2. ☐ Prototype Processing

CERTIFICATION IN LIEU OF OATH.

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1.vii:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

- C. ☐ I further certify that I will perform or supervise the following work:

C.1. ☐ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☐ Electrical C.4. ☐ Plumbing

- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

X Signature James D. Diller

Date 6/20/02

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Engineered for simple operation

Pool filter operation doesn't come any easier. The Sand Dollar's Hi-Flow™ valve puts all filter functions right at your fingertips—just rotate the handle to the desired position and Sand Dollar does the rest for sure and simple operation.

Other features include:

- 6-function 1½" multiport valve features pressure gauge and manual air relief for optimum filtration efficiency.
- Combination water and sand drain makes servicing and winterizing fast and easy.
- Internal design of filter ensures that water is exposed to maximum surface area of sand for optimum filtration performance and efficient backwashing.
- System is designed for quiet, energy efficient performance.
- System includes light-ready, directional water return fitting for convenient and economical upgrade of AquaLuminator™ lighting. (Part # 619398)
- Ten-year filter tank warranty. See warranty for details.

(AquaLuminator)

Sand Dollar Top Mount—Sand Filter

Model Number	Filter Area Sq. Ft.	Vertical* Clearance	Filter Diameter	Required Sand† (lbs.)	Flow Rate GPM	Turnover Capacity (Gallons)

Dynamo Pump

Sand Dollar Filter

Pentair
Pool Products™

Sand Filter System

(Shown with optional pad and Chlorinator)

Standard features include:

- Filter's special internal design keeps sand bed level for consistent performance and extended filter cycles.
- One piece thermoplastic filter tank for exceptional strength, corrosion resistance, and long life.
- Dynamo pump is constructed with fiberglass reinforced components for superior strength and reliability.
- Filter/pump platform base accommodates optional pad for Rainbow chlorinator (shown in photo and sold separately).
- Large strainer basket extends time between cleanings.
- Transparent strainer pot lid for easy inspection.
- Self-priming design protects internal components and ensures long life.
- Pump motor features on/off switch for convenience.

So clean. So clear. So easy.

We've combined the efficiency of the Sand Dollar sand filter with the power and operating economy of the Dynamo pump. The result is a harmoniously engineered aboveground pool filter system that provides the reliability of perfectly matched components.

The Sand Dollar sand filter system is the high performance sand filter for aboveground pools. With its rugged construction, highly efficient design, and hydraulically matched Dynamo pump, it will provide all the clean, crystal clear water your pool requires. Plus, it's incredibly simple to operate and maintain, and built with long-term reliability in mind. The Sand Dollar sand filter is available in three sizes to meet a range of aboveground pool filtering requirements.

Model 494 Ladder Enclosure

- Produced from maintenance free vinyl
- This three-sided enclosure is designed to be used with conventional a-frame ladders and to meet all code requirements
- The gate is spring-loaded, self closing, self-latching and lockable for pool security
- The enclosure is packaged sub-assembled for easy installation
- Can be used with both models of our Pool Fencing to totally enclose and secure pool

Pentair Pool Products

DynamoTM
Pool Pump

Super efficient. Super reliable. Super simple.

The right pump should circulate all pool water at least once a day...as efficiently as possible. Greater efficiency means lower utility costs...and the key lies in the heart of the pump's design. The secret is to minimize friction and turbulence. Less friction means greater efficiency. Less turbulence means less noise.

That's why all Pentair pumps feature a proprietary hydraulic design that's been refined over 40 years for superior performance. In fact, they are so efficient they often deliver the required flow and pressure using smaller horsepower motors—which cost less to run. No wonder more than 2 million Pentair pumps have been selected by pool professionals.

Like all Pentair pumps, Dynamo is super efficient, super reliable, and super simple. It offers all the performance and durability you'd expect from the company that's been manufacturing the world's most popular high-performance pool pumps for more than four decades.

Standard Features Include:

- Pump components are fiberglass reinforced for superior strength and durability.
- Large strainer basket extends time between cleanings.
- Transparent strainer lid with large, comfortable handle permits easy inspection of strainer basket.
- Unique diffuser and impeller provide excellent pressure performance across a wide range of desired gallon-per-minute flow rates.
- Self-priming design protects internal components and ensures long life.
- Every Dynamo pump is performance and pressure tested prior to shipment to ensure superior quality.

Compact size. Big performance.

The fiberglass reinforced Dynamo pool pump offers maximum performance in a compact size that's easy to operate and maintain.

Additional Features Include:

- Power end can be removed easily for service or winterizing without disturbing piping.
- Easily removed drain plugs for complete draining of strainer pot and pump chamber.
- $\frac{3}{4}$, 1, and $1\frac{1}{2}$ horsepower configurations to suit a wide range of applications.
- One-year warranty. See warranty for complete details.

(name) (address)

Request to be exempted from the plot plan requirement for an addition as outlined in the
Brick Land Use Book, Chapter 190.31, part B.

Janet Dileo
Applicant's Signature

The following shall be submitted with this request:

1. Submit survey locating existing dwelling and proposed addition. Dimensions of addition should be included.
2. Proof that the property is not located in a Flood Hazard Area.

Note: Prior to approval, a site inspection by the Engineering Department will be performed to verify that the proposed addition will not create a drainage problem.
