Our File No.: 54151-1

Dear Mr. Cierzo:

Please be advised that our office has received copies of your construction file pursuant to a subpoena we issued.

A review of the file that you forwarded to us on May 11, 1992 indicates that the only information provided was for the restoration of the Loews Theater after the fire that occurred there on March 3, 1991.

Please be advised that our subpoena requested any and all inspections reports, certificates of occupancy, records of violations, approvals, etc. with regard to the Loews Cinema Center Five. In essence, we were requesting the entire file held by your department with regard to the Loews Cinema Center Five.

Please advise whether or not there are any other documents regarding this building, said documents having been created prior to the fire on March 3, 1991.

Thank you for your attention to this matter.

Very truly yours,

Re: Cinema Center 5 / Kennedy Mall

Dear Mr. Constantino,

In reference to the fire at the above referenced site on March 3rd, 1991. A visual inspection was made at the site and premises were posted unsafe, and the building to be boarded and made inaccessible to the public.

The fire is believed to have started in the electrical panel box. Prior to any building permits to reconstruct we will need a Licence Engineer or Architect to conduct a structural analysis, which must be submitted along with the required technical sections and building permit application. The only building permit to be issued at this time will be for fire clean up or demolition.

The required structural analysis and special technical services is all in accordance with the Uniform Construction Code, 5:23-2.19 and 5:23-2.32.

If I can be of further assistance, please don't hesitate to call.

Very truly yours,

Arthur J. Cierzo
