Upon arrival, Kavanagh advised Jack and I that his wife, Karen R. Kavanagh, had accidentally struck their twelve year old Golden Doodle breed dog, Riley, in their driveway as she was pulling her vehicle into their residential driveway at approximately 9:30pm last night(10/06/2016). Kavanagh stated the dog appeared to be badly injured after having been struck and that he attempted to care for the dog immediately afterward. Kavanagh stated his dog then bit him on his right wrist area. Kavanagh stated he immediately drove his dog to Garden State Veterinary Hospital, during which his dog was unfortunately put down due to its injuries. Kavanagh stated he sought medical treatment for his injured wrist at Brick Hospital earlier this morning. Kavanagh stated his dog's rabies vaccination was current and this was later confirmed when I contacted Kavanagh's family veterinarian, Laurelton Veterinary Hospital. Kavanagh stated he did not receive a rabies vaccination at the hospital due to his dog's vaccination having been current. Kavanagh admitted that his dog was not currently registered in Point Pleasant, however. Kavanagh stated to Jack and I that the Ocean County Board of Health was notified about the incident. A Dog Bite form					

was completed and submitted.

Responded to the Quick Chek (2309 Rt 88) for a report of a found CDS pipe. Upon arrival, I made contact with store employee Kimberly Knueppel, who advised me of the incident. Ms. Knueppel stated she was cleaning the floors near the bathroom and observed the pipe.					
The pipe was a clear glass pipe and it contained brownish residue inside of it. I took the pipe to Police Headquarters, where I placed the item into evidence locker # 4 without incident. I spoke with other store employees who stated they did not observe anyone/anything suspicious during the evening.

		Upon arrival, the bike was observed to be locked to a tree directly across from Vesuvio's Pizza. No evident serial number was observed on the bike and a passerby corroborated the complainant's report that the bike has been locked to the tree for approximately one week. The DPW was requested to eventually respond to the scene and cut the lock and transported the bike to Police Headquarters.

Narrative: 10/07/2016 0812 Woit, Christopher
Modified By: 10/07/2016 1001 Waterson, Jesse

On 10/07/2016 at 0746 hours I, Sgt. Woit responded to 604 Route 88 (Northeast Construction) for a early construction/noise complaint. Upon arrival, I observed no construction. I met site Supervisor, Christopher Bayham. Bayham stated he was awaiting the concrete trucks that are going to be arriving at 0800 hours. Bayham admitted prior to my arrival, he moved a truck with a trailer attached to the rear lot to make room for the concrete trucks. He was advised that the rear yard in not to be utilized as per the site plan. Bayhem was apologetic and that today was the first time on the site. Bayham contacted company president, Daryl Monticello. Monticello was advised and stated a construction permit was issued for the site and believed the permit would supercede the site plan. I advised Monticello of the complaint and the referral would be made to the Point Pleasant Construction department, Kevin Burke. Burke was advised of the complaint and provided a copy of this case number.

On 10/7/16, I, PO Greenan assisted Anne Lozier at headquarters. Lozier wanted to document three individuals on her property at approximately 0300 hrs on 8/1/16.					
As per Lozier, she was unable to walk the steps to her front door and slept in her vehicle, which was parked under the left side of her elevated home, 1634 Mayfair Court. She took note of three individuals on rear of her property, along the water, in the area of Evergreen Ave. One of the three individuals appeared to be carrying an object. Lozier mentioned that neighbors assume that she does not own the home and have called police when she has parked and remained her in car. People trespassing on her property may have used it to access the water. Lozier was encouraged to contact police should she again encounter this issue.

I observed her walking around the west side of hq filming everything. When I backed my vehicle into the spot se stopped and turned towards me and filmed my vehicle and I stayed in my vehicle until she walked around to the front of hq. After that she went to Frank Pannucci's office to request an OPRA form and said it was about a complaint nobody was helping her with and efused to give any info about herself. She then left his office and came into the lobby of police HQ and filmed everything in the lobby including myself through the window. I asked her if she needed any help and she stated no, she then asked how I was doing. She started to walk away and then came back to the window and asked me about our building and what year it was built. I advised her I was unaware of when the building was built and she then said it looks like a newer building and then left out the front doors.					
Narrative: 10/07/2016 1719 Shrewsberry, James Modified By: 10/07/2016 2001 Waterson, Jesse Earlier I spoke to Monmouth County to see if they had any dealings with Jennifer Combs. They stated that they have had mutliple dealings with her all over Monmouth County. Monmouth County stated that she has a Facebook page called Time To Stand Up Jersey Style where she goes to Police departments and films them and tries to get an officer to show inappropriate behavior while she is filming them. Monmouth County stated that she has been arresting mutliple times for Trespassing, Obstruction and Disorderly. Monmouth also stated that she was arrested for filming inside the Monmouth County Jail.

		While on patrol, I was operating vehicle 9 of which is equipped with an Automated License Plate Reader. While I was traveling West on Route 88, I was notified by the system of a red Ford (NJ: C83FWU) traveling with an expired registration. After confirming with the MDT mounted within the vehicle, I found the vehicle's registration being expired as of 10/1/2016.			
		I stopped the vehicle on Lynn Ave where I identified the operator as the registered owner. I issued a summons to the vehicle owner/operator for driving with an expired registration (39:3-4 Summons Number: 1524 E16 001543). Summons was served and explained to the owner/operator.

Modified By:	10/07/2016 1814 Tobias, Robert				
	I responded to Arthur Avenue @ Route 88 for a report of a vehicle parked on the roadway for three days. Upon arrival, I observed NJ W81GVU, parked legally on the east side of Arthur Ave next to Turning Heads Salon. The vehicle was registered.				
	I talked to the Salon owner, Anthony Deatollo, who was hoping to have the vehicle moved so his clients can park in the space. I advised Anthony that the vehicle is parked legally and I cannot have it removed. I referred Anthony to the Traffic Safety Unit if he is having concerns about who is allowed to park on the roadway and for how long.

		Responded to the above location for a report of a truck that was parked possibly causing a roadway hazard. Upon arrival, I observed NJ:9090HC to be parked in violation of 39:4-138e. I made contact with Christopher Galiano who was on location. Galiano advised that he knows the owner, Gregg Lynch who is away for the time being. Galiano advised that he would be able to move Lynch's vehicle. I advised Galiano of the complaint and the violation. Prior to leaving the area, I made contact with the caller and advised her of the situation.

Narrative: 10/07/2016 2004 Tobias, Robert					
Modified By: 10/07/2016 2011 Tobias, Robert					
I responded to HQ and spoke with Patricia DaSilva, who owns the property at 3100 River Road. Patricia stated that she is having new tenants move in next Sunday. She is concerned that her neighbor at 3008 River Road (unidentified female) may harass them.					
Patricia advised me that today there were contractors at her property performing work. One of the employees, Manny, was outside the residence. He was approached by the unidentified female. I was advised that the woman started yelling at Manny about building material that was on the property behind 3100 River Road. The woman continued to yell at Manny, then eventually walked away and went back inside her residence.					
Patricia stated that she has had multiple disputes in the past with the unidentified female, however, she never reported the incidents. Patricia did not want me to make contact with the woman, all she wanted was to document the incident.					
I advised Patricia to contact HQ immediately if there are any future incidents involving the unidentified female.

Narrative: 10/07/2016 1947 Popiel, Travis					
While on patrol traveling East on Bridge Ave, I observed a black SUV (NJ: RGB19G) traveling West appearing to be traveling above the posted speed limit of 30mph. Upon checking with the vehicle mounted radar unit of which was tested and found to be properly calibrated prior to the observed violation, I determined the vehicle was traveling 41mph. The vehicle was also found to be traveling with only it's fog lights on and no headlights. It should be noted that at the time of this observation, the sun had been set for approximately 1.5hrs.					
I began traveling behind the vehicle and found that I was unable to see the rear license plate of the vehicle. I was able to eventually see the rear license plate when the vehicle stopped at the traffic signal on Bridge Ave at Route 88.					
I stopped the vehicle on the Bridge Ave Ext. The vehicle operator was identified and advised of the reason for the stop. A summons was issued to the vehicle operator for failure to maintain lamps (39:3-66 Summons Number: 1524 E16 001544) due to there being no working lights to illuminate the rear license plate. The summons was served and explained to the operator. A warning was issued for the speeding and the headlight violation.

		On 10/07/2016 at 20:16 hours, I met with Glenn Muhaw at police headquarters regarding a motor vehicle complaint. Mr. Muhaw stated about two hours ago he was traveling east bound on Canal Dr. When he approached the intersection of Canal Drive and Roe Avenue, a dark colored jeep almost collided into that was traveling south on Roe Ave. Mr. Muhaw added that there is no stop signs at the intersection. Mr. Muhaw believes the intersection would be safer if there were stop signs. I advised Mr. Muhaw that I would forward this information to Lt. Downs. No further action needed at this time.

Narrative: 10/07/2016 2233 Popiel, Travis					
While on patrol, I was traveling West on Bridge Ave approaching the intersection of Hollywood Blvd. I observed a dark colored Subaru (NJ:H14GRL) traveling East on Bridge Ave appearing to be traveling above the posted speed limit of 30mph. Upon checking with the vehicle's mounted radar unit of which was tested and found to be properly calibrated prior to observing the violation, I found the vehicle to be traveling 43mph.					
I became behind the vehicle on the Rt. 13 Bridge (posted 35mph) where the vehicle was paced traveling 45mph. I stopped the vehicle on Bay Ave in front of 1609 Bay Ave. Upon approaching the vehicle, the windows were observed to be tinted. The vehicle operator was identified as the registered owner who was advised of the reason for the stop. Upon inquiring, the owner/operator also indicated that the front windows of the vehicle were also tinted.					
I issued a summons to the owner/operator for improper window glazing (tint) (39:3-75 Summons Number: 1524 E16 001547). The owner/operator was both served and explained the summons. A warning was issued for the speeding violation.
