Note: Since the fire department is responsible for inspection for the proper maintenance of fire protection systems in buildings, the administrative authority shall cooperate with the fire department in the discharging of responsibility to enforce this article.

1701.2 Plans: The plans and specifications submitted to the department shall contain sufficient detail to evaluate the hazard and the effectiveness of the system. The details on the hazards shall include materials involved, the location and arrangement, and the exposure to the hazard.

1701.3 Calculations: The details on the fire protection system shall include the design considerations, calculations and other information as required by this code.

SECTION 1702.0 FIRE SUPPRESSION SYSTEMS

1702.1 Where required: Fire suppression systems shall be installed and maintained in full operating condition, as specified in this code, in the following locations indicated in Sections 1702.2 through 1702.18.

Exception: Buildings of Use Group R-3.

1702.2 Use Group A-1: In all buildings or portions thereof of Use Group A-1.

Exception: Auditoriums, foyers, lobbies, and toilet rooms.

1702.3 Use Group A-2: In all buildings or structures or portions thereof of Use Group A-2:

1. When more than 5,000 square feet (465 m²) in area; or
2. When more than one story in height.

1702.4 Use Group A-3: In all buildings or structures or portions thereof of Use Group A-3 when more than 12,000 square feet (1116 m²) in area.

1702.5 Stages in Use Group A: Stages of any size, in buildings of Use Group A in the following locations:

1. Over the stage;
2. Under the stage gridiron with side wall sprinkler heads rated at 135 degrees F. (57.22 degrees C.) having heat baffle plates. The heads shall be installed around the entire perimeter of the stage except above the proscenium opening, at points not more than 30 inches (762 mm) below the gridiron, nor more than 6 inches (152 mm) below the baffle plate;
3. Under all fly galleries;
4. Under the stage;
5. In all basements, cellars, workrooms, dressing rooms, store rooms and property rooms; and
6. In toilet, lounge and smoking rooms.

1702.6 Use Group H: In all buildings or structures or portions thereof of Use Group H.

1702.7 Use Group I: In all buildings or structures or portions thereof of Use Group I.

RE: St. Dominic's Parish Hall
Brick Town, NJ

Dear Sir:

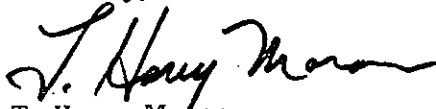

In reference to our meeting on September 20, 1983 on the above-mentioned project, you requested that limited area sprinkler systems be installed in Room #1, Room #2, across the top of the raised platform and underneath the raised platform. At that time, I agreed to do so.

Since that time, we have had time to reconsider the situation and I respectively question the classification that you are giving to the raised platform. We have reviewed the situation and under Section 302.4, which is a Use Group A-3 structure classification and under Sections 617.6, which refers to theatrical stages, we do not feel the request is warranted.

Consequently, I would appreciate it if you would explain to us the reasoning for this request as, at this time, we have another building of this type on the drawing boards and we would appreciate this information for our benefit.

Thank you for your consideration in this matter.

Sincerely,

T. Harry Moran

RE: Church of St. Dominic
Brick Town, N. J.

Dear Sir:

On behalf of St. Dominic's Church, I am requesting a Temporary Certificate of Occupancy for the use of the Parish Hall/(Cafeteria) to be used immediately for the following purposes:

1. The lunch program for the entire school.
2. The Enrichment Program required for the children.
3. Large meetings involving parental participation.
4. The existing Gymnasium floor must be refinished since it is creating a hazard. This process will take a minimum of 10 to 12 days to complete. During this time, the new cafeteria area must be utilized.

We are requesting this with the full understanding that the following items must be complied with:

1. The installation of an in-house water sprinkling system above and under the raised platform and in Room #1 and Room #2.
2. Installation of an asbestos sheet covering the soffit which overhangs the refuse enclosure.
3. That the Soil Erosion Commission requirements will be completely satisfied.
4. That we will receive approval from the County Planning Board for all curbing and sidewalks as indicated by the Planning Board.
5. The planting of all shrubbery to conform to the requirements will be started on Monday, September 26.

September 23, 1983
Church of St. Dominic
Page 2

In summation, all items pertaining to a 100% approval for a Permanent C.O. will be completed within the next 30 days, as of the date of this letter.

I trust that you will look with favor on this request for the Temporary Certificate of Occupancy for the Parish Hall and we will appreciate any consideration that you may afford us.

Sincerely,

A handwritten signature in dark ink, appearing to read "T. Harry Moran". The signature is fluid and cursive, with a large initial "T" and "M".

Re: Soil Erosion and Sediment Control Application, SCD #929
Addition to St. Dominic's Old Squan Road & Route 88,
Block 1091, Lot 7, Brick Township

Dear Mr. Scharfenberg:

An inspection was made on the above mentioned project on September 23, 1983 at Mr. Moran's request. At that time all stabilization work has not been completed. An area adjacent to the new pavement was not seeded and will have to be stabilized before a report of compliance will be issued by this office.

A \$25 reinspection fee is being charged for the next time we make an inspection for a complete compliance. If you have any questions do not hesitate to contact me.

Sincerely,
William Slack

RE: Church of St. Dominic
Brick Town, N. J.

Dear Sir:

On behalf of St. Dominic's Church, I am requesting a Temporary Certificate of Occupancy for the use of the Parish Hall/(Cafeteria) to be used immediately for the following purposes:

1. The lunch program for the entire school.
2. The Enrichment Program required for the children.
3. Large meetings involving parental participation.
4. The existing Gymnasium floor must be refinished since it is creating a hazard. This process will take a minimum of 10 to 12 days to complete. During this time, the new cafeteria area must be utilized.

We are requesting this with the full understanding that the following items must be complied with:

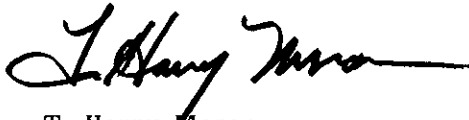

1. The installation of an in-house water sprinkling system above and under the raised platform and in Room #1 and Room #2.
2. Installation of an asbestos sheet covering the soffit which overhangs the refuse enclosure.
3. That the Soil Erosion Commission requirements will be completely satisfied.
4. That we will receive approval from the County Planning Board for all curbing and sidewalks as indicated by the Planning Board.
5. The planting of all shrubbery to conform to the requirements will be started on Monday, September 26.

September 23, 1983
Church of St. Dominic
Page 2

In summation, all items pertaining to a 100% approval for a Permanent C.O. will be completed within the next 30 days, as of the date of this letter.

I trust that you will look with favor on this request for the Temporary Certificate of Occupancy for the Parish Hall and we will appreciate any consideration that you may afford us.

Sincerely,

A handwritten signature in dark ink, appearing to read "T. Harry Moran", with a long, sweeping horizontal stroke extending to the right.
