NARR	05/23/2018 22:18	Rolon stated Gardiner Jr. an ex-boyfriend of hers from approximately 3.5 years ago continues to harass her and her daughters who are not his children. She then added he drove by their residence at approximately 19:30hrs and gave Rolon a "smug" look as he drove by and she was outside. She then stated he has not had any verbal contact with her in a couple of years. She was also advised by her daughter Harley that she saw Gardiner's work vehicle pass the school she attends which is Newton H/S on the 17th but there was no contact made at that time as well. She appeared anxious, nervous and irate and at times difficult to get much information from her in regards to why she called. She then stated she was sick and tired of being harassed by him. Rolon was provided with a Victim Notification Form (VNF) and was advised of her D/V rights. She stated she understood her Rights and did not wish to apply for a Temporary Restraining Order (TRO) at this time I then returned to the station and spoke with Gardiner Jr. over the phone. He denied the allegations and stated he had no power from the storm at his residence on the 17th and was not at work . He added he knows there was a work detail assigned in that area last week in Newton Commons and he knows that is in the area of the H/S. He also added he is employed County Chimney and Sweep. All required paper checks were conducted, which all came back negative.	MKAYLANI

NARR	12/26/2018 16:13	Alicia Mathis stated while her daughter Ciera was walking home from a friends house. Two large loose dogs jumped on her and bit her jacket. The bite did not break through the jacket or her skin. She wished to have the incident documented and requested patrol speak with the owner of the dogs who resides at apartment #4. I then spoke with Blum who resides in apartment #4 and admitted her dogs must of got out of their collars. She did see the dogs run towards the little girl and jump on her and she immediately ran to them and pulled them back. She did not see any injury to the young girl and stated she will make sure the incident does occur again. No history shows of any reports of loose dogs at that location or with Blum. She was advised of the penalties and stated she will ensure it does not happen again. Mathis advised on what was said to Blum and was also advised to contact the Police department if she ever see the dogs loose again so the matter can be addressed with Blum and Animal Control. She stated she will do so.	MKAYLANI
