**Re: Zoning Permit Application No. 2377
Block 17 Lot 13
705 Center Street**

Dear Mr. Giese,

We have completed the review for Zoning Permit No. 2377 requesting to sell the above referenced property.

The applicant has provided the following documentation with the application:

1. Correspondence from the previous Floodplain Manager dated, May 1, 2017
2. Zoning Permit Application No. 1495 dated, April 20, 2017
3. Estimate for work completed
4. IRS Form 8879 for Taxpayer (Charles H. Giese)
5. 2013 Federal Depreciation Schedule
6. Elevation Certificate prepared by Leo A. Kalieta, P.L.S. dated, January 29, 2018

As outlined in my previous correspondence dated May 22, 2018, based on the information provided, it appears the completed repairs do not exceed the substantial damage / substantial improvement threshold. Therefore, the existing structure does not need to be brought into compliance with the NFIP Requirements at this time. However, any future damage and/or additional improvements or repairs to the existing structure may trigger the substantial damage/substantial improvement requirement of elevating the structure. The applicant may want to consider implementing certain flood damage prevention measures as outlined in Section 10-5 of the Union Beach Borough Ordinance. By implementing these measures, flood insurance premiums may be reduced in the future.

Additionally, after inspecting the existing structure at the time the previous Zoning Permit (No. 2061) was submitted it was confirmed that the two-family dwelling has been converted back to a single-family dwelling. Therefore, prior to a Transfer of Title, it is my recommendation the Construction Official ensure the electric meter that is no longer in use has been removed.

If you have any questions, or require additional information, please do not hesitate to call.

Very truly yours,

T&M ASSOCIATES

Part II Taxpayer Declaration and Signature Authorization (Be sure you get and keep a copy of your return)

Under penalties of perjury, I declare that I have examined a copy of my electronic individual income tax return and accompanying schedules and statements for the tax year ending December 31, 2013, and to the best of my knowledge and belief, it is true, correct, and complete. I further declare that the amounts in Part I above are the amounts from my electronic income tax return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send my return to the IRS and to receive from the IRS (a) an acknowledgement of receipt or reason for rejection of the transmission, (b) the reason for any delay in processing the return or refund, and (c) the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an ACH electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of my federal taxes owed on this return and/or a payment of estimated tax, and the financial institution to debit the entry to this account. This authorization is to remain in full force and effect until I notify the U.S. Treasury Financial Agent to terminate the authorization. To revoke (cancel) a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537. Payment cancellation requests must be received no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I further acknowledge that the personal identification number (PIN) below is my signature for my electronic income tax return and, if applicable, my Electronic Funds Withdrawal Consent.

Re: Zoning Permit Application No. 2061
Block 17 Lot 13
705 Center Street

Dear Mr. McCann

We have completed review of the Zoning Permit Application No. 2061 inquiring if the existing structure at the above-mentioned property needs to be brought into compliance. Correspondence from the previous Floodplain Manager is on file with the Union Beach Construction Department advising that the structure on the subject property shall be lifted and a certificate of elevation must be submitted before approvals to elevate. The subject property is located in the AE13, which would require the finished floor of the existing structure to be elevated to elevation 16.0, which is the Base Flood Elevation plus three (3) feet of freeboard. All mechanical equipment servicing the structure, including the electric meter, are required to be elevated two (2) feet above the Base Flood Elevation. The application was prepared by Daniel McCann.

The applicant has provided the following:

1. Elevation Certificate prepared by Leo A. Kalieta, P.L.S. dated, January 29, 2018

Based on the information on the elevation certificate, the top of the bottom floor is at elevation 9.2 and the next higher floor is at elevation 17.4. The lowest elevation of machinery is at elevation 9.2. However, in order to make a final determination, the following information shall be provided:

1. Copies of any documentation of insurance claims as a result of flooding, photographs of flooding damage, and contractor estimates or invoices for repairs of damages as a result of flooding.

In addition, based on the photographs provided, it appears that the existing structure is a multifamily unit by evidence of two electric meters. The existing structure is located in the R8 residential zone in which a two-family structure is not a permitted use. Therefore D variance from the Planning Board will be required should the pre-existing use continue.

If you have any questions, or require additional information, please do not hesitate to call.

Very truly yours,

T&M ASSOCIATES

**Re: Zoning Permit Application No. 2061
Block 17 Lot 13
705 Center Street**

Dear Mr. McCann:

We are in receipt of documentation provided by the Union Beach Construction Department for the subject property. The building permits and estimates provided in the construction jacket are for repairs that were completed post Sandy. Based on the information provided, it appears the completed repairs do not exceed the substantial damage / substantial improvement threshold. Therefore, the existing structure does not need to be brought into compliance with the NFIP Requirements at this time. However, any future damage and/or additional improvements or repairs to the existing structure may trigger the substantial damage/substantial improvement requirement of elevating the structure. The applicant may want to consider implementing certain flood damage prevention measures as outlined in Section 10-5 of the Union Beach Borough Ordinance. By implementing these measures, flood insurance premiums may be reduced in the future.

After a site inspection of the existing structure, it has been confirmed that the once two-family dwelling has been converted back to a single-family dwelling. Therefore, the applicant shall have the electric meter that is no longer in use removed prior to a CO being issued.

If you have any questions, or require additional information, please do not hesitate to call.

Very truly yours,

T&M ASSOCIATES

SECTION E - BUILDING ELEVATION INFORMATION (SURVEY NOT REQUIRED) FOR ZONE AO AND ZONE A (WITHOUT BFE)

For Zones AO and A (without BFE), complete Items E1 -E5. If the Certificate is intended to support a LOMA or LOMR-F request, complete Sections A, B, and C. For Items E1 -E4, use natural grade, if available. Check the measurement used. In Puerto Rico only, enter meters.

E1. Provide elevation information for the following and check the appropriate boxes to show whether the elevation is above or below the highest adjacent grade (HAG) and the lowest adjacent grade (LAG).

a) Top of bottom floor (including basement, crawlspace, or enclosure) is _____ - _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.

b) Top of bottom floor (including basement, crawlspace, or enclosure) is _____ - _____ ☐ feet ☐ meters ☐ above or ☐ below the LAG.

E2. For Building Diagrams 6 -9 with permanent flood openings provided in Section A Items 8 and/or 9 (see pages 8 -9 of Instructions), the next higher floor (elevation C2.b in the diagrams) of the building is _____ - _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.

E3. Attached garage (top of slab) is _____ - _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.

E4. Top of platform of machinery and /or equipment servicing the building is _____ - _____ ☐ feet ☐ meters ☐ above or ☐ below the HAG.

E5. Zone AO only: If no flood depth number is available, is the top of the bottom floor elevated in accordance with the community's floodplain management ordinance? ☐ Yes ☐ No ☐ Unknown. The local official must certify this information in Section G.

SECTION F - PROPERTY OWNER (OR OWNER'S REPRESENTATIVE) CERTIFICATION

The property owner or owner's authorized representative who completes Sections A, B, and E for Zone A (without a FEMA-issued or community-issued BFE) or Zone AO must sign here. The statements in Sections A, B, and E are correct to the best of my knowledge.
