Residential Property Maintenance Issues

This is the empty lot (146 Broad Street) next door to our

have picked up garbage from the edge of the property

sidewalk traffic. EVERY YEAR we have to reach out to
the city to force the property owner to clean it up, and
here we are AGAIN! This would not be allowed for more
than 1-2 days in other city neighborhoods. This is NOT
the example of our fine city that the thousands of
people that travel Broad Street need to see everyday.
I'd be embarrassed if this example of overgrown and
unkempt property were to be seen on any newspaper or
social media outlets. PLEASE do something. Thanks in
advance.

Met with homeowner at site who was in the process of cleaning the property. She stated all the landscape stone and debris by the car was put there by her neighbor. She also stated that she has threatening emails from the neighbor as well. I asked if she would like to file a police report and she said yes. I called the Summit PD communication center and requested a patrol officer to the site. Officer GM arrived and interviewed the owner for what issues she had. The issues happened approximately eight months ago. The Officer advised her that he would take the information and speak to the neighbor. He also advised her to go to the Summit court and file a complaint with them. With no further need for the Officer he left. I advise the owner that she has two weeks to clean up the property and provided her with the information of the Helping Hands program out of Summit Central Presbyterian Church. I also advise her I would like to see the document she will receive from the court on the complaint.
