

CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1.vii:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

- C. ☐ I further certify that I will perform or supervise the following work:

C.1. ☐ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☐ Electrical C.4. ☐ Plumbing

- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature _____ Date _____

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

(e) Plans, plan review, plan approval:

1. Plans and specifications: The application for the permit shall be accompanied by no fewer than two copies of specifications and of plans drawn to scale, with sufficient clarity and detail dimensions to show the nature and character of the work to be performed. Plans submitted shall only be required to show such detail and include such information as shall be reasonably necessary to assure compliance with the requirements of the code and these regulations. When quality of materials is essential for conformity to the regulations, specific information shall be given to establish such quality; and this code shall not be cited, or the term "legal" or its equivalent be used, as a substitute for specific information.

i. Site diagram: There shall also be filed a site plan showing to scale the size and location of all the new construction and all existing structures on the site, distances from lot lines and the established street grades; accessible route(s) for buildings required by N.J.A.C. 5:23-7.1 to be accessible; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show all construction to be demolished and the location and size of all existing structures and construction that are to remain on the site or plot.

ii. Building plans and specifications shall contain: Foundation, floor, roof and structural plans; door, window and finish schedules; sections, details, connections and material designations.

iii. Electrical plans and specifications shall contain: Floor and ceiling plans; lighting, receptacles, motors and equipment; service entry location, line diagram and wire, conduit and breaker sizes.

iv. Plumbing plans and specifications shall contain: Floor plan; fixtures, pipe sizes and other equipment and materials; isometric with pipe sizes, fixture schedule and sewage disposal.

v. Mechanical plans and specifications shall contain: Floor or ceiling plans; equipment, distribution location, size and flow; location of dampers and safeguards; and all materials.

vi. Engineering details and specifications: The construction official and appropriate subcode official may require adequate details of structural, mechanical, plumbing and electrical work, including computations, stress diagrams and other essential technical data to be filed. All engineering plans and computations shall bear the seal and signature of the licensed engineer or registered architect responsible for the design. Plans for buildings shall indicate how required structural and fire-resistance rating will be maintained for penetrations made for electrical, mechanical, plumbing and communication conduits, pipes and systems.

(1) Plumbing plans for class III structures may be prepared by persons licensed pursuant to "The Mas-

ter Plumber Licensing Act", N.J.S.A. 45:14C-1 et seq. Electrical plans for class III structures may be prepared by persons licensed pursuant to "The Electrical Contractors Licensing Act", N.J.S.A. 45:5A-1 et seq.;

(2) Whenever the licensing board pursuant to either of the above Acts shall provide for a seal evidencing that the holder is licensed, such shall be acceptable to the enforcing agency in lieu of affidavit;

(3) Mechanical plans for class III structures may be prepared by mechanical contractors.

vii. Work area: For reconstruction work in an existing structure, the work area shall be clearly delineated on the plans.

viii. Architect's or engineer's seal: The seal and signature of the registered architect or licensed engineer who prepared the plans shall be affixed to each sheet of each copy of the plans submitted and on the first or title sheet of the specifications and any additional supportive information submitted. The construction official shall waive the requirement for sealed plans in the case of a single family home owner who had prepared his own plans for the construction, alteration or repair of a structure used or intended to be used exclusively as his private residence, and to be constructed by himself, providing that the owner shall submit an affidavit attesting to the fact that he has prepared the plans and provided further that said plans are in the opinion of the construction official, and appropriate subcode official, legible and complete for purposes of ensuring compliance with the regulations.

ix. The construction official upon the advice of the appropriate subcode official may waive the requirement for plans when the work is of a minor nature.

x. Building, electrical, plumbing and mechanical work required to be shown may be shown on a single set of plans or a single drawing so long as the drawings are clear and legible.

2. Examination of plans: All plans submitted and any amendments thereto accompanied by the required documentation and application, and upon payment of the fee established by the enforcing agency, shall be numbered, docketed and examined promptly after their submission for compliance with the provisions of the regulations.

3. Plan review:

i. Department or other State agency review: When a review and release of plans by the Department or other State agency designated by the Department pursuant to N.J.A.C. 5:23-3 is required, the owner or agent of the owner shall file an application for construction plan release for each project, along with three sets of plans, specifications and such other supporting information as the Department or other designated reviewing agency may require on forms obtained from the Department or such reviewing agency. The plans, specifications and other supporting information shall conform to the requirements of (e) above.

BUILDING DESCRIPTION

Numerals indicated in parenthesis are applicable code sections of the 1993 *BOCA National Building Code*. The organization of this Plan Review Record follows the common Building Code format implemented in the 1993 *BOCA National Building Code*. The plan review accomplished as indicated in this record is limited to those code sections specifically identified herein. This record references commonly applicable code sections. It does not reference all code provisions which may be applicable to specific buildings. This record is designed to be used only by those who are knowledgeable and capable of exercising competent judgement in evaluating construction documents for code compliance.
