Hi Mary,

I hope you are doing well. I have attached the agenda for the next meeting and the minutes from the July meeting.

Can you please post these and send out as required. Can you also include the June minutes as they appear to have been inadvertently omitted last month.

If you are not the point person for this, please accept my apologies and let me know who I should be contacting.

Thank you so much.

Ben Kalinkowitz

Hi Ben-

I am back and would like to set up a meeting to revise the bylaws. When is a good time for you?

Hi Ben,

I emailed the Agenda to be posted to the website. I did update the Zoom link, each meeting requires a new link.

Thanks,

Mary

Welcome back. Do you want to have a phone call or just review my edits?

Hi Ben-

It might be easier to review your edits and if I have questions or comments I can call you or email you back.

Thanks.

Yes, I just got a round of edits from the council as well. So it may not be finished in time

Hi Ben-

If we can't get it ready by the meeting don't worry about it. We can pick it up in September. The Council waited this long to send edits? I would think they could have done this sooner. If you want to send me the Council email feel free. I can look it over too. Also if you decide you would prefer that we get together on a call just let me know. Thanks.

there were two separate documents from the council. Arati compiled them for us so we would only have one document to go through. I sent you the edits we have.

I don't think we should continue to have line item edits in our meeting. Or rack up huge bills from Anthony to have him sit in on our calls. I think we should incorporate the other edits, and have members submit their concerns for us to review. Once that is all finished, we should have Anthony review a final document to make sure we are in full compliance with NJ Law.

regardless I sent you the edits from our meeting.

I agree with you on all counts here. The line edits take too long and are unnecessary. It is also unnecessary for Anthony to sit in for all of this. A review at the end should be sufficient.
