RE: Block: 865 Lot: 25

Dear Sir;

I, Edw. Dwecker (Name) of 45 Fairview Av. (Address),
request to be exempted from the plot plan requirement as outlined in
the Brick Land Use Book, Chapter 190.31, part B. The property (please
circle one) is / is not located in a flood zone.

Respectfully yours

[Signature] Applicant's signature Phone # 255-0032

1. Submit survey showing location of addition with proposed dimensions, grading. If driveway is being added, show type, width and length.
2. Proof that the property is not located in a Flood Hazard Area.

NOTE: Any excavations to be removed from the Township requires a mining permit.

DOOR ALARM

MADE IN THE USA

poolguard™

PBM INDUSTRIES, INC.

MEMBER

POOLGUARD DOOR ALARM

Poolguard Door Alarm mounts next to any door which gives easy access to your swimming pool. Any door which allows young children easy and quick access to a pool area is dangerous and should have a door alarm. The Poolguard Door Alarm comes with two magnetic switches, hookup wire, and operates on one 9-volt battery. The door alarm has a 15-second delay switch which allows an adult to pass through the door without the alarm sounding. If for any reason the door is accidentally left open the alarm will sound in 15 seconds and continue to sound until the door is shut. For further information contact your local Poolguard distributor or call PBM Industries toll free. When you think of pool safety/security, think of Poolguard.

- Important Safety Feature
- Complies With Model Barrier Codes
- Simple To Operate
- Automatic Reset
- Battery Powered
- Easy To Install
- Affordable Price
- Pass Through Feature For Adults

INCREASES POOL SAFETY

Super Pump®

HIGH-PERFORMANCE PUMP SERIES

Hayward's Super Pump is a series of large capacity, high technology pumps that blend cost-efficient design with durable corrosion-proof construction.

Designed for pools of all types and sizes, Super Pump features a large

"see-thru" strainer cover, super-size debris basket and exclusive "service-ease" design for extra convenience.

■ *Super Pump: high performance and quiet operation.*

For super performance and safe, quiet operation, Super Pump sets a new standard of excellence and value. And

you know its quality throughout because its made by Hayward — the first choice of pool professionals.

HAYWARD®

Hydrogen, Oxygen and Hayward. The elements of clear water™

Micro-Clear™

VERTICAL GRID D.E. FILTERS

■ DE-6000 Micro-Clear Vertical Grid D.E. filter with optional SP-740DE Selecta-Flo™ 4-position control valve.

Featuring
PermaGlass™
Filter Tank Material

Micro-Clear is a high-performance filter series that provides superior water clarity, efficient flow and large cleaning capacity for pools of all types and sizes.

Micro-Clear filter tanks are now molded from PermaGlass XL™, a glass reinforced copolymer, providing the ultimate in strength, durability, and long life. Micro-Clear filters also combine high technology

features with a "service-ease" design for dependable operation and low maintenance.

Plus, Micro-Clear filters are available with the unique SP-740DE Selecta-Flo control valve, the only filter control valve designed specifically for D.E. filters.

For the quality conscious pool owner, Micro-Clear filters are an unparalleled filtration value.

Hayward Comfortzone®

QUALITY POOL HEATERS

Family Fun Is Extended with A Well-Heated Pool

Of all the decisions you can make regarding your pool or spa, none will have more impact than deciding to enhance your investment with the addition of recreational water heating equipment.

A high-performance heater can single-handedly warm your heart on even the chilliest Indian summer's night. But it's also coveted for its ability to let you use your pool earlier in the year. It also lets you swim, comfortably, long after your friends have abandoned their pools for the season. And it lengthens your swimming day — so you can exercise early each morning, or entertain later each evening.

Warm, inviting water will make your leisure hours seem special. Like a vacation you can enjoy without ever leaving your own backyard. Select the new Comfortzone CZ series heater from Hayward.

State-of-the-art burner system.

The new Comfortzone CZ series heaters feature a new jet-ported, stainless steel burner system that delivers the most advanced heating capabilities of any heater ever designed for residential pools and spas.

Taking advantage of a unique venturi design, the CZ burner system evenly distributes incoming fuel to precise geometric openings on each burner tube, creating a solid bed of flame with more controlled, high-velocity combustion. The result is superior comfort at all times.

Plus, CZ features an exclusive self-purging design which assures each flame is in the most fuel-efficient position on the tube assembly, eliminating flame rollout damage through the burner ports. The CZ burner system has been designed to run efficiently, even in the most extreme adverse conditions.

Get the most heat out of each BTU.

Comfortzone CZ's one-inch-thick FireTile® combustion chamber creates an interlocking shell that's measurably stronger, with improved heat-retention capabilities. Unlike older firebrick, FireTile holds the heat in and doesn't allow it to escape. As a result, water heats faster and more efficiently, and surrounding areas stay cooler.

Two important connections that save you money

Hayward's exclusive CPVC connection capability eliminates the need for heat sinks and fireman's switches, which reduces time and cost at installation. Plus, as an added benefit, a CPVC connector kit is included free with every Comfortzone CZ heater.

Unique Comfortzone CZ safety features include a ClearView™ Pilot Port, which allows for quick and easy inspection of the

CPVC Connection

FireTile® Chamber

State-of-the-art Burner

ClearView™ Pilot Port

Light, without having to remove the access door. A push-button ClickLite™ on CZ millivolt models — offers lighting, eliminating the need for batteries. Plus, a resettable temperature switch is provided for added safety and convenience.

Excellence backed by a heritage of leadership.

When you choose a Comfortzone CZ

heater, you

not only select superb technology, you also benefit from the knowledge and

commitment that the industry's leading manufacturer can provide. Only Hayward offers pool and spa owners the compatibility of The Total Hayward System... a comprehensive, coordinated family of quality-designed and crafted recirculation products.

Because your family deserves the finest.

Extend the warmth of your hospitality with the addition of a Comfortzone CZ series heater, from Hayward. And let your family's endless summer of fun and fitness begin right now.

Selecting the Correct Size Comfortzone CZ

For Your Swimming Pool

Determine your pool's surface area in square feet

$$\text{Area} = (A+B) \times L \times .45 \quad \text{Area} = R \times R \times 3.14 \quad \text{Area} = L \times W$$

Locate in the table below, the surface area equal to or just greater than the pool's surface area, read to the left and select the appropriate Comfortzone CZ model.

For indoor pool installations divide the pool's surface area by 3.

Recommended Comfortzone CZ Model

Model	Surface Area
CZ-400	1200
CZ-300	900
CZ-250	750
CZ-200	600
CZ-150	450

Table is based on a 30°F temperature rise, 3% MPH average wind velocity and elevation of up to 2,000 feet above sea level.

For Your Spa or Hot Tub

Determine your spa capacity in gallons (Surface area x average depth x 7%).

The reference table lists the time required in minutes to raise the temperature of the spa/hot tub by 30°F. Locate in the table below the spa/hot tub size in gallons equal to or just greater than the spa/hot tub size in gallons. Select the desired time to raise the spa/hot tub temperature 30°, read to the left and select the appropriate Comfortzone CZ model.

This guide can be adjusted for other temperature rises. For example, if you desire a 15°F increase in temperature, simply divide the time for 30°F rise by the ratio of 30/15 = 2.

Note: Heat losses and/or heat absorbed by spa walls or other objects will add to the heat-up time.

Spa sizing is based on an insulated and covered spa. Always cover your spa or hot tub when not in use to minimize heat loss and evaporation.

Recommended Comfortzone CZ Model

Model	Spa/Tub Size in Gallons									
	200	300	400	500	600	700	800	900	1,000	
	Time in Minutes to Raise Spa/Tub Temperature 30°F									
CZ-400	9	14	19	24	28	33	38	43	47	
CZ-300	13	19	26	32	38	45	51	57	64	
CZ-250	15	23	31	38	46	54	61	69	77	
CZ-200	19	29	38	48	57	67	77	86	96

CERTIFICATION IN LIEU OF OATH.

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1.vii:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

C. ☐ I further certify that I will perform or supervise the following work:

C.1. ☐ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☐ Electrical C.4. ☐ Plumbing

D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature Edward J. Bucken

Date 6-24-96

II. AGENT SECTION

(to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

☐ Check if contractor.
