Applicant: When submitting this form to your Local Construction Code Enforcement Office, please provide one original plus three photocopies.

Figure 1 shows a vertical sequence of 10 micrographs of zebrafish embryos at different stages of development. The embryos are arranged vertically, with the earliest stage at the top and the latest stage at the bottom. Each embryo is labeled with a number (1-10) and a corresponding time point in hours and minutes. The embryos show a clear progression from a single cell to a fully hatched larva.
