Information Requested: Please be sure to specifically identify the records you are seeking. An overly broad request will be returned to you for clarification causing delays and/or possible denial of your request.

Records requested:

The banned page of the police departments Facebook page. The list of banned users

The blocked page of the police departments Facebook page. The list of blocked users.

These are two separate documents pages accessed by the administrator of that Facebook page.

It you give me the administrator access password I can access these records from any place on the planet. Other than China Iran and authoritarian police state countries that block free speech.

I can get these records from my own home with a simple password so I expect no delay.

Banning and blocking people expressing clearly protected speech on a government page open to the public for comment is illegal. The people have a clear right to know why viewpoints are being censored on a public page.
