone asks for the truth, I always say are you sure you really want to know because you may not like it. I pay attention. I ask questions. I research. I do my homework. I always have and will continue to do so.

I would like to congratulate Mr. Kevin Kidney for answering honestly last night about who ran his campaign. I was at the board meeting the night Mr. Kidney was sworn in. After the meeting, Mr. Rodrick shook his hand and congratulated him. Funny to see him there as he never attended a board meeting in my presence.

When I ran for a seat on the Toms River Board of Education, I was personally contacted by Mr. Rodrick who wanted to meet up and talk. I politely declined. I was contacted to do a photoshoot. I politely declined. He called me several times and each time I politely declined. What would a Toms River Councilman want with a Mom from Beachwood? To further his political and personal agenda on our local school board. One of the voicemails circulating around from Councilman Rodrick is a voicemail he left me on 9/20/2019 at 6:28pm.

Serving on the school board is a privilege but the biggest privilege is serving our 15,000 plus students and the staff members that make up our awesome school district. It's time to get back to business. It's time to do what's right for our children and for our community. It's time to stop the personal and political agendas.

It's time to act in the best interest of our children. If you or any other board member can't do that, then I politely ask you and them to resign from our local school board. We need board members that aren't using our children as political pawns. We need board members that are invested in the district, invested in the community but more importantly invested in our children and our district staff members.

Thank you for your time.

Dear Pain in the Ass group of Board Members,

I understand there is a cost involved but I would like us to at least consider having Marianne Feldman, our Field Supervisor from NJSBA come and make a presentation BEFORE we spend \$4,500 on a newspaper ad that we all agreed no one reads. I'd ask that she present what the various levels of search packages include and cost. She stated to me they have packages that range from \$4,000 to \$8,500 to \$12,000 to \$15,000.

Mrs. Polazzo put a lot of time and effort into the last process and I appreciate her hard work, but we need to show the public we are transparent and focused on solving this problem. In addition, they certainly have a lot more resources and expertise which could help expedite the process. With regards to the ethics investigation, in the spirit of transparency I voted yes, but feel it's very bad for this board to continue to spend time and money pointing fingers, investigating each other and displaying to the public how divided and unfocused we are on the jobs we were elected to do.

Regardless of how we feel we need to work together. The publics confidence in us is pretty poor at this point and we should move forward on solving problems they care about.

The money spent on ethics Investigations would be far better spent hiring a professional firm to conduct the Superintendent search. Then we could place our focus on curriculum and mask mandates which the public has stated loud and clear they are more interested in.

My sincerest apologies. Sometimes when emails are sent to all board members as a group, the President will respond on behalf. But since you are looking for a response from me directly I am happy to provide that.

I assure you I have no agenda or want politics involved in this school district. I have 2 children in the district. I have relationships with their teachers, coaches, play directors, music directors, Principals, nurses etc. My kids have a lot of friends here as well, all of whom I know and have relationships with and I care about each and everyone of them.

I am not seeking any political office, I owe no one political favors. I simply care about my kids and their education as well as the education of all of the children in this district. I would not jeopardize all of that for politics.

Unfortunately the process of the Superintendent Search which has been run by the Board VP was and is flawed. And I will be speaking more on this tonight.

I will also address the narrative that is being repeated continuously that the "overwhelming majority" of staff and community stakeholders have stated that they'd like someone that is "homegrown" and "currently works in the district".

I really do appreciate your email and hope to address your other questions during tonight's meeting. Thank you so much for your time.

I understand that you can not answer for them, but based on your recent comments about representing and answering to the taxpayers of the community I am bewildered as to why no response was received? If you are truly interested in the needs of the taxpayers and staff of Toms River Schools, why are you not giving the community and stakeholders of the district a "HOMEGROWN" superintendent, someone that knows the district and the Toms River Community? This information should be obvious as shown in the community surveys and documents that were hand delivered to you at the end of May? Perhaps the reason for not giving the taxpayers what they want is pressure from an outside source because this does not sound like a person that is listening to the community they were elected to serve.

Again, I stress the importance of appointing a Superintendent with all the work and initiatives facing school districts in the summer and next school year.

Keep in mind that according to your policies, without a Superintendent you cannot purchase merchandise, pay invoices, or approve payroll. In addition no staff can be hired or let go without the Superintendent's recommendation.

Please let me know of the progress in hiring a Superintendent.

Subject: board of ed interference

Mr. Nardini

I write you and the Toms River Board of Education after reading yesterday's article about Councilman Rodricks interference with the Superintendent search. As you know Roderick, Contessa, Palmeri, and possibly Kidney have been attempting for months to manipulate the process of a new superintendent through communication with board of education members all for their own personal gain

Reading the patch article yesterday learning that Roderick contacted you in March of this year is not surprising.

After learning about Mrs. Eagan coming forward in April with her concerns about Roderick calling her and reporting this to the public, I do not understand why you or Mr. Leone did not speak up about this in the past 3 months at meetings. Clearly this speaks to what is going on in and out of our schools all in an attempt to get a Toms River minded leader.

I have emailed you and the board attorney several times about my concerns along with forwarding documents showing in writing the ties that connect all of these people, yet no action has been taken. I spoke up at meetings voicing my concerns and the concerns of our community.

So here we are at the 23rd hour with no superintendent or even an interim. It is not surprising that people like Bill Cardone and Jim Haunestein want no part of this district anymore. In a time where our children and educators are doing more with less, we continue to allow elected officials to interfere with our education for selfish reasons. I ask you as the Toms River Board of Education Board President to take my concerns seriously and do whatever is possible to hold Contessa,

Palmeri, and Kidney responsible for interfering with the hiring of a superintendent for the Toms River Schools.

Mr Gialanella thanks for all you have done for our children these past six months. You are a leader and an honorable person. You will be missed by the Raimann family and so many more!

Sincerely,

Christopher Raimann

Mr. Kidney,

I can respect not discussing personnel issues however you recommended Mr. Altobello to be appointed as the new superintendent during the last board meeting. His name was never given to the public until you made the motion.

If we are on the topic of discussing ethics violations, perhaps we should discuss the executive session information that has been given to the Toms River councilman that had total control over your school board campaign. How does that information leave those executive sessions?

Mr. Altobello's qualifications are posted on his personal LinkedIn profile to which the public has access to. I looked over his qualifications. He has been in 4 school districts in 15 years and started out in the same school you're employed in. He also worked in the same district as Mr. Rodrick.

As for costing the district money, how much has this superintendent search cost the district fiscally and emotionally? It's been 7 months of countless hours, meetings and resources. It's actually costing you your integrity and character in the community.

You were elected to act in the best interest of the children.

Supporting a candidate that is currently named in lawsuit against a school employee certainly isn't acting in the best interest of our children.

Supporting a councilman for his own personal and political agenda isn't acting in the best interest of our children.

Thank you for your response as it speaks volumes. There is no evidence to back up the statement that Mr. Altobello is the best candidate to fill the superintendent of schools position. The only evidence that makes Mr. Altobello the most qualified candidate that I can see is he and his wife worked in the same school/district as you, he worked in the same district as Mr. Rodrick and Mr. Rodrick ran your campaign. All of which has nothing to do with the best interest of our children.

Thank you for your time.

It was for personal reasons, from years ago when my son was at HS South that I felt this way. I will also admit that the fact that Mr Ricotta approved of a lot of what Mr Healy said and did, also concerned me since I did not care for Mr Healy and the job he did while he was serving as our Superintendent.
>
> All of that being said, when Mr Citta was no longer in the running for the position of Superintendent, I listened, and I listened well to the teachers who worked with him, and to the other parents who had different experiences than I did. My opinion was truthfully based on one experience, yet theirs were based on a daily relationship with Mr Ricotta. I will admit, not a negative word was heard in those conversations, and that spoke volumes to me.

>

> The kind words spoken about Mr Ricotta at the last debacle of a Board meeting should hold a lot of weight when it comes to making a decision on our new Superintendent. Please keep in mind that You are Elected officials, who are there to serve on the behalf of Our Families. You are Our voices behind closed doors as well as in the eyes of the Public. It is your job as said Board of Education members, to Hear what the people want, because its not about You on the Board, its about Every Single Family who has a child in our Schools.

> It isn't about the amount of Votes you had in November, if you are not fulfilling your duties as a Board of Education Member. Nobody wants to walk into a new position when there is unfinished business at hand, and especially when it is something this big, but its what you signed up for...to do the Right thing for your Community, because that's why people voted for you, and you had enough votes to win your position on the Board of Education.

>

> As Ms Contessa stated, there was nothing that said our new Superintendent had to be from within the District and that is true. However, when it came down to two candidates, and there were clearly issues in coming to an agreement, a survey was sent out and we were asked our thoughts, and the results were revealed, that's when things changed and it became a different situation. You asked the question, you got the answer, and I'm having a very hard time understanding how three people, some with kids in the District and some without, can sit there and vote "No", when those who voted for You, have told you how they feel. You are negating those same people's opinions for personal gain...or is it fear?

>

> After doing some research of my own, I have some concern regarding Mr Altobello's resume. There is lack of job consistency. I understand to move up the ladder of administration sometimes movement becomes an issue, but so many jobs, in so many districts in what really is not that long of a time period is alarming.

>

> Mr Ricotta on the other hand has 30 Years in the Toms River School District...30 YEARS. That is almost unheard-of in any profession anymore. His resume within our Schools pretty much speaks for itself. As for Mr Citta, I as a Toms River HS South Graduate, could not wait for my child to enter into South to have such an incredible leader. I stated to Mr Citta one day, that I would be sad to see him leave High School South, but what he offers our High School Students is something that no child in the District should go without from our Board of Education members. He offers so much enthusiasm and appreciation for our District and in my opinion would be a great addition to the Board.

>

> So my last question to you is this; What does Mr Altobello have over Mr Ricotta or Mr Citta when it comes to his resume, that would warrant a "No" vote from three of our Board members?

Dear Anna,

Thank you so much for responding. You have a tough job ahead.

It is very true that more people will not share their opinions, but my experience in Toms River, and in fact most places I have been, has shown me that people believe that speaking out may cause their children or their careers to be negatively impacted. Finding a way to get true and accurate feedback is essential. Sometimes people tell us what they THINK we want to hear!

I wish you all the best in your search for the best candidate.

Very best regards,

Dear President Nardini,

It was a pleasure to see you the other day at Four Seasons Diner. So nice that you remembered me.

After last night's meeting - that I watched until very late, I was compelled to write to you regarding the need for a strong superintendent candidate. I believe we have one right here in our District who simply should not be overlooked.

I have written a letter supporting Mr. Patrick Thomas, Principal at East who I am sure you know well. Forgive my aggressiveness, but as one who loves this District and like you, have children and grandchildren deeply embedded in the schools, I would be remiss to stay silent.

I do hope you share this letter with your fellow board members and take Mr. Thomas as a serious candidate.

Very kind regards,
Maureen Madden

You were elected by the taxpayers of your community to a non-partisan school board. As an elected representative, it is your responsibility to represent the interest of the CHILDREN in the Toms River School District as well as the TAXPAYERS. You were NOT elected as a political favor to someone.

The district has gone through a lot over the past several years and still has a lot to do with regards to state funding and a full-time return to school in September after weathering the current Covid-19 pandemic. In doing so, we need to appoint a leader who is familiar with OUR DISTRICT as well as the COMMUNITY IT SERVES.

The Toms River Board of Education polled the STAKEHOLDERS of the community. They polled the staff, parents of current students, as well as the taxpayers. Many of these people attended meetings and let it be known that the next superintendent should be "HOMEGROWN," someone familiar with the working of the district and community. We the STAKEHOLDERS, STAFF and PARENTS stated that this would be good for all involved especially the staff and perhaps once again make TOMS RIVER SCHOOLS the shining star that it once was.

We need to put aside our personal agendas and give the people what they asked for, or you will lose all their trust, TRUST THAT YOU WORKED SO HARD TO BUILD. DO NOT LET POLITICS INTERFERE IN WHAT YOU WERE ELECTED TO DO. Put the CHILDREN and STAFF of TOMS

RIVER FIRST!

Respectfully,

A.J. Trump

P.S. - If I may be so bold, there is a difference between voting individually on the best candidate for superintendent (after the search) and ratifying that at a public meeting. Why you continue to vote your conscience during a public session only serves to hurt the district. There are a majority of board members who would like a particular candidate. Please stop holding this process hostage (10 months is quite enough time and it's clear if we don't decide now, you will never all be on the same page until at least after the next election - this is unacceptable).

In my opinion, hiring the highly qualified candidate you know, is far better than hiring someone you don't know but think may do a better job based on a few interviews. At what cost do you hand the keys to our community and one of the largest districts in the state to someone you've met a few times for a few hours, that has jumped positions every few years, and that has never had Superintendent in their title? You have an internal candidate that is hungry to serve you and that has grown within your system. This candidate has deep loyalty, commitment, and a vested interest in the success of the children in this community AND has the experience to be successful in the position. I believe the choice is clear. Thank you.
