Take It Easy

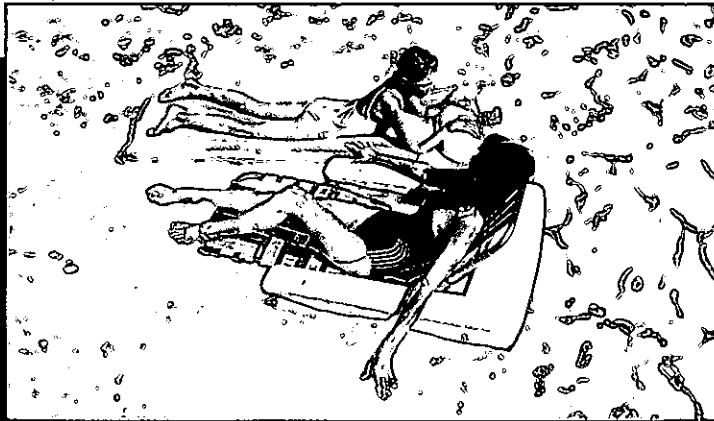

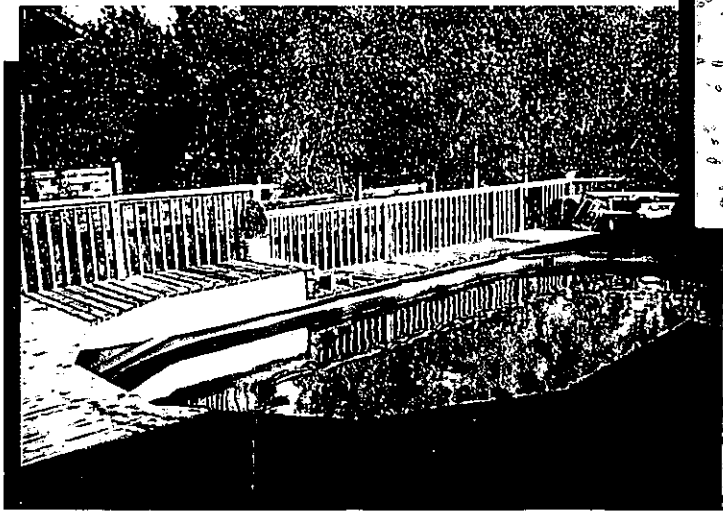

"the original perfect pot"
doughboy

SILICA II™
THE HIGH-RATE SAND FILTER

POOL POWER-PAK® II
PUMP AND MOTOR WITH HAIR AND LINT POT

Doughboy realizes how important it is to keep your pool sparkling clean.

The less time you spend maintaining your pool, the more time you and your family have to enjoy it.

Overall quality is emphasized throughout with superior impeller efficiency for a cooler and quieter operating pump.

For all around filtering performance, precision engineering and ease of operation, no other duo can match Doughboy's Silica II™ and Pool Power-Pak® II.

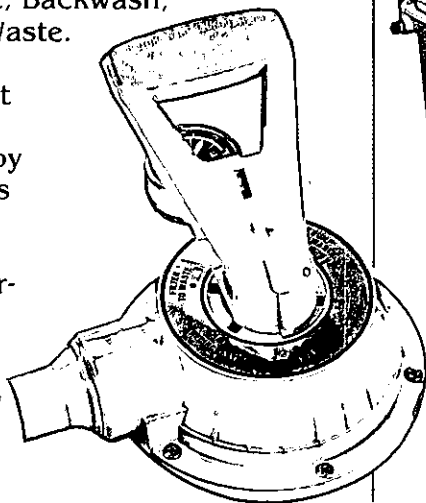

The best part about Silica II™ and Power-Pak® II is how easy they are to operate and how efficiently they clean and maintain your pool.

After all, you need filtration, not frustration. Because the less time you spend maintaining the pool, the more time you and your family have to enjoy it.

The filter's rugged selector handle with its leather grained finish fits your hand perfectly for simple selection of any one of six rotary valve positions . . . Filter, Pump-To-Waste, Winterize, Backwash, Recirculate, or Filter-To-Waste.

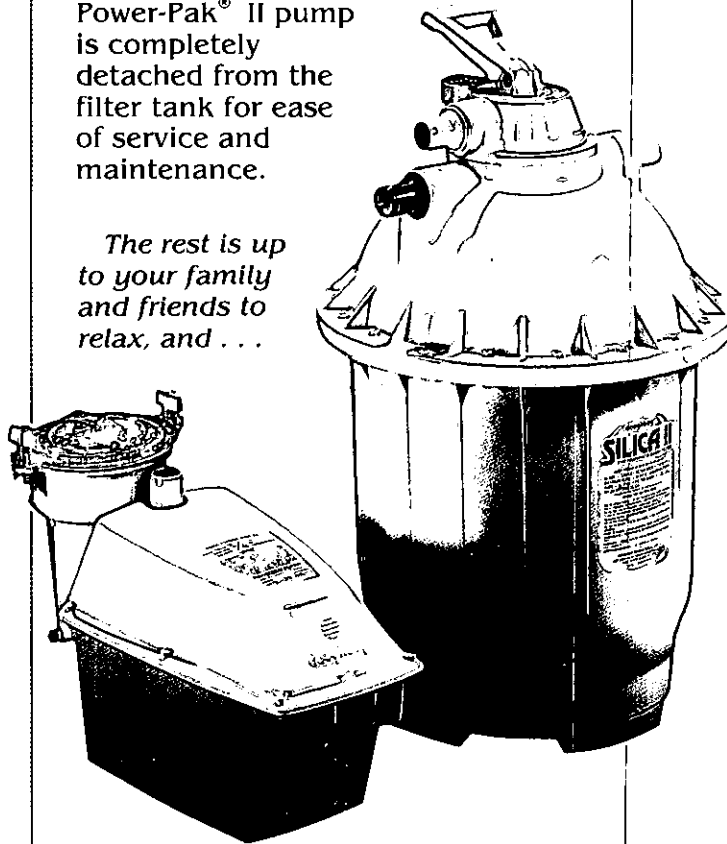

Knowing how important it is to keep your pool sparkling clean, Doughboy Pool Power-Pak® II pumps have been designed with state-of-the-art precision for energy efficient performance and longer life.

Silica II's™ rugged selector handle with its leather grained finish fits your hand perfectly.

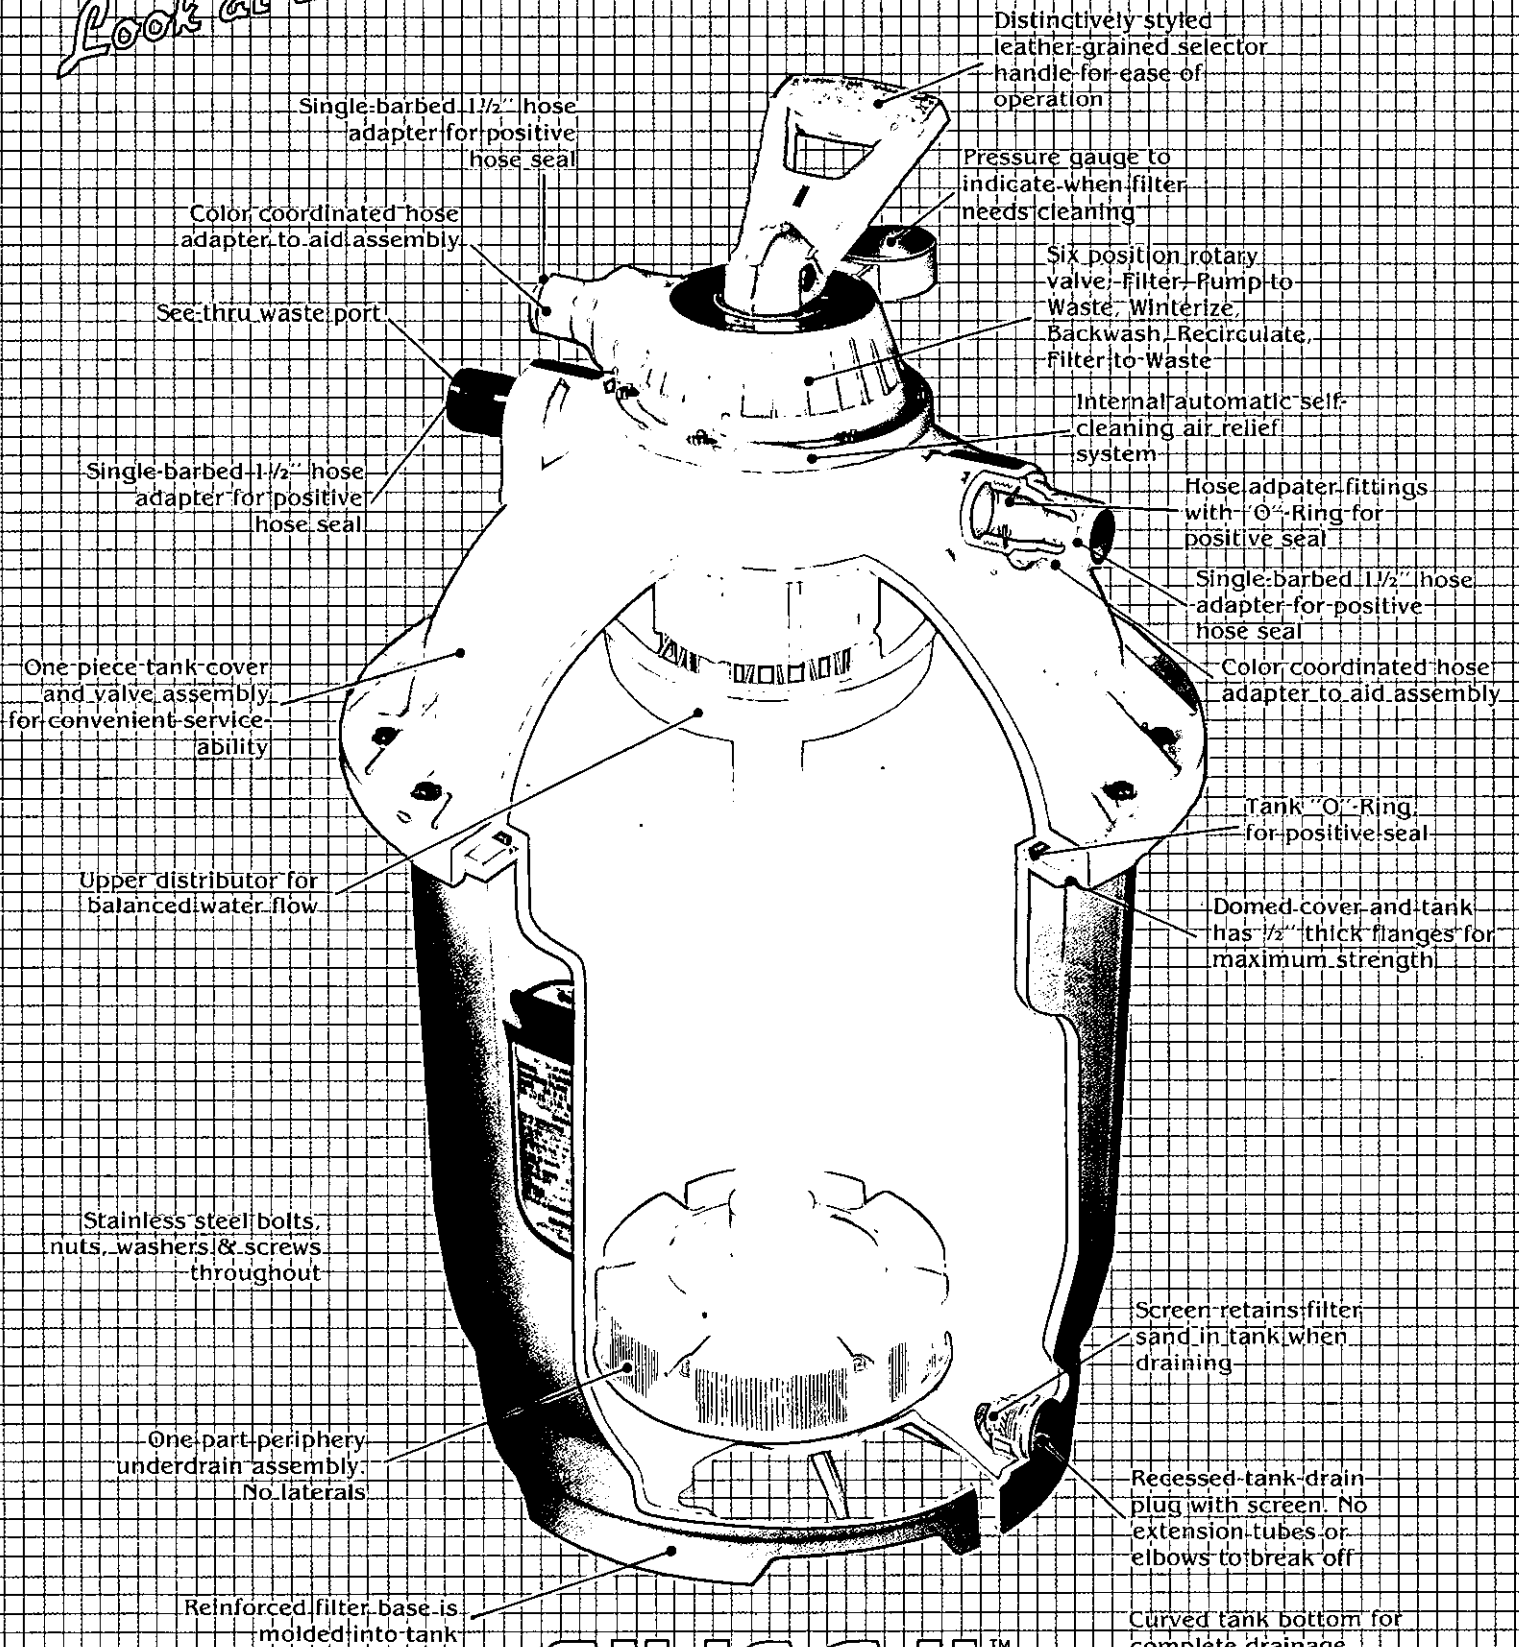

Plus, the Pool Power-Pak® II pump is completely detached from the filter tank for ease of service and maintenance.

The rest is up to your family and friends to relax, and . . .

Cedar Glen™

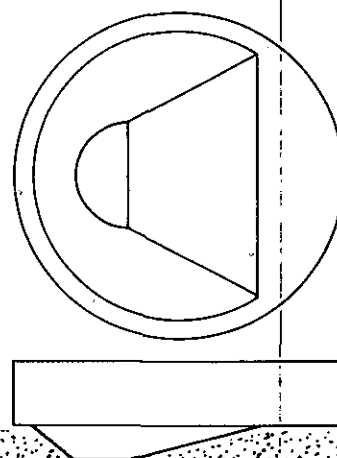

20 MIL EXPANDABLE DURAFLEX LINERS

Permit a choice of either continuous depth or a graduated slope to a deep swimming area. The liner expands to fit graduated bottom contours, thus avoiding the need to precisely pre-form the ground to fit exact dimensions. This clears the way for an excavated pool with a deeper and wider swimming area than possible with strap type systems.

At Doughboy, we produce our own virgin vinyl liner material. As with all of the Doughboy products, the formulation of the Duraflex liner meets strict specifications, giving you optimum wear and ultra-violet ray resistance.

- Tear resistant
- Great tensile strength
- Embossing for surface consistency

Since Doughboy cannot control the area surrounding the pool, final responsibility for sound construction and code compliance rests with the owner. Doughboy can make no warranties except those given in the products of their manufacture.
