To whom it may concern,

Your OPRA request was received in the Clerk's office and was given the number of 2018-309A.

Please be advised that per your request in item # 1- it has been determined that no such record exists.

As for item #2- per N.J.S.A 47:1A-1.1 it has been determined that this does not qualify as a document request pursuant to the Opra laws and definition thereof. A blanket request for all documents is not a document request pursuant to OPRA and existing case law. Pursuant to MAG Entertainment, LLC v Div. of Alcoholic Beverage Control, 375 NJ Super.534, 868A2d 1067 (App. Div. 2005), and Bent 381 NJ Super 30. Under OPRA, agencies are required to disclose only "identifiable" governmental documents not otherwise exempt. Wholesale requests for general information which have to be collated, analyzed, and compiled by the entity are not required.

Therefore, I respectfully deny your request.

Very truly yours,

Stella Ward, RMC
Township Clerk
