Attention: Mr. George Bagacius

RE: Cedar Bridge Plaza
Brick Township, New Jersey

Gentlemen:

A field check of the above area formerly housing the old Brick Municipal Building revealed the following:

The three-bay garage type building has no electric service connected.

The pole JC4493BK has a single phase transformer, but the secondary wires to the building have been cut and removed.

I trust this information will be sufficient to enable you to proceed with your planned demolition.

Very truly yours,

R. R. THOMAS
