Hi Marilyn,

My intent of this email is the same as the email I send to everyone. My intended tone is: concerned and not confrontational.

I don't want to start another bickering email chain with Wayne.

The drafted letter is a bad idea.

I don't have the details of what happened in 2019 so I won't speak to those.

There is a process to passing ordinances, that include notice giving the public time to comment etc.

It seems to me that Wayne and Arati have some bad history, and what we do as a board shouldn't be dictated by a feud.

I don't see how sending another hostile letter to mayor and council furthers getting the Pest Control ordinance codified.

We can get this ordinance passed in a way that will make it enforceable.

Thank you for hearing me out.

Ben

Hi Ben,

Thanks for sending me your concerns. I agree that there have been problems between Arati and Wayne, but I don't see this letter as confrontational. At our last meeting Arati asked us to send her our reasons for the ordinance and a letter saying we wanted it done. I think this addresses that. The procedural stuff is mentioned in the letter. I think that Arati will answer as to what needs to be done now.

I agree that a feud should not dictate what goes forward, but I honestly don't see this email as aggressive in any way. I am hoping it will finally cause the ordinance to be addressed and put into code. I am not a lawyer so don't know the next steps. Hopefully someone else does

Meanwhile we need to speak about the bylaws. Let me know when we can meet about this.

I plan on sending the tick video in today.

Hope you and your family are ok.

-Marilynn

Thanks for hearing my concerns. I guess we'll just see how things show out.

Stefania and i Are about a third the way through on bylaws. We should be able to have it done before the next board meeting.

Hi Ben-

I don't understand your comment about you and Stefania being a third done with the by-laws. I thought I was to be a part of developing and working on the by-laws. Have the two of you been working on it by yourselves, without me?
Please enlighten me.

Thanks.

Our last email you had said you were fine with ridgefield's code, so right now I have it in a document and I'm editing it ,
so we have a starting point.

I appreciate the work you are doing on this. I would like to be a part of the development of the final draft before it is
presented to the entire board.

Thanks.

For sure, I see how my last email was unclear.
The "we" for ready was meant to be inclusive of you.

Hello,

I apologize for my delay. Would you all be interested in scheduling a quick call to talk over the proposed bylaws we committed to developing on so that we are prepared for the next BOH meeting? I haven't had a chance to look over any bylaws yet, work has got me all tied up.

I am available during the weekends, Tuesday 16th or Wednesday 17th anytime after 6 pm. Please let me know what works best for you all. I could merge a call as long as you provide me with your number.

Let me know your thoughts.

How about 8:30 on Thursday? Is there a draft that has been worked on that we can look at in advance?

Thanks.

Sounds good, there should be a working draft before then.

I completed a working draft of the by-laws, and am sending to the committee to consider prior to our Thursday meeting.

I have largely adopted the Ridgefield bylaws, but they were lacking an actual procedure to enact our own ordinances, so I adapted the M&C procedure, and have added a Council oversight clause to address the concerns of some members of the Board.

I look forward to discussing this with you on Thursday.

Ben
