I am losing customers because of the poor conditions and it's only a matter of time before someone gets really hurt.

Good afternoon Frank,

Thank you for the update. Can we have a staff member reach out to the resident advising them about the Conrail property and what the time frame is looking like? I think it would be wise to follow-up with Conrail to make sure that the repairs are made timely.

Good morning Frank and Irving,

I have reached out both by phone and email to ask the resident the exact location of the potholes, if it's the street or on the property itself. I have yet to receive a response. Would one of you be so kind to send someone to survey the area to assist this resident?

Thank you.
