9 Lehigh Ct,Sicklerville	Soffits have been hanging for weeks
102 S White Horse Pike	COMPLAINANT STATES STORAGE OF TIRES IS CAUSING WATER TO STAND INSIDE TIRES AND CAUSING BUG ISSUES. I HAVE ALSO SENT THIS TO ZONING

1 Price	Iâ€™m not sure if you are the correct person to contact for code enforcement, however, if you are, can you get something done about 1 Price Lane, Sicklerville 08081. A few weeks ago I spoke with the tenant about the property and he said he would do something about the chopped wood near our shared fence that is now falling down due to termites I suppose. Also the gutters are hanging loose and make a lot of noise when the wind blows, the grass is out of control with brush all on top of it, and the front fence is leaning and broken. There have several African families that have moved in and out over the last year and a half and nothing was done to rectify these issues.
26 Pheasant Dr, Sicklerville	Also dead trees need to be cut down or trimmed
776 Watsontown Rd	Hello! I am calling to report the following at 776 watsontown rd. (DD Ranch). I know you have been working on this property, but it needs to be cleaned up asap. It is bringing down my property value and if I were to sell my house would most likely cut the value in half. High grass and weeds Trailer Trucks in the rear Trash, debri and junk all over the property Inoperable vehicles that havent moved in months and some are on jacks Fence in the front yard needs to be fixed The property is a junk yard and they keep storing stuff in the barn (fire hazard/rat infestation possibility) Thank you, David Adams davidtadams@verizon.net 856.473.8629
146 E Central Ave	EXPIRES 9/10/20 extended until 10/10/20

7 Lily Ct	I live at 27 Woodvale drive in woodstream development now for almost 3 years. I've have given my neighbor a chance and several warnings that his yard is unacceptable. The front lawn was finally mowed by the other neighbor because it was close to 3 ft high. I cannot enjoy my own back yard because the amount of bugs and animals due to him not up keeping his back yard. There are trees growing out of the gutters, birds have made a home in his vents which can cause a fire in the attic. The back of the house has poison ivy growing up all the windows and door which he cannot even open if you see the pictures. The garage is so full it will not shut. I've has seen this as well as the other neighbors that is stocked high to the ceilings with trash which is also a fire Hazzard. There is also a unregistered car in the driveway, which now would be his second one that he's let just rot away until the township finally towed it away. That van was filled with stagnant water which also attracted a lot of bugs and critters. When it was towed away we watched gallons on water pour from the back. And I don't want to see this happen yet again. Not sure what can be done but I have had enough of this. I have attached pictures to show you the jungle that is next door. Even if someone can help us spray or anything would be appreciated. Please don't hesitate to call with any questions. Tara Fooder 27 Woodvale drive atco NJ 08004 856-723-5880
