CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1.vii:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

- C. ☐ I further certify that I will perform or supervise the following work:

C.1. ☐ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☐ Electrical C.4. ☐ Plumbing

- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature _____ Date _____

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

APRIL 16, 2002

NOTICE TO BIDDERS
ADDENDUM #1

PROJECT: OSBORNVILLE ELEMENTARY SCHOOL
ADDITION AND ALTERATIONS

BID DUE DATE: APRIL 26, 2002 – 11:00 A.M.

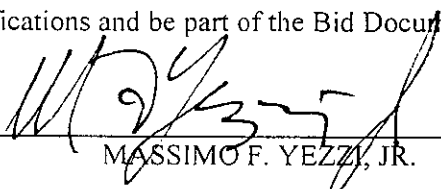

ADDENDUM NO. 1:

The following are clarifications of the construction documents and specifications for the **OSBORNVILLE ELEMENTARY SCHOOL ADDITION AND ALTERATIONS** and are to be considered as part of the bid documents and indicated on the bid proposal form:

1. The bid due date has been changed to April 26, 2002 at 11:00 a.m. at the Brick Board of Education Building, 101 Hendrickson Avenue, Brick, NJ.
2. Existing landscaping hedge to be relocated. Location to be coordinated with Owner.
3. Existing fence, batting cage and playground equipment to be relocated. Location to be coordinated with Owner.
4. Provide an extra \$10,000.00 allowance for plumbing, an extra \$10,000.00 allowance for electrical in addition to all electrical, plumbing and kitchen equipment items shown on set of bidding documentation for relocation of existing equipment.
5. All handrails and guardrails to be aluminum.
6. Provide a \$20,000.00 allowance for kitchen equipment.
7. Refer to attached 24" x 36" sheets A-3a, A-5a, A-11 & A-12 and attached details.
8. Add Alternate No. 1 – replace Bid Form Pages 1, 2 & 3 with revised Bid Form Pages 1, 1A, 1B, 1C, 1D, 2 & 3 attached.
9. Add Alternate No. 2 – replace Bid Form Pages 1, 2 & 3 with revised Bid Form Pages 1, 1A, 1B, 1C, 1D, 2 & 3 attached.
10. All exterior concrete block walls to have ½" cement parging as per wall type schedules.
11. Drawing S-3 – attached sketch SK-1 shows beam designations provided in the connecting corridor area. Use single length W 12 x 30, 27' 6" long.

All other items are to remain as stated in Plans and Specifications.

All items above are to be included with Plans and Specifications and be part of the Bid Documents.

FIRE CODE MODIFICATIONS
(OSBORNVILLE ELEMENTARY SCHOOL)

ALTERNATE BID HVAC-1

The Contractor shall provide all necessary services associated with the installation of mechanical work within the six classroom, two workroom existing section of Osbornville Elementary School. This work shall also include all work necessary to the existing furnace room/plenum area of the building.

Work shall include, but not be limited to, the following:

- Contractor to submit signed and sealed design documents prepared by a professional engineer licensed in the State of New Jersey for Owner's review prior to initiating work. Documents to be suitable for submission to code enforcement officials in order to obtain the necessary permits. Documents shall include all of the items to be constructed.
- Install unit ventilators in all existing classrooms matching the unit ventilator in proposed Classroom 107. This work shall also include all necessary hot water supply and return distribution piping, grills, louvers, cutting, patching and controls to match the systems installed in the proposed portion of the school. Contractor to confirm all dimensions prior to ordering equipment.
- Install a new rooftop boiler with identical features to the boiler proposed in the bid documents for the proposed addition to supply hot water (glycol) to the unit ventilators and fan coils to be installed in the existing above-noted area. The boiler for the existing area shall be sized for nominally 500,000 BTU/HR output using Ethylene Glycol Solution. Contractor's engineer to confirm size of all equipment prior to ordering. The second boiler shall be provided with identical type pumps and systems and associated equipment to that specified for the boiler shown in the base bid documents. Contractor shall install gas distribution piping as necessary (including increasing size of existing or proposed pipework), and shall confirm suitable gas is available at the site with the local gas utility. All supply and return piping shall be insulated in accordance with the contract documents. If necessary, HVAC Contractor shall retain the services of a plumbing sub-contractor for gas service installation. Contractor to confirm all dimensions prior to ordering equipment.
- Install new exhaust fan, grills, and ductwork distribution system to exhaust air out of the classrooms equal to the outside air brought into the spaces by the unit ventilator equipment. Ductwork shall be furnished complete with fire dampers at corridor walls, and volume dampers for balancing airflows. Exhaust system to be similar to the system furnished in

ALTERNATE BID HVAC-1 (continued)

the new addition. Fan and main exhaust duct to be installed above the corridor space. Contractor to confirm all dimensions prior to ordering equipment.

- Demolish, remove and properly dispose of existing furnace, fans, plenum and ductwork. Seal unused openings in exterior of building created by removing equipment. Openings to be sealed to match adjacent construction.
- Contractor to provide hot water (glycol) fan coil units on outside walls of the two workrooms in the existing building to provide code required outside air for ventilation, and extend exhaust to the two workrooms to exhaust an amount equal to the ventilation air. Contractor to provide necessary grills, piping and controls for same.
- Contractor to provide new exhaust fans at all classroom toilet rooms which comply with minimum code required airflow.
- All equipment to meet the equipment specifications included in bid documents.
- Contractor to obtain all permits for this work.
- Contractor to coordinate its work with General Contractor installing fire rated walls along corridor, and other contractors on project.

ALTERNATE BID E-101

The electrical contractor shall provide all power, wiring, conduit, disconnects, panels and other equipment and materials to provide power to the equipment to be installed in conjunction with Alternate Bid HVAC-1. Contractor shall provide signed and sealed drawings by a Professional Engineer licensed in New Jersey for Owner's review prior to initiating work. Documents to be suitable for submission to code enforcement officials to obtain necessary permits. Documents to include all of the items to be constructed. Contractor's engineer to confirm that suitable power is available for proposed equipment. Contractor to obtain all permits for this work.

(END OF ALTERNATE NO. 1)

**BID PROPOSAL FORM
OSBORNVILLE ELEMENTARY SCHOOL
CLASSROOM ADDITION AND MEDIA CENTER**

**PAGE 1D OF 24
APRIL 25, 2002**

ALTERNATE NO. 2

State the amount to be added to the base bid if the contractor provides and installs the following items. (at existing building section #1).

- 1.0 Divide the roof attic area into fire stop area by providing 5/8" type X Gyp Bd., dividers at 1/3 points (roof area 8,000 s.f. ±). Tie fire stop to roof rafters and ceiling trusses (to underside of roof deck and back side of ceiling finish).

1.0(ADD) \$ _____
(written amount)

- 2.0 Provide and install 9" Batt R-27 between ceiling joists (8,000 s.f. ±).

2.0(ADD) \$ _____
(written amount)

- 3.0 Provide and install 5/8" type X Gyp. Bd. of ceiling of entire corridor (painted 2 coats). Remove existing lights and install new 2' x 4' surface mounted fixtures (3 lamp) by Day Brite (T-8) Model #332 or approved equal. Provide 8 units and remove and install any and all other ceiling mounted equipment.

3.0(ADD) \$ _____
(written amount)

- 4.0 Provide and install 8 new B-Label Doors – 1 3/4" x 7' x 3' with new hollow metal buck (18 ga). Paint bucks (2 coats), stair doors (2 coats – doors to have 1/4" x 25" x 4" wire glass vision panels and a hardware allowance of \$500.00 per door (remove existing doors and frames completely and replace with new). Patch existing walls as required to install new frames.

4.0(ADD) \$ _____
(written amount)

- 5.0 The existing classrooms and 2 small group areas (existing Section No. 1) have fresh air returns to corridor. Provide fire dampers in these openings (8 units 12" wide x 16" high).

5.0(ADD) \$ _____
(written amount)

Owner reserves the right to award all contracts or any combination of contracts which meets the needs of the project.

**BID PROPOSAL FORM
OSBORNVILLE ELEMENTARY SCHOOL
CLASSROOM ADDITION AND MEDIA CENTER**

**PAGE 2 OF 24
APRIL 25, 2002**

OWNER ALTERNATES: Contractors are to include any alternates in original bid. Each alternate is to be itemized individually for clarity. Owner has the right to select any individual alternate or number of alternates which meets the needs of the project.

The Owner reserves the right to reject any and all proposals and to waive any informalities in the bidding. The Bidder agrees that his proposal may not be withdrawn for a period of SIXTY (60) days from the opening thereof. Conditional proposals will not be accepted. Proposal forms will not be accepted unless signed by the Owner or authorized Corporate Officer.

The undersigned agrees, if awarded the Contract, to execute and deliver the Contract Agreement to the Owner within ten (10) days after notice of award. Simultaneously with his delivery of the executed Contract, the successful Bidder shall deliver to the Owner an executed Performance Bond and Labor and Material Payment Bond in the amount of 100% of Contract. Project is to be unconditionally guaranteed for a period of one year from final Certificate of Occupancy.

PROJECT SCHEDULE: Project to start on or about April 30, 2002 and be 100% completed by February 15, 2003. Project to have a Liquidating Damage Clause of **\$600.00** per day, per contract.

All Application and Certificate for Payments shall be submitted for payment by the fifth (5th) of each month. Payments shall be made monthly only. There shall be a 2% retainage. Each Application must include Certification of Payment Form, Certified Payroll Records and a Monthly Project Workforce Report.

PREBID MEETING: There will be a voluntary prebid meeting on April 10, 2002 at 9:00 a.m. at the Brick Board of Education, Administration Building, 101 Hendrickson Avenue, Brick, NJ. This meeting is not prerequisite to bidding, but is to aid all contractors to understand the project.

COST: The undersigned hereby affirms and states that the prices quoted herein constitute the total cost for all work involved in the respective items and that the cost also includes all insurance, transportation charges, use of all tools and equipment, superintendence, bonus, overhead expenses, all profits and all other work, services, conditions furnished in accordance with the requirement of the contract documents considered severally and collectively.

CONFLICTS: Each contractor shall review all the bid documents carefully to ascertain the total scope of his or her contract and that of any other contractor. Any and all areas that need clarification as to responsibility of work shall be communicated to the Architect at least 10 days prior to bid due date so the architect can issue a clarification letter. After such date, all conflicts between contractors as to responsibility of work shall be resolved by the architect and said determination shall be final and assumed to be part of that contractors base bid.

PERMITS: The Brick Board of Education will submit plans and specifications to the local Building Inspectors for review and approval. The Brick Board of Education will pay all permit fees. Each successful contractor shall file with the Township as per their trade, fill in the necessary paperwork and pick up said permits.

Dear Mr. Puleio:

I am in receipt of your letter dated April 10, 2002 requesting a waiver of application, review and inspection fees for Veterans Memorial Elementary School, Osbornville Elementary School and Midstreams Elementary School construction projects.

Please be advised that at the April 22, 2002 Public Meeting of the Authority, the Board of Commissioners voted unanimously to waive the above referenced fees.

This Authority is happy to be able to assist the Board of Education in their continuing efforts to enhance the Township's School System. If we can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Kevin F. Donald
Executive Director

Re: Osbornville School

Dear Mr. Renzo:

**ANSWERS TO OSBORNVILLE SCHOOL COMMENTS
FROM BRICK TOWNSHIP INSPECTORS**

1. a. Comment: Technical information for fire alarm needed.

 Answer: Existing Fire-Lite addressable system, which is
 compatible with new devices as follows:

 b. Comment: Number of heads.

 Answer: 26 (=8 smoke detectors + 18 heat detectors)

 c. Comment: Number of pull stations.

 Answer: 3

 d. Comment: Number of duct detectors

 Answer: 1
2. Comment: Load calculation for new load

 Answer: 66 KVA added, totaling to 83.0 KVA
 (see attached load letter)

Le: Brick Township
Attention: Marcel Renzo
Re: Osbornville School

YEZZ-00310
June 26, 2002

Page 2

3. Comment: Confirm AIC is still enough with new load
- Answer: Confirmed with utility company that existing 75KVA transformer bank is adequate for new load. Interrupting fault current supplied is 6550 Amps, therefore existing and new equipment will be adequately protected.

If you have any questions, please call.

Brick, NJ 08723-2898

Attention: Mr. Marcel Renzo, Chief Electrical Inspector

Re: Osbornville School Connected Loads for the New Addition

Dear Mr. Renzo:

The following is the total connected loads for the Osbornville School new addition.

1.	Lighting	14.39 KVA
2.	Receptacles	12.60 KVA
3.	Computer Equipment	9.00 KVA
4.	HVAC	23.62 KVA
5.	Pumps	4.00 KVA
6.	Others	1.94 KVA
Total		65.55 KVA

The maximum demand registered for the existing building was 14 KVA. The code requires maximum X 1.25 plus connected loads. This brings total to $65.5 + (14 \times 1.25) = 83.0$ KVA. This is equivalent to 230.5 amps. The existing service is 800A, 120/208V, 3 Phase, 4W.

Please call if you have any questions.

Very truly yours,

T&M ASSOCIATES

REF: Plumbing Fixture Count for Brick School District •
Various School Additions

Dear Mr. Miser:

Pursuant to the New Jersey Department of Education (NJDOE) Long Range Facility Plan, the majority of the Brick School District facilities fall short of the minimum square footage per student ratio based on the current and projected student population, creating an overcrowding condition.

The purpose of these additions is to solely alleviate the current overcrowding conditions and not to create additional occupancy, therefore, offsetting the need to provide additional plumbing fixtures. We understand your concern and hope that this letter would help to clarify the districts scope of work.

Please let us know if you require additional information by contacting our office at your convenience.

Yours truly,

Giovanni V. Peragine

Visual Inspection Report for Permit Number: 02-2253, Block 646, Lot 41

Let's Keep Building America

AMERICAN TESTING & TECHNICAL SERVICES INC.

pg 1 of 2
Permit # 02-225
Block 646 Lot 4

VISUAL INSPECTION REPORT

Client: Mastercraft Iron, Inc.
Project: Osbornville Ele. School
Location: Brick Township, NJ

Report No: OES-VT-01
Date: October 28, 2002
Day: Monday

Our representative was present at Osbornville Elementary School, located in Brick Township, NJ to perform visual inspections of structural steel framing.

ROOF DECKING & JOIST

Joist connections and cross bridging were all erected as per drawings, AISC Construction Code and the Steel Joist Institute and were all found acceptable at the walkway areas on the east & west section of the building. Also, the steel roof decking was found to be spot welded and the overlapped areas were secured with metal deck screws as called for in the deck drawings and the deck manufactures recommendations on the west section of the building. The east section and the walkway areas spot welds were accepted but, twenty eight (28) locations were marked on the metal deck screws that were to close to the welds and need to be moved further towards the center of the joist.

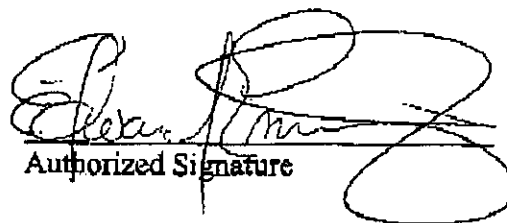

BOLTED CONNECTIONS

At roof support column C1B, the connection between east and west buildings have shim plates installed along with multiple washers and a longer bolt than required. As per AISC code multiple washers are not allowed and must therefore be removed and replaced with the proper size bolt for that connection as called for in the erection drawings furthermore, the connection was found loose. Also, all of the anchor bolts at the column base plates were found loose.

Respectfully,

American Testing & Technical Services, Inc.

Robert Morgan
Technician

Lot 41**VISUAL INSPECTION REPORT**

Client: Mastercraft Iron, Inc.
Project: Osbornville Ele. School
Location: Brick Township, NJ

Report No: OES-VT-02
Date: November 12, 2002
Day: Tuesday

Our representative was present at Osbornville Elementary School, located in Brick Township, NJ to perform visual re-inspections of structural steel framing.

ROOF DECKING

The steel decking was visually re-inspected at the walkway roof and the east area of the building at the twenty eight (28) locations previously rejected on report OES-VT-01, dated October 28th. The overlapped areas were relocated and secured with metal deck screws as called for in the deck drawings and the Steel Deck Institute's recommendations.

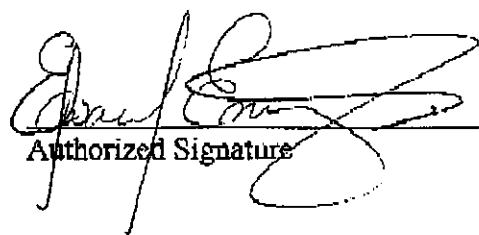

BOLTED CONNECTIONS

Re-inspected the roof support column connection C1B, between the east and west buildings and found the connection acceptable to AISC code requirements. This connection was previously rejected on report OES-VT-01, dated October 28th due to having multiple washers on a longer bolt than necessary. The bolt was replaced with one adequate for the connection and only one washer was used as required by AISC and the connection was properly tightened. Also, all of the anchor bolts at the column base plates were re-tightened and found acceptable.

Respectfully,

American Testing & Technical Services, Inc.

BRICK BOARD OF EDUCATION
BRICK, NEW JERSEY

OFFICE OF BOARD SECRETARY/BUSINESS ADMINISTRATOR

MEMORANDUM

TO: Mr. Ken Schafer

FROM: Robert L. Myers- Construction Manager for the Board

DATE: August 30, 2003

SUBJECT: Site Inspection Issues – **Osborneville Elementary School**

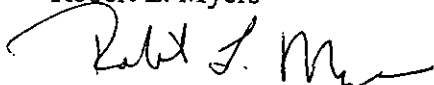

Following are outstanding engineering issues identified by your office for the above referenced project, ~~in Phase I~~.

1. Final Ocean County Soils Approval submitted
2. The Board's Ground Department in with the advise of the Fire Bureau is currently in the process of repainting all fire lanes and replacing No parking-Fire Lane Signs for all school properties. Upon completion, the Board will retain a surveyor to prepare as-built drawings for each school site. These drawings will be furnished to the Fire Bureau and your office.
3. Area at West property line is being graded and stabilized by the Board Grounds Department.
4. Bumper stops are set for school buses to back to awaiting student pickup.
5. Bollards at Building Corners have been installed.
6. Loose telephone poles at East property line have been removed and will be cut up and removed from the property by the Board Grounds Department.
7. Drainage berm is being constructed at the East property line by the Board Grounds Department.

The Board of Education assumes responsibility in resolving these issues and remains committed to cooperation with the Township Engineering Department in maintaining our grounds and exterior facilities safe for public access.

We appreciate your cooperation in working with us on these issues. Please feel free to contact us regarding any additional concerns you may have.

Robert L. Myers

BRICK TOWNSHIP PLANNING BOARD
CAPITAL PROJECT APPROVAL RESOLUTION

RESOLUTION R-67-01

Page 1

July 11, 2001

WHEREAS, the Township of Brick intends to take certain actions necessitating the expenditure of public funds for various school additions to the Brick School District; and

WHEREAS, pursuant to N.J.S.A. 40:55D-31, this proposed action as described hereinabove was referred to the Planning Board for its recommendation; and

WHEREAS, Dr. Phillip Nicastro, Superintendent of Schools, presented to the Planning Board certain information and materials relating to the development and necessity of these facilities.

EX 2
AYOR
UNCIL
LEAK
IT. DOYLE
NOW, THEREFORE, the Board does, based upon the foregoing information, make the following findings:

1. The proposal is consistent with the Master Plan and in particular those aspects of the Master Plan relating to the development of public facilities and the location thereof.

NOW, THEREFORE, be it resolved by the Brick Township Planning Board on this 11th day of July, 2001 that it favorably recommends the undertaking and completion of this project by the Township of Brick.

RESOLUTION R-67-01
