Summary

The Division of Pensions and Benefits (Division) is responsible for reviewing the Public Employees Retirement System (PERS) regulations at N.J.A.C. 17:2. When a change in the law or a court decision occurs that could affect the administration and operation of the State-administered retirement systems, the regulations are reviewed and, if changes are required, steps are taken to propose modifications to those rules. Additionally, the rules are periodically reviewed to determine whether current rules reflect current procedures and practices of the Division in administering its governing statutes.

On July 1, 2020, Governor Murphy signed P.L. 2020, c. 54 (the Act), which permits active eligible law enforcement officers, firefighters, and emergency medical technicians enrolled in the Public Employees' Retirement System (PERS) to receive an accidental disability retirement allowance for disability resulting from contracting COVID-19 provided they test positive for SARS-CoV-2 during the public health emergency in the State declared by the Governor in Executive Order No. 103 (2020). In order to implement the provisions of this Act, which has an effective date of March 6, 2020, the PERS Board of Trustees (Board) must promulgate rules.

On June 30, 2021, Governor Murphy signed P.L. 2021, c. 140, which reopens the Workers Compensation Judges Part of the PERS and requires Workers' Compensation Judges to be enrolled in PERS with the same membership and benefit provisions as State employees, except as provided by P.L. 2001, c. 259. Membership in the retirement system shall be a condition of employment for service as a judge of compensation. Any Workers' Compensation

Judges who are currently enrolled in the Defined Contribution Retirement Program (DCRP) shall be transferred and enrolled in the Workers' Compensation Judges Part of the PERS. All Workers' Compensation Judges shall be given service credit in the Workers' Compensation Judges Part of the PERS for service starting on the judge's date of appointment.

On September 24, 2021, Governor Murphy signed P.L. 2021, c.226 which reopens the Prosecutors Part of PERS and requires prosecutors to be enrolled in the PERS with the same membership and benefit provisions as State employees, except as provided by P.L. 2001, c.366. Membership in the retirement system shall be a condition of employment for service as a prosecutor. Any service credit which has been established in the PERS prior to September 24, 2021, shall be established in the Prosecutors Part without further assessment of cost to the prosecutor; provided, however, any service credit which has been established in the PERS or the Judicial Retirement System (JRS) not deferred pursuant to section 1 of P.L.2019, c.287 (C.43:6A-11.1) by a member of the retirement system in any position prior to service as a county prosecutor, nominated and appointed pursuant to Article VII, Section II, paragraph 1 of the New Jersey Constitution, shall be established in the Prosecutors Part without further assessment of cost to the prosecutor. Any county prosecutor or acting county prosecutor enrolled in the DCRP as a county prosecutor or acting county prosecutor shall be eligible for service credit in the Prosecutors Part, except that the county prosecutor or acting county prosecutor shall first pay the amount equivalent to that amount contributed pursuant to section 3 of P.L.2007, c.92 (C.43:15C-3) during each fiscal year of membership in the DCRP to be credited. All outstanding obligations, such as loans, purchases and other arrearage, shall be satisfied by a prosecutor as previously scheduled for payment to the PERS.

Therefore, the Board proposes the following amendments and new rules, which affect

retirements and claims within PERS.

Subchapter 1A. Definitions

At N.J.A.C. 17:2-1A, Definitions, the Board proposes to add the following new definitions: "Employer Pensions and Benefits Information Connection," "Independent Medical Examiner," "Member Benefit Online System," "Medical Review Board," and "Treating Physician." The terms "Employer Pensions and Benefits Information Connection" and "Member Benefit Online System" are terms the Board frequently uses to refer to the Internet-based applications that are utilized by employers and employees to manage pension and health benefits information electronically. Employers who completed the certification requirements are able to perform a wide range of tasks online, such as: submit payroll certifications; check on the status of enrollment and/or retirement applications; generate a statement of account for active members; transmit electronic payments; submit purchase, withdrawal, and retirement certifications; complete a report of contributions; and generate a loan or retirement estimate. Registered employees and retirees are able to access member account information, beneficiary designation, request pension letters and statements, and health benefits account information (if applicable). Employees are able to obtain estimates and apply for pension loans, submit purchase applications, generate retirement estimates, and submit online retirement applications, as well as view payroll certifications. Retirees are able to view retirement check information and check history, submit online direct deposit/electronic fund transfer applications, view and change Federal and State income tax withholding, view Form 1099-R information, and request duplicates. The Medical Review Board reviews all reports, hospital records, medical examination forms, and other medical records in support of a disability retirement application. "Treating physician" means someone who provides the member, or who has provided the member, with

medical treatment on an ongoing basis. Generally, the Division will consider that a member has an ongoing treatment relationship with a physician when the medical evidence establishes that the physician is seeing, or has seen, the member with a frequency consistent with accepted medical practice for the type of treatment and/or reevaluation required for the member's medical condition(s). The Division in the past has used the term "attending physician," which in some cases only applied to a physician in a hospital setting or emergency room.

Subchapter 2. Enrollment

At Subchapter 2, the Board proposes to amend N.J.A.C. 17:2-2.1, by adding a subsection (h) which requires Workers' Compensation Judges to be enrolled in PERS with the same membership and benefit provisions as State employees, except as provided by P.L. 2001, c. 259. Membership in the retirement system is a condition of employment for service as a judge of compensation. Any Workers' Compensation Judges who are currently enrolled in the DCRP shall be transferred and enrolled in the Workers' Compensation Judges Part of the PERS. All Workers' Compensation Judges shall be given service credit in the Workers' Compensation Judges Part of the PERS for service starting on the judge's date of appointment.

Subchapter 3. Insurance and Death Benefits

The Board proposes to amend N.J.A.C. 17:2-3.2, subsection (e) to include verbiage for an overpayment and procedures for collecting such funds. The existing rule only addresses what would happen in the event of an underpayment. This amendment specifies that in the case of an overpayment, any monies due to the beneficiary or beneficiaries would be reduced in the amount of such overpayment. The Board has long had the authority to recover overpayments under the statutory provision for Correction of Errors at N.J.S.A. 43:15A-54.

N.J.A.C. 17:2-3.14(a) is proposed for amendment to specify that the required information needed for beneficiary designations must include a full name, Social Security number, tax identification number (for estates or trusts), address, and date of birth. This information assists the Division with locating beneficiaries in an efficient manner. In turn, this assists the Division with processing claims in a timely fashion.

Subchapter 4. Membership

At Subchapter 4, N.J.A.C. 17:2-4.1(a) is proposed for amendment to add language that is consistent with N.J.S.A. 43:15A-6(r)1 and 2. Specifically, that compensation shall mean the base or contractual salary, for services as an employee, which is in accordance with the established policies of the member's employer for all employees in the same position. Additionally, new subsection N.J.A.C. 17:2-4.1(a)14 is proposed to include language that would not permit compensation for performing temporary duties beyond the regular workday or shift.

The Board proposes to amend N.J.A.C. 17:2-4.9, Loans, to clearly state the IRS regulations regarding the repayment of loans that are taken from a qualified plan. Specifically, the IRS (I.R.C. § 72 (p)(2)(C)) requires that all loans be repaid within five years and, if the member fails to make payments on the plan loan within this timeframe, it will be deemed a distribution.

The Board proposes new N.J.A.C. 17:2-4.11(c)6 to add an additional reason for rejecting a withdrawal application. If a member has a pending retirement application, it must be rescinded before the processing of the withdrawal application can proceed. Since the retirement allowance is comprised of employer and employee contributions, a member cannot withdraw and simultaneously collect a monthly retirement allowance.

Subchapter 5. Purchases and Eligible Service

At Subchapter 5, the Board proposes to amend N.J.A.C. 17:2-5.1(a) to state that active members that are not contributing to the fund must purchase their requested service credit in a lump sum. Further, language was added to specify that the purchase request must represent active service in a State-administered system for which the member would have otherwise been eligible to be enrolled.

Subchapter 6. Retirements

The Board proposes to amend N.J.A.C. 17:2-6.1, Applications, to add language in subsection (f) that will require a PERS member to request a reasonable accommodation from their employer prior to applying for disability retirement. The certifying officer, defined at N.J.A.C. 17:2-1.5, will certify that the member requested a reasonable accommodation and whether such request was able to be provided. The certifying officer will provide this information upon completion of the Certification of Service and Final Salary. The Board also proposes to amend N.J.A.C. 17:2-6.1(f)1 and 2 to include the defined term "treating physician" and to specify that the two required medical reports for a disability retirement must be completed on a form prescribed by the Division. Finally, N.J.A.C. 17:2-6.1(f) 5 is proposed for amendment to add new paragraph at the end of this subsection to clarify when a disability retirement application is ripe for consideration by the Board.

The Board proposes to amend N.J.A.C. 17:2-6.5(a)1 to remove the phrase "that reflects an intentional or purposeful deviation from the standard of care exercised by a reasonable person in similar circumstances." That phrase was added to N.J.S.A. 17:2-6.5(a) in 2017, but declared inoperative In re N.J.A.C. 17:2-6.5, Docket No. A-2059-18 (Appellate Division, June 21, 2021).

The Board proposes new section, N.J.A.C. 17:2-6.6, Outstanding arrears, back deductions or shortages. This proposed new section details how outstanding arrears or shortages are handled

at retirement. Since an employee's monthly retirement allowance is based in part on employee contributions all outstanding arrears and shortages must be paid in full prior to a retirement check being issued. The Division has indicated for timely and efficient processing all outstanding obligations to the pension fund must be satisfied within 90 days, after which the request for retirement will be cancelled. This timeframe is consistent with the time the Division allows an employee to submit additional information needed to process any retirement application. The employee will qualify to receive a retirement check on the first of the month following receipt of the outstanding amount in its entirety, provided 30 days following the retirement or 30 days following the approval of the retirement by the Board of Trustees has elapsed, whichever is later.

The Board proposes to amend N.J.A.C. 17:2-6.10(a)1 to update the method by which an employer can initiate a disability retirement application on behalf of a member. Since all retirement applications are now submitted online, a Certifying Officer or other designated officer who wishes to complete an involuntary disability retirement application must authorize an application online through the Employer Pensions and Benefits Information Connection (EPIC). Also, section (a)2 is proposed for amendment to reflect that the employer must submit an electronic statement as to the grounds for the employer's request for the member's involuntary disability retirement and all available medical documentation. Further, section (a)3 is proposed for amendment to reflect that a written statement must be provided to the Board within 30 days to contest the involuntary disability retirement.

The Board proposes N.J.A.C. 17:2-6.23, Disability retirement application and termination of service. This proposed new section is necessary to emphasize that the applicant is responsible for proving that his or her retirement is due to a total and permanent disability that renders the applicant physically or mentally incapacitated from performing normal or assigned job duties at

the time the member left employment. Furthermore, this section lists a series of reasons that would preclude one from applying for a disability retirement and the Division's procedures for verifying whether an applicant is eligible once an application is filed. These reasons include: removal for cause or total forfeiture of public service; settlement agreements reached due to pending administrative or criminal charges (unless the underlying charges relate to the disability for which the member is seeking a benefit); loss of licensure or certification required for the performance of the member's specific job duties; and voluntary separation from service for reasons other than a disability.

The Board proposes to amend the heading of N.J.A.C. 17:2-6.26 to "Disability retirement applications; medical examinations; physicians." This amendment is needed to accurately reflect additional information regarding disability retirement applications, which is added as proposed new subsections (a) through (g). Specifically, subsection (a) lists all the documentation a member who files for a disability retirement must provide prior to the Board's determination of eligibility. Section (a) necessitates all required documentation must be provided within six months of submitting the application or the application will be canceled and the member will be required to submit a new disability retirement application for a future retirement date. The existing information at N.J.A.C. 17:2-6.26 is codified as subsection (b). Proposed new subsection (c) sets forth the Division's reservation of the right to require a member to sign a sworn certification that no known underlying condition existed related to the disability for which the member seeks the benefit and that all available medical records related to the disability have been disclosed to the Independent Medical Examiner prior to the examination. Subsection (d) prohibits a member filing for a disability retirement from filing for any other type of retirement while an application for an ordinary or accidental disability retirement is pending.

Subsection (e) explains that if the member is denied a disability retirement, but is eligible for any other type of retirement benefit, the member must submit a written statement to receive that benefit. If this is received within 30 days of the Board's decision, the member may retain the retirement date on the disability retirement application. Subsection (f) clarifies that a disability retirement application will be processed on the basis of the medical conditions described on the submitted application. If the application is denied, the member may file an appeal within 45 days, based on the medical conditions described on the submitted application. Additionally, if a member who files an appeal qualifies for a deferred retirement in the future and wishes to collect a deferred retirement while the appeal is pending in the Office of Administrative Law, they must submit a written statement at the time of the appeal. Finally, proposed subsection (g) sets forth the process of reapplying for a disability retirement based on a new incident date or different or additional medical conditions. This will require submitting a new application for disability retirement with a new retirement date and supplying all supporting documentation in support of the new incident or medical condition listed on the application.

Subchapter 7. Transfers

At Subchapter 7, N.J.A.C. 17:2-7.1 is proposed for amendment to correct the heading to read Honorable service; interfund transfers; State-administered retirement systems. Additionally, N.J.A.C. 17:2-7.1(b)1 is proposed for amendment to clarify that once a transfer is completed, all rights and benefits under the former system terminate. This alleviates the confusion of some members who believed they could maintain rights under both systems.

The Board proposes new section, N.J.A.C. 17:2-7.3, to add language regarding transfers from DCRP to the Workers' Compensation Judges Part of PERS. Specifically, all Workers' Compensation Judges enrolled in the DCRP will be transferred to the Workers' Compensation

Part and will receive service credit starting on the date of their appointment as judge. The service credit transferred from the DCRP shall be used to determine eligibility for employer-paid health benefits in retirement. The transfer from the DCRP to the Workers' Compensation Part is to be completed as a trustee-to-trustee transfer in accordance with the Internal Revenue Code. The Second Injury Fund will bear the cost for the unfunded liability based on this transfer, which cost will be determined by the PERS actuary. This transfer is retroactive for Workers' Compensation Judges who retired on or after May 20, 2021 and have not received a distribution from their DCRP account.

Subchapter 8. Prosecutors Part

At Subchapter 8, N.J.A.C. 17:2-8.1, Definitions, the Board proposes to add the following new definition: "Prosecutor." Prosecutor is to mean the following: a county prosecutor, first assistant prosecutor, or assistant prosecutor as defined in N.J.S.A. 2A:158-1 et seq.; the Director of the Division of Criminal Justice in the Department of Law and Public Safety; any assistant director, deputy director, assistant attorney general, or deputy attorney general employed by that Department and assigned to that Division between January 7, 2002 and May 20, 2010; and again after September 24, 2021; and a criminal investigator (as defined by N.J.S.A. 52:17B-100.1) in the Division of Criminal Justice who was ineligible for enrollment in the Police and Firemen's Retirement System between January 7, 2002 and May 20, 2010; again after September 24, 2021.

The definition for "Service" is being amended to mean "Service" as a prosecutor as defined by N.J.S.A. 43:15A-155 which includes the following: for members employed as prosecutors on January 7, 2002, service shall include any PERS service credited to a member's account on January 7, 2002, pursuant to P.L. 2003, c. 140.; and for members employed as prosecutors on September 24, 2021, service shall include any PERS service credited to a member's account on

September 24, 2021, pursuant to P.L. 2021, c.226. Additionally, the Board proposes to remove the paragraph referencing the closure of the Prosecutors Part of PERS as of May 21, 2010.

The Board proposes to add N.J.A.C. 17:2-8.2, to implement the provisions of P.L. 2021, c.226, which reopens the Prosecutors Part of PERS. This subsection will outline the provisions of the law and explain how purchases and transfers of service credit will be processed.

N.J.A.C. 17:2-8.4, Ineligibility for credit in the Prosecutors Part, is proposed for amendment to replace the date of January 7, 2002 with September 24, 2021, the date of the enactment of P.L. 2021, c. 226. A person who is not employed as a prosecutor on September 24, 2021 is not eligible to have any portion of his or her PERS account credited to the Prosecutors Part except as provided under the definition of "service" in N.J.A.C. 17:2-8.1.

Similarly, N.J.A.C. 17:2-8.5(a), Interfund transfers, is proposed for amendment to replace the date of January 7, 2002 with September 24, 2021, for the aforementioned reason. A person who is not employed as a prosecutor on September 24, 2021, is not eligible to transfer any portion of his or her State-administered defined benefit retirement system service into the Prosecutors Part. The State-administered defined benefit system service shall be credited as regular PERS credit.

The Board proposes to amend N.J.A.C 17:2-8.6, Purchase of service, subsection (a) to correct the punctuation by adding a period at the end of the sentence. Subsection (b) is proposed for amendment to replace the date of January 7, 2002 with September 24, 2021 for the reasons set forth above. Section (b)1 is proposed for amendment to update the language to permit an active member of the Prosecutors Part of PERS to purchase temporary service as a prosecutor beginning on September 24, 2021, which led directly to permanent employment as a prosecutor. Sections (b) 2 and 3 were amended to replace the date of January 7, 2002 with September 24,

2021, to coincide with the reopening of the Prosecutors Part of PERS.

Subchapter 10. COVID-19 Accidental Disability

The Board proposes to add N.J.A.C. 17:2-10, COVID-19 Accidental Disability, to implement P.L. 2020, c. 54, which extends accidental disability and accidental death benefits to active eligible law enforcement officers, firefighters, and emergency medical technicians enrolled in PERS who contract COVID-19 and test positive for SARS-CoV-2 during the public health emergency declared by the Governor in Executive Order No. 103 (2020) and suffer a qualifying disability or death. The subchapter and its subsections will set forth: the purpose of this subchapter, definitions, eligibility, accidental death in the line of duty, and filing requirements.

Social Impact

The proposed amendments and new rules benefit PERS members, retirees, and survivors of members and retirees by increasing eligibility for accidental disability and accidental death benefits for emergency medical technicians who contract COVID-19 during the public health emergency declared by the Governor in Executive Order No. 103 (2020).

Economic Impact

The proposed amendments and new rules will result in an increase in contributions to PERS by the State and local government employers. According to the fiscal estimate produced by the Office of Legislative Services, "extending accidental disability and accidental death benefits to certain members of the Public Employees' Retirement System (PERS), the Police and Firemen's Retirement System (PFRS), and the State Police Retirement System (SPRS) due to the coronavirus disease 2019 (COVID-19) will result in indeterminate increases in the unfunded liabilities of, normal costs of, and employer contributions to the three retirement systems."

Federal Standards Statement

The proposed amendments and new rules meet the applicable Federal standards set forth in 26 U.S.C. § 403(b). There are no other Federal standards applicable to the subject matter of this subchapter.

Jobs Impact

As the proposed amendments and new rules concern retirement benefits for active members or retirees who already are, or may become, disabled or who may die due to COVID-19 during the public health emergency declared by the Governor in Executive Order No. 103 (2020), it is not anticipated to have any effect upon the generation or loss of jobs in the future. Implementation of the proposed new rules will not result in the generation or loss of jobs.

Agriculture Industry Impact

The proposed amendments and new rules will not have any impact on the agriculture industry.

Regulatory Flexibility Statement

N.J.A.C. 17:2 affects PERS members, retirees, and survivors of members and retirees. Thus, the proposed amendments and new rules do not impose any reporting, recordkeeping, or other compliance requirements upon small businesses, as defined under the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. Therefore, a regulatory flexibility analysis is not required.

Housing Affordability Impact Analysis

The proposed amendments and new rules will have no impact on the affordability of housing in New Jersey, nor will they involve a change in the average costs associated with

housing, because the rules pertain only to administration of the PERS for members, retirees, and survivors of members and retirees.

Smart Growth Development Impact Analysis

The proposed amendments and new rules will not have any impact on the achievement of smart growth; nor will they involve a change in housing production in Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey, because the rules pertain to administration of the PERS for members, retirees, and survivors of members and retirees.

Racial and Ethnic Community Criminal Justice and Public Safety Impact

PERS has evaluated this rulemaking and determined that it will not have an impact on pretrial detention, sentencing, probation, or parole policies concerning adults and juveniles in the State. Accordingly, no further analysis is required.

Full text of current PERS regulations may be found in the New Jersey Administrative Code at N.J.A.C. 17:2.

Full text of the proposed amendments follow (additions indicated in boldface **thus**; deletions indicated in brackets [thus]):

“Employers Pensions and Benefits Information Connection” is a set of Internet-based applications that allow registered employers who have obtained authorization by the certifying officer of the location access to manage their employees’ pensions and, if applicable, health benefit account information. The specific group of application buttons that are visible will depend on the type of employer and the level of access authorized by the certifying officer of the location.

“Independent Medical Examiner” or “IME” means the physician or group of physicians contracted by the Division to perform an independent medical evaluation on disability retirement applicants.

“Member Benefits Online System” is a set of Internet-based applications that allow registered members access to manage their pension and, if applicable, health benefit account information.

“Medical Review Board” consists of three physicians, each responsible for reviewing all medical documentation submitted in relation to any applications submitted for ordinary or accidental disability retirement.

17:2-2.1 Enrollment eligibility

(a)-(g) (No change.)

(h) Workers' Compensation Judges are to be enrolled in the Workers' Compensation Judges part of PERS with the same membership and benefit provisions as State employees, except as provided by P.L. 2001, c. 259. Membership in the retirement system shall be a condition of employment for service as a judge of compensation. Any Workers' Compensation Judges who are currently enrolled in the DCRP shall be transferred and enrolled in the Workers' Compensation Judges Part of the PERS. All Workers' Compensation Judges shall be given service credit in the Workers' Compensation Judges Part of the PERS for service starting on the judge's date of appointment.

(a)– (d) (No change.)

(e) Where post-death audits establish the insurance benefits were underpaid, an additional check shall be sent to the beneficiary for the value of the underpayment. Should any change or error in the records result in any member receiving from the pension fund more than he or she would have been entitled to receive had the records been correct, the Board of Trustees shall correct such error, as far as practicable, and shall adjust the payments payable to the member's designated beneficiary or estate pursuant to N.J.A.C. 17:1-2.10.

17:2-3.14 Acceptable designations of beneficiaries

(a) The beneficiary designation on a duly executed retirement application that is filed with and accepted by the Division supersedes any older designation of beneficiary on file. Such beneficiary designation shall include: full name, Social Security number, tax identification number (for estates or trusts), address, and date of birth. The designation is effective upon

acceptance by the Division, even if the retirement date on the application is in the future or the member cancels the retirement application.

SUBCHAPTER 4. MEMBERSHIP

17:2-4.1 Creditable compensation

(a) The compensation of a member subject to pension and group life insurance contributions and creditable for retirement and death benefits in the fund shall [be limited to base salary, and] mean the base or contractual salary, for services as an employee, which is in accordance with established salary policies of the State for all employees in the same position, but shall not include extra compensation. Forms of compensation that have been identified as extra compensation, but are not limited to:

1.-13. (No change.)

14. Compensation for performing temporary duties beyond the regular workday or shift.

17:2-4.9 Loans

(a)-(b) (No changes.)

All pension loans must be repaid within a period not to exceed five years. If the member has an outstanding loan balance and applies for a new loan, the entire balance must be repaid within five years of the date of the first loan. Furthermore, the new loan amount, when added to the highest balance due (without interest) during the prior 12-month period for all loans from all retirement plans cannot exceed \$50,000. The \$50,000 maximum limit includes all retirement plans the member has an interest in due to his or her employment relationship with the State and/or any other governmental plans sponsored or administered by a public sector employer in New Jersey. Loan amounts above

the \$50,000 aggregate limit shall be deemed a distribution, which is subject to additional tax.

If a member's loan, or portion of a loan, is deemed a distribution, the member is still required to repay the full amount of the outstanding loan, including any portion deemed a distribution, unless the member terminates his or her account by withdrawing his or her contributions. If the member withdraws from the retirement system, the settlement will be the net amount of the member's contributions minus the outstanding loan. If the member returns to work and the member's account is reactivated or the member retires, the member must repay the full amount of the outstanding loan with additional interest computed from the date the member stopped making loan payments.

Under I.R.C. § 72 (p)(2)(C), members must make regular periodic payments to repay their outstanding loans. If a member obtains a loan and fails to make required loan repayments for three consecutive months, the Division will send a letter to the member requesting payment within 30 days. If the payment is not made, the Division will treat the outstanding loan as a deemed pension distribution. A deemed distribution cannot be canceled by resuming loan payments or repaying the loan in full. Unlike a normal pension distribution, a loan treated as a distribution cannot be rolled over to an Individual Retirement Account (IRA) or another qualified retirement plan.

17:2-4.11 Termination; withdrawal

(a)-(b) (No change.)

(c) No application shall be approved, if:

Upon completion of the Certification of Service and Final Salary, the employer's designated certifying officer will certify that a reasonable accommodation was requested and whether such accommodation could be provided.

In addition to the requirements in (a) through [(e)] (f) above, the following shall apply when an application for disability retirement is filed:

The other may be either [consist of] hospital records supporting the claim of disability or a report from a second physician on a form prescribed by the Division.[; the] The medical condition described on the member's retirement application must correspond to the medical reports submitted in support of the member's disability retirement application. Further, in the case of a member filing for an accidental disability retirement, only those disabilities associated with the purportedly-disabling event shall be considered. If the member is denied an accidental disability retirement application but

qualifies for an ordinary disability retirement based on the original accidental-disability application, no additional application need be filed, pursuant to (f)7 below. The required documentation must be received within six months of the date of filing the disability retirement application. If it is not received, the retirement will be canceled and the member will be required to complete a new disability application for a future retirement date;

2. An application for a mental health medical disability retirement must be supported by at least two medical reports. One must be provided by the member's personal or [attending] **treating** psychiatrist or psychologist [and the] **on a form prescribed by the Division. If the required documentation is not received, the retirement will be canceled and the member must complete a new disability retirement application for a future retirement date. The medical condition on the member's retirement application must correspond to the medical reports submitted in support of the member's disability retirement application;

3.-4. (No change.)

5. A member filing for an accidental or ordinary disability retirement shall not file a separate application for any other type of retirement, including one based on any other allegedly-disabling condition, while the original disability retirement application is pending. A separate application can be filed only for a date subsequent to withdrawal of the previous application[; and].

An application for a disability retirement will be forwarded to the Board for consideration only when all documentation is received. The Division will schedule a medical examination for the purpose of providing additional information to the Medical Review Board to make a determination about a disability retirement application. The IME scheduled by the Division will be provided at no cost to the applicant; and

17:3-6.6 [(Reserved)] "Outstanding arrears, back deductions or shortages"

Members who apply for retirement will receive a quotation of retirement benefits upon the completion of the retirement calculation. For members of retirement systems that provide for optional survivor benefits, the retirement quotations will include a description of the various options available. If the member named a spouse as the pension beneficiary on the application and provides the spouse's birth date, all survivor options will be included in the quotation, in addition to the maximum allowance.

The quotation of retirement benefits will also include any outstanding arrears or shortages due to delinquent enrollment, back deductions, purchases of service credit and audits. All outstanding arrears or shortages must be paid in full by the employee prior to any retirement check being issued. Failure to pay the outstanding amount in its entirety

within 90 days from the Division's notification to the member of the outstanding obligation will result in the retirement application being cancelled. If the retirement application is cancelled, the member will be required to file a new application with a future retirement date. If the outstanding obligation is paid within 90 days of the Division's notification, but beyond the original retirement date, the member will qualify to receive a retirement check on the first of the month following receipt of the outstanding amount in its entirety, provided the conditions at N.J.A.C. 17:3-6.2 are met. No retroactive checks will be issued.

17:2-6.10 Involuntary disability application

(a) If an application for an accidental disability retirement benefit or for an ordinary disability retirement benefit is filed by an employer for one of its employees enrolled in the Fund before May 21, 2010, the member will be promptly notified by letter that:

1. The member's employer has properly initiated a disability retirement application online through the Employer Pensions and Benefits Information Connection (EPIC) authorized by the certifying officer or other designated officer, [signed by the Certifying Officer or other designated officer of the employer,] on the member's behalf;

(a) Each disability retirement applicant must prove that his or her retirement is due to a total and permanent disability that renders the applicant physically or mentally incapacitated from performing normal or assigned job duties at the time the member left employment; and the member must prove the disability is the reason for leaving employment.

(b) Members who have involuntarily or voluntarily terminated service for any of the reasons listed below will not be permitted to apply for a disability retirement:

1. Removal for cause or total forfeiture of public service;
2. Settlement agreements reached due to pending administrative or criminal charges, unless the underlying charges relate to the disability for which they seek a retirement benefit;
3. Loss of licensure or certification required for the performance of the member's specific job duties, unless the loss is the result of the disability for which they seek a retirement benefit; and
4. Voluntary separation from service for reasons other than a disability.

(c) The Division will review all disability retirement applications submitted after a member has terminated service to determine whether the member's application is eligible for processing, pursuant to (a) above.

17:3-6.26 [Medical] Disability retirement applications; [M]medical examinations; physicians

(a) In addition to the reports required with the application pursuant to N.J.A.C. 17:2-6.1(f)1 and 2, applicants for a disability retirement shall submit with their applications all the medical information they can supply relative to their disability, including reports of

their personal physicians and consulting physicians, hospital records, diagnostic test results, and any other medical information that would assist the Independent Medical Examiner, Medical Review Board, and the Board in determining eligibility of the applicants for a disability retirement. The Division shall forward the applications and the accompanying medical information to the Medical Review Board.

1. The applicant must submit all required documentation within six months of submitting the disability retirement application, or the application will be canceled. The member will then be required to complete a new application for a future retirement date.

(b) N.J.S.A. 43:15A-42 requires the Board to designate physicians to perform medical examinations. When an applicant provides sufficient medical documentation, as set forth in N.J.A.C. 17:2-6.1, and the Medical Review Board concurs, no further evaluation is necessary. However, if the medical documentation is not sufficient to establish total and permanent disability after a review by the Medical Review Board, then an independent medical evaluation shall be required.

(c) The Division reserves the right to require a member to sign a sworn certification that:

1. the member knows of no preexisting or underlying conditions which relate to the disability and are not disclosed in the records submitted with the application for which the member is seeking a benefit; and

2. all available medical reports related to the disability have been disclosed to the IME prior to the examination.

(d) A member filing for any type of disability retirement shall not file a separate application for any other type of retirement while an ordinary or accidental disability retirement application is pending before the Board.

(e) If a disability retirement application is denied by the Board and the applicant qualifies for any other retirement benefit, the applicant will be required to submit a written statement to receive that benefit. If the applicant submits the written statement within 30 days of the Board's decision, the applicant may retain the retirement date designated on the disability retirement application.

(f) The member's disability retirement application will be processed on the basis of the medical conditions described on the submitted application. If the disability retirement application is denied, the member may file an appeal within 45 days, based on the medical conditions described on the submitted application. An applicant who files an appeal of a denial of disability retirement may qualify for a deferred retirement during the pendency of the appeal in the Office of Administrative Law. Such applicant who wishes to accept the deferred retirement must include a written statement accepting deferred retirement at the time of the appeal.

(g) If a disability retirement application is denied by the Board and the applicant wishes to reapply for a disability retirement based on a new incident date or different or additional medical condition, the applicant will be required to submit a new application with a new retirement date. The applicant must also continue to meet the requirements of N.J.A.C. 17:1-6.4(a). All supporting documentation required must be submitted in support of the new incident or medical conditions listed on the application.

SUBCHAPTER 7. TRANSFERS

(a) No change.

(b) Except as noted in (a) above, a member is eligible to transfer the former membership in a State-administered defined benefit retirement system into the retirement system that covers the new eligible employment, if the member has first ended employment with the former employer, and has not taken another position subject to coverage in the State-administered retirement system of the former account which would have the same effective date as the membership in the new State-administered retirement system.

1. A member desiring to transfer service credit and contributions from one State-administered defined benefit retirement system to another must file an "Application for Interfund Transfer." This application will void all possible claims against the [terminate membership in the] former system when approved and the new membership is commenced in the new system.

The service credit transferred from the DCRP shall be used to determine eligibility for employer-paid health benefits in retirement. The transfer from the DCRP to the Workers' Compensation Part is to be completed as a trustee-to-trustee transfer in accordance with the Internal Revenue Code. The Second Injury Fund will bear the cost for the unfunded liability based on this transfer, which cost will be determined by the PERS actuary. This transfer is retroactive for Workers' Compensation Judges who retired on or after May 20, 2021 and have not

received a distribution from their DCRP account.

* These issues are only applicable to cases reviewed under Patterson standard (mental-mental). The Russo Decision requires reasonable person/terrifying horror-inducing to be analyzed as one factor.
** Only applicable to cases filed beyond 5 years of the date of the incident

#1) T/P = permanently and totally disabled mentally or physically, from performing the regular assigned work duties and any other available job duties

#2) The disability is a direct result of a traumatic event that is: a) identifiable as to time and place, b) undesignated and unexpected, and c) caused by a circumstance external to the member (not the result of pre-existing disease that is aggravated or accelerated by the work).

If the event was non-physical, the member must also establish d) that the event that forms the basis for an accidental disability was objectively capable of causing a reasonable person in similar circumstances to suffer a disabling mental injury, based on a finding that the disability resulted from "direct personal experience of a terrifying or horror-inducing event that involves actual or threatened death or serious injury, or a similarly serious threat to the physical integrity of the member or another person."

#3) The event occurred during and as a result of the performance of the member's regular or assigned duties.

#4) The disability was not the result of the member's willful negligence; and

#5) The member is mentally or physically incapacitated from performing the usual or any other duty.

D/M = Delayed manifestation (due to the delayed manifestation of the disability or circumstances beyond the control of the member) cases must be considered on those applications filed beyond five years of the accident date, if the application was filed within a "reasonable time" following manifestation of the disability, based on the totality of the facts and circumstances of the case

REQUEST TO APPLY FOR ACCIDENTAL DISABILITY RETIREMENT BENEFITS

(A motion was made by Trustee Culliton to adopt Resolution B and enter into Executive Session; seconded by Trustee O'Brien. A motion was made to enter back into Closed Session by Trustee Culliton; seconded by Trustee O'Brien.)

Michael Finello – Pompton Lakes Borough – The Board considered attorney, Michael L. Kalmus' submission, dated December 15, 2021, Mr. Kalmus' personal statements to the Board and all documentation in the record concerning the eligibility of his client, Michael Finello, to apply for Accidental Disability retirement benefits. After careful analysis, the Board determined Mr. Finello is ineligible to apply for such benefits and denied his request to do so. In making its determination, the Board relied on N.J.A.C. 17:1-6.4 and N.J.S.A. 43:15A-44. N.J.A.C. 17:1-6.4 states:

(a) Each disability retirement applicant must prove that his or her retirement is due to a total and permanent disability that renders the applicant physically or mentally incapacitated from performing normal or assigned job duties at the time the member left employment; the disability must be the reason the member left employment.

(b) Members who have involuntarily or voluntarily terminated service for any of the reasons listed below will not be permitted to apply for a disability retirement:

1. Removal for cause or total forfeiture of public service;
2. Settlement agreements reached due to pending administrative or criminal charges, unless the underlying charges relate to the disability;
3. Loss of licensure or certification required for the performance of the member's specific job duties;
4. Voluntary separation from service for reasons other than a disability; and
5. Job abolishment or reduction in force.

(c) The Division will review all disability retirement applications submitted after a member has terminated service to determine whether the member's application is eligible for processing, pursuant to (a) above.

The record establishes that Mr. Finello filed his *Application for Disability Retirement* on February 26, 2020, requesting retirement effective April 1, 2020. The Board noted Mr. Finello filed pursuant to L. 2019, c. 157 (Chapter 157), the Bill Ricci World Trade Center Rescue, Recovery and Cleanup Operations Act. Subsequent to the submission of the requisite medical documentation, Mr. Finello was evaluated on July 2, 2021 by an Independent Medical Examiner (IME) assigned by the fund. The report from the IME included:

When asked to describe the reason for his work stoppage on 3/13/19, Mr. Finello responded, "I was suspended for 135 shifts (one year) for being disobedient. My anger pops up and gets the best of me. My garbage pail got full. I was in bed after the suspension. I've had memories of 9/11 right along. I've seen some really gruesome things over the years." When asked whether he would still be working if he had not been suspended, Mr. Finello responded, "No, because I was really having a bad time."

REQUEST TO APPLY FOR ACCIDENTAL DISABILITY RETIREMENT BENEFITS (continued)

Michael Finello – Pompton Lakes Borough – (continued)

In response to this disclosure, the Division requested documentation from Pompton Lakes Borough related to the suspension. The Borough provided two Preliminary Notices of Disciplinary Actions (PNDA), each dated December 18, 2019, each seeking Mr. Finello's immediate removal. The first PNDA charged Mr. Finello with:

- R&R 3.3.2 - Insubordination;
- R&R 3.4.3 - Relief
- N.J.A.C. 4A:2-2.3(a)(2). Insubordination;
- N.J.A.C. 4A:2.3(a)(6) - Conduct Unbecoming a Public Employee; and
- N.J.A.C. 4A:2.3(a)(12) - Other Sufficient Cause

These charges stemmed from the following incident:

On March 13, 2019, Chief Agosto and Captain Cichon served Dispatcher Finello with a copy of a Preliminary Notice of Disciplinary Action arising from the completed Internal Affairs Investigation No. 2019-1. Dispatcher Finello became argumentative and insubordinate toward the Chief in the presence of Captain Cichon and other members of the Department. Dispatcher Finello's conduct included calling the Chief a "joke" to his face in front of other members of the Department and then leaving his post at the 911 dispatch desk and the building.

The Board noted the aforementioned charges do not appear to relate to a disabling condition. The second PNDA charged Mr. Finello with:

- R&R 3.4:6 - Reporting for Duty;
- R&R 3.11.3 - Absence without leave;
- R&R 3.4.7 - Physical Fitness for Duty;
- N.J.A.C. 4A:2-2.3(a)(3) - Inability to Perform Duties;
- N.J.A.C. 4A:2-2.3(a)(4) - Chronic or Excessive Absenteeism; and N.J.A.C. 4A:2-2.3(a)(12) - Other Sufficient Cause.

These charges stemmed from the following incident:

Dispatcher Finello was on an extended leave of absence which ended on 6/21/2019. Dispatcher Finello has failed to report for duty and been absent from work without approval for the six (6) full calendar months since the expiration of that leave. Dispatcher Finello is either incapable or unwilling to perform his duties as a police dispatcher.

Pompton Lakes Borough also provided a copy of the Settlement Agreement between the Borough and Mr. Finello, dated February 12, 2020, in which both parties agreed to settle all matters arising from and related to Mr. Finello's employment.

CLOSED SESSION

REQUEST TO APPLY FOR ACCIDENTAL DISABILITY RETIREMENT BENEFITS (continued)

Michael Finello – Pompton Lakes Borough – (continued)

The Settlement Agreement included the following:

2. Based on representations and the Borough's understanding regarding Finello's current medical condition it appears that Finello cannot return to work as a police dispatcher due to disability. The parties acknowledge that the Borough has filed Preliminary Notices of Disciplinary Action against Finello dated March 12, 2019, December 12, 2019, and December 18, 2019 (x2), respectively, but that the parties have agreed to finally and fully settle all claims which could have been asserted against Finello by the Borough, including any defenses or counterclaims by Finello, and to fully settle all possible claims upon the terms and conditions set forth in this Settlement Agreement and Release.

6. Finello represents that he intends to submit a pension application separate from this Agreement. It is expressly understood that Finello's resignation from his position with the Borough is final and irrevocable regardless of the disposition of his voluntary pension application. The effective date of Finello's resignation shall be the date of the pension system's decision on his pension application. If Finello fails to submit a pension application by February 28 2020, however, his resignation shall be effective on that date.

9. In further consideration of this Agreement, Finello agrees that he will not apply for or otherwise seek employment with the Borough or any of its departments, affiliates or subdivisions and agrees that neither the Borough nor any of its departments, affiliates or subdivisions has an obligation, whether arising under the New Jersey Civil Service Act, N.J.S.A. 14A:1-1, et seq., under contract or policy, or otherwise, to hire or employ him in the future.

Upon review of the documentation, the Division determined that Mr. Finello was not eligible to file for Accidental Disability retirement benefits and closed his application. This appeal followed. The Board notes that neither the intent of parties to an Agreement, nor such Agreement's terms, bind the Board when the Board is not a party to the Agreement. The Board has the sole responsibility for determining eligibility for disability retirement in accordance with its governing statutes and regulations. Employers and employees may not arrogate this determination to themselves in order to provide a benefit to the employee. N.J.S.A. 43:15A-17. N.J.S.A. 43:15A-44 requires that a member seeking a disability retirement have a position to return to should the disability diminish sufficiently to allow it.

REQUEST TO APPLY FOR ACCIDENTAL DISABILITY RETIREMENT BENEFITS (continued)

Michael Finello – Pompton Lakes Borough – (continued)

If the report of the medical board shall show that such beneficiary is able to perform either his former duty or other comparable duty which his former employer is willing to assign to him, the beneficiary shall report for duty; such a beneficiary shall not suffer any loss of benefits while he awaits his restoration to active service. If the beneficiary fails to return to duty within 10 days after being ordered so to do, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default.

...
N.J.S.A. 43:15A-44 (emphasis added).

See also Cardinale v. Board of Trustees, 458 N.J. Super. 260, 272-73 (App. Div. 2019), applying an equivalent statute. ("Thus, from a practical standpoint, the Board cannot statutorily cease paying any approved disability benefits, once they have begun, for an individual who voluntarily resigns from duty to settle disciplinary charges and agrees never to return.") The inability to return a recovered employee to duty "due solely to an irrevocable resignation" contravenes important public policy. Id. at 263.¹ Further, the Board also relied on In re Adoption of N.J.A.C. 17:1-6.4, 454 N.J. Super. 386, 402 (App. Div. 2018). ("The rehabilitation statutes presume that, unlike other retirees attempting to return to state service, the only obstacle to a disability retiree's reemployment is the disability itself." Ibid. (emphasis added)). Here, the parties' stipulation that Mr. Finello can never to return to employment implies that a disability is not the reason for his separation from employment. Put simply, if the alleged disability is the sole obstacle precluding Mr. Finello from performing his regular assigned work duties, his employer should have no issue with Mr. Finello's returning to employment if his alleged disability lessens. Here, the employer agreed to drop the disciplinary charges on the condition that Mr. Finello never return. "The statutory language expressly conditions reinstatement for disability retirees upon disability rehabilitation. It logically follows then that disability retirees must have left public service because of the disability in the first instance; unlike someone who has been terminated for cause." Id. at 402. Thus, if Mr. Finello's application were processed and he were granted an Accidental Disability pension, but later he became fit to return to work for his former employer, there is no mechanism for the Board to stop paying the disability pension. Providing a disability retirement under such circumstances would be in contravention of the statutory scheme, potentially requiring the Board to pay a disability pension for life to a person who is no longer disabled. Mr. Kalmus asserts that because Mr. Finello filed for Accidental Disability retirements pursuant to Chapter 157, the requirement that he have a position to return to pursuant to N.J.S.A. 43:15A-44 is irrelevant. The Board disagrees. Chapter 157 provides that certain disabling conditions affecting employees eligible for its coverage will be deemed accidental disabilities. But applications for Accidental Disability under Chapter 157 are otherwise processed under the controlling regulations and statutes applicable to all Accidental Disability retirement applications. For these reasons, the Board determined that Mr. Finello is ineligible to apply for Accidental (or Ordinary) Disability retirement benefits and denied his request to do so. (Motion made by Trustee Culliton; seconded by Trustee Hurst.)

¹ The court assumed Cardinale was in fact disabled: "we assume the disability existed because it is irrelevant to our holding that his irrevocable resignation made him ineligible for benefits in the first place." Id. at 268

(A motion was made by Trustee O'Brien; seconded by Trustee Brown to enter into Open Session.)

REQUEST TO PURCHASE UNCREDITED PERS SERVICE

Michael Flax – Bergen Community College – The Board considered the personal statements of Michael Flax, the personal statements of Shirlene Scott, Supervisor of the Division's Purchase Section, and all documentation in the record concerning Mr. Flax's request to purchase uncredited pension service credit. The record before the Board indicates on September 13, 2020, Mr. Flax submitted a Purchase Application for uncredited service with Bergen Community College (BCC). The Division received an Employment Verification Form from BCC on November 23, 2020. BCC certified Mr. Flax was employed as an Instructor from September 1, 1978 to June 30, 1983. An annual salary of \$13,295.00 was certified for September 1, 1978 through June 30, 1979. BCC noted on the Employer Certification, "We were able to verify Mr. Flax's employment began September 1, 1978 with an annual salary of \$13,295. We were, however, unable to verify Mr. Flax's salaries in subsequent years". A request for copies of Mr. Flax's payroll history was sent to BCC on December 7, 2020. On January 12, 2021, the Division received a letter from BCC with a revised Employment Verification Form certifying Mr. Flax's years of employment and salary as follows: \$5,497.19 for September 1, 1978 to December 31, 1978; \$17,506.90 for January 1, 1979 to December 31, 1979; \$20,491.76 from January 1, 1980 to December 31, 1980; \$20,831.76 from January 1, 1981 to December 31, 1981; and \$13,100.06 from January 1, 1982 to December 31, 1982. Mr. Flax also provided the Division with an Itemized Statement of Earnings (ISE) from Social Security, and three letters from colleagues or BCC administrators purporting to support Mr. Flax's request to purchase uncredited service time. A letter was issued on March 19, 2021, informing Mr. Flax the ISE itself does not provide sufficient information to determine purchase eligibility and additional documentation is needed. In making its determination, the Board relied upon N.J.A.C. 17:2-2.6(a), which states, in pertinent part:

Prior to November 2, 2008, professors and instructors employed on a temporary, provisional, or adjunct basis by public institutions of higher education, who were not in regularly appointed teaching or administrative staff positions, in classified or unclassified positions with a Civil Service employer, or in regularly budgeted positions with a non-Civil Service employer, were eligible for PERS enrollment if they:

1. Earned more than the minimum threshold salary required for enrollment;
2. Worked for the entire normal school year; and
3. Had their services renewed for the succeeding school year.

BCC submitted copies of Board Minutes dated August 23, 1978, which indicate Mr. Flax was recommended for appointment as an Instructor effective September 1, 1978 through June 30, 1979 at a salary rate of \$13,295.00. A review of the ISE supports Mr. Flax was an employee at BCC from 1978 to the 1982. The ISE shows a quarterly breakdown of Mr. Flax's annual earnings for 1978, 1979, and 1980 and his *annual* earnings for 1981 and 1982 of \$20,831.76 and \$17,850.06 respectively. The quarterly breakdown for 1978 to 1980 shows fluctuations in Mr. Flax's quarterly salary. The annual salaries for 1981 to 1982 are not broken down quarterly; therefore, the Division cannot determine if Mr. Flax's employment was continuous. After careful consideration of the above, the Board found that the fluctuations in salary do not suggest continuity of Mr. Flax's employment.

OPEN SESSION

REQUEST TO PURCHASE UNCREDITED PERS SERVICE (continued)**Michael Flax – Bergen Community College – (continued)**

In order for the Division to process Mr. Flax's purchase request or for the Board to approve his purchase, Mr. Flax and/or his employer are required to provide detailed employment history records indicating the exact beginning and ending dates of his employment; quarterly salary earnings for each year of employment; Mr. Flax's appointment status; official payroll titles; and/or dates of any leaves of absence. The Board also found that BCC failed to submit employment history or payroll records to verify Mr. Flax's employment was continuous. Thus, the Board found that under the governing PERS statutes and regulations, Mr. Flax is unable to establish that he is entitled to purchase the uncredited service time for which he applied. For these reasons, the Board voted to deny Mr. Flax's request to purchase uncredited PERS service. (Motion made by Trustee Hurst; seconded by Trustee Brown.)

HONORABLE SERVICE

Bonnie Hiles – Gloucester County Housing Authority – The Board considered all documentation in the record concerning Bonnie Hiles' termination from service to determine what impact, if any, it may have on Ms. Hiles' application for Service retirement benefits, in accordance with N.J.S.A. 43:1-3. N.J.S.A. 43:1-3 establishes 11 factors, which the Board is to consider and balance in view of the pension statutes when determining whether forfeiture or partial forfeiture of pension service credit is appropriate. These factors are:

1. **The member's length of service;**
Bonnie Hiles has 13 years and 4 months of service credit in the PERS;
2. **The basis of retirement;**
Bonnie Hiles is eligible to apply for a Service retirement;
3. **The extent to which the member's pension has vested;**
Bonnie Hiles was vested in the PERS and was 62 years of age as of the date of her last pension contribution;
4. **The duties of the particular member;**
Bonnie Hiles was employed by the Gloucester County Housing Authority as a Congregate Aide. In this position, she was responsible for assisting residents with their housekeeping needs, grocery shopping, food preparation, maintaining inventory of food items, as well as other housekeeping related duties as needed;
5. **The member's public employment history and record covered under the retirement system;**
Bonnie Hiles was enrolled in the PERS effective October 1, 2005, as a result of her employment with the Gloucester County Housing Authority as a Congregate Aide. She remained with this employer and in this position as of the date of her termination on January 22, 2019;
6. **Any other public employment;**
None noted;

OPEN SESSION

HONORABLE SERVICE (continued)**Bonnie Hiles – Gloucester County Housing Authority – (continued)**

- 7. The nature of the misconduct or crime, including the gravity or substantiality of the offense, whether it was a single or multiple offense and whether it was continuing or isolated;**

On December 18, 2018, while on duty at the Colonial Park Building Bonnie Hiles was walking from the kitchen to her supervisor's office to retrieve a key. The Buildings Superintendent/Maintenance Repairer (MT) exited the opposite door of the foyer of the Colonial Park Building and their paths crossed. Bonnie Hiles reported to her supervisor that MT had intentionally banged into her causing physical injury while entering through the foyer doors of the building. Per Gloucester County's Housing Authority's Workplace Violence Policy, Bonnie Hiles' Supervisor was required to escalate her claim to Human Resources as well as the AHO Director. As a result of Bonnie Hiles' claim an investigation into the interaction was launched. The investigation included a review of the video in the lobby of the Colonial Park Building from December 18, 2018, as well as interviews with certain staff. The video surveillance footage reviewed did not corroborate Bonnie Hiles' allegation against MT. The video displayed very little, if any, contact whatsoever between Bonnie Hiles and MT. The initial statement by Bonnie Hiles given to Human Resources regarding this matter emphasized a much different depiction than what the video surveillance showed. The facts given by Bonnie Hiles were misleading, dramatic, accusatory and dishonest. The investigation resulted in the following charges against Bonnie Hiles: Conduct Unbecoming of a Public Employee, Dishonesty, and Other Serious Misconduct pursuant to Article 28D 4,8, & 13. Specifically, as outlined above Bonnie Hiles was less than forthcoming and dishonest regarding the true nature of her complaint. All the evidence, especially the video surveillance footage, established her dishonesty regarding the incident. On January 22, 2019, a meeting among Bonnie Hiles, her Union Representative, various Supervisors, a Human Resources Representative, and the Gloucester County Housing Authority's Director was held. The findings of the investigation, as well as Bonnie Hiles' failure to recant her accusation in light of the clear video evidence of the incident led the Housing Authority's Director to terminate her effective immediately. The Board found that the misconduct was grave and serious, and only occurred one on occasion;

- 8. The relationship between the misconduct and the member's public duties;**

Direct;

- 9. The quality of moral turpitude or the degree of guilt or culpability, including the member's motives and reasons, personal gain and similar considerations;**

The Board found that the misconduct involved a high degree of guilt and culpability. Bonnie Hiles falsely reported a workplace violence incident, which could have resulted in the termination of her co-worker based on a false allegation. The member's motives were directed towards disparaging a co-worker;

- 10. The availability and adequacy of other penal sanctions;**

Informal Hearings took place on February 7, 2019 and February 22, 2019. The Hearing Officer affirmed that the Executive Director of the Gloucester County Housing Authority had properly imposed Bonnie Hiles' immediate termination. A Last Chance Settlement Agreement was drafted on September 4, 2019. However, it was neither signed nor enforced by either Bonnie Hiles or the Gloucester County Housing Authority. On September 8, 2020, the New Jersey Public Employment Relations Commission issued an Opinion and Award, denying Bonnie Hiles' grievance for wrongful termination.

HONORABLE SERVICE (continued)**Bonnie Hiles – Gloucester County Housing Authority – (continued)**

The Arbitrator determined that the Gloucester County Housing Authority had established that it had a proper contractual basis to terminate Bonnie Hiles;

11. Other personal circumstances relating to the member which bear upon the justness of forfeiture.

The Board noted that the member did not appear at the meeting.

The record before the Board reveals that Ms. Hiles was enrolled in the PERS effective October 1, 2005, as a result of her employment with the Gloucester County Housing Authority as a Congregate Aide. Ms. Hiles continued to hold that title as of her last pension contribution on January 31, 2019. The record indicates that Ms. Hiles was terminated from employment due to administrative charges. On December 18, 2018, while on duty at the Colonial Park Building, Ms. Hiles was walking from the kitchen to her supervisor's office to retrieve a key. The Buildings Superintendent/Maintenance Repairer (MT) exited the opposite door of the foyer of the Colonial Park Building and their paths crossed. Ms. Hiles reported to her supervisor that MT had intentionally knocked into her causing physical injury while entering through the foyer doors of the building. Per Gloucester County's Housing Authority's Workplace Violence Policy, Ms. Hiles' Supervisor was required to escalate the claim to Human Resources as well as the AHO Director. As a result of Ms. Hiles' claim, an investigation into the interaction was launched. The investigation included a review of the video of the lobby of the Colonial Park Building from December 18, 2018, as well as interviews with certain staff. The video surveillance footage reviewed did not corroborate Ms. Hiles' allegation against MT. In fact, the video displayed very little, if any, contact whatsoever between Ms. Hiles and MT. The initial statement by Ms. Hiles given to Human Resources regarding this matter emphasized a much different depiction than what the video surveillance showed. The facts given by Ms. Hiles were misleading, dramatic, accusatory and dishonest. The investigation resulted in the following charges against her: Conduct Unbecoming of a Public Employee, Dishonesty, and Other Serious Misconduct pursuant to Article 28D 4, 8, & 13. Specifically, after an investigation and review of the video of the alleged incident, Ms. Hiles was found to have fabricated the incident. All the evidence, especially the video surveillance footage, established her dishonesty regarding the incident. Ms. Hiles' false allegations of workplace violence could have led to serious discipline against one of her co-workers, had no video of the incident existed. On January 22, 2019, a meeting among Ms. Hiles, her Union Representative, various Supervisors, a Human Resources Representative, and the Gloucester County Housing Authority's Director was held. The findings of the investigation, as well as Ms. Hiles' failure to recant her accusation in light of the clear video evidence of the incident led the Housing Authority's Director to terminate her employment effective immediately. Informal Hearings took place on February 7, 2019 and February 22, 2019. The Hearing Officer affirmed that the Executive Director of the Gloucester County Housing Authority had properly imposed Ms. Hiles' immediate termination. A Last Chance Settlement Agreement was drafted on September 4, 2019. However, it was never executed. On September 8, 2020, the New Jersey Public Employment Relations Commission issued an Opinion and Award, denying Ms. Hiles' grievance for wrongful termination. The Arbitrator determined that the Gloucester County Housing Authority had established that it had a proper contractual basis to terminate her. After careful consideration of the above in light of the statutory forfeiture provisions of N.J.S.A. 43:1-3, the Board found that Ms. Hiles' misconduct was grave and serious. The Board found that the misconduct was directly related to her employment.

OPEN SESSION

HONORABLE SERVICE (continued)**Bonnie Hiles – Gloucester County Housing Authority – (continued)**

The Board further found that the misconduct involved a high degree of guilt and culpability, and while not for Ms. Hiles' personal gain, it was intended to disparage a co-worker, and could have led to serious discipline for that employee had no video of the actual incident existed. As a result, the Board found that a forfeiture of Ms. Hiles' final year of service and salary credit was warranted in light of the egregious nature of her misconduct. Thereafter, the Board approved Ms. Hiles' application for a Service retirement effective October 1, 2020, under her selection of Option A. (Motion made by Trustee Hurst; seconded by Trustee Brown.)

Mary Stigliano – Winslow Twp BOE – The Board considered all relevant documentation in the record in regard to the eligibility of Mary Stigliano for Deferred retirement benefits, in light of Ms. Stigliano's dismissal for misconduct directly related to her employment. After careful consideration, the Board voted to deny Ms. Stigliano's application for Deferred retirement benefits in accordance with N.J.S.A. 43:15A-38, which states, in pertinent part:

Should a member of the Public Employees' Retirement System, after having completed 10 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for cause on charges of misconduct or delinquency, such person may elect to receive:

- (a) The payments provided for in section 41b of this act,² if he so qualifies under said section, or;
- (b) A deferred retirement allowance, beginning at the retirement age...

. [(Emphasis added).]

The record before the Board establishes that Ms. Stigliano was enrolled in the PERS on January 1, 2008, as a result of her employment with the Winslow Township Board of Education as a School Bus Driver. Ms. Stigliano continued to hold the same title until her termination on June 12, 2019. On May 23, 2019, due to her employer's reasonable suspicion that Ms. Stigliano was under the influence of alcohol while on duty, she was required to take a breathalyzer test in accordance with the Winslow Township Board of Education's Policy 4219 Commercial Driver Controlled Substances and Alcohol Use Testing. In a letter dated May 28, 2019, the Winslow Township School District informed Ms. Stigliano that she was being placed on paid administrative leave effective May 24, 2019, and that the Superintendent would be recommending her removal from employment as a School Bus Driver at the June 12, 2019, Board of Education meeting. On June 12, 2019, the Board approved the Superintendent's recommendation to terminate Ms. Stigliano effective immediately, as a result of her positive breathalyzer test. At the time of Ms. Stigliano's removal from employment, she was 58 years of age and her PERS account reflected a total of 10 years and 10 months of service credit. Therefore, at that time, the only benefit Ms. Stigliano could file for was a Deferred retirement. Ms. Stigliano filed an application for Deferred retirement benefits on September 23, 2021, requesting a Deferred retirement effective October 1, 2021.

Consequently, the Board found that because Ms. Stigliano was removed for cause directly related to her employment, she is not eligible for a Deferred retirement, and the Board denied her retirement application under the provisions of N.J.S.A. 43:15A-38. Mitchell Dinnerstein – Rowan College at Burlington County – The Board considered the personal statements of Mitchell Dinnerstein and all relevant documentation in the record in regard to Mr. Dinnerstein's eligibility for Deferred retirement benefits, in light of his dismissal for misconduct directly related to his employment. After careful consideration, the Board voted to deny Mr. Dinnerstein's application for Deferred retirement benefits in accordance with N.J.S.A. 43:15A-38, which states, in pertinent part:

Should a member of the Public Employees' Retirement System, after having completed 10 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for cause on charges of misconduct or delinquency, such person may elect to receive:

- (a) The payments provided for in section 41b of this act,³ if he so qualifies under said section, or;
- (b) A deferred retirement allowance, beginning at the retirement age...

[(Emphasis added).]

The record before the Board establishes that Mr. Dinnerstein was enrolled in the PERS on July 29, 2000, as a result of his employment with The College of New Jersey as a Repairer. On August 28, 2003, Mr. Dinnerstein transferred to the Ocean County Board of Social Services as a Maintenance Repairer. He then transferred to Burlington County College (College) as a Maintenance Mechanic – Electrician in 2007. Mr. Dinnerstein remained with this employer and in this position until his termination on December 8, 2011. Mr. Dinnerstein was terminated from employment on December 8, 2011 due to the culmination of misconduct and unacceptable behavior, which occurred on numerous occasions from April 11, 2008 through December 8, 2011. Specifically, Mr. Dinnerstein was terminated for Violating Burlington County College's Civility Policy- 913- in addition to Insubordination. Several altercations occurred between Mr. Dinnerstein and his co-workers where he yelled and used abusive, vulgar, and racially insensitive language towards them. Furthermore, Mr. Dinnerstein refused to perform work as assigned. On August 10, 2011, he was suspended without pay for three days for failing to follow established communication protocols. Mr. Dinnerstein was informed that any future misconduct would result in his termination and to consider it as a Final Warning. On December 8, 2011, Mr. Dinnerstein used profanities regarding the supervisory staff in a public area in violation of the College's Civility Policy.

HONORABLE SERVICE (continued)**Mitchell Dinnerstein – Rowan College at Burlington County – (continued)**

Mr. Dinnerstein's employment was terminated immediately. He was counseled verbally, received written warnings, and received three suspensions for work performance and misconduct leading up to the final incident of misconduct. On December 23, 2011, the Burlington County College Support Staff Association (Association) filed a grievance contending that the College terminated Mr. Dinnerstein without just cause. The College Board of Trustees denied the grievance. Subsequently, the Association elected to proceed to Step Five of the negotiated grievance procedure, which provides for advisory arbitration. The College Board of Trustees issued a written decision dated June 14, 2012, sustaining Mr. Dinnerstein's termination. The College Board of Trustees determined that Mr. Dinnerstein termination was reasonable and justified. An Arbitration Hearing was held on March 22, 2013. On July 5, 2013, the State of New Jersey Public Employment Relations Commission, issued an Opinion and Award, denying the grievance. They found that the College did not violate the negotiated agreement regarding Mr. Dinnerstein's termination. On November 21, 2017, an Order and Opinion of the United States District Court, District of New Jersey, granted the College's Motion for Summary Judgment. The Judgment reiterated that Mr. Dinnerstein had failed to meet the burden to demonstrate unlawful discrimination based upon his religion as well as a hostile work environment. The Third Circuit Court of Appeals issued an unpublished opinion dated March 8, 2019, unequivocally affirming the District of New Jersey's finding on this matter. Finally, on October 8, 2019, the Supreme Court of the United States denied Mr. Dinnerstein's Writ of Certiorari. At the time of Mr. Dinnerstein's removal from employment, he was approximately 50 years of age and his PERS account reflected a total of 10 years of service credit. Therefore, at the time of Mr. Dinnerstein's termination for cause directly related to his employment, the only benefit he could file for was a Deferred retirement. Mr. Dinnerstein filed an application for Deferred retirement on February 27, 2020, requesting a Deferred retirement effective November 1, 2021. Consequently, the Board found that because Mr. Dinnerstein was removed for cause directly related to his employment, he is not eligible for a Deferred retirement, and the Board denied his retirement application under the provisions of N.J.S.A. 43:15A-38. Kathleen Beyrouthy – Monroe Twp BOE – The Board considered the personal statements of Kathleen Beyrouthy and all documentation in the record in regard to Ms. Beyrouthy's eligibility for Deferred retirement benefits under N.J.S.A. 43:15A-38. After careful consideration of the circumstances under which Ms. Beyrouthy separated from employment, the Board approved her application for Deferred retirement benefits effective August 1, 2020, under her selection of the Maximum Option. (Motion made by Trustee Hurst; seconded by Trustee Winthers.)

RECONSIDERATION OF APPROVAL OF ORDINARY DISABILITY RETIREMENT BENEFITS

Daniel Parks – State Police Civilian Employees – The Board reconsidered the approval of Daniel Parks' Ordinary Disability retirement application. Daniel Parks – State Police Civilian Employees – (continued)

After that meeting, but prior to Mr. Parks' retirement benefit becoming due and payable, the Division was made aware of a disciplinary matter. In this regard, N.J.A.C. 17:1-6.2(e) states in pertinent part:

If charges listed in N.J.A.C. 17:1-1.13(a) are received by the Boards or Division after the member's date of retirement, the Boards may suspend retirement benefits pending the outcome of such charges.

N.J.A.C. 17:1-1.13(a) 4 authorizes the Board to suspend a member's pension benefit "pending the outcome of charges including, but not limited to "[A]n administrative or disciplinary action." The Board noted that both disciplinary matters have now been fully resolved and therefore voted to approve the continuation of Mr. Parks' retirement benefits. **(Motion made by Trustee Hurst; seconded by Trustee Winthers.)**

Larry Watkins – Camden City Housing Authority – At its meeting on February 16, 2022, the Board considered the submission of Larry Watkins and all documentation in the record concerning Mr. Watkins' request for an extended repayment plan on the monies owed to the fund for violating the PERS post-retirement rules for disability retirees by returning to PERS-covered employment while receiving Ordinary Disability retirement benefits.⁴ However, the Board voted to table the matter in order to allow Mr. Watkins to appear at the meeting to ensure that he understood the ramifications of returning to active employment after having collected Ordinary Disability retirement benefits for a number of years. The Board reconsidered Mr. Watkins' request for an extended payment scheduled at its meeting of March 16, 2022, and considered his personal statements and all documentation in the record. The Board also advised that because Mr. Watkins had been returned to public employment while he was on an Ordinary Disability retirement, he would be required to return all of the pension benefits received after his return to active employment, or approximately November 1, 2018 through his January 1, 2022, check. In addition, Mr. Watkins would be required to prove insurability for PERS Group Life Insurance coverage. After careful consideration, the Board granted a 10-year payment schedule to repay the pension benefits plus the back pension deductions on his PERS eligible compensation during this period. Mr. Watkins' total obligation to the PERS will be determined by the Division. **(Motion made by Trustee Culliton; seconded by Trustee O'Brien.)**

⁴ Mr. Watkins has asserted that he takes no issue with the Division's determination that he returned to PERS covered employment while collecting an Ordinary Disability retirement benefit. Therefore, the Board adopted the Division's decision with regard to the legal determination that Mr. Watkins was in violation of PERS post-retirement rules for disability retirees, as well as the amount(s) of monies owed to the Division for the violation at issue.

Oneida Forbes – Motor Vehicle Commission – The Board considered the correspondence of attorney, Samuel M. INITIAL DECISIONS

Cherie Mitchell – Ancora Psychiatric Hospital – The Board considered the following documents in the appeal of attorney, Herbert J. Thereafter, the Board adopted the ALJ's decision, which denied Mr. DeSimone's appeal of the Board's partial forfeiture of his service and salary credit but modified the forfeiture from 72 months of service and salary credit to 30 months of service and salary credit. FINAL ADMINISTRATIVE DETERMINATIONS

Charlotte Salerno-Trout for Donald Trout (deceased) – Middlesex County – At its meeting of December 8, 2021, the Board originally denied Charlotte Salerno-Trout's request for Accidental Death benefits as a result of the passing of her spouse, Donald Trout, finding that she did not qualify for Accidental Death benefits pursuant to N.J.S.A. 43:15A-49 because Mr. Trout passed away from a pre-existing heart condition, and not from an accident while on duty as defined under the statute.

⁵ The exceptions were timely submitted under a granted extension.

OPEN SESSION

FINAL ADMINISTRATIVE DETERMINATIONS (continued)**Charlotte Salerno-Trout for Donald Trout (deceased) – Middlesex County – (continued)**

Attorney, Timothy J. Prol, filed a timely appeal on Ms. Trout's behalf on January 17, 2022 and requested that the matter be transferred to the Office of Administrative Law as a contested case. At its meeting of February 16, 2022, the Board found no genuine issue of material fact in dispute and denied Mr. Prol's request for an administrative hearing. Thereafter, the Board directed the Secretary to draft Findings of Fact and Conclusions of Law as outlined below, which were presented to and approved by the PERS Board at its March 16, 2022, meeting.

FACTUAL FINDINGS

The record before the Board establishes that on August 27, 2021, Mr. Trout passed away while on-duty as a Hazmat Tech 1 with the Middlesex County Hazardous Materials Unit. The Board reviewed the relevant incident reports, which indicated that on that date Mr. Trout was responding to an emergency call for services and, while gathering his equipment at his work vehicle, suffered a heart attack that caused his death. The Division also requested medical documents related to the incident in order to determine eligibility for Accidental Death benefits. The Division's Medical Review Board (MRB) reviewed the documents that were submitted and determined that:

The member has a history of prior cardiac surgery and treatment for hypertension and hyperlipidemia. He sustained a cardiac arrest...While this occurred on the job, the MRB does not see a particular incident that caused this event.

After reviewing the record, the Board denied Ms. Trout's request for Accidental Death benefits in accord with N.J.S.A. 43:15A-49. The Board based its finding on the fact that Mr. Trout passed away from pre-existing causes and not as a result of an accident in the line of duty. In fact, the incident of August 27, 2021 was not an accident, but was simply Mr. Trout's performance of his assigned duty. Mr. Prol filed an appeal on Ms. Trout's behalf on January 17, 2022. The Board considered his appeal at its meeting of February 16, 2022. Although Mr. Prol asserted there were factual issues in dispute that would require a hearing, he did not cite to any disputed material facts relevant to the appeal. Accordingly, the Board denied Mr. Prol's request for a hearing and directed the Secretary to draft findings of fact and conclusions of law for review at the Board's March 16, 2022, meeting.

CONCLUSIONS OF LAW

The Board made the following conclusions of law. The receipt of Accidental Death benefits by survivors of PERS members is controlled by N.J.S.A. 43:15A-49, which states, in pertinent part:

- a. Upon the death of a member in active service as a result of:
 - (1) an accident met in the actual performance of duty at some definite time and place, or
- b. Upon the receipt of proper proofs of the death of a member on account of which an accidental death benefit is payable, there shall be paid to his widow or widower a pension of 50% of the compensation, upon which contributions by the member to the annuity savings fund were based in the last year of creditable service, for the use of herself or himself and the children of the deceased member, to continue during her or his widowhood...

 OPEN SESSION

FINAL ADMINISTRATIVE DETERMINATIONS (continued)**Charlotte Salerno-Trout for Donald Trout (deceased) – Middlesex County – (continued)**

In light of the facts as outlined above, the Board denied Ms. Trout's application because Accidental Death benefits are provided only when a member dies as a result of "an accident met in the actual performance of duty[.]" N.J.S.A. 43:15A-49. The record establishes that although Mr. Trout passed away while he was in the actual performance of duty, his passing was not the result of the work he was performing at the time, and that work was not an accident. Rather, Mr. Trout had a long history of pre-existing conditions which ultimately resulted in his death. In Russo v. Board of Trs., Teachers' Pensions and Annuity Fund, 62 N.J. 142 (1973), the Court addressed the meaning of "accidental death" as set forth in the Teachers' Pension and Annuity Fund's enabling statute, N.J.S.A. 18A:66-46, which employs identical language to that of N.J.S.A. 43:15A-49. Russo, a custodian, died of a heart attack during the performance of his assigned duties. Russo's widow applied for Accidental Death benefits, which the Division denied, finding that he did not "experience an accident" while at work. Id. 144. The Court explained that "[I]njury by ordinary work effort or strain to a diseased heart, although unexpected by the individual afflicted, is not an extraordinary or unusual consequence in common experience." Thus, the Court found, a member who, like Mr. Trout, suffers a fatal heart attack while at work and during the performance of the member's regular or assigned job duties, does not qualify for Accidental Death benefits because no "accident" occurred within the meaning of the statute. Our Supreme Court also addressed whether a heart attack that occurs while in the performance of a member's duties qualifies as an "accident" for the purposes of an Accidental Disability retirement benefit. Richardson v. Police and Firemen's Ret. Sys., 192 N.J. 189, 214 (2007). ("By way of example, a police officer who has a heart attack while chasing a suspect has not experienced a traumatic event. In that case, the work effort, alone or in combination with pre-existing disease, was the cause of the injury.") As the record establishes, Mr. Trout experienced a fatal heart attack at work while gathering his equipment from the employer's work vehicle in order to respond to a hazardous-materials call and his death was not the result of an accident. Accordingly, the Board denied Ms. Trout's application for Accidental Death benefits. As noted above, the Board has considered Mr. Prol's personal statements, written submission and all documentation in the record. Because this matter does not entail any disputed questions of fact, the Board was able to reach its findings of fact and conclusions of law on the basis of the retirement system's enabling statutes and without the need for an administrative hearing. (Motion made by Trustee Brown; seconded by Trustee Smith.)

Donna Walton – Dept. of Education – At its meeting on February 16, 2022, the Board considered the request of Donna Walton for emergency relief pursuant to N.J.A.C. 1:1-12.6.⁶ After careful consideration, the Board voted to deny Ms. Walton's request for emergency relief because there is no statutory authority to provide disability benefits until the member has been deemed totally and permanently disabled pursuant to N.J.S.A. 43:15A-42, 43. The Board also determined that Ms. Walton's application for emergency relief fails to meet the standard as set forth by our Supreme Court in Crowe v. DeGioia, 90 N.J. 126 (1982).

⁶ At the February 16, 2022, meeting, in a separate action, the Board issued its findings of fact and conclusions of law with respect to its decision to reject the legal conclusions in the November 29, 2021, Initial Decision.

FINDINGS OF FACT

In its February 17, 2022, Final Administrative Determination, the Board adopted the findings of fact as found by the Hon. Elaine Frick, ALJ, in the November 29, 2021, Initial Decision, and the same are repeated for background for ease of reference. The record indicates that Ms. Walton originally filed an application for Accidental Disability (AD) retirement benefits on June 15, 2015, with an effective date of July 1, 2015. On January 5, 2016, the Division notified Ms. Walton that she was unable to file for an AD retirement and required Ms. Walton to change her retirement type to Ordinary Disability (OD). The letter further stated that Ms. Walton's application would be closed on February 15, 2016, if she failed to provide the requisite medical documentation before that date. Ms. Walton appealed this administrative determination to the PERS Board. At its meeting of March 16, 2016, the Board approved Ms. Walton's request to file for an AD retirement on the condition that all medical documentation be received by April 18, 2016. On April 26, 2016, as a courtesy, the Board office left a voice message to inform Ms. Walton that the deadline had passed and to provide Ms. Walton one final opportunity to submit her medical documentation and avoid the closing of her application. On June 2, 2016, Ms. Walton was notified by the Board office that her original application was closed. No appeal was received regarding the closure of the retirement application Ms. Walton filed on June 15, 2015. Subsequently, on November 10, 2016, Ms. Walton submitted a new application for AD retirement benefits, with an effective date of December 1, 2016. The record shows that Ms. Walton was sent notices dated December 12, 2016, January 11, 2017, and February 13, 2017 requesting the medical documentation that she was responsible to provide within six months of application. On July 10, 2017, the Disability Retirement Section closed Ms. Walton's second application, because she failed to provide the necessary medical documentation within the requisite timeframe (plus two months). On August 8, 2017, Ms. Walton appealed the administrative decision to close the application that she had filed on November 10, 2016. At its meeting on September 20, 2017, the Board postponed action on Ms. Walton's appeal and granted her request for additional time, until October 3, 2017, to provide the medical documentation required under N.J.A.C. 17:2-6.1(e) and previously requested by the Division. However, the Board letter clearly indicated that the medical documentation must support Ms. Walton's claim that she was disabled when she separated from employment on June 30, 2015. In addition, based upon the information Ms. Walton represented at the meeting on September 20, 2017 regarding the termination of her employment, the Board also obtained documentation related to Ms. Walton's disciplinary matter and a mediation agreement negotiated between Ms. Walton and her employer, to which neither the Division nor the Board of Trustees was a party.⁷ On November 15, 2017, following its review of the documentation provided by Ms. Walton and her employer, the Board affirmed the administrative decision to deny Ms. Walton's request to re-open her November 10, 2016 application in accordance with N.J.A.C. 17:2-6.1(e). Ms. Walton filed a timely appeal and the matter was transmitted to the Office of Administrative Law (OAL), where it was filed on February 28, 2018, to be heard as a contested case. Ms. Walton sought emergency relief from the Board, requesting payment for alleged prior and prospective monthly AD retirement benefits until the conclusion of her pending appeal. The Board transmitted the request as an emergent application to the OAL, where it was docketed on December 19, 2018. Oral argument on the emergent application was heard on December 27, 2018.

⁷ Prior to the Board meeting, Ms. Walton was provided with copies of the documentation submitted by her employer.

FINAL ADMINISTRATIVE DETERMINATIONS (continued)

Donna Walton – Dept. of Education – (continued)

On December 9, 2019, Ms. Walton failed to appear for the scheduled hearing date. Ms. Walton contacted the OAL on December 10, 2019, and indicated that she mixed up the hearing dates. The matter proceeded to a hearing on January 10, 2020. The ALJ issued an Initial Decision on November 29, 2021, and recommended that the Board re-open Ms. Walton's prior application. At its meeting on January 19, 2022, the Board voted to adopt the ALJ's factual findings but to reject the ALJ's legal conclusion that the Board should re-open Ms. Walton's application. Ms. Walton filed the current application for Emergency Relief on or about January 28, 2022 and her application was heard at the Board's February 16, 2022 meeting. In her appeal, Ms. Walton asserts that she is experiencing financial hardship, and is likely to prevail on the merits of her case because she has a legal right to the benefits she seeks. After careful consideration, the Board denied Ms. Walton's request to award "temporary" or "interim" AD retirement benefits, having found that the PERS statutes and regulations grant the Board no authority to provide such relief. A member is entitled to disability retirement benefits only after the Board has found the member to be permanently and totally disabled pursuant to N.J.S.A. 43:15A-42, 43. The Board directed the Secretary to draft a final administrative determination consistent with its decision for review at its meeting of March 16, 2022.

CONCLUSIONS OF LAW

Motions for emergency relief before an administrative agency are governed by N.J.A.C. 1-1-12.6, which states, in pertinent part:

- (a) Where authorized by law and where irreparable harm will result without an expedited decision granting or prohibiting some action or relief connected with a contested case, emergency relief pending a final decision on the whole contested case may be ordered upon the application of a party.

Under the Administrative Code, an application for emergency relief thus requires that the requested action be "authorized by law" and that the failure to authorize the request would result in "irreparable harm to the member." Ibid. The Board denied Ms. Walton's application for emergency relief because her request for "temporary" AD retirement benefits is not authorized by law. N.J.S.A. 43:15A-42, 43, the OD and AD retirement statutes, require that the member establish that "the member is physically or mentally incapacitated for the performance of duty and should be retired," or that he or she "is permanently and totally disabled as a direct result of a traumatic event occurring during and as a result of the performance of his regular or assigned duties." It is undisputed that the Board has not made such finding with respect to Ms. Walton's application. Accordingly, the Board denied her request for emergency relief in the form of "temporary" AD retirement benefits because it is not authorized by law and therefore fails to meet the requirements under N.J.A.C. 1-1-12.6. Next, the Board found that Ms. Walton failed to show that denying her request for temporary disability benefits would result in irreparable harm. In the event Ms. Walton's application for AD retirement benefits is successful and she were deemed disabled by the Board, Ms. Walton would be entitled to AD or OD retirement benefits retroactive to the effective date of her retirement. Moreover, our courts are guided by the principle "that a preliminary injunction should not issue except when necessary to prevent irreparable harm. Harm is generally considered irreparable in equity if it cannot be redressed adequately by monetary damages." Crowe v. DeGioia, 90 N.J. 126, 133 (1982).

FINAL ADMINISTRATIVE DETERMINATIONS (continued)

Donna Walton – Dept. of Education – (continued)

The Board also notes that ALJ Frick heard Ms. Walton's first application for emergency relief. Walton v. Board of Trustees, PERS, OAL Dkt. No.: 18017-18 (decided December 28, 2018)(adopted March 20, 2019). In rejecting Ms. Walton's application, the ALJ found that:

[H]ere, the petitioner asserts she should be awarded back payments of accidental disability retirement she believes she is entitled to receive, and continued monthly payments of same, until the outcome of her pending appeal of the Board's denial to re-open her application file. There is no such monetary financial relief authorized by law that may be awarded to her.

[(slip op. at 8)].

The ALJ concluded that:

there is no legal authority permitting petitioner to be awarded the emergent financial relief she has requested. I further **CONCLUDE** the petitioner has failed to demonstrate she would be entitled to emergency relief, even if it were available, for failure to demonstrate all factors set forth in *Crowe v. DeGioia*, 90 N.J. 126 (1982)." (emphasis in original).

For these reasons, the Board rejected Ms. Walton's application for emergency relief. (Motion made by Trustee Brown; seconded by Trustee Winthers.)

OPEN SESSION

REQUESTS ENROLLMENT IN PERS

(A motion was made by Trustee Smith to adopt Resolution B and enter into Executive Session; seconded by Trustee O'Brien. A motion was made to enter back into Open Session by Trustee Smith; seconded by Trustee O'Brien.)

Michael Linz – Upper Twp – The Board considered the personal statements of attorney, Craig S. Gumpel, on behalf of his client, Michael Linz, and all relevant documentation in the record in regard to Mr. Linz's request for PERS enrollment based upon his employment with Upper Township. After careful consideration, the Board affirmed the administrative determination of the Division substantially for the reasons set forth in its letter dated March 2, 2021, and denied Mr. Linz's request for PERS enrollment. In making its determination, the Board relied on N.J.S.A. 43:3C-1, which states in pertinent part:

Notwithstanding any other law to the contrary, if a former member of any pension fund or retirement system, contributory or noncontributory, established under any law of this State, who has been granted a pension or retirement allowance for any cause other than vesting or deferred retirement, becomes employed again in a position which makes him eligible to be a member of another pension fund or retirement system established under any law of this State, such person shall not be enrolled in such other pension fund or retirement system if he is eligible to receive such pension or retirement allowance.

The record before the Board establishes that on May 13, 2019, Mr. Linz received a full-time, permanent appointment as an Emergency Medical Technician with Upper Township. On June 27, 2019, Upper Township submitted Mr. Linz's PERS Enrollment Application. The Township indicated on the application that Mr. Linz had taken a distribution from the Defined Contribution Retirement Plan (DCRP). When he took that distribution, Mr. Linz became "retired," and as such ineligible for PERS membership. "Retired" means when a vested DCRP member separates from covered employment and elects to receive a distribution of funds (of any amount) containing both employer and employee contributions plus interest, as Mr. Linz did. This action renders the former participant "retired" and, therefore, as a retiree, ineligible to reenroll in the DCRP or in any other New Jersey State-administered retirement system, pursuant to N.J.S.A. 43:15C-2(b) (3). Accordingly, the Board denied Mr. Linz's request for PERS enrollment. In Mr. Gumpel's submissions, he asserts that Mr. Linz was unaware of the ramifications of withdrawing his DCRP funds. The Board noted that although Mr. Linz claims he was unaware of Fact Sheet #82 at the time he withdrew his funds from his DCRP account, the 2014 Fact Sheet clearly explains that:

There is no minimum retirement age under the DCRP. The member will automatically be considered retired, regardless of age, if there is any distribution of mandatory contributions.

Moreover, Mr. Linz's withdrawal of the funds in the DCRP account belies his statement that he intended, at the time of the withdrawal, to return to public employment. (Motion made by Trustee Smith; seconded by Trustee O'Brien.)

REQUESTS RE-ENROLLMENT IN PERS

Rickey Smiley – Borough of Roselle – The Board considered the personal statements of attorney, Craig S. Gumpel, on behalf of his client, Ricky Smiley, Mr. Smiley's statements, and all relevant documentation in regard to Mr. Smiley's request for PERS enrollment based upon his employment with the Borough of Roselle. After careful consideration, the Board affirmed the administrative determination of the Division of Pensions and Benefits (Division) substantially for the reasons set forth in its letter dated February 22, 2022, and denied Mr. Smiley's request for PERS enrollment. In making its determination, the Board relied on N.J.A.C. 17:2-2.3, which states in pertinent part.

- (a) The following classes of persons are ineligible for membership in the System:

...

12. Any official who commences service in a State or local elective public office on or after July 1, 2007, except for those who established membership in the PERS prior to July 1, 2007, based on service while continuously serving in the same elected office, as provided under N.J.A.C. 17:2-2.1(f);

- i. Elected officials who are ineligible for PERS enrollment are eligible for enrollment in the DCRP, provided that all other eligibility requirements for DCRP membership are met; and
- ...

The record before the Board establishes that on May 1, 2011, Mr. Smiley was enrolled in the PERS as a result of his position as a Clerk (One-Stop Special Projects) with Union County. His records reflect transfers to the County of Passaic on September 1, 2012, the City of Plainfield on January 1, 2014, and Union County effective August 1, 2019. Mr. Smiley remained with Union County, where he served as a Community Service Worker and contributions were remitted from this location until the 4th quarter of 2000. On April 16, 2021, the Division's Enrollment Section received a *Report of Transfer* form from the Borough of Roselle with an effective date of April 1, 2021, as a result of Mr. Smiley being appointed to the position of Borough Administrator. Chapter 92 P.L. 2007 established the Defined Contribution Retirement Plan (DCRP) for elected and appointed officials. A local appointee is any individual appointed by the Governor, including those requiring the advice and consent of the Senate; or an individual appointed in a substantially similar manner by the governing body of a local public entity (County, Municipality, School Board, etc.). Appointed officials who were not enrolled in the PERS prior to July 2007, are ineligible to participate in the PERS, with the exception of those who continuously serve in the same elected or appointed office. However, they may be eligible to enroll in the DCRP provided they are employed as bona fide employees and not employed pursuant to a professional services contract. Mr. Smiley did not continuously serve in this appointed position and therefore, pursuant to N.J.A.C. 17:2-2.3 the Board denied Mr. Smiley's request for re-enrollment in the PERS. (Motion made by Trustee Smith; seconded by Trustee Hurst.)
